ELEMENTARY AND SECONDARY EDUCATION ACT
As amended in 2001

For reporting on
School Year 2011-12

SOUTH CAROLINA

PART I DUE THURSDAY, DECEMBER 20, 2012
PART II DUE FRIDAY, FEBRUARY 15, 2013

U.S. DEPARTMENT OF EDUCATION
WASHINGTON, DC 20202

INTRODUCTION

Sections 9302 and 9303 of the *Elementary and Secondary Education Act* (*ESEA*), as amended in 2001 provide to States the option of applying for and reporting on multiple *ESEA* programs through a single consolidated application and report. Although a central, practical purpose of the Consolidated State Application and Report is to reduce "red tape" and burden on States, the Consolidated State Application and Report are also intended to have the important purpose of encouraging the integration of State, local, and *ESEA* programs in comprehensive planning and service delivery and enhancing the likelihood that the State will coordinate planning and service delivery across multiple State and local programs. The combined goal of all educational agencies–State, local, and Federal–is a more coherent, well-integrated educational plan that will result in improved teaching and learning. The Consolidated State Application and Report includes the following *ESEA* programs:

- Title I, Part A – *Improving Basic Programs Operated by Local Educational Agencies*
- Title I, Part B, Subpart 3 – *William F. Goodling Even Start Family Literacy Programs*
- Title I, Part C – *Education of Migratory Children* (Includes the Migrant Child Count)
- Title I, Part D – *Prevention and Intervention Programs for Children and Youth Who Are Neglected, Delinquent, or At- Risk*
- Title II, Part A – *Improving Teacher Quality State Grants (Teacher and Principal Training and Recruiting Fund)*
- Title III, Part A – *English Language Acquisition, Language Enhancement, and Academic Achievement Act*
- Title IV, Part A, Subpart 1 – *Safe and Drug-Free Schools and Communities State Grants*
- Title IV, Part A, Subpart 2 – *Safe and Drug-Free Schools and Communities National Activities (Community Service Grant Program)*
- Title V, Part A – *Innovative Programs*
- Title VI, Section 6111 – *Grants for State Assessments and Related Activities*
- Title VI, Part B – *Rural Education Achievement Program*
- Title X, Part C – *Education for Homeless Children and Youths*

The *ESEA* Consolidated State Performance Report (CSPR) for school year (SY) 2011-12 consists of two Parts, Part I and Part II.

PART I

Part I of the CSPR requests information related to the five *ESEA* Goals, established in the June 2002 Consolidated State Application, and information required for the Annual State Report to the Secretary, as described in Section 1111(h)(4) of the *ESEA*. The five *ESEA* Goals established in the June 2002 Consolidated State Application are:

- **Performance Goal 1:** By SY 2013-14, all students will reach high standards, at a minimum attaining proficiency or better in reading/language arts and mathematics.
- **Performance Goal 2:** All limited English proficient students will become proficient in English and reach high academic standards, at a minimum attaining proficiency or better in reading/language arts and mathematics.
- **Performance Goal 3:** By SY 2005-06, all students will be taught by highly qualified teachers.
- **Performance Goal 4:** All students will be educated in learning environments that are safe, drug free, and conducive to learning.
- **Performance Goal 5:** All students will graduate from high school

Beginning with the CSPR SY 2005-06 collection, the Education of Homeless Children and Youths was added. The Migrant Child count was added for the SY 2006-07 collection.

PART II

Part II of the CSPR consists of information related to State activities and outcomes of specific *ESEA* programs. While the information requested varies from program to program, the specific information requested for this report meets the following criteria:

1.   The information is needed for Department program performance plans or for other program needs.
2.   The information is not available from another source, including program evaluations pending full implementation of required EDFacts submission.
3.   The information will provide valid evidence of program outcomes or results.

GENERAL INSTRUCTIONS AND TIMELINES

All States that received funding on the basis of the Consolidated State Application for the SY 2011-12 must respond to this Consolidated State Performance Report (CSPR). Part I of the Report is due to the Department by **Thursday, December 20, 2012**. Part II of the Report is due to the Department by **Friday, February 15, 2013**. Both Part I and Part II should reflect data from the SY 2011-12, unless otherwise noted.

The format states will use to submit the Consolidated State Performance Report has changed to an online submission starting with SY 2004-05. This online submission system is being developed through the Education Data Exchange Network (EDEN) and will make the submission process less burdensome.   Please see the following section on transmittal instructions for mor information on how to submit this year's Consolidated State Performance Report.

TRANSMITTAL INSTRUCTIONS

The Consolidated State Performance Report (CSPR) data will be collected online from the SEAs, using the EDEN web site. The EDEN web site will be modified to include a separate area (sub-domain) for CSPR data entry. This area will utilize EDEN formatting to the extent possible and the data will be entered in the order of the current CSPR forms. The data entry screens will include or provide access to all instructions and notes on the current CSPR forms; additionally, an effort will be made to design the screens to balance efficient data collection and reduction of visual clutter.

Initially, a state user will log onto EDEN and be provided with an option that takes him or her to the "SY 2011-12 CSPR". The main CSPR screen will allow the user to select the section of the CSPR that he or she needs to either view or enter data. After selecting a section of the CSPR, the user will be presented with a screen or set of screens where the user can input the data for that section of the CSPR. A user can only select one section of the CSPR at a time. After a state has included all available data in the designated sections of a particular CSPR Part, a lead state user will certify that Part and transmit it to the Department. Once a Part has been transmitted, ED will have access to the data. States may still make changes or additions to the transmitted data, by creating an updated version of the CSPR. Detailed instructions for transmitting the SY 2011-12 CSPR will be found on the main CSPR page of the EDEN web site (https://EDEN.ED.GOV/EDENPortal/).

2.1   IMPROVING BASIC PROGRAMS OPERATED BY LOCAL EDUCATIONAL AGENCIES (TITLE I, PART A)

This section collects data on Title I, Part A programs.

2.1.1   Student Achievement in Schools with Title I, Part A Programs

The following sections collect data on student academic achievement on the State's assessments in schools that receive Title I, Part A funds and operate either Schoolwide programs or Targeted Assistance programs.

2.1.1.1 Student Achievement in Mathematics in Schoolwide Schools (SWP)

In the format of the table below, provide the number of students in SWP schools who completed the assessment and for whom a proficiency level was assigned, in grades 3 through 8 and high school, on the State's mathematics assessments under Section 1111(b)(3) of *ESEA*. Also, provide the number of those students who scored at or above proficient. The percentage of students who scored at or above proficient is calculated automatically.

Grade	# Students Who Completed the Assessment and for Whom a Proficiency Level Was Assigned	# Students Scoring at or above Proficient	Percentage at or above Proficient
3	29,405	S	67
4	29,305	S	73

2.1.2   Title I, Part A Student Participation

The following sections collect data on students participating in Title I, Part A by various student characteristics.

2.1.2.1 Student Participation in Public Title I, Part A by Special Services or Programs

In the table below, provide the number of public school students served by either Public Title I SWP or TAS programs at any time during the regular school year for each category listed. Count each student only once in each category even if the student participated during more than one term or in more than one school or district in the State. Count each student in as many of the categories that are applicable to the student. Include pre-kindergarten through grade 12. Do not include the following individuals: (1) adult participants of adult literacy programs funded by Title I, (2) private school students participating in Title I programs operated by local educational agencies, or (3) students served in Part A local neglected programs.

Special Services or Programs	# Students Served
Children with disabilities (*IDEA*)	36,304
Limited English proficient students	18,667
Students who are homeless	5,909
Migratory students	218

2.1.2.2 Student Participation in Public Title I, Part A by Racial/Ethnic Group

In the table below, provide the unduplicated number of public school students served by either public Title I SWP or TAS at any time during the regular school year. Each student should be reported in only one racial/ethnic category. Include pre-kindergarten through grade 12. The total number of students served will be calculated automatically.

Do not include: (1) adult participants of adult literacy programs funded by Title I, (2) private school students participating in Title I programs operated by local educational agencies, or (3) students served in Part A local neglected programs.

Race/Ethnicity	# Students Served
American Indian or Alaska Native	980
Asian	2,080
Black or African American	137,310
Hispanic or Latino	22,558
Native Hawaiian or other Pacific Islander	243

2.1.2.4 Student Participation in Title I, Part A Targeted Assistance Programs by Instructional and Support Services

The following sections collect data about the participation of students in TAS.

2.1.2.4.1 Student Participation in Title I, Part A Targeted Assistance Programs by Instructional Services

In the table below, provide the number of students receiving each of the listed instructional services through a TAS program funded by Title I, Part A. Students may be reported as receiving more than one instructional service. However, students should be reported only once for each instructional service regardless of the frequency with which they received the service.

TAS Instructional Service	# Students Served
Mathematics	0
Reading/language arts	317
Science	0
Social studies	0
Vocational/career	0
Other instructional services	15

Sum of the amount reserved by LEAs for parental Involvement	0	3,735,603
Sum of LEAs' FY 2011 Title I, Part A allocations	31,798	207,533,496
Percentage of LEA's FY 2011 Title I, Part A allocations reserved for parental involvement	0.00	1.80

[1] *The sum of Column 2 and Column 3 should equal the number of LEAs that received an FY 2011 Title I, Part A allocation. In the comment box below, provide examples of how LEAs in your State used their Title I Part A, set-aside for parental involvement during SY 2011-2012.

In the comment box below, provide examples of how LEAs in your State used their Title I Part A, set-aside for parental involvement during SY 2011-2012.

School districts used parent involvement funds to provide notifications to parents regarding ESEA federal accountability performance, additional programs to assist at-risk students, and to invite parents to participate in activities. Parent facilitators were hired using reservations to coordinate parent activities. Parent coordinators were used to provide home visits to at-risk students. Funds were also used to provide manipulatives for parents to become more involved in literacy and math activities in an effort to assist students with homework or areas where students struggled with content.

2.2.1.2 Even Start Families Participating During the Year

In the table below, provide the number of participants for each of the groups listed below. The following terms apply:

1. "Participating" means enrolled and participating in all four core instructional components.
2. "Adults" includes teen parents.
3. For continuing children, calculate the age of the child on July 1, 2011. For newly enrolled children, calculate their age at the time of enrollment in Even Start.
4. Do not use rounding rules to calculate children's ages.

The total number of participating children will be calculated automatically.

Participating Groups	# Participants
1. Families participating	86
2. Adults participating	86
3. Adults participating who are limited English proficient (Adult English Learners)	19
4. Participating children	105

2.2.1.3 Characteristics of Newly Enrolled Families at the Time of Enrollment

In the table below, provide the number of newly enrolled families for each of the groups listed below. The term "newly enrolled family" means a family who enrolls for the first time in the Even Start project or who had previously been in Even Start and re-enrolls during the year.

Enrolled Families	#
1. Number of newly enrolled families	43
2. Number of newly enrolled adult participants	43
3. Number of newly enrolled families at or below the federal poverty level at the time of enrollment	43
4. Number of newly enrolled adult participants without a high school diploma or GED at the time of enrollment	42
5. Number of newly enrolled adult participants who have not gone beyond the 9th grade at the time of enrollment	11
Comments:	

2.2.1.4 Retention of Families

In the table below, provide the number of families who are newly enrolled, those who exited the program during the year, and those continuing in the program. For families who have exited, count the time between the family's start date and exit date. For families continuing to participate, count the time between the family's start date and the end of the reporting year (June 30, 2012). For families who had previously exited Even Start and then enrolled during the reporting year, begin counting from the time of the family's original enrollment date. **Report each family only once in lines 1-4.** Note enrolled families means a family who is participating in all four core instructional components. The total number of families participating will be automatically calculated.

Time in Program	#
1. Number of families enrolled 90 days or less	9
2. Number of families enrolled more than 90 but less than 180 days	12
3. Number of families enrolled 180 or more days but less than 365 days	23
4. Number of families enrolled 365 days or more	42
5. Total families enrolled	86

2.2.2 Federal Even Start Performance Indicators

This section collects data about the federal Even Start Performance Indicators

2.2.2.1 Adults Showing Significant Learning Gains on Measures of Reading

In the table below, provide the number of adults who showed significant learning gains on measures of reading. Only report data from the TABE reading test on the TABE line. Likewise, only report data from the CASAS reading test on the CASAS line. Data from the other TABE or CASAS tests or combination of both tests should be reported on the "other" line.

To be counted under "pre- and post-test", an individual must have completed **both** the pre- and post-tests.

The definition of "significant learning gains" for adult education is determined at the State level either by your State's adult education program in conjunction with the U.S. Department of Education's Office of Vocational and Adult Education (OVAE), or as defined by your Even Start State Performance Indicators.

These instructions/definitions apply to both 2.2.2.1 and 2.2.2.2.

Note: Do not include the Adult English Learners counted in 2.2.2.2.

2.2.2.3 Adults Earning a High School Diploma or GED

In the table below, provide the number of school-age and non-school age adults who earned a high school diploma or GED during the reporting year.

The following terms apply:

1. "School-age adults" is defined as any parent attending an elementary or secondary school. This also includes those adults within the State's compulsory attendance range who are being served in an alternative school setting, such as directly through the Even Start program.
2. "Non-school-age" adults are any adults who do not meet the definition of "school-age."
3. Include only the number of adult participants who had a realistic goal of earning a high school diploma or GED. Note that age limitations on taking the GED differ by State, so you should include only those adult participants for whom attainment of a GED or high school diploma is a possibility.

2.2.2.4 Children Age-Eligible for Kindergarten Who Are Achieving Significant Learning Gains on Measures of Language Development

In the table below, provide the number of children who are achieving significant learning gains on measures of language development.

The following terms apply:

1. "Age-Eligible" includes the total number of children who are old enough to enter kindergarten in the school year following the reporting year who have been in Even Start for at least six months.
2. "Pre- and Post-Tested" includes the number of age-eligible children who took both a pre- and post-test with at least 6 months of Even Start service in between.
3. A "significant learning gain" is considered to be a standard score increase of 4 or more points.
4. "Exempted" includes the number of children who could not take the test (based on the practice items) due to a severe disability or inability to understand the directions.

2.2.2.4.1 Children Age-Eligible for Kindergarten Who Demonstrate Age-Appropriate Oral Language Skills

The following terms apply:

1. "Age-Eligible" includes the total number of children who are old enough to enter kindergarten in the school year following the reporting year and who have been enrolled in Even Start for at least six months.
2. "Tested" includes the number of age-eligible children who took the PPVT-III or TVIP in the spring of or latest test within the reporting year.
3. # Who met goal includes children who score a Standard Score of 85 or higher on the spring (or latest test within the reporting year) TVIP, PPVT-III or PPVT-IV
4. "Exempted" includes the number of children who could not take the test (based on the practice items) due to a severe disability or inability to understand the directions.

Note: Projects may use the PPVT-III or the PPVT-IV if the PPVT-III is no longer available, but results for the two versions of the assessment should be reported separately.

2.2.2.5 The Average Number of Letters Children Can Identify as Measured by the PALS Pre-K Upper Case Letter Naming Subtask

In the table below, provide the average number of letters children can identify as measure by PALS subtask.

The following terms apply:

1. "Age-Eligible" includes the total number of children who are old enough to enter kindergarten in the school year following the reporting year and who have been enrolled in Even Start for at least six months.
2. "Tested" includes the number of age-eligible children who received Even Start services and who took the PALS Pre-K Upper Case Letter Naming Subtask in the spring of 2011 (or latest test within the reporting year).
3. "Exempted" includes the number of children exempted from testing due to a severe disability or inability to understand the directions in English.
4. "Average number of letters" includes the average score for the children in your State who participated in this assessment. This should be provided as a <u>weighted</u> average (An example of how to calculate a weighted average is included in the program training materials) and rounded to one decimal.

2.2.2.6 School-Aged Children Reading on Grade Level

In the table below, provide the number of school-age children who read on or above grade level ("met goal"). The source of these data is usually determined by the State and, in some cases, by the school district. Please indicate the source(s) of the data in the "Explanation" field.

The following terms apply:
1. "# in Cohort" includes school-aged children who have participated in Even Start for at least 6 months.

2.2.2.7 Parents Who Show Improvement on Measures of Parental Support for Children's Learning in the Home, School Environment, and Through Interactive Learning Activities

In the table below, provide the number of parents who show improvement ("met goal") on measures of parental support for children's learning in the home, school environment, and through interactive learning activities.

While many states are using the PEP, other assessments of parenting education are acceptable. Please describe results and the source(s) of any non-PEP data in the "Other" field, with appropriate information in the Explanation field.

2.3 EDUCATION OF MIGRANT CHILDREN (TITLE I, PART C)

This section collects data on the Migrant Education Program (Title I, Part C) for the reporting period of September 1, 2011 through August 31, 2012. This section is composed of the following subsections:

- Population data of eligible migrant children;
- Academic data of eligible migrant students;
- Participation data of migrant children served during either the regular school year, summer/intersession term, or program year;
- School data;
- Project data;
- Personnel data.

Where the table collects data by age/grade, report children in the highest age/grade that they attained during the reporting period. For example, a child who turns 3 during the reporting period would only be reported in the "Age 3 through 5 (not Kindergarten)" row.

FAQs in section 1.10 contain definitions of out-of-school and ungraded that are used in this section.

2.3.1 Population Data

The following questions collect data on eligible migrant children.

2.3.1.1 Eligible Migrant Children

In the table below, provide the underlined number of **eligible** migrant children by age/grade. The total is calculated automatically.

Age/Grade	Eligible Migrant Children
Age birth through 2	174
Age 3 through 5 (not Kindergarten)	227

Total	1,439

Comments: A 14% increase in the amount of migrant children from 2010-2011 (1,261 students) to 2011-2012 (1,439) is contributed to: an augmentation of the amount of State recruiters; intensification of direct training and support to LEA staff by State recruiters; and a rise in the amount of children in some districts that migrated with their families.

2.3.1.2 Priority for Services

In the table below, provide the <u>unduplicated</u> number of **eligible** migrant children who have been classified as having "Priority for Services." The total is calculated automatically. Below the table is a FAQ about the data collected in this table.

Comments: There was a 9% increase in priority for services from 2010-2011 (93pfs) and 2011-2012 (101pfs). The change can be attributed in part, to a slightly higher number of failing, or at risk of failing, students that migrated during the regular school year who attended the SC summer programs.	

FAQ on priority for services:
Who is classified as having "priority for service?" Migratory children who are failing or most at risk of failing to meet the State's challenging academic content standards and student academic achievement standards, <u>and</u> whose education has been interrupted during the regular school year.

2.3.1.3 Limited English Proficient

In the table below, provide the underlined(unduplicated) number of **eligible** migrant children who are also limited English proficient (LEP). The total is calculated automatically.

Comments: There was a 19% decrease of LEP SCMEP students from SY10-11 (805) to SY11-12 (654). The biggest decreases among the subgroups were: OSY; and 3 to 5 non-kindergarteners (nonK). The number of OSY tested as LEP decrease by 16% from SY10-11 (524) to SY11-12 (438). Among the 3 to 5 nonK, there was a significant change; a 50% decrease (149 LEP 3 to 5 nonK SY10-11, 75 LEP 3 to 5 nonK SY11-12). Although the number of nonK ID&R and served increased during the summer 2012, as compared to 2011, there were fewer 3 to 5nonK who tested as LEP.

2.3.1.4 Children with Disabilities (*IDEA*)

Comments: There were a higher number of students identified SY11-12 (1,218) than in SY10-11 (1,066) with a qualifying move within 12 months, resulting in a 14% increase. The higher number of identified students is partly due to an increase in the amount of families and OSY that arrived for the summer 2012 season and partly contributed to an increase in the amount of State level recruiters for the same period.

2.3.1.6 Qualifying Move During Regular School Year

In the table below, provide the underlined number of **eligible** migrant children with any qualifying move during the regular school year within the previous 36 months calculated from the last day of the reporting period, August 31, 2011. The total is calculated automatically.

Comments: An increase of 17% is recorded from SY10-11 (667) to SY11-12(781) of qualifying moves during the regular school year. The greatest increases among sub-groups were: age 3 to 5nonK, 82 in SY10-11 to 108 in SY11-12; 1st grade, from 20 in SY10-11 to 34 in SY11-12; 2nd grade, with 14 in SY10-11 and 27 in SY11-12; and 6th grade, 8 in SY10-11 to 21 in SY11-12. Nonetheless, the total number of qualifying moves for SY10-11, and SY11-12 are lower than the total of 916 for SY09-10.

Mobility during the regular school year is highly dependent on the growing season.

2.3.2   Academic Status

The following questions collect data about the academic status of **eligible** migrant students.

2.3.2.1 Dropouts

FAQ on Dropouts:
How is "dropped out of school" defined? The term used for students, who, during the reporting period, were enrolled in a public school for at least one day, but who subsequently left school with no plans on returning to enroll in a school and continue toward a high school diploma. Students who dropped out-of-school prior to the 2010-11 reporting period should be classified NOT as "dropped-out-of-school" but as "out-of-school youth."

2.3.2.2 GED

In the table below, provide the total unduplicated number of **eligible** migrant students who obtained a General Education Development (GED) Certificate in your state.

Obtained a GED in your state	N<
Comments: Thus far SCMEP has yet to assist any migrant student to obtain a GED; however, in Summer 2012, several dropouts who migrated to SC from other States for the summer harvest were identified and local LEA MEP staff facilitated the enrollment of these students in a GED program.	

2.3.2.3   Participation in State Assessments

The following questions collect data about the participation of eligible migrant students in State Assessments.

2.3.2.3.1 Reading/Language Arts Participation

In the table below, provide the <u>unduplicated</u> number of **eligible** migrant students enrolled in school during the State testing window and tested by the State reading/language arts assessment by grade level. The totals are calculated automatically.

2.3.3   MEP Participation Data

The following questions collect data about the participation of migrant students served during the regular school year, summer/intersession term, or program year.

Unless otherwise indicated, participating migrant children include:

- Children who received instructional or support services funded in whole or in part with MEP funds.
- Children who received a MEP-funded service, even those children who continued to receive services (1) during the term their eligibility ended, (2) for one additional school year after their eligibility ended, if comparable services were not available through other programs, and (3) in secondary school after their eligibility ended, and served through credit accrual programs until graduation (e.g., children served under the continuation of services authority, Section 1304(e)(1–3))

Do not include:

- Children who were served through a Title I SWP where MEP funds were consolidated with those of other programs.
- Children who were served by a "referred" service only.

2.3.3.1   MEP Participation Regular School Year

The following questions collect data on migrant children who participated in the MEP during the **regular** school year. Do not include:

- Children who were only served during the summer/intersession term.

2.3.3.1.1 MEP Students Served During the Regular School Year

In the table below, provide the underlined number of **participating** migrant children who received MEP-funded instructional or support services during the regular school year. 2.3.3.1.4   Services

The following questions collect data on the services provided to participating migrant children during the regular school year.

FAQ on Services:
What are services? Services are a subset of all allowable activities that the MEP can provide through its programs and projects. "Services" are those educational or educationally related activities that: (1) directly benefit a migrant child; (2) address a need of a migrant child consistent with the SEA's comprehensive needs assessment and service delivery plan; (3) are grounded in scientifically based research or, in the case of support services, are a generally accepted practice; and (4) are designed to enable the program to meet its measurable outcomes and contribute to the achievement of the State's performance targets. Activities related to identification and recruitment activities, parental involvement, program evaluation, professional development, or administration of the program are examples of allowable activities that are <u>not</u> considered services. Other examples of an allowable activity that would <u>not</u> be considered a service would be the one-time act of providing instructional packets to a child or family, and handing out leaflets to migrant families on available reading programs as part of an effort to increase the reading skills of migrant children. Although these are allowable activities, they are not services because they do not meet all of the criteria above.

2.3.3.1.4.1 Instructional Service – During the Regular School Year

In the table below, provide the <u>unduplicated</u> number of **participating** migrant children who received <u>any</u> type of MEP-funded instructional service during the regular school year. Include children who received instructional services provided by <u>either a teacher or a paraprofessional</u>. Children should be reported only once regardless of the frequency with which they received a service intervention. The total is calculated automatically.

Include children who received such instructional services provided by <u>a teacher only</u>. Children may be reported as having received more than one type of instructional service in the table. However, children should be reported only once within each type of instructional service that they received regardless of the frequency with which they received the instructional service. FAQs on Support Services:

a. *What are support services?* These MEP-funded services include, but are not limited to, health, nutrition, counseling, and social services for migrant families; necessary educational supplies, and transportation. The one-time act of providing instructional or informational packets to a child or family does not constitute a support service.

b. *What are counseling services?* Services to help a student to better identify and enhance his or her educational, personal, or occupational potential; relate his or her abilities, emotions, and aptitudes to educational and career opportunities; utilize his or her abilities in formulating realistic plans; and achieve satisfying personal and social development. These activities take place between one or more counselors and one or more students as counselees, between students and students, and between counselors and other staff members. The services can also help the child address life problems or personal crisis that result from the culture of migrancy.

2.3.3.1.4.4 Referred Service – During the Regular School Year

In the table below, provide the <u>unduplicated</u> number of **participating** migrant children who, during the regular school year, received an educational or educationally related service funded by another non-MEP program/organization that they would not have otherwise received without efforts supported by MEP funds. Children should be reported only once regardless of the frequency with which they received a referred service. Include children who were served by a referred service only or who received both a referred service and MEP-funded services. <u>Do not include children who were referred, but received no services</u>. Comments: In SY10-11 there was a discrepancy in data reported for 2.3.3.2.1. In SY10-11 it was reported that 1261 students were served, this was actually the total number of Eligible Migrant Children (2.3.1.1 SY10-11). This discrepancy is corroborated by reviewing SY10-11 2.3.3.3 MEP Participation - Program Year and 2.3.5.1. As SCMEP operated only a summer program, the program year encompasses the amount of students served which for SY10-11 667. Thus, for SY11-12 there was actually an increase in students served (633 in SY10-11 to 947 SY11-12).

2.3.3.2.2 Priority for Services – During the Summer/Intersession Term

Comments: SCMEP did not report any continuation for services in previous years. 2.3.3.2.4   Services

The following questions collect data on the services provided to participating migrant children during the summer/intersession term.

FAQ on Services:

Comments: Several factors augmented the increase of instructional services for the summer 2012 session: an increase in th amount of eligible children identified allowed for the possibility of more services to be rendered; also, extra recruiters at the State level allowed for instruction of students, especially OSY, in areas where there are no LEA summer MEPs.

As explained in the response to 2.3.3.2.1, the data discrepancy for SY11-10 inhibited the clear reporting of actual numbers served. Therefore, for SY11-12 there was an augmentation of instructional services provided in light of an increase from SY10-11 to SY11-12 of overall numbers served. The increase of served students was related to several factors such as an increase in the amount of eligible children identified, and more state level recruiters.

2.3.3.2.4.2 Type of Instructional Service

In the table below, provide the number of **participating** migrant children reported in the table above who received reading instruction, mathematics instruction, or high school credit accrual during the summer/intersession term. Include children who received such instructional services provided by <u>a teacher only</u>. Children may be reported as having received more than one type of instructional service in the table. However, children should be reported only once within each type of instructional service that they received regardless of the frequency with which they received the instructional service. The totals are calculated automatically.

Comments: The 34% gain in reading instruction (482 in for SY10-11 to 645 SY11-12), and the 25% increase in mathematics instruction (463 in SY10-11 to 581 in SY11-12), can be attributed not only to the increase in students present, but also to the increase in State level recruiters, and training to LEAs.

FAQ on Types of Instructional Services:

What is *"high school credit accrual"?* Instruction in courses that accrue credits needed for high school graduation provided by a <u>teacher</u> for students on a regular or systematic basis, usually for a predetermined period of time. Includes correspondence courses taken by a student under the supervision of a teacher.

2.3.3.2.4.3 Support Services with Breakout for Counseling Service

In the table below, in the column titled **Support Services**, provide the underlined number of **participating** migrant children who received any MEP-funded support service during the summer/intersession term. In the column titled **Counseling Service**, provide the underlined number of **participating** migrant children who received a counseling service during the summer/intersession term. Children should be reported only once in each column regardless of the frequency with which they received a support service intervention. The totals are calculated automatically.

Comments: There was a 47% increase in the total reported amount of children receiving support services from SY10-11 (567) to SY11-12 (836), and a 57% augmentation reported of the total number of breakout counseling services for children (526 in SY10-11 to 828 in SY11-12). Apart from the greater amount of students present, the primary causation of this rise is attributed to the proactive and assertive reinforcement of the SY10-11 data entry process training received for coding to the LEAs by State level recruiters.

As 1261 was the total number of eligible migrant students (SY10-11 2.3.1.1), and not the actual number served, as SCMEP was not able to serve 100% of the eligible students (evidenced by SY10-11 2.3.3.2.4.1, 2.3.3.2.4.2, 2.3.3.2.4.3, 2.3.3.3, 2.3.5.1), there was actually an increase in the number of students served from SY10-11 to SY11-12. The increase of total numbers served assists the understanding of the augmentation of counseling services, along with the greater amount of students present, and the reinforcement of data entry training.

FAQs on Support Services:

a. *What are support services?* These MEP-funded services include, but are not limited to, health, nutrition, counseling, and social services for migrant families; necessary educational supplies, and transportation. The one-time act of providing instructional or informational packets to a child or family does not constitute a support service.

b. *What are counseling services?* Services to help a student to better identify and enhance his or her educational, personal, or occupational potential; relate his or her abilities, emotions, and aptitudes to educational and career opportunities; utilize his or her abilities in formulating realistic plans; and achieve satisfying personal and social development. These activities take place between one or more counselors and one or more students as counselees, between students and students, and between counselors and other staff members. The services can also help the child address life problems or personal crisis that result from the culture of migrancy.

2.3.3.2.4.4 Referred Service – During the Summer/Intersession Term

In the table below, provide the underlined(unduplicated) number of **participating** migrant children who, during the summer/intersession term, received an educational or educationally related service funded by another non-MEP program/organization that they would not have otherwise received without efforts supported by MEP funds. Children should be reported only once regardless of the frequency with which they received a referred service. Include children who were served by a referred service only or who received both a referred service and MEP-funded services. Do not include children who were referred, but received no services. The total is calculated automatically.

2.3.4   School Data

The following questions are about the enrollment of eligible migrant children in schools during the regular school year.

2.3.4.1 Schools and Enrollment

In the table below, provide the number of public schools that enrolled **eligible** migrant children at any time during the regular school year. Schools include public schools that serve school age (e.g., grades K through 12) children. Also, provide the number of **eligible** migrant children who were enrolled in those schools. Since more than one school in a State may enroll the same migrant child at some time during the year, the number of children may include duplicates.

Schools	#
Number of schools that enrolled eligible migrant children	97
Number of eligible migrant children enrolled in those schools	349
Comments:	

2.3.4.2 Schools Where MEP Funds Were Consolidated in Schoolwide Programs

In the table below, provide the number of schools where MEP funds were consolidated in an SWP. Also, provide the number of **eligible** migrant children who were enrolled in those schools at any time during the regular school year. Since more than one school in a State may enroll the same migrant child at some time during the year, the number of children may include duplicates.

Comments: No funds were consolidated.	

2.3.5   MEP Project Data

The following questions collect data on MEP projects.

2.3.5.1 Type of MEP Project

In the table below, provide the number of projects that are funded in whole or in part with MEP funds. A MEP project is the entity that receives MEP funds by a subgrant from the State or through an intermediate entity that receives the subgrant and provides services directly to the migrant child. Do not include projects where MEP funds were consolidated in SWP.

Also, provide the number of migrant children **participating** in the projects. Since children may participate in more than one project, the number of children may include duplicates.

Below the table are FAQs about the data collected in this table.

Type of MEP Project	Number of MEP Projects	Number of Migrant Children Participating in the Projects
Regular school year – school day only	0	0
Regular school year – school day/extended day	0	0
Summer/intersession only	6	947
Year round	0	0
Comments: An increase in the amount of migrants present coupled with an increase of State level recruiters attributed to the 41% rise in MEP participation during the program year (667 SY10-11 to 947 SY11-12).		

FAQs on type of MEP project:

a. *What is a project?* A project is any entity that receives MEP funds either as a subgrantee or from a subgrantee and provides services directly to migrant children in accordance with the State Service Delivery Plan and State approved subgrant applications. A project's services may be provided in one or more sites.

b. *What are Regular School Year – School Day Only projects?* Projects where all MEP services are provided during the school day during the regular school year.

c. *What are Regular School Year – School Day/Extended Day projects?* Projects where some or all MEP services are provided during an extended day or week during the regular school year (e.g., some services are provided during the school day and some outside of the school day; e.g., all services are provided outside of the school day).

d. *What are Summer/Intersession Only projects?* Projects where all MEP services are provided during the summer/intersession term.

e. *What are Year Round projects?* Projects where all MEP services are provided during the regular school year and summer/intersession term.

2.3.6   MEP Personnel Data

The following questions collect data on MEP personnel data.

2.3.6.1   Key MEP Personnel

The following questions collect data about the key MEP personnel.

2.3.6.1.1 MEP State Director

In the table below, provide the FTE amount of time the State director performs MEP duties (<u>regardless of whether the director is funded by State, MEP, or other funds</u>) during the reporting period (e.g., September 1 through August 31). Below the table are FAQs about the data collected in this table.

State Director FTE	0.50
Comments:	

FAQs on the MEP State director

a. *How is the FTE calculated for the State director?* Calculate the FTE using the number of days worked for the MEP. To do so, first define how many full-time days constitute one *FTE* for the State director in your State for the reporting period. To calculate the FTE number, sum the total days the State director worked for the MEP during the reporting period and divide this sum by the number of full-time days that constitute one FTE in the reporting period.

b. *Who is the State director?* The manager within the SEA who administers the MEP on a statewide basis.

2.3.6.1.2 MEP Staff

In the table below, provide the headcount and FTE by job classification of the staff <u>funded by the MEP</u>. Do **not** include staff employed in SWP where MEP funds were combined with those of other programs. Below the table are FAQs about the data collected in this table.

Job Classification	Regular School Year Headcount	Regular School Year FTE	Summer/Intersession Term Headcount	Summer/Intersession Term FTE
Teachers	0	0	46	15
Counselors	0	0	0	0
All paraprofessionals	0	0	9	5
Recruiters	0	0	11	4
Records transfer staff	0	0	6	3
Administrators	0	0	1	1
Comments: While the overall headcount remained relatively stable (expect for all paraprofessionals), there were fewer MEP staff that were reported to be FTE. Furthermore, there was a 47% decrease in the amount of paraprofessionals (17 in SY10-11, to 9 in SY11-12). The decrease in FTE may be attributed to LEA fiscal decisions.				

Note: The Headcount value displayed represents the greatest <u>whole number</u> submitted in file specification N/X065 for the corresponding Job Classification. For example, an ESS submitted value of 9.8 will be represented in your CSPR as 9.

FAQs on MEP staff:

a. *How is the FTE calculated?* The FTE may be calculated using one of two methods:
    1. To calculate the FTE, in each job category, sum the percentage of time that staff were funded by the MEP and enter the total FTE for that category.
    2. Calculate the FTE using the number of days worked. To do so, first define how many full-time days constitute one FTE for each job classification in your State for each term. (For example, one regular-term FTE may equal 180 full- time (8 hour) work days; one summer term FTE may equal 30 full-time work days; or one intersession FTE may equal 45 full-time work days split between three 15-day non-contiguous blocks throughout the year.) To calculate the FTE number, sum the total days the individuals worked in a particular job classification for a term and divide
        this sum by the number of full-time days that constitute one FTE in that term.

b. *Who is a teacher?* A classroom instructor who is licensed and meets any other teaching requirements in the State.

c. *Who is a counselor?* A professional staff member who guides individuals, families, groups, and communities by assisting them in problem-solving, decision-making, discovering meaning, and articulating goals related to personal, educational, and career development.

d. *Who is a paraprofessional?* An individual who: (1) provides one-on-one tutoring if such tutoring is scheduled at a time when a student would not otherwise receive instruction from a teacher; (2) assists with classroom management, such as organizing instructional and other materials; (3) provides instructional assistance in a computer laboratory; (4) conducts parental involvement activities; (5) provides support in a library or media center; (6) acts as a translator; or (7) provides instructional support services under the direct supervision of a teacher (Title I, Section 1119(g)(2)). Because a paraprofessional provides instructional support, he/she should not be providing planned direct instruction or introducing to students new skills, concepts, or academic content. Individuals who work in food services, cafeteria or playground supervision, personal care services, non-instructional computer assistance, and similar positions are not considered paraprofessionals under Title I.

e. *Who is a recruiter?* A staff person responsible for identifying and recruiting children as eligible for the MEP and documenting their eligibility on the Certificate of Eligibility.

f. *Who is a record transfer staffer?* An individual who is responsible for entering, retrieving, or sending student records from or to another school or student records system.

g. *Who is an administrator?* A professional staff member, including the project director or regional director. The SEA MEP Director should <u>not</u> be included.

2.3.6.1.3 Qualified Paraprofessionals

In the table below, provide the headcount and FTE of the qualified paraprofessionals funded by the MEP. Do **not** include staff employed in SWP where MEP funds were combined with those of other programs. Below the table are FAQs about the data collected in this table.

Type of Professional Funded by MEP	Regular School Year Headcount	Regular School Year FTE	Summer/Intersession Term Headcount	Summer/Inter session Term FTE
Qualified Paraprofessionals	0	0.00	19	19.00
Comments: The 47% decrease in the amount of qualified paraprofessionals (17 in SY10-11, to 9 in SY11-12) may be attributed to LEA fiscal decisions.				

FAQs on qualified paraprofessionals:

a. *How is the FTE calculated?* The FTE may be calculated using one of two methods:
   1. To calculate the FTE, sum the percentage of time that staff were funded by the MEP and enter the total FTE for that category.
   2. Calculate the FTE using the number of days worked. To do so, first define how many full-time days constitute one FTE in your State for each term. (For example, one regular-term FTE may equal 180 full-time (8 hour) work days; one summer term FTE may equal 30 full-time work days; or one intersession FTE may equal 45 full-time work days split between three 15-day non-contiguous blocks throughout the year.) To calculate the FTE number, sum the total days the individuals worked for a term and divide this sum by the number of full-time days that constitute one FTE in that term.

b. *Who is a qualified paraprofessional?* A qualified paraprofessional must have a secondary school diploma or its recognized equivalent and have (1) completed 2 years of study at an institution of higher education; (2) obtained an associate's (or higher) degree; or (3) met a rigorous standard of quality and be able to demonstrate, through a formal State or local academic assessment, knowledge of and the ability to assist in instructing reading, writing, and mathematics (or, as appropriate, reading readiness, writing readiness, and mathematics readiness) (Sections 1119(c) and (d) of *ESEA*).

2.4   PREVENTION AND INTERVENTION PROGRAMS FOR CHILDREN AND YOUTH WHO ARE NEGLECTED, DELINQUENT, OR AT RISK (TITLE I, PART D, SUBPARTS 1 AND 2)

This section collects data on programs and facilities that serve students who are neglected, delinquent, or at risk under Title I, Part D, and characteristics about and services provided to these students.

Throughout this section:

- Report data for the program year of July 1, 2011 through June 30, 2012.
- Count programs/facilities based on how the program was classified to ED for funding purposes.
- Do not include programs funded solely through Title I, Part A.
- Use the definitions listed below:
  - **Adult Corrections:** An adult correctional institution is a facility in which persons, including persons 21 or under, are confined as a result of conviction for a criminal offense.
  - **At-Risk Programs:** Programs operated (through LEAs) that target students who are at risk of academic failure, have a drug or alcohol problem, are pregnant or parenting, have been in contact with the juvenile justice system in the past, are at least 1 year behind the expected age/grade level, have limited English proficiency, are gang members, have dropped out of school in the past, or have a high absenteeism rate at school.
  - **Juvenile Corrections:** An institution for delinquent children and youth is a public or private residential facility other than a foster home that is operated for the care of children and youth who have been adjudicated delinquent or in need of supervision. Include any programs serving adjudicated youth (including non-secure facilities and group homes) in this category.
  - **Juvenile Detention Facilities:** Detention facilities are shorter-term institutions that provide care to children who require secure custody pending court adjudication, court disposition, or execution of a court order, or care to children after commitment.
  - **Neglected Programs:** An institution for neglected children and youth is a public or private residential facility, other than a foster home, that is operated primarily for the care of children who have been committed to the institution or voluntarily placed under applicable State law due to abandonment, neglect, or death of their parents or guardians.
  - **Other:** Any other programs, not defined above, which receive Title I, Part D funds and serve non-adjudicated children and youth.

2.4.1   State Agency Title I, Part D Programs and Facilities- Subpart 1

The following questions collect data on Title I, Part D, Subpart 1 programs and facilities.

2.4.1.1 Programs and Facilities - Subpart 1

In the table below, provide the number of State agency Title I, Part D, Subpart 1 programs and facilities that serve neglected and delinquent students and the average length of stay by program/facility type, for these students.

Report only programs and facilities that received Title I, Part D, Subpart 1 funding during the reporting year. Count a facility once if it offers only one type of program. If a facility offers more than one type of program (i.e., it is a multipurpose facility), then count each of the separate programs. The total number of programs/facilities will be automatically calculated. Below the table is a FAQ about the data collected in this table.

State Program/Facility Type	# Programs/Facilities	Average Length of Stay in Days
Neglected programs	1	195
Juvenile detention	1	31
Juvenile corrections	4	68
Adult corrections	9	365
Other	0	0
Total	15	
Comments:		

FAQ on Programs and Facilities - Subpart I:
How is average length of stay calculated? The average length of stay should be weighted by number of students and should include the number of days, per visit, for each student enrolled during the reporting year, regardless of entry or exit date. Multiple visits for students who entered more than once during the reporting year can be included. The average length of stay in days should not exceed 365.

2.4.1.1.1 Programs and Facilities That Reported - Subpart 1

In the table below, provide the number of State agency programs/facilities that reported data on neglected and delinquent students.

The total row will be automatically calculated.

2.4.1.2 Students Served – Subpart 1

In the tables below, provide the number of neglected and delinquent students served in State agency Title I, Part D, Subpart 1 programs and facilities. Report only students who received Title I, Part D, Subpart 1 services during the reporting year. In the first table, provide in row 1 the <u>unduplicated</u> number of students served by each program, and in row 2, the total number of students in row 1 that are long-term. In the subsequent tables provide the number of students served by race/ethnicity, by sex, and by age. The total number of students by race/ethnicity, by sex and by age will be automatically calculated.

FAQ on Unduplicated Count:
What is an unduplicated count? An unduplicated count is one that counts students only once, even if they were admitted to a facility or program multiple times within the reporting year.

FAQ on long-term:
What is long-term? Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2011 through June 30, 2012.

2.4.1.4   Academic Outcomes- Subpart 1

The following questions collect academic outcome data on students served through Title I, Part D, Subpart 1.

2.4.1.4.1 Academic Outcomes While in the State Agency Program/Facility

2.4.1.6   Academic Performance- Subpart 1

The following questions collect data on the academic performance of neglected and delinquent students served by Title I, Part D, Subpart 1 in reading and mathematics.

2.4.1.6.1 Academic Performance in Reading – Subpart 1

In the tables below, provide the underlined number of long-term students served by Title I, Part D, Subpart 1, who participated in reading testing. In the first table, report the number of students who tested below grade level upon entry based on their pre-test. A post-test is not required to answer this item. Then, indicate the number of students who completed both a pre-test and a post-test. In the second table, report only students who participated in both pre-and post-testing. Students should be reported in only one of the five change categories in the second table below.

Report only information on a student's most recent testing data. Students who were pre-tested prior to July 1, 2011, may be included if their post-test was administered during the reporting year. Students who were post-tested after the reporting year ended should be counted in the following year. Below the tables is an FAQ about the data collected in these tables.

Performance Data (Based on most recent testing data)	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
Long-term students who tested below grade level upon entry	37	40	109	681	0
Long-term students who have complete pre- and post-test results (data)	33	69	46	581	0

Of the students reported in the second row above, indicate the number who showed:

2.4.2   LEA Title I, Part D Programs and Facilities- Subpart 2

The following questions collect data on Title I, Part D, Subpart 2 programs and facilities.

2.4.2.1 Programs and Facilities – Subpart 2

In the table below, provide the number of LEA Title I, Part D, Subpart 2 programs and facilities that serve neglected and delinquent students and the yearly average length of stay by program/facility type for these students.

Report only the programs and facilities that received Title I, Part D, Subpart 2 funding during the reporting year. Count a facility once if it offers only one type of program. If a facility offers more than one type of program (i.e., it is a multipurpose facility), then count each of the separate programs. The total number of programs/ facilities will be automatically calculated. Below the table is an FAQ about the data collected in this table.

LEA Program/Facility Type	# Programs/Facilities	Average Length of Stay (# days)
At-risk programs	0	0
Neglected programs	0	0
Juvenile detention	1	20
Juvenile corrections	1	117
Other	0	0
Total	2	
Comments:		

FAQ on average length of stay:
How is average length of stay calculated? The average length of stay should be weighted by number of students and should include the number of days, per visit for each student enrolled during the reporting year, regardless of entry or exit date. Multiple visits for students who entered more than once during the reporting year can be included. The average length of stay in days should not exceed 365.

2.4.2.1.1 Programs and Facilities That Reported - Subpart 2

In the table below, provide the number of LEA Title I, Part D, Subpart 2 programs and facilities that reported data on neglected and delinquent students.

The total row will be automatically calculated.

LEA Program/Facility Type	# Reporting Data
At-risk programs	0
Neglected programs	0
Juvenile detention	1
Juvenile corrections	1
Other	0

2.4.2.2 Students Served – Subpart 2

In the tables below, provide the number of neglected and delinquent students served in LEA Title I, Part D, Subpart 2 programs and facilities. Report only students who received Title I, Part D, Subpart 2 services during the reporting year. In the first table, provide in row 1 the underlined number of students served by each program, and in row 2, the total number of students in row 1 who are long-term. In the subsequent tables, provide the number of students served by race/ethnicity, by sex, and by age. The total number of students by race/ethnicity, by sex, and by age will be automatically calculated.

FAQ on Unduplicated Count:
What is an unduplicated count? An unduplicated count is one that counts students only once, even if they were admitted to a facility or program multiple times within the reporting year.

FAQ on long-term:
What is long-term? Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2011 through June 30, 2012.

2.4.2.4   Academic Outcomes- Subpart 2

The following questions collect academic outcome data on students served through Title I, Part D, Subpart 2.

2.4.2.4.1 Academic Outcomes While in the LEA Program/Facility

In the table below, provide the underlined unduplicated number of students who attained academic outcomes while in the LEA program/facility by type of program/facility.

2.4.2.6   Academic Performance- Subpart 2

The following questions collect data on the academic performance of neglected and delinquent students served by Title I, Part D, Subpart 2 in reading and mathematics.

2.4.2.6.1 Academic Performance in Reading – Subpart 2

In the tables below, provide the unduplicated number of <u>long-term</u> students served by Title I, Part D, Subpart 2, who participated in reading testing. In the first table, report the number of students who tested below grade level upon entry based on their pre-test. A post-test is not required to answer this item. Then, indicate the number of students who completed both a pre-test and a post-test. In the second table, report only students who participated in both pre-and post-testing. Students should be reported in only one of the five change categories in the second table below.

Report only information on a student's most recent testing data. Students who were pre-tested prior to July 1, 2011, may be included if their post-test was administered during the reporting year. Students who were post-tested after the reporting year ended should be counted in the following year. Below the tables is an FAQ about the data collected in these tables.

Performance Data (Based on most recent testing data)	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
Long-term students who tested below grade level upon entry			5	63	
Long-term students who have complete pre- and post-test results (data)			5	53	

Of the students reported in the second row above, indicate the number who showed:

2.7.2   Out-of-School Suspensions and Expulsions

The following questions collect data on the out-of-school suspension and expulsion of students by grade level (e.g., K through 5, 6 through 8, 9 through 12) and type of incident (e.g., violence, weapons possession, alcohol-related, illicit drug-related).

2.7.2.1 State Definitions

In the spaces below, provide the State definitions for each type of incident.

Incident Type	State Definition
Alcohol related	The violation of laws or ordinances prohibiting the sale, purchase, transportation, possession, or use of alcoholic beverages. These offenses include public drunkenness and drunk and disorderly conduct.
Illicit drug related	Drug distribution/drug possession - Except as authorized by state law, it is unlawful for any person (1) to manufacture, distribute, dispense, deliver, or purchase, or possess with intent to manufacture, distribute, dispense, deliver, or purchase a controlled substance; (2) to create, distribute, dispense, deliver, or purchase or aid, abet, attempt, or conspire to create, distribute, dispense, deliver, or purchase a counterfeit substance.
Violent incident without physical injury	Mutual participation in an incident involving physical violence where there is no major injury; confrontation, tussle, physical aggression that does not result in injury.
Violent incident with physical injury	An unlawful physical(not verbal) attack by one person upon another where the offender uses or displays a weapon (other than hands or feet), and the victim suffers severe or aggravated bodily injury, apparent broken bones, loss of teeth, possible internal injury, severe laceration, loss of consciousness, or other injuries that require professional medical attention. Included are offenses referred to by law enforcement as aggravated assault and battery.
Weapons possession	The violation of laws prohibiting any person, except law enforcement officers or personnel authorized by school officials, to carry on his person, while on any elementary or secondary school property, a knife with a blade over two inches long, a blackjack, a metal pipe or pole, firearms, or any type of weapon, device, or object which may be used to inflict bodily injury or death. This category also includes carrying, in a concealed manner, a dirk, slingshot, metal knuckles, razor, or other deadly weapon usually used for the infliction of personal injury.

2.11   GRADUATION RATES

This section collects graduation rates.

2.11.1 Graduation Rates

In the table below, provide the graduation rates calculated using the methodology that was approved as part of the State's accountability plan for the **current school year** (SY 2011-12). Below the table are FAQs about the data collected in this table.

Student Group	Graduation Rate
All Students	75
American Indian or Alaska Native	71
Asian	85
Black or African American	71
Hispanic or Latino	69
Native Hawaiian or other Pacific Islander	
White	78
Two or more races	
Children with disabilities (*IDEA*)	40
Limited English proficient (LEP) students	64
Economically disadvantaged	68

FAQs on graduation rates:

- What is the regulatory adjusted cohort graduation rate? For complete definitions and instructions, please refer to the non-regulatory guidance, which can be found here: http://www2.ed.gov/policy/elsec/guid/hsgrguidance.pdf.

  The response is limited to 8,000 characters.

Comments: South Carolina reports Pacific Islanders/Hawaiian as an "Asian/Pacific Islander" subgroup so these students are included in the "Asian" subgroup.

South Carolina does not have a "Two or More Races" subgroup.

2.12   LISTS OF SCHOOLS AND DISTRICTS

This section contains data on school statuses. States granted ESEA Flexibility should follow the instructions in sections 2.12.1 and 2.12.3. All other states should follow the instructions in sections 2.12.2 and 2.12.4. These tables will be generated based on data submitted to EDFacts.
