# CONSOLIDATED STATE PERFORMANCE REPORT: Parts I and II

for STATE FORMULA GRANT PROGRAMS under the ELEMENTARY AND SECONDARY EDUCATION ACT As amended in 2001

> For reporting on School Year 2015-16

PART I DUE THURSDAY, DECEMBER 15, 2016 PART II DUE THURSDAY, FEBRUARY 9, 2017

> U.S. DEPARTMENT OF EDUCATION WASHINGTON, DC 20202

# **PRIVACY PROTECTED VERSION**

SOME DATA IN THIS REPORT HAVE BEEN SUPPRESSED OR BLURRED TO PROTECT STUDENT PRIVACY.

#### INTRODUCTION

Sections 9302 and 9303 of the *Elementary and Secondary Education Act (ESEA)*, as amended in 2001 provide to States the option of applying for and reporting on multiple *ESEA* programs through a single consolidated application and report. Although a central, practical purpose of the Consolidated State Application and Report is to reduce "red tape" and burden on States, the Consolidated State Application and Report are also intended to have the important purpose of encouraging the integration of State, local, and *ESEA* programs in comprehensive planning and service delivery and enhancing the likelihood that the State will coordinate planning and service delivery across multiple State and local programs. The combined goal of all educational agencies–State, local, and Federal–is a more coherent, well-integrated educational plan that will result in improved teaching and learning. The Consolidated State Application and Report includes the following *ESEA* programs:

- o Title I, Part A Improving Basic Programs Operated by Local Educational Agencies
- Title I, Part B, Subpart 3 William F. Goodling Even Start Family Literacy Programs
- Title I, Part C *Education of Migratory Children* (Includes the Migrant Child Count)
- Title I, Part D Prevention and Intervention Programs for Children and Youth Who Are Neglected, Delinquent, or At-Risk
- Title II, Part A Improving Teacher Quality State Grants (Teacher and Principal Training and Recruiting Fund)
- o Title III, Part A English Language Acquisition, Language Enhancement, and Academic Achievement Act
- o Title IV, Part A, Subpart 1 Safe and Drug-Free Schools and Communities State Grants
- o Title IV, Part A, Subpart 2 Safe and Drug-Free Schools and Communities National Activities (Community Service Grant Program)
- Title V, Part A Innovative Programs
- o Title VI, Section 6111 Grants for State Assessments and Related Activities
- o Title VI, Part B Rural Education Achievement Program
- Title X, Part C Education for Homeless Children and Youths

The ESEA Consolidated State Performance Report (CSPR) for school year (SY) 2015-16 consists of two Parts, Part I and Part II.

#### PART I

Part I of the CSPR requests information related to the five *ESEA* Goals, established in the June 2002 Consolidated State Application, and information required for the Annual State Report to the Secretary, as described in Section 1111(h)(4) of the *ESEA*. The five *ESEA* Goals established in the June 2002 Consolidated State Application are:

- Performance Goal 1: By SY 2013-14, all students will reach high standards, at a minimum attaining proficiency or better in reading/language arts and mathematics.
- Performance Goal 2: All limited English proficient students will become proficient in English and reach high academic standards, at a minimum attaining proficiency or better in reading/language arts and mathematics.
- Performance Goal 3: By SY 2005-06, all students will be taught by highly qualified teachers.
- Performance Goal 4: All students will be educated in learning environments that are safe, drug free, and conducive to learning.
- Performance Goal 5: All students will graduate from high school.

Beginning with the CSPR SY 2005-06 collection, the Education of Homeless Children and Youths was added. The Migrant Child count was added for the SY 2006-07 collection.

# PART II

Part II of the CSPR consists of information related to State activities and outcomes of specific ESEA programs. While the information requested varies from program to program, the specific information requested for this report meets the following criteria:

- 1. The information is needed for Department program performance plans or for other program needs.
- 2. The information is not available from another source, including program evaluations pending full implementation of required ED*Facts* submission.
- 3. The information will provide valid evidence of program outcomes or results.

#### **GENERAL INSTRUCTIONS AND TIMELINES**

All States that received funding on the basis of the Consolidated State Application for the SY 2015-16 must respond to this Consolidated State Performance Report (CSPR). Part I of the Report is due to the Department by **Thursday, December 15, 2016**. Part II of the Report is due to the Department by **Thursday, February 9, 2017**. Both Part I and Part II should reflect data from the SY 2015-16, unless otherwise noted.

The format states will use to submit the Consolidated State Performance Report has changed to an online submission starting with SY 2004-05. This online submission system is being developed through the Education Data Exchange Network (EDEN) and will make the submission process less burdensome. Please see the following section on transmittal instructions for more information on how to submit this year's Consolidated State Performance Report.

#### TRANSMITTAL INSTRUCTIONS

The Consolidated State Performance Report (CSPR) data will be collected online from the SEAs, using the EDEN web site. The EDEN web site will be modified to include a separate area (sub-domain) for CSPR data entry. This area will utilize EDEN formatting to the extent possible and the data will be entered in the order of the current CSPR forms. The data entry screens will include or provide access to all instructions and notes on the current CSPR forms; additionally, an effort will be made to design the screens to balance efficient data collection and reduction of visual clutter.

Initially, a state user will log onto EDEN and be provided with an option that takes him or her to the "SY 2015-16 CSPR". The main CSPR screen will allow the user to select the section of the CSPR that he or she needs to either view or enter data. After selecting a section of the CSPR, the user will be presented with a screen or set of screens where the user can input the data for that section of the CSPR. A user can only select one section of the CSPR at a time. After a state has included all available data in the designated sections of a particular CSPR Part, a lead state user will certify that Part and transmit it to the Department. Once a Part has been transmitted, ED will have access to the data. States may still make changes or additions to the transmitted data, by creating an updated version of the CSPR. Detailed instructions for transmitting the SY 2015-16 CSPR will be found on the main CSPR page of the EDEN web site (https://EDEN.ED.GOV/EDENPortal/).

# CONSOLIDATED STATE PERFORMANCE REPORT PART II

For reporting on School Year 2015-16

×

PART II DUE FEBRUARY 09, 2017 5PM EST

#### 2.1 IMPROVING BASIC PROGRAMS OPERATED BY LOCAL EDUCATIONAL AGENCIES (TITLE I, PART A)

This section collects data on Title I, Part A programs.

#### 2.1.1 Student Achievement in Schools with Title I, Part A Programs

The following sections collect data on student academic achievement on the State's assessments in schools that receive Title I, Part A funds and operate either Schoolwide programs or Targeted Assistance programs.

#### 2.1.1.1 Student Achievement in Mathematics in Schoolwide Schools (SWP)

In the format of the table below, provide the number of students in SWP schools who completed the assessment and for whom a proficiency level was assigned, in grades 3 through 8 and high school, on the State's mathematics assessments under Section 1111(b)(3) of *ESEA*. Also, provide the number of those students who scored at or above proficient. The percentage of students who scored at or above proficient is calculated automatically.

Grade	# Students Who Completed the Assessment and for Whom a Proficiency Level Was Assigned	# Students Scoring at or above Proficient	Percentage at or above Proficient
3	43,426	S	53.9
4	41,454	S	46.8
5	39,429	S	38.3
6	34,437	S	47.7
7	31,310	S	27.7
8	31,432	S	22.1
High School	22,115	S	9.7
Total	243,603	S	37.8
Comments:			

#### 2.1.1.2 Student Achievement in Reading/Language Arts in Schoolwide Schools (SWP)

This section is similar to 2.1.1.1. The only difference is that this section collects data on performance on the State's reading/language arts assessment in SWP.

Grade	# Students Who Completed the Assessment and for Whom a Proficiency Level Was Assigned	# Students Scoring at or above Proficient	Percentage at or above Proficient
3	43,320	S	31.0
4	41,340	S	34.9
5	39,349	S	30.2
6	34,367	S	36.1
7	31,238	S	29.2
8	31,353	S	37.9
High School	22,124	S	23.7
Total	243,091	S	32.3
Comments:			

# 2.1.1.3 Student Achievement in Mathematics in Targeted Assistance Schools (TAS)

In the table below, provide the number of all students in TAS who completed the assessment and for whom a proficiency level was assigned, in grades 3 through 8 and high school, on the State's mathematics assessments under Section 1111(b)(3) of *ESEA*. Also, provide the number of those students who scored at or above proficient. The percentage of students who scored at or above proficient is calculated automatically.

Grade	# Students Who Completed the Assessment and for Whom a Proficiency Level Was Assigned	# Students Scoring at or above Proficient	Percentage at or above Proficient
3	1,307	S	75
4	1,039	S	74
5	999	S	72
6	784	S	84
7	299	S	74
8	284	S	68
High School			
Total	4.712	S	75.1

#### 2.1.1.4 Student Achievement in Reading/Language Arts in Targeted Assistance Schools (TAS)

This section is similar to 2.1.1.3. The only difference is that this section collects data on performance on the State"s reading/language arts assessment by all students in TAS.

Grade	# Students Who Completed the Assessment and for Whom a Proficiency Level Was Assigned	# Students Scoring at or above Proficient	Percentage at or above Proficient
3	1,288	S	56
4	1,029	S	64
5	989	S	55
6	783	S	73
7	299	S	63
8	284	S	70
High School			
Total	4,672	S	61.6
Comments: N/A			

#### 2.1.2 Title I, Part A Student Participation

The following sections collect data on students participating in Title I, Part A by various student characteristics.

#### 2.1.2.1 Student Participation in Public Title I, Part A by Special Services or Programs

In the table below, provide the number of public school students served by either Public Title I SWP or TAS programs at any time during the regular school year for each category listed. Count each student <u>only once</u> in each category even if the student participated during more than one term or in more than one school or district in the State. Count each student in as many of the categories that are applicable to the student. Include pre-kindergarten through grade 12. Do <u>not</u> include the following individuals: (1) adult participants of adult literacy programs funded by Title I, (2) private school students participating in Title I programs operated by local educational agencies, or (3) students served in Part A local neglected programs.

Special Services or Programs	# Students Served
Children with disabilities (IDEA)	54,951
Limited English proficient students	15,658
Students who are homeless	14,100
Migratory students	1,404
Comments: N/A	

#### 2.1.2.2 Student Participation in Public Title I, Part A by Racial/Ethnic Group

In the table below, provide the <u>unduplicated</u> number of public school students served by either public Title I SWP or TAS at any time during the regular school year. Each student should be reported in only one racial/ethnic category. Include pre-kindergarten through grade 12. The total number of students served will be calculated automatically.

Do not include: (1) adult participants of adult literacy programs funded by Title I, (2) private school students participating in Title I programs operated by local educational agencies, or (3) students served in Part A local neglected programs.

Race/Ethnicity	# Students Served
American Indian or Alaska Native	5,268
Asian	3,528
Black or African American	184,717
Hispanic or Latino	36,033
Native Hawaiian or other Pacific Islander	394
White	220,122
Two or more races	8,648
Total	458,710
Comments: N/A	

# 2.1.2.3 Student Participation in Title I, Part A by Grade Level

In the table below, provide the <u>unduplicated</u> number of students participating in Title I, Part A programs by grade level and by type of program: Title I public targeted assistance programs (Public TAS), Title I schoolwide programs (Public SWP), private school students participating in Title I programs (private), and Part A local neglected programs (local neglected). The totals column by type of program will be automatically calculated.

Age/Grade	Public TAS	Public SWP	Private	Local Neglected	Total
Age Birth through 2	0	519	0	0	519
Age 3 through 5 (not Kindergarten)	0	11,008	37	0	11,045
К	114	42,987	384	5	43,490
1	223	45,663	318	14	46,218
2	266	44,880	277	12	45,435
3	295	43,687	273	19	44,274
4	220	41,717	246	19	42,202
5	137	39,601	230	32	40,000
6	100	34,911	237	36	35,284
7	30	31,535	212	78	31,855
8	33	31,756	237	83	32,109
9	0	24,807	8	182	24,997
10	0	22,817	12	234	23,063
11	0	20,796	10	195	21,001
12	0	20,608	13	83	20,704
Ungraded	0	0	0	0	0
TOTALS	1,418	457,292	2,494	992	462,196

Comments: N/A

#### 2.1.2.4 Student Participation in Title I, Part A Targeted Assistance Programs by Instructional and Support Services

The following sections collect data about the participation of students in TAS.

#### 2.1.2.4.1 Student Participation in Title I, Part A Targeted Assistance Programs by Instructional Services

In the table below, provide the number of students receiving each of the listed instructional services through a TAS program funded by Title I, Part A. Students may be reported as receiving more than one instructional service. However, students should be reported only once for each instructional service regardless of the frequency with which they received the service.

TAS Instructional Service	# Students Served
Mathematics	653
Reading/language arts	1,164
Science	0
Social studies	0
Vocational/career	0
Other instructional services	6
Comments: N/A	

#### 2.1.2.4.2 Student Participation in Title I, Part A Targeted Assistance Programs by Support Services

In the table below, provide the number of students receiving each of the listed support services through a TAS program funded by Title I, Part A. Students may be reported as receiving more than one support service. However, students should be reported only once for each support service regardless of the frequency with which they received the service.

TAS Support Service	# Students Served
Health, dental, and eye care	1
Supporting guidance/advocacy	0
Other support services	0
Comments: N/A	

#### 2.1.3 Staff Information for Title I, Part A Targeted Assistance Programs (TAS)

In the table below, provide the number of full-time equivalent (FTE) staff funded by a Title I, Part A TAS in each of the staff categories. For staff who work with both TAS and SWP, report only the FTE attributable to their TAS responsibilities.

For paraprofessionals only, provide the percentage of paraprofessionals who were qualified in accordance with Section 1119 (c) and (d) of ESEA.

See the FAQs following the table for additional information.

Staff Category	Staff FTE	Percentage Qualified
Teachers	14.20	
Paraprofessionals <sup>1</sup>	4.20	100.00
Other paraprofessionals (translators, parental involvement, computer assistance) <sup>2</sup>	2.00	
Clerical support staff	0.00	-
Administrators (non-clerical)	0.80	
Comments: N/A		_

#### FAQs on staff information

- a. What is a "paraprofessional?" An employee of an LEA who provides instructional support in a program supported with Title I, Part A funds. Instructional support includes the following activities:
  - (1) Providing one-on-one tutoring for eligible students, if the tutoring is scheduled at a time when a student would not otherwise receive instruction from a teacher;
  - (2) Providing assistance with classroom management, such as organizing instructional and other materials;
  - (3) Providing assistance in a computer laboratory;
  - (4) Conducting parental involvement activities;
  - (5) Providing support in a library or media center;
  - (6) Acting as a translator; or
  - (7) Providing instructional services to students.
- b. What is an "other paraprofessional?" Paraprofessionals who do not provide instructional support, for example, paraprofessionals who are translators or who work with parental involvement or computer assistance.
- c. Who is a qualified paraprofessional? A paraprofessional who has (1) completed 2 years of study at an institution of higher education; (2) obtained an associate's (or higher) degree; or (3) met a rigorous standard of quality and been able to demonstrate, through a formal State or local academic assessment, knowledge of and the ability to assist in instructing reading, writing, and mathematics (or, as appropriate, reading readiness, writing readiness, and mathematics readiness) (Sections 1119(c) and (d).) For more information on qualified paraprofessionals, please refer to the Title I paraprofessionals Guidance, available at: <a href="http://www.ed.gov/policy/elsec/guid/paraguidance.doc">http://www.ed.gov/policy/elsec/guid/paraguidance.doc</a>

<sup>1</sup> Consistent with ESEA, Title I, Section 1119(g)(2).

<sup>2</sup> Consistent with *ESEA*, Title I, Section 1119(e).

# 2.1.3.1 Paraprofessional Information for Title I, Part A Schoolwide Programs

In the table below, provide the number of FTE paraprofessionals who served in SWP and the percentage of these paraprofessionals who were qualified in accordance with Section 1119 (c) and (d) of *ESEA*. Use the additional guidance found below the previous table.

Paraprofessional Information	Paraprofessionals FTE	Percentage Qualified
Paraprofessionals <sup>3</sup>	630.00	100.00
Comments: N/A		

<sup>3</sup> Consistent with ESEA, Title I, Section 1119(g)(2).

#### OMB NO. 1810-0614

#### 2.1.4 Parental Involvement Reservation Under Title I, Part A

In the table below provide information on the amount of Title I, Part A funds reserved by LEAs for parental involvement activities under Section 1118 (a)(3) of the ESEA. The percentage of LEAs FY 2015 Title I Part A allocations reserved for parental involvement will be automatically calculated from the data entered in Rows 2 and 3.

LEAs that Received a Federal Fiscal Year (FY) 2015 (School Year 2015-16) Title I, Part A Allocation of \$500,000 or less	LEAs that Received a Federal Fiscal Year (FY) 2015 (School Year 2015-16) Title I, Part A Allocation of more than \$500,000
25	108
498,465	8,523,137
8,902,999	201,493,218
	4.23
	2015 (School Year 2015-16) Title I, Part À Allocation of \$500,000 or less 25 498,465

\*The sum of Column 2 and Column 3 should equal the number of LEAs that received an FY 2015 Title I, Part A allocation.

# In the comment box below, provide examples of how LEAs in your State used their Title I Part A, set-aside for parental involvement during SY 2015-16.

#### This response is limited to 8,000 characters.

Title I, Part A funds for Parental Involvement are spent in many varied ways. Each LEA has the fortitude to use funds at their own discretion, as long as federal guidelines are executed. Many LEA's throughout the state of Alabama have established a resource room to provide on going training as well as offer parents ways to boost student achievement at home as well as during the school day. LEA's have provided workshops, purchased literature and other materials for use in conducting training sessions to increase family literacy and student success. LEA's have set aside funds to provide transportation and child care so parents can attend parenting activities throughout the school year. Also, Parental Involvement funds have been used to communicate with parents through a parent newsletter, postage stamps for mailing, advertising, supplies and equipment. This would include ink, printer, paper, and all other items pertinent to support parenting programs exclusively.

## 2.3 EDUCATION OF MIGRANT CHILDREN (TITLE I, PART C)

This section collects data on the Migrant Education Program (Title I, Part C) for the performance period of September 1, 2015 through August 31, 2016. This section is composed of the following subsections:

- Population data of eligible migrant children
- Academic data of eligible migrant students
- Data of migrant children served during the performance period
- School data
- Project data
- Personnel data

Where the table collects data by age/grade, report children in the highest age/grade that they attained during the performance period.

#### 2.3.1 Migrant Child Counts

This section collects the Title I, Part C, Migrant Education Program (MEP) child counts which States are required to provide and may be used to determine the annual State allocations under Title I, Part C. The child counts should reflect the performance period of September 1, 2015 through August 31, 2016. This section also collects a report on the procedures used by States to produce true, reliable, and valid child counts.

To provide the child counts, each SEA should have sufficient procedures in place to ensure that it is counting only those children who are eligible for the MEP. Such procedures are important to protecting the integrity of the State's MEP because they permit the early discovery and correction of eligibility problems and thus help to ensure that only eligible migrant children are counted for funding purposes and are served. If an SEA has reservations about the accuracy of its child counts, it must inform the Department of its concerns and explain how and when it will resolve them in the box below, which precedes Section 2.3.1.1 *Category 1 Child Count.* 

**Note:** In submitting this information, the Authorizing State Official must certify that, to the best of his/her knowledge, the child counts and information contained in the report are true, reliable, and valid and that any false Statement provided is subject to fine or imprisonment pursuant to 18 U.S.C. 1001.

#### FAQs on Child Count:

- How is "out-of-school" defined? Out-of-school means children up through age 21 who are entitled to a free public education in the State but are not currently enrolled in a K-12 institution. This could include students who have dropped out of school in the previous performance period (September 1, 2014 - August 31, 2015), youth who are working on a HSED outside of a K-12 institution, and youth who are "here-to-work" only. It does not include preschoolers, who are counted by age grouping. Children who were enrolled in school for at least one day, but dropped out of school during the performance period should be counted in the highest age/grade level attained during the performance period.
- 2. How is "ungraded" defined? Ungraded means the children are served in an educational unit that has no separate grades. For example, some schools have primary grade groupings that are not traditionally graded or ungraded groupings for children with learning disabilities. In some cases, ungraded students may also include special education children, transitional bilingual students, students working on a HSED through a K-12 institution, or those in a correctional setting. (Students working on a HSED outside of a K-12 institution are counted as out-of-school youth.)

In the space below, discuss any concerns about the accuracy of the reported child counts or the underlying eligibility determinations on which the counts are based and how and when these concerns will be resolved.

The response is limited to 8,000 characters. Comments: NA

#### 2.3.1.1 Category 1 Child Count (Eligible Migrant Children)

In the table below, enter the <u>unduplicated</u> statewide number by age/grade of **eligible** migrant children age 3 through 21 who, within 3 years of making a qualifying move, resided in your State for one or more days during the performance period of September 1, 2015 through August 31, 2016. This figure includes all eligible migrant children who may or may not have received MEP services. Count a child who moved from one age/grade level to another during the performance period only once in the highest age/grade that he/she attained during the performance period. The unduplicated statewide total count is calculated automatically.

Do not include:

- Children age birth through 2 years.
- Children served by the MEP (under the continuation of services authority) after their period of eligibility has expired when other services are not available to meet their needs.
- Previously eligible secondary-school children who are receiving credit accrual services (under the continuation of services authority).

#### 2.3.1.2 Category 2 Child Count (Eligible Migrant Children Served by the MEP During the Summer/ Intersession Term)

In the table below, enter by age/grade the <u>unduplicated</u> statewide number of **eligible** migrant children age 3 through 21 who, within 3 years of making a qualifying move, were <u>served</u> for one or more days in a MEP-funded project conducted during either the <u>summer term or during intersession periods</u> that occurred within the performance period of September 1, 2015 through August 31, 2016. Count a child who moved from one age/grade level to another during the performance period only once in the highest age/grade that he/she attained during the performance period. Count a child who moved to different schools within the State and who was served in both traditional summer and year-round school intersession programs only once. The unduplicated statewide total count is calculated automatically.

Do not include:

- Children age birth through 2 years.
- Children served by the MEP (under the continuation of services authority) after their period of eligibility has expired when other services are not available to meet their needs.
- Previously eligible secondary-school children who are receiving credit accrual services (under the continuation of services authority).
- Children who received only referred services (non-MEP funded).

#### 2.3.1.2.1 Category 2 Child Count Increases/Decreases

In the space below, explain any increases or decreases from last year in the number of students reported for Category 2 greater than 10 percent.

The response is limited to 8,000 characters.

Comments: NA

#### 2.3.1.2.2 Birth through Two Eligible Migrant Children Served by the MEP During the Summer/Intersession Term

In the table below, enter the unduplicated statewide number of eligible migrant children from age birth through 2 who, within 3 years of making a qualifying move, were served for one or more days in a MEP-funded project conducted during either the summer term or during intersession periods that occurred within the performance period of September 1, 2015 through August 31, 2016. Count a child who moved to different schools within the State and who was served in both traditional summer and year-round school intersession programs only once.

Do not include:

Children who received <u>only</u> referred services (non-MEP funded).

Age/Grade	Eligible Migrant Children Served by the MEP During the Summer/Intersession Term	
Age Birth through 2	13	
Comments: NA		

#### 2.3.1.3 Child Count Calculation and Validation Procedures

The following questions request information on the State's MEP child count calculation and validation procedures.

#### 2.3.1.3.1 Student Information System

In the space below, respond to the following questions: What system did the State use to compile and generate the Category 1 child count for this performance period? Please check the box that applies.

Student Information System	(Yes/No)
NGS	No Response
MIS 2000	Yes
COEStar	No Response
MAPS	No Response
Other Student Information System. Please identify the system:	No Response
NA	

Student Information System	(Yes/No)
Was the Category 2 child count for this performance period generated using the same system?	Yes

If the State's Category 2 count was generated using a different system than the Category 1 count please identify the specific system that generates the Category 2 count.

The response is limited to 8,000 characters.

NA

#### 2.3.1.3.3 Methods Used To Count Children

In the space below, please describe the procedures and processes at the State level used to ensure all eligible children are accounted for in the performance period. In particular, describe how the State includes and counts only:

- The unduplicated count of eligible migrant children, ages 3-21. Only include children two years of age whose residency in the state has been verified after turning three.
- Children who met the program eligibility criteria (e.g., were within 3 years of a qualifying move, had a qualifying activity).
- Children who were resident in your State for at least 1 day during the performance period (September 1 through August 31).
- Children who in the case of Category 2 were <u>served</u> for one or more days in a MEP-funded project conducted during either the <u>summer term or</u> <u>during intersession periods</u>.
- Children once per age/grade level for each child count category.

Children who are eligible for a free appropriate public education (e.g., have not yet obtained a high school diploma or equivalent).

#### The response is limited to 8,000 characters.

The State of Alabama uses Management Services for Education Data (MSEDD) for our data collection. The data system we use is called the MIS2000 system. The purpose of MIS2000 is to collect all data relevant to the MEP in Alabama from the schools and districts that serve the students and to compile it into a single database at the state level so that unduplicated counts can be produced for the CSPR. MIS2000 maintains all data from all programs and sites throughout the state. MIS2000 utilizes the procedure listed below to determine if a student is counted in Category 1 or 2. The procedure also counts only students who meet the program eligibility during the selected time period such as September 1 through August 31. It also only lists eligible students who are ages 3 through 21 and are within 3 years of a last qualifying move and had a qualifying activity. The process also ensures that each student has a residency of at least 1 day during the eligibility period and is counted only once per age/grade level for each of the child count categories. The program automatically identifies and counts children who turn three years of age during the specified time period (September 1-August 31). MIS2000 Data Collection Filters for Child Count:

1.) Enroll Date, Funding Date, LQM Date (last qualifying move), Res Date (residency date), or Withdraw Date is between the Start Date and End Date (Student has activity during the date range.)

2.) LQM3 Date (last qualifying move date) is greater than the Start Date (Student's LQM was within 3 years of the Start Date.)

3.) Twenty Second Birthday is greater than the Start Date (Student turns 22 after the Start Date.)

4.) Third birthday is less than the End Date (Student turns 3 before the End Date.)

Category 2 Summer or Intercession MEP-Funded Services: Summer school enrollment information is collected at the beginning of the migrant summer program from the local MEPs by the regional migrant coordinators. The regional migrant coordinator enrolls all eligible students with an enroll date in MIS2000. At the end of the summer program, the regional migrant coordinator enters a withdrawal date in MIS2000 for all participating students. A list of summer and/or intercession services are kept by the local LEAs and the services are entered on MIS2000 by the regional migrant coordinators at the end of the summer

programs. An MIS2000 Child Count 2 report can be compiled to indicate all migrant summer school participants. The same MIS2000 data collection filters above are utilized for Category 2 child count.

Unduplicated Counts: To ensure that eligible migrant students are only counted once per age/grade level for each child count category, a list of potential duplicate students is checked before each child count is taken. MIS2000 has the capability to print a list of any duplicate migrant students. After verification, any duplicate students are merged in MIS2000. The MIS2000 provides a report for "potential duplicate students." The "potential duplicate students" can be filtered by the any of the following: matching

DOB, close DOB, matching DOB + last or first name, matching DOB + last + first name, potentially adopted duplicates, same social security number (not available in our database), or Soundex match. The system also allows a filter for "only recent records," if needed. If students on the list of matching DOBs are found, the report provides a "y" if the students are multiple births. The state also receives e-mail notifications from MSIX of possible duplicate students. The student's information is checked and merged if deemed duplicates. If not, the merge is rejected, and the two students remain separate on MSIX. If the duplicate student reports on MSIX are both from Alabama, then the students are merged on MIS2000. Comment for 2.3.1.3.3. Verification of residency of two year olds after they turn three: The yearly verification process to determine that the children/family is still in the area combines the use of face to face visits with the families and also through the use of MIS2000 and the State student tracking database (INow) to determine if the three year old's siblings are still enrolled in school and in the school system. The INOW contains enrollment and withdrawal records for all students in the state. The INOW and MIS2000 list of migrants are verified in the fall and spring to ensure that only eligible migrant students are coded as migrant on the INOW database. Many of the preschool migrant children are served by the LEAs home school liaisons through educational and enrichment activities in the homes.

How does the State ensure that the system that transmits migrant data to the Department accurately accounts for all the migrant children in every EDFacts data file (see the Office of Migrant Education's CSPR Rating Instrument for the criteria needed to address this question)?

The SDE is responsible for identifying migrant students and ensuring that the migrant data is entered accurately into the MS2000 system. The SDE helps ensure that MS2000 transmits accurate data to the ED Facts data file by requiring that the most current file specifications are given to the MS2000 data specialist. Once the data is compiled and transmitted to the SDE, the information is checked using the file specifications to make sure that the information requested is in the file submitted. The SDE verifies that the files sent to the Department are accurate and received without loss of data.

# Use of MSIX to Verify Data Quality (Yes/No) Does the State use data in the Migrant Student Information Exchange (MSIX) to verify the quality of migrant data? Yes\_

If MSIX is utilized, please explain how.

#### The response is limited to 8,000 characters.

Data quality reports from MSIX are used to provide the percentage and identification of records which have missing or invalid data elements. This information is utilized to determine data collection issues which need to be addressed through training. The MSIX data reports denote potential duplicate students. There is also data completeness and data validity information on enrollments, demographics, assessments, course histories, and enrollments. The missing required minimum data elements are corrected by the state data administrator which ensures that there is a timely electronic transfer of valid, accurate student information to MSIX.

#### 2.3.1.3.4 Quality Control Processes

In the space below, respond to the following questions :

Quality Control Processes	Yes/No
Is student eligibility based on a personal interview (face-to-face or phone call) with a parent, guardian, or other responsible adult, or youth-as-worker?	Yes
Does the SEA and/or regional offices train recruiters at least annually on eligibility requirements, including the basic eligibility definition, economic necessity, temporary vs. seasonal, processing, etc.?	Yes
Does the SEA have a formal process, beyond the recruiter's determination, for reviewing and ensuring the accuracy of written eligibility information [e.g., COEs are reviewed and initialed by the recruiter's supervisor and/or other reviewer(s)]?	Yes
Are incomplete or otherwise questionable COEs returned to the recruiter for correction, further explanation, documentation, and/or verification?	Yes
Does the SEA provide recruiters with written eligibility guidance (e.g., a handbook)?	Yes
Does the SEA review student attendance records at summer/intersession projects to verify that the total unduplicated number of eligible migrant students served in the summer/intersession is reconciled with the Category 2 Count ?	Yes
Does the SEA have both a local and state-level process for resolving eligibility questions?	Yes
Are written procedures provided to regular school year and summer/intersession personnel on how to collect and report pupil enrollment and withdrawal data?	Yes
Are records/data entry personnel provided training on how to review regular school year and summer/inter-session site records, input data, and run reports used for child count purposes?	<u>Yes</u>

In the space below, describe the results of any re-interview processes used by the SEA during the performance period to test the accuracy of the State's MEP eligibility determinations.

#
150
80
80

Describe any reasons for non-response in the re-interviewing process.

## The response is limited to 8,000 characters.

Of the non-responses we had 44 not home (1 in the hospital, 1 in Guatemala having surgery), 24 moved/withdrawn and 2 families we did not attempt.

Procedures	
What was the most recent year that the MEP conducted independent prospective re-interviews (i.e., interviewers were neither SEA or LEA staff members responsible for administering or operating the MEP, nor any other persons who worked on the initial eligibility determinations being tested)?	SY 2013-14
Procedures	Yes/No
Was the sampling of eligible children random?	Yes
Was the sampling statewide?	Yes

#### FAQ on independent prospective reinterviews:

a. What are independent prospective re-interviews? Independent prospective re-interviews allow confirmation of your State's eligibility determinations and the accuracy of the numbers of migrant children in your State reports. Independent prospective interviews should be conducted at least once every three years by an independent interviewer, performed on the current year's identified migrant children.

If the sampling was stratified by group/area please describe the procedures.

The response is limited to 8,000 characters.

#### NA

Please describe the sampling replacement by the State.

The response is limited to 8,000 characters.

NA

Obtaining Data From Families	
Check the applicable box to indicate how the re-interviews were conducted	1
Face-to-face re-interviews	
Phone Interviews	
Both	Both
Obtaining Data From Families	Yes/No
Was there a protocol for verifying all information used in making the original eligibility determination?	Yes
Were re-interviewers independent from the original interviewers?	Yes

If you did conduct independent re-interviews in this reporting period, describe how you ensured that the process was independent.

The response is limited to 8,000 characters.

NA

those corrective actions or improvements that will be made by the SEA to improve the accuracy of its MEP eligibility determinations.

The response is limited to 8,000 characters.

All families were found to be eligible.

In the space below, please respond to the following question:

Does the state collect all the required data elements and data sections on the National Certificate of Eligibility (COE)?

Yes

## 2.3.2 Eligible Migrant Children

#### 2.3.2.1 Priority for Services

In the table below, provide the <u>unduplicated</u> number of **eligible** migrant children who have been classified as having "Priority for Services." The total is calculated automatically.

Age/Grade	Priority for Services During the Performance Period
Age 3 through 5 (not Kindergarten)	0
К	3
1	16
2	25
3	31
4	13
5	23
6	23
7	15
8	16
9	17
10	13
11	5
12	5
Ungraded	0
Out-of-school	2
Total	207

**Comments:** The increase in our number of priority for service migrant students during the reporting period is due to more student struggling academically and also having an interrupted school year. Alabama has changed the curriculum focus to the common core objectives and changed the state wide testing to ACT Aspire. There are many more students struggling academically, non-migrant as well as migrant students.

#### FAQ on priority for services:

Who is classified as having "priority for service?" Migratory children who are failing or most at risk of failing to meet the State's challenging academic content standards and student academic achievement standards, and whose education has been interrupted during the regular school year.

#### OMB NO. 1810-0614

# 2.3.2.2 Limited English Proficient

In the table below, provide the <u>unduplicated</u> number of **eligible** migrant children who are also limited English proficient (LEP). The total is calculated automatically.

Age/Grade	Limited English Proficient (LEP) During the Performance Period
Age 3 through 5 (not Kindergarten)	
K	87
1	117
2	89
3	78
4	60
5	55
6	51
7	37

Out-of-school	3
Total	733

# 2.3.2.3 Children with Disabilities (IDEA)

In the table below, provide the <u>unduplicated</u> number of **eligible** migrant children who are also children with disabilities (*IDEA*) under Part B or Part C of the *IDEA*. The total is calculated automatically.

Age/Grade	Children with Disabilities (IDEA) During the Performance Period
Age Birth through 2	1
Age 3 through 5 (not Kindergarten)	6
K	11
1	17
2	10
3	12
4	16
5	21
6	19
7	16
8	12
9	10
10	7
11	8
12	6
Ungraded	
Out-of-school	
Total	172

**Comments:** The increase in the number of migrant students with disabilities is because school systems are trying to find answers to why some migrant students are struggling in school. Because of the interventions more students have been referred for testing and have qualified for special assistance. Also some of the students coming into the state could have already been identified as needing special assistance.

# 2.3.2.4 Qualifying Arrival Date (QAD)

In the table below, provide the <u>unduplicated</u> number of **eligible** migrant children whose qualifying arrival date (QAD) occurred within 12 months from the last day of the performance period, August 31, 2016 (i.e., QAD during the performance period). The total is calculated automatically.

Age/Grade	Qualifying Arrival Date During the Performance Period
Age Birth through 2	88
Age 3 through 5 (not Kindergarten)	104
К	72
1	63
2	71
3	72
4	52

Total	361
Comments: NA	

# 2.3.2.6 Referrals — During the Performance Period

In the table below, provide the <u>unduplicated</u> number of **eligible** migrant children who, during the performance period, received an educational or educationally related service funded by a non-MEP program/organization that they would not have otherwise received without efforts supported by MEP funds. Children should be reported only once regardless of the frequency with which they received a referred service. Include children who received a referral only or who received both a referral and MEP-funded services. Do not include children who received a referral from the MEP, but did not receive services from the non-MEP program/organization to which they were referred. The total is calculated automatically.

Age/Grade	Referrals During the Performance Period
Age Birth through 2	90
Age 3 through 5 (not Kindergarten)	131

#### OMB NO. 1810-0614

## 2.3.2.8 Academic Status

The following questions collect data about the academic status of **eligible** migrant students.

## 2.3.2.8.1 Dropouts

In the table below, provide the <u>unduplicated</u> number of eligible migrant students who dropped out of school. The total is calculated automatically.

Grade	Dropouts During the Performance Period	
7		
8		
9		
10		
11	S	
12	S	
Ungraded		
Total	5	
comments: NA		

#### FAQ on Dropouts:

How is "drop outs" defined? The term used for students, who, during the reporting period, were enrolled in a public school for at least one day, but who subsequently left school with no plans on returning to enroll in a school and continue toward a high school diploma. Students who dropped out-of-school prior to the 2015-16 reporting period should be classified NOT as "drop-outs" but as "out-of-school youth."

# 2.3.2.8.2 HSED (High School Equivalency Diploma)

In the table below, provide the total unduplicated number of eligible migrant students who obtained a High School Equivalency Diploma (HSED) by passing a high school equivalency test that your state accepts (e.g., GED, HiSET, TASC).

Ob	otained HSED
Ob	tained a HSED in your State During the Performance Period
Co	mments: NA

# S

#### 2.3.3 Services for Eligible Migrant Children

The following questions collect data about MEP services provided to eligible migrant children during the performance period.

Eligible migrant children who are served include:

- Migrant children who were eligible for and received instructional or support services funded in whole or in part with MEP funds.
- Children who continued to receive MEP-funded services during the term their eligibility ended.

#### Do not include:

- Children who were served through a Title I Schoolwide Program (SWP) where MEP funds were consolidated with those of other programs.
- Children who received only referred services (non-MEP funded).
- Children who were served for one additional school year after their eligibility ended, if comparable services were not available through other programs.
   Children who were in secondary school after their eligibility ended, and served through credit accrual programs until graduation (e.g., children served
- under the continuation of services authority, Section (1304(e)(2-3))).

#### FAQ on Services:

What are services? Services are a subset of all allowable activities that the MEP can provide through its programs and projects. "Services" are those educational or educationally related activities that: (1) directly benefit a migrant child; (2) address a need of a migrant child consistent with the SEA's comprehensive needs assessment and service delivery plan; (3) are grounded in scientifically based research or, in the case of support services, are a generally accepted practice; and (4) are designed to enable the program to meet its measurable outcomes and contribute to the achievement of the State's performance targets/annual measurable objectives. Activities related to identification and recruitment activities, parental involvement, program evaluation, professional development, or administration of the program are examples of allowable activities that are <u>not</u> considered services. Other examples of an eleaflets to migrant families on available reading programs as part of an effort to increase the reading skills of migrant children. Although these are allowable activities, they are not services because they do not meet all of the criteria above.

## 2.3.3.2 Priority for Services – During the Regular School Year

In the table below, provide the <u>unduplicated</u> number of **eligible** migrant children who have been classified as having "priority for services" and who received MEP funded instructional or support services during the regular school year. The total is calculated automatically.

Age/Grade	Priority for Services During the Regular School Year

#### 2.3.5.3.1 Type of Instructional Service – During the Performance Period

In the table below, provide the number of **eligible** migrant children reported in the table above who received MEP-funded reading instruction, mathematics instruction, or high school credit accrual during the performance period. Include children who received such instructional services provided by <u>a teacher only</u>. Children may be reported as having received more than one type of instructional service in the table. However, children should be reported only once within each type of instructional service that they received regardless of the frequency with which they received the instructional service. The totals are calculated automatically.

Age/Grade	Reading Instruction During the Performance Period	Mathematics Instruction During the Performance Period	High School Credit Accrual During the Performance Period

Out-of-school	3	3	3
Total	413	408	36

#### Comments: NA

Comment requested for 2.3.5.3.1 The increases in total Reading (31%) and total Math (51%) during the performance period are due to two factors. Three of our funded migrant systems had summer programs that were larger than their previous summer programs. During the summer programs focus is placed on reading and math remediation. Alabama's accountability testing changed to ACT Aspire in school year 13-14 and all of our students showed a drop in Reading and Math scores. Since then all school systems are focusing more on Reading and Math instruction especially for the struggling leaners.

#### FAQ on Types of Instructional Services:

What is "high school credit accrual"? Instruction in courses that accrue credits needed for high school graduation provided by a <u>teacher</u> for students on a regular or systematic basis, usually for a predetermined period of time. Includes correspondence courses taken by a student under the supervision of a teacher.

#### 2.3.5.3.2 Support Services with Breakout for Counseling Services - During the Performance Period

In the table below, in the column titled **Support Services**, provide the <u>unduplicated</u> number of **eligible** migrant children who received <u>any</u> MEP-funded support service during the performance period. In the column titled **Breakout of Counseling Services During the Performance Period**, provide the <u>unduplicated</u> number of **eligible** migrant children who received a counseling service during the performance period. Children should be reported only once in each column regardless of the frequency with which they received a support service intervention. The totals are calculated automatically.

Age/Grade	Support Services During the Performance Period	Breakout of Counseling Service During the Performance Period
Age Birth through 2	96	
Age 3 through 5 (not Kindergarten)	140	
К	131	1
1	185	5
2	157	2
3	133	5
4	119	2
5	135	3
6	113	
7	106	
8	105	3
9	94	1
10	90	1
11	70	8
12	79	
Ungraded		
Out-of-school	36	1
Total	1,789	32

**Comments:** The decrease in number of ages 3 through 5 (not kindergarten) is that some of the students served the previous performance period are no longer in that age group. Also the number of students needing assistance has declined.

#### FAQs on Support Services:

- a. What are support services? These MEP-funded services include, but are not limited to, health, nutrition, counseling, and social services for migrant families; necessary educational supplies, and transportation. The one-time act of providing instructional or informational packets to a child or family does not constitute a support service.
- b. What are counseling services? Services to help a student to better identify and enhance his or her educational, personal, or occupational potential; relate his or her abilities, emotions, and aptitudes to educational and career opportunities; utilize his or her abilities in formulating realistic plans; and achieve satisfying personal and social development. These activities take place between one or more counselors and one or more students as counselees, between students and students, and between counselors and other staff members. The services can also help the child address life problems or personal crisis that result from the culture of migrancy.

# 2.3.6 School Data - During the Regular School Year

The following questions are about the enrollment of eligible migrant children in schools during the regular school year.

#### 2.3.6.1 Schools and Enrollment - During the Regular School Year

In the table below, provide the number of public schools that enrolled **eligible** migrant children at any time during the <u>regular school year</u>. Schools include public schools that serve school age (e.g., grades K through 12) children. Also, provide the number of **eligible** migrant children who were enrolled in those schools. Since more than one school in a State may enroll the same migrant child at some time during the regular school year, the number of children may include duplicates.

Schools		#
Number of schools that enrolled eligible migrant children	145	
Number of eligible migrant children enrolled in those schools	2,143	
Comments: NA		

## 2.3.6.2 Schools Where MEP Funds Were Consolidated in Schoolwide Programs (SWP) – During the Regular School Year

In the table below, provide the number of schools where MEP funds were consolidated in an SWP. Also, provide the number of **eligible** migrant children who were enrolled in those schools at any time during the <u>regular school year</u>. Since more than one school in a State may enroll the same migrant child at some time during the regular school year, the number of children may include duplicates.

Schools	#
Number of schools where MEP funds were consolidated in a schoolwide program	
Number of eligible migrant children enrolled in those schools	
Comments: NA	

# 2.3.7 MEP Project Data

The following questions collect data on MEP projects.

## 2.3.7.1 Type of MEP Project

In the table below, provide the number of projects that are funded in whole or in part with MEP funds. A MEP project is the entity that receives MEP funds from the State or through an intermediate entity that receives the MEP funds from the State <u>and</u> provides services directly to the migrant child. Do <u>not</u> include projects where MEP funds were consolidated in SWP.

Also, provide the number of migrant children **served** in the projects. Since children may receive services in more than one project, the number of children may include duplicates.

Type of MEP Project	Number of MEP Projects	Number of Migrant Children Served in the Projects
Regular school year - school day only		
Regular school year - school day/extended day		
Summer/intersession only	1	165
Year round	11	1,627
Comments: This system was fortunate that more migrar	nt families with children were in the a	area and participated in the summer program.

### FAQs on type of MEP project:

- a. What is a project? A project is any entity that receives MEP funds and provides services directly to migrant children in accordance with the State Service Delivery Plan and State approved subgrant applications or contracts. A project's services may be provided in one or more sites. Each project should be counted once, regardless of the number of sites in which it provides services.
- b. What are Regular School Year School Day Only projects? Projects where all MEP services are provided during the school day during the regular school year.
- c. What are Regular School Year School Day/Extended Day projects? Projects where some or all MEP services are provided during an extended day or week during the regular school year (e.g., some services are provided during the school day and some outside of the school day; e.g., all services are provided outside of the school day).
- d. What are Summer/Intersession Only projects? Projects where all MEP services are provided during the summer/intersession term.
- e. What are Year Round projects? Projects where all MEP services are provided during the regular school year and summer/intersession term.

OMB NO. 1810-0614

# 2.3.8 MEP Personnel Data

The following questions collect data on MEP personnel data.

### 2.3.8.1 MEP State Director

In the table below, provide the FTE amount of time the State director performs MEP duties (regardless of whether the director is funded by State, MEP, or other funds) during the performance period (e.g., September 1 through August 31).

State Director FTE	0.50
Comments: The FTE for th	ne State Director has been reduced to .50 because of changes in duty assignments

## FAQs on the MEP State director

- a. How is the FTE calculated for the State director? Calculate the FTE using the number of days worked for the MEP. To do so, first define how many full-time days constitute one FTE for the State director in your State for the performance period. To calculate the FTE number, sum the total days the State director worked for the MEP during the performance period and divide this sum by the number of full-time days that constitute one FTE in the reporting period.
- b. Who is the State director? The manager within the SEA who administers the MEP on a statewide basis.

# 2.3.8.2 MEP Staff

In the table below, provide the headcount and FTE by job classification of the staff <u>funded by the MEP</u>. Do **not** include staff employed in SWP where MEP funds were combined with those of other programs.

	Regular Sch	ool Year	Summer/Intersession Term		Performance Period
Job Classification	Headcount	FTE	Headcount	FTE	Headcount
Teachers	5	5.00			5
Counselors	0	0.00			0
Non-qualified paraprofessionals	2	1.30			2
Qualified paraprofessionals	3	3.00			3
Recruiters	15	12.26			15
Records transfer staff	2	0.55			2
Administrators	0	0.00			0
Comments: NA		х.			

**Note:** The Headcount value displayed represents the greatest <u>whole number</u> submitted in file specification N/X065 for the corresponding Job Classification. For example, an ESS submitted value of 9.8 will be represented in your CSPR as 9.

### FAQs on MEP staff:

- a. How is the FTE calculated? The FTE may be calculated using one of two methods:
  - 1. To calculate the FTE, in each job category, sum the percentage of time that staff were funded by the MEP and enter the total FTE for that category.
  - 2. Calculate the FTE using the number of days worked. To do so, first define how many full-time days constitute one FTE for each job classification in your State for each term. (For example, one regular-term FTE may equal 180 full-time (8 hour) work days; one summer term FTE may equal 30 full-time work days; or one intersession FTE may equal 45 full-time work days split between three 15-day non-contiguous blocks throughout the year.) To calculate the FTE number, sum the total days the individuals worked in a particular job classification for a term and divide this sum by the number of full-time days that constitute one FTE in that term.
- b. Who is a teacher? A classroom instructor who is licensed and meets any other teaching requirements in the State.
- c. Who is a counselor? A professional staff member who guides individuals, families, groups, and communities by assisting them in problem-solving, decision-making, discovering meaning, and articulating goals related to personal, educational, and career development.
- d. Who is a paraprofessional? An individual who: (1) provides one-on-one tutoring if such tutoring is scheduled at a time when a student would not otherwise receive instruction from a teacher; (2) assists with classroom management, such as organizing instructional and other materials; (3) provides instructional assistance in a computer laboratory; (4) conducts parental involvement activities; (5) provides support in a library or media center; (6) acts as a translator; or (7) provides instructional support services under the direct supervision of a teacher (Title I, Section 1119(g)(2)). Because a paraprofessional provides instructional support, he/she should not be providing planned direct instruction or introducing to students new skills, concepts, or academic content. Individuals who work in food services, cafeteria or playground supervision, personal care services, non-instructional computer assistance, and similar positions are not considered paraprofessionals under Title I.
- e. Who is a qualified paraprofessional? A qualified paraprofessional must have a secondary school diploma or its recognized equivalent and have (1) completed 2 years of study at an institution of higher education; (2) obtained an associate's (or higher) degree; or (3) met a rigorous standard of quality and be able to demonstrate, through a formal State or local academic assessment, knowledge of and the ability to assist in instructing reading, writing, and mathematics (or, as appropriate, reading readiness, writing readiness, and mathematics readiness) (Section 1119(c) and (d) of ESEA).
- f. Who is a recruiter? A staff person responsible for identifying and recruiting children as eligible for the MEP and documenting their eligibility on the Certificate of Eligibility.
- g. Who is a record transfer staffer? An individual who is responsible for entering, retrieving, or sending student records from or to another school or student records system.
- h. Who is an administrator? A professional staff member, including the project director or regional director. The SEA MEP Director should not be included.

## OMB NO. 1810-0614

## 2.4 PREVENTION AND INTERVENTION PROGRAMS FOR CHILDREN AND YOUTH WHO ARE NEGLECTED, DELINQUENT, OR AT RISK (TITLE I, PART D, SUBPARTS 1 AND 2)

This section collects data on programs and facilities that serve students who are neglected, delinquent, or at risk under Title I, Part D, and characteristics about and services provided to these students.

Throughout this section:

- Report data for the program year of July 1, 2015 through June 30, 2016.
- Count programs/facilities based on how the program was classified to ED for funding purposes.
- Do not include programs funded solely through Title I, Part A.
- Use the definitions listed below:
  - Adult Corrections: An adult correctional institution is a facility in which persons, including persons 21 or under, are confined as a result of conviction for a criminal offense.
  - At-Risk Programs: Programs operated (through LEAs) that target students who are at risk of academic failure, have a drug or alcohol problem, are pregnant or parenting, have been in contact with the juvenile justice system in the past, are at least 1 year behind the expected age/grade level, have limited English proficiency, are gang members, have dropped out of school in the past, or have a high absenteeism rate at school.
  - Juvenile Corrections: An institution for delinquent children and youth is a public or private residential facility other than a foster home that is operated for the care of children and youth who have been adjudicated delinquent or in need of supervision. Include any programs serving adjudicated youth (including non-secure facilities and group homes) in this category.
  - Juvenile Detention Facilities: Detention facilities are shorter-term institutions that provide care to children who require secure custody pending court adjudication, court disposition, or execution of a court order, or care to children after commitment.
  - Neglected Programs: An institution for neglected children and youth is a public or private residential facility, other than a foster home, that is operated primarily for the care of children who have been committed to the institution or voluntarily placed under applicable State law due to abandonment, neglect, or death of their parents or guardians.
  - Other: Any other programs, not defined above, which receive Title I, Part D funds and serve non-adjudicated children and youth.

## 2.4.1 State Agency Title I, Part D Programs and Facilities - Subpart 1

The following questions collect data on Title I, Part D, Subpart 1 programs and facilities.

#### 2.4.1.1 Programs and Facilities - Subpart 1

In the table below, provide the number of State agency Title I, Part D, Subpart 1 programs and facilities that serve neglected and delinquent students and the average length of stay by program/facility type, for these students. Report <u>only</u> programs and facilities that received Title I, Part D, Subpart 1 funding during the reporting year. Count a facility once if it offers only one type of program. If a facility offers more than one type of program (i.e., it is a multipurpose facility), then count each of the separate programs. The total number of programs/facilities will be automatically calculated. Below the table is a FAQ about the data collected in this table.

State Program/Facility Type	# Programs/Facilities	Average Length of Stay in Days
Neglected programs	0	0
Juvenile detention	0	0
Juvenile corrections	2	188
Adult corrections	3	223
Other	0	0
Total	5	///////////////////////////////////////
Comments: There are no neglected facilities und	ler subpart one. We are aware of the error, and	will correct it if EDEN reopens.

### FAQ on Programs and Facilities - Subpart 1:

How is average length of stay calculated? The average length of stay should be weighted by number of students and should include the number of days, per visit, for each student enrolled during the reporting year, regardless of entry or exit date. Multiple visits for students who entered more than once during the reporting year can be included. The average length of stay in days should not exceed 365.

## 2.4.1.1.1 Programs and Facilities That Reported - Subpart 1

In the table below, provide the number of State agency Title I, Part D, Subpart 1 programs/facilities that reported data on neglected and delinquent students.

The total row will be automatically calculated.

State Program/Facility Type	# Reporting Data
Neglected programs	)
Juvenile detention	)
Juvenile corrections	2
Adult corrections	3
Other	
Total	5
Comments:	

## 2.4.1.2 Students Served – Subpart 1

In the tables below, provide the number of neglected and delinquent students served in State agency Title I, Part D, Subpart 1 programs and facilities. Report only students who received Title I, Part D, Subpart 1 services during the reporting year. In the first table, provide in row 1 the <u>unduplicated</u> number of students served by each program, and in row 2, the total number of students in row 1 who are long-term. In the subsequent tables provide the number of students served by disability (*IDEA*) and limited English proficiency (LEP), by race/ethnicity, by sex, and by age. The total number of students by race/ethnicity, by sex and by age will be automatically calculated.

# of Students Served	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
Total Unduplicated Students Served			791	281	
Total Long Term Students Served			453	247	

Student Subgroups	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
Students with disabilities (IDEA)			120	140	
LEP Students			1	0	

Race/Ethnicity	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
American Indian or Alaska Native			0	0	
Asian			0	0	
Black or African American			517	238	
Hispanic or Latino			10	0	
Native Hawaiian or other Pacific Islander			1	0	
White			252	42	
Two or more races			11	1	
Total			791	281	

Sex	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs

19			33	26	
20				55	
21			0	183	
Total			791	281	

If the total number of students differs by demographics, please explain in comment box below.

This response is limited to 8,000 characters.

Comments: Data double checked unanswered questions should be zero.

#### FAQ on Unduplicated Count:

What is an unduplicated count? An unduplicated count is one that counts students only once, even if they were admitted to a facility or program multiple times within the reporting year.

#### FAQ on long-term:

What is long-term? Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2015 through June 30, 2016.

#### OMB NO. 1810-0614

#### 2.4.1.3.1 Transition Services in Subpart 1

In the first row of the table below indicate whether programs/facilities receiving Subpart 1 funds within the State are legally permitted to track student outcomes after leaving the program or facility by entering Yes or No. In the second row, provide the unduplicated count of students receiving transition services that specifically target planning for further schooling and/or employment. If not, provide more information in the comment field.

Neglected Programs	Juvenile Detention	Juvenile Corrections	Corrections	Other Programs

10		D No	D No Yes	D No Yes Yes 178 273			

Comments: N/A

#### FAQ on facilities collecting data on student outcomes after exit:

If only some, but not all, facilities in the State are legally permitted to collect data on student outcomes after exit, enter 'yes' for the first question and provide a comment indicating why some facilities are unable to collect these data.

## 2.4.1.3.2 Academic and Vocational Outcomes While in the State Agency Program/Facility or Within 90 Calendar Days After Exit

In the tables below, for each program type, provide the number of students who attained academic and vocational outcomes.

The first table includes outcomes a student is able to achieve only after exit. In this table, provide the <u>unduplicated</u> number of students who enrolled, or planned to enroll, in their local district school within 90 calendar days after exiting. A student may be reported only once, per program type.

The second table includes outcomes a student is able to achieve only one time. In this table, provide the <u>unduplicated</u> number of students who attained the listed outcomes <u>either</u> while enrolled in the State agency program/facility column ("in fac.") <u>or</u> in the 90 days after exit column. A student may be reported only once across the two time periods, per program type.

The third table includes outcomes a student may achieve more than once. In the "in fac." column, provide the <u>unduplicated</u> number of students who attained academic and vocational outcomes while enrolled in the State agency program/facility. In the "90 days after exit" column provide the <u>unduplicated</u> number of students who attained academic and vocational outcomes within 90 calendar days after exiting. If a student attained an outcome once in the program/facility and once during the 90 day transition period, that student may be reported once in each column.

Outcomes (once per student, only after exit)	Negle	cted Programs	Juve	nile Detention	Juve	nile Corrections	ons Corrections		Oth	er Programs
# of Students Who Enrolled in their local district school 90 days after exit					359		s			
Outcomes (once per student)	Negle	cted Programs	Juve	nile Detention	Juve	nile Corrections		Adult Corrections	Oth	er Programs
		90 days after		90 days after						90 days after
# of Students Who	In fac.	exit	In fac.	exit	In fac.	90 days after exit	In fac.	90 days after exit	In fac.	exit
Earned a GED					38	38	19	S

## 2.4.1.6 Academic Performance – Subpart 1

The following questions collect data on the academic performance of neglected and delinquent long-term students served by Title I, Part D, Subpart 1 in reading and mathematics.

## 2.4.1.6.1 Academic Performance in Reading – Subpart 1

In the table below, provide the unduplicated number of <u>long-term</u> students served by Title I, Part D, Subpart 1, who participated in reading pre-and post-testing. Students should be reported in only one of the four change categories.

Report only information on a student's most recent testing data. Students who were pre-tested prior to July 1, 2015, may be included if their post-test was administered during the reporting year. Students who were post-tested after the reporting year ended should be counted in the following year. Below the table is an FAQ about the data collected in this table.

Performance Data (Based on most recent pre/post-test data)	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
Long-term students with negative grade level change from the pre- to post-test exams			42	29	
Long-term students with no change in grade level from the pre- to post-test exams			56	23	
Long-term students with improvement up to one full grade level from the pre- to post-test exams			121	27	
Long-term students with improvement of more than one full grade level from the pre- to post-test exams			53	89	
Comments: Data confirmed and unanswered questions should b	e zero.			х.	

#### FAQ on long-term students:

What is long-term? Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2015 through June 30, 2016.

# 2.4.1.6.2 Academic Performance in Mathematics – Subpart 1

This section is similar to 2.4.1.6.1. The only difference is that this section collects data on mathematics performance.

Performance Data (Based on most recent pre/post-test data)	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
Long-term students with negative grade level change from the pre- to post-test exams			38	25	
Long-term students with no change in grade level from the pre- to post-test exams			47	9	
Long-term students with improvement up to one full grade level from the pre- to post-test exams			114	33	
Long-term students with improvement of more than one full grade level from the pre- to post-test exams			38	94	
Comments: Data confirmed unanswered questions should be zero.		·	· <b>L</b>	х.	<b>4</b>

## 2.4.2 LEA Title I, Part D Programs and Facilities – Subpart 2

The following questions collect data on Title I, Part D, Subpart 2 programs and facilities.

#### 2.4.2.1 Programs and Facilities – Subpart 2

In the table below, provide the number of LEA Title I, Part D, Subpart 2 programs and facilities that serve neglected and delinquent students and the yearly average length of stay by program/facility type for these students. Report <u>only</u> the programs and facilities that received Title I, Part D, Subpart 2 funding during the reporting year. Count a facility once if it offers only one type of program. If a facility offers more than one type of program (i.e., it is a multipurpose facility), then count each of the separate programs. The total number of programs/ facilities will be automatically calculated. Below the table is an FAQ about the data collected in this table.

LEA Program/Facility Type	# Programs/Facilities	Average Length of Stay (# days)
At-risk programs	16	91
Neglected programs	19	153
Juvenile detention	13	71
Juvenile corrections	11	75
Other	2	202
Total	61	///////////////////////////////////////
Comments: N/A		

#### FAQ on average length of stay:

How is average length of stay calculated? The average length of stay should be weighted by number of students and should include the number of days, per visit for each student enrolled during the reporting year, regardless of entry or exit date. Multiple visits for students who entered more than once during the reporting year can be included. The average length of stay in days should not exceed 365.

## 2.4.2.1.1 Programs and Facilities That Reported - Subpart 2

In the table below, provide the number of LEA Title I, Part D, Subpart 2 programs and facilities that reported data on neglected and delinquent students.

The total row will be automatically calculated.

LEA Program/Facility Type	# Reporting Data
At-risk programs	16
Neglected programs	19
Juvenile detention	13
Juvenile corrections	11
Other	2
Total	61
Comments: N/A	

### 2.4.2.2 Students Served – Subpart 2

In the tables below, provide the number of neglected and delinquent students served in LEA Title I, Part D, Subpart 2 programs and facilities. Report <u>only</u> students who received Title I, Part D, Subpart 2 services during the reporting year. In the first table, provide in row 1 the <u>unduplicated</u> number of students served by each program, and in row 2, the total number of students in row 1 who are long-term. In the subsequent tables, provide the number of students served by disability (*IDEA*), and limited English proficiency (LEP), by race/ethnicity, by sex, and by age. The total number of students by race/ethnicity, by sex, and by age will be automatically calculated.

# of Students Served	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
Total Unduplicated Students Served	1,062	789	3,331	2,127	153
Total Long Term Students Served	346	382	344	305	118

20	3	2	3	1	2
21	0	0	0	0	0
Total	1,062	789	3,331	2,127	153

If the total number of students differs by demographics, please explain. The response is limited to 8,000 characters.

We have located the data issue. There should only be 118 results. A new LEA mistakenly added the short term results. This will be corrected if EDEN is reopened.

#### FAQ on Unduplicated Count:

What is an unduplicated count? An unduplicated count is one that counts students only once, even if they were admitted to a facility or program multiple times within the reporting year.

#### FAQ on long-term:

What is long-term? Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2015 through June 30, 2016.

#### OMB NO. 1810-0614

#### 2.4.2.3.1 Transition Services in Subpart 2

In the first row of the table below indicate whether programs/facilities receiving Subpart 2 funds within the State are legally permitted to track student outcomes after leaving the program or facility by entering Yes or No. In the second row, provide the unduplicated count of students receiving transition services that specifically target planning for further schooling and/or employment. If not, provide more information in the comment field.

Transition Services	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs			
Are facilities in your state permitted to collect data on								
student outcomes after								
exit? (Yes or No)	Yes	Yes	Yes	Yes	Yes			
Number of students								
receiving transition services								
that address further								
schooling and/or								
employment.	139	85	922	275	63			
This response is limited to 4,000 characters.								
Comments: N/A								

### FAQ on facilities collecting data on student outcomes after exit:

If only some, but not all, facilities in the State are legally permitted to collect data on student outcomes after exit, enter 'yes' for the first question and provide a comment indicating why some facilities are unable to collect these data.

## 2.4.2.3.2 Academic and Vocational Outcomes While in the LEA Program/Facility or Within 90 Calendar Days After Exit

In the tables below, for each program type, provide the number of students who attained academic and vocational outcomes.

The first table includes outcomes a student is able to achieve only after exit. In this table, provide the unduplicated number of students who enrolled, or planned to enroll, in their local district school within 90 calendar days after exiting. A student may be reported only once, per program type.

The second table includes outcomes a student is able to achieve only one time. In this table, provide the unduplicated number of students who attained the listed outcomes either while enrolled in the LEA program/facility column ("in fac.") or in the 90 days after exit column. A student may be reported only once across the two time periods, per program type.

The third table includes outcomes a student may achieve more than once. In the "in fac." column, provide the unduplicated number of students who attained academic and vocational outcomes while enrolled in the LEA program/facility. In the "90 days after exit" column provide the unduplicated number of students who attained academic and vocational outcomes within 90 calendar days after exiting. If a student attained an outcome once in the program/facility and once during the 90 day transition period, that student may be reported once in each column.

Outcomes (once per										
student), only after exit	At-Risk Programs		Neglected Programs		Juvenile Detention		Juvenile Corrections		Other Programs	
# of Students Who Enrolled in their local district school 90 days after exit	137		122		855		178		s	
Outcomes (once per										
student)	At-R	isk Programs	Negle	ected Programs	Juve	nile Detention	Juver	nile Corrections	Otł	ner Programs
# of Students Who	In fac.	90 days after exit	In fac.	90 days after exit	In fac.	90 days after exit	In fac.	90 days after exit	In fac.	90 days after exit
Earned a GED	13	S	8	S	31	14	7	S	S	S
Obtained high school diploma	69	28	10	8	14	12	5	s	17	s
Outcomes (once per student per time period)	At-R	isk Programs	Negle	ected Programs	Juve	nile Detention	Juve	nile Corrections	Otł	ner Programs
# of Students Who	In fac.	90 days after exit	In fac.	90 days after exit	In fac.	90 days after exit	In fac.	90 days after exit		90 days after
Earned high school course credits	307	76	432	31	890	110	252	115	84	40
Enrolled in a GED program	27	s	14	S	131	104	61	12	4	s
Accepted and/or enrolled into post-secondary education	26	25	6	S	6	14	S	5	11	11
Enrolled in job training courses/programs	s	s	4	16	9	21	s	s	s	s
	19	18	S	S	4	14	S	5	S	S

This response is limited to 4,000 characters.

Comments: We have located the data issue. There should only be 118 results. A new LEA mistakenly added the short term results. This will be corrected if EDEN is reopened.

## 2.4.2.6 Academic Performance – Subpart 2

The following questions collect data on the academic performance of neglected and delinquent long-term students served by Title I, Part D, Subpart 2 in reading and mathematics.

## 2.4.2.6.1 Academic Performance in Reading – Subpart 2

In the table below, provide the unduplicated number of <u>long-term</u> students served by Title I, Part D, Subpart 2, who participated in reading pre- and posttesting. Students should be reported in only one of the four change categories. Reporting pre- and post-test data for at-risk students in the table below is optional.

Report only information on a student's most recent testing data. Students who were pre-tested prior to July 1, 2015, may be included if their post-test was administered during the reporting year. Students who were post-tested after the reporting year ended should be counted in the following year. Below the table is an FAQ about the data collected in this table.

Performance Data (Based on most recent pre/post-test data)	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
Long-term students with negative grade level change from the pre- to post-test exams	S	8	5	24	0
Long-term students with no change in grade level from the pre- to post-test exams	11	58	97	5	7
Long-term students with improvement up to one full grade level from the pre- to post-test exams	30	103	44	69	12
Long-term students with improvement of more than one full grade level from the pre- to post-test exams	21	25	54	53	107
<b>Comments:</b> We have located the data issue. There should only b EDEN is reopened.	e 118 results. A	new LEA mistaken	y added the short	term results. This wil	I be corrected if

## FAQ on long-term:

What is long-term? Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2015, through June 30, 2016.

Is reporting pre/post-test data for at-risk programs required? No, reporting pre/post-test data for at-risk students is no longer required, but States have the option to continue to collect and report it within the CSPR.

# 2.4.2.6.2 Academic Performance in Mathematics – Subpart 2

This section is similar to 2.4.2.6.1. The only difference is that this section collects data on mathematics performance.

Performance Data (Based on most recent pre/post-test data)	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
Long-term students with negative grade level change from the pre- to post-test exams	7	13	17	28	s
Long-term students with no change in grade level from the pre- to post-test exams	19	57	98	8	40
Long-term students with improvement up to one full grade level from the pre- to post-test exams	27	110	45	69	38
Long-term students with improvement of more than one full grade level from the pre- to post-test exams	5	20	50	45	49
<b>Comments:</b> We have located the data issue. There should only be 11 EDEN is reopened.	8 results. A new	LEA mistakenly a	dded the short te	rm results. This will	be corrected

# FAQ on long-term:

What is long-term? Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2015, through June 30, 2016.

Is reporting pre/post-test data for at-risk programs required? No, reporting pre/post-test data for at-risk students is no longer required, but States have the option to continue to collect and report it within the CSPR.

This section collects data on the Rural Education Achievement Program (REAP) Title VI, Part B, Subparts 1 and 2.

# 2.9.2 LEA Use of Rural Low-Income Schools Program (RLIS) (Title VI, Part B, Subpart 2) Grant Funds

In the table below, provide the number of eligible LEAs that used RLIS funds for each of the listed purposes.

Purpose	# LEAs
Teacher recruitment and retention, including the use of signing bonuses and other financial incentives	7
Teacher professional development, including programs that train teachers to utilize technology to improve teaching and to train special needs teachers	29
Educational technology, including software and hardware as described in Title II, Part D	23
Parental involvement activities	10
Activities authorized under the Safe and Drug-Free Schools Program (Title IV, Part A)	16
Activities authorized under Title I, Part A	52
Activities authorized under Title III (Language instruction for LEP and immigrant students)	3
Comments: N/A	

# 2.9.2.1 Goals and Objectives

In the space below, describe the progress the State has made in meeting the goals and objectives for the Rural Low-Income Schools (RLIS) Program as described in its June 2002 Consolidated State application. Provide quantitative data where available.

The response is limited to 8,000 characters.

RLIS funds continue to supplement personnel and programs in school districts identified through a comprehensive needs assessment. RLIS funds have allowed school districts to continue and/or expand successful programs in reading and math.

# 2.10 FUNDING TRANSFERABILITY FOR STATE AND LOCAL EDUCATIONAL AGENCIES (TITLE VI, PART A, SUBPART 2)

# 2.10.1 State Transferability of Funds

In the table below, indicate whether the state transferred funds under the state transferability authority.

State Transferability of Funds	Yes/No
Did the State transfer funds under the State Transferability authority of Section	
6123(a) during SY 2015-16?	Yes
Comments: N/A	

## 2.10.2 Local Educational Agency (LEA) Transferability of Funds

In the table below, indicate the number of LEAs that notified the state that they transferred funds under the LEA transferability authority.

LEA Transferability of Funds	#
LEAs that notified the State that they were transferring funds under the	
LEA Transferability authority of Section 6123(b).	10
Comments: N/A	

## 2.10.2.1 LEA Funds Transfers

In the table below, provide the total number of LEAs that transferred funds from an eligible program to another eligible program.

Program	# LEAs Transferring Funds <u>FROM</u> Eligible Program	# LEAs Transferring Funds <u>TO</u> Eligible Program
Improving Teacher Quality State Grants (Section 2121)	4	0
Educational Technology State Grants (Section 2412(a)(2)(A))	0	0
Safe and Drug-Free Schools and Communities (Section 4112(b)(1))	0	0
State Grants for Innovative Programs (Section 5112(a))	0	0
Title I, Part A, Improving Basic Programs Operated by LEAs		4
In the table below provide the total amount of FY 2015 appropriated funds tran	sferred from and to each eligible progra	am.
	Total Amount of Fund	s Total Amount of Funds
	Transferred FROM Eligi	ble Transferred <u>TO</u> Eligible
Program	Program	Program
Improving Teacher Quality State Grants (Section 2121)	267,814.18	0.00
Educational Technology State Grants (Section 2412(a)(2)(A))	0.00	0.00

Safe and Drug-Free Schools and Communities (Section 4112(b)(1))	0.00	0.00
State Grants for Innovative Programs (Section 5112(a))	0.00	0.00
Title I, Part A, Improving Basic Programs Operated by LEAs		267,814.18
Total	267,814.18	267,814.18
Comments: N/A		

The Department plans to obtain information on the use of funds under both the State and LEA Transferability Authority through evaluation studies.

# 2.11 GRADUATION RATES <sup>4</sup>

This section collects graduation rates.

### 2.11.1 Regulatory Adjusted Cohort Graduation Rates

In the table below, provide the graduation rates calculated using the methodology that was approved as part of the State's accountability plan for the current school year (SY 2015-16). Below the table are FAQs about the data collected in this table.

**Note:** States are not required to report these data by the racial/ethnic groups shown in the table below; instead, they are required to report these data by the major racial and ethnic groups that are identified in their Accountability Workbooks or Accountability Workbooks Addenda. The charts below display racial/ethnic data that have been mapped from the major racial and ethnic groups identified in their workbooks, to the racial/ethnic groups shown.

Student Group	# Students in Cohort	# of Graduates	Graduation Rate
All Students	56,486	S	87.0
American Indian or Alaska Native	603	S	90
Asian or Pacific Islander	773	S	91
Asian			
Native Hawaiian or Other Pacific Islander			
Black or African American	20,123	S	84.3
Hispanic or Latino	2,512	S	87
White	31,929	S	88.5
Two or more races	546	S	89
Children with disabilities (IDEA)	6,288	S	53.6
Limited English proficient (LEP) students	413	S	64
Economically disadvantaged students	26,456	S	80.7

## FAQs on graduation rates:

What is the regulatory adjusted cohort graduation rate? For complete definitions and instructions, please refer to the non-regulatory guidance, which can be found here: <u>http://www2.ed.gov/policy/elsec/guid/hsgrguidance.pdf</u>.

The response is limited to 500 characters.

N/A

<sup>4</sup> The "Asian/Pacific Islander" row in the tables below represent either the value reported by the state to the Department of Education for the major racial and ethnic group "Asian/Pacific Islander" or an aggregation of values reported by the state for the major racial and ethnic groups "Asian" and "Native Hawaiian/Other Pacific Islander or Pacific Islander" (and "Filipino" in the case of California). When the values reported in the Asian/Pacific Islander row represent the U. S. Department of Education aggregation of other values reported by the state, the detail for "Asian" and "Native Hawaiian or Other Pacific Islander" are also included in the following rows. Disaggregated reporting for the adjusted cohort graduation rate data is done according to the provisions outlined within each state's Accountability Workbooks or Accountability Workbooks Addenda. Accordingly, not every state uses major racial and ethnic groups which enable detail of Asian American/Pacific Islander (AAPI) populations.

## 2.12 LISTS OF SCHOOLS AND DISTRICTS

Per the ESSA FAQs located at the following link, EDFacts files C106, C107, C109, C111, and C130 (DGs 778 and 779) are no longer required: http://www2.ed.gov/policy/elsec/leg/essa/faq/essa-faqs.pdf.

This section contains data on school statuses. States with approved *ESEA* Flexibility requests should follow the instructions in sections 2.12.1 and 2.12.3. All other states should follow the instructions in sections 2.12.2 and 2.12.4. These tables will be generated based on data submitted to ED*Facts* and included as part of each state's certified report; states will no longer upload their lists separately. Data will be generated into separate reports for each question listed below.

## 2.12.1 List of Schools for ESEA Flexibility States

## 2.12.1.2 List of Priority and Focus Schools

Instructions for States that identified priority and focus schools<sup>5</sup> under *ESEA* flexibility for SY 2016-17: Provide the information listed in the bullets below for those schools.

- District Name
- District NCES ID Code
- School Name
- School NCES ID Code
- Whether the school met the proficiency target in reading/language arts in accordance with the State's approved ESEA flexibility request
- Whether the school met the 95 percent participation rate target for the reading/language arts assessment
- Whether the school met the proficiency target in mathematics in accordance with the State's approved ESEA flexibility request
- Whether the school met the 95 percent participation rate target for the mathematics assessment
- Whether the school met the other academic indicator for elementary/middle schools (if applicable) in accordance with the State's approved ESEA flexibility request
- Whether the school met the graduation rate goal or target for high schools (if applicable) in accordance with the State's approved ESEA flexibility request
- Status for SY 2016-17 (Use one of the following status designations: priority or focus)
- If applicable, State-specific status in addition to priority or focus (e.g., grade, star, or level)
- Whether (yes or no) the school is a Title I school (This information must be provided by all States.)
- Whether (yes or no) the school was provided assistance through Section 1003(a).
- Whether (yes or no) the school was provided assistance through Section 1003(g).

The data for this question are reported through ED*Facts* files and compiled in the EDEN031 "List of Priority and Focus Schools" report in the ED*Facts* Reporting System (ERS). The ED*Facts* files and data groups used in this report are listed in the CSPR Crosswalk. The CSPR Data Key contains more detailed information on how the data are populated into the report.

Before certifying Part II of the CSPR, a state user must run the EDEN031 report in ERS and verify that the state's data are correct. The final, certified data from this report will be made publicly available alongside the state's certified CSPR PDF.

 Comments: N/A

<sup>5</sup> The definitions of priority and focus schools are provided in the document titled, *ESEA Flexibility*. This document may be accessed on the Department's Web page at <u>http://www.ed.gov/esea/flexibility/documents/esea-flexibility.doc</u>

## 2.12.2 List of Schools for All Other States

#### 2.12.2.1 List of Schools Identified for Improvement

Instructions for States that identified schools for improvement, corrective action, or restructuring under ESEA section 1116 for SY 2016-17: Provide the information listed in the bullets below for those schools.

- District Name
- District NCES ID Code
- School Name
- School NCES ID Code
- Whether the school met the proficiency target in reading/language arts in accordance with the State's Accountability Plan
- Whether the school met the 95 percent participation rate target for the reading/language arts assessment
- Whether the school met the proficiency target in mathematics in accordance with the State's Accountability Plan
- Whether the school met the 95 percent participation rate target for the mathematics assessment
- Whether the school met the other academic indicator for elementary/middle schools (if applicable) in accordance with the State's Accountability Plan
- Whether the school met the graduation rate target for high schools (if applicable) in accordance with the State's Accountability Plan
   Status for SY 2016-17 (Use one of the following status designations: School Improvement Year 1, School Improvement Year 2, Corrective Action,
- Restructuring Year 1 (planning), or Restructuring Year 2 (implementing)<sup>6</sup> Whether (ves or no) the school is a Title I school (*This information must be provided by all States*.)
- Whether (yes or no) the school is a fitter ischool (*This information must be provided by all Sta* Whether (yes or no) the school was provided assistance through Section 1003(a).
- Whether (yes or no) the school was provided assistance through Section 1003(g).

The data for this question are reported through ED*Facts* files and compiled in the EDEN033 "List of Schools Identified for Improvement" report in the ED*Facts* Reporting System (ERS). The ED*Facts* files and data groups used in this report are listed in the CSPR Crosswalk. The CSPR Data Key contains more detailed information on how the data are populated into the report.

Before certifying Part II of the CSPR, a state user must run the EDEN033 report in ERS and verify that the state's data are correct. The final, certified data from this report will be made publicly available alongside the state's certified CSPR PDF.

<sup>6</sup> The school improvement statuses are defined in *LEA and School Improvement Non-Regulatory Guidance*. This document may be accessed on the Department's Web page at <a href="http://www.ed.gov/policy/elsec/guid/schoolimprovementguid.doc">http://www.ed.gov/policy/elsec/guid/schoolimprovementguid.doc</a>.

## 2.12.3 List of Districts for ESEA Flexibility States

#### 2.12.3.1 List of Identified Districts with State Specific Statuses

Instructions for States that identified school districts with State-specific statuses under ESEA flexibility for SY 2016-17: Provide the information listed in the bullets below for those districts.

- District name
- District NCES ID code
- Whether the district met the proficiency target in reading/language arts in accordance with the State's approved ESEA flexibility request
- Whether the district met the 95 percent participation rate target for the reading/language arts assessment
- Whether the district met the proficiency target in mathematics in accordance with the State's approved ESEA flexibility request
- Whether the district met the 95 percent participation rate target for the mathematics assessment
- Whether the district met the other academic indicator for elementary/middle schools (if applicable) in accordance with the State's approved ESEA flexibility request
- Whether the district met the graduation rate for high schools (if applicable) in accordance with the State's approved ESEA flexibility request
- State-specific status for SY 2016-17 (e.g., grade, star, or level)
- Whether the district received Title I funds.

The data for this question are reported through ED*Facts* files and compiled in the EDEN034 List of Identified Districts with State Specific Statuses. The ED*Facts* files and data groups used in this report are listed in the CSPR Crosswalk. The CSPR Data Key contains more detailed information on how the data are populated into the report.

Before certifying Part II of the CSPR, a state user must run the EDEN034 report in ERS and verify that the state's data are correct. The final, certified data from this report will be made publicly available alongside the state's certified CSPR PDF.

## 2.12.4 List of Districts for All Other States

#### 2.12.4.1 List of Districts Identified for Improvement

Instructions for States that identified school districts for improvement or corrective action<sup>7</sup> under *ESEA* section 1116 for SY 2016-17: Provide the information listed in the bullets below for those districts.

- District Name
- District NCES ID Code
- Whether the district met the proficiency target in reading/language arts as outlined in the State's Accountability Plan
- Whether the district met the participation rate target for the reading/language arts assessment
- Whether the district met the proficiency target in mathematics as outlined in the State's Accountability Plan
- Whether the district met the participation rate target for the mathematics assessment
- Whether the district met the other academic indicator for elementary/middle schools (if applicable) as outlined in the State's Accountability Plan
- Whether the district met the graduation rate for high schools (if applicable) as outlined in the State's Accountability Plan
- Improvement status for SY 2016-17 (Use one of the following improvement status designations: Improvement or Corrective Action)
- Whether the district received Title I funds.

The data for this question are reported through ED*Facts* files and compiled in the EDEN035 "List of Districts Identified for Improvement" report in the ED*Facts* Reporting System (ERS). The ED*Facts* files and data groups used in this report are listed in the CSPR Crosswalk. The CSPR Data Key contains more detailed information on how the data are populated into the report.

Before certifying Part II of the CSPR, a state user must run the EDEN035 report in ERS and verify that the state's data are correct. The final, certified data from this report will be made publicly available alongside the state's certified CSPR PDF.

 Comments:
 No districts identified for improvement

<sup>7</sup> The district improvement statuses are defined in *LEA and School Improvement Non-Regulatory Guidance*. This document may be accessed on the Department's Web page at <a href="http://www.ed.gov/policy/elsec/guid/schoolimprovementguid.doc">http://www.ed.gov/policy/elsec/guid/schoolimprovementguid.doc</a>.
