Parts I and II**

for  
**STATE FORMULA GRANT PROGRAMS**  
under the  
**ELEMENTARY AND SECONDARY EDUCATION ACT**  
As amended in 2001

For reporting on  
**School Year 2015-16**

**PART I DUE THURSDAY, DECEMBER 15, 2016**  
**PART II DUE THURSDAY, FEBRUARY 9, 2017**

**U.S. DEPARTMENT OF EDUCATION**  
**WASHINGTON, DC 20202**

**PRIVACY PROTECTED VERSION**

**SOME DATA IN THIS REPORT HAVE BEEN SUPPRESSED OR BLURRED TO PROTECT STUDENT PRIVACY.**

## INTRODUCTION

Sections 9302 and 9303 of the *Elementary and Secondary Education Act (ESEA)*, as amended in 2001 provide to States the option of applying for and reporting on multiple *ESEA* programs through a single consolidated application and report. Although a central, practical purpose of the Consolidated State Application and Report is to reduce "red tape" and burden on States, the Consolidated State Application and Report are also intended to have the important purpose of encouraging the integration of State, local, and *ESEA* programs in comprehensive planning and service delivery and enhancing the likelihood that the State will coordinate planning and service delivery across multiple State and local programs. The combined goal of all educational agencies—State, local, and Federal—is a more coherent, well-integrated educational plan that will result in improved teaching and learning. The Consolidated State Application and Report includes the following *ESEA* programs:

- Title I, Part A – *Improving Basic Programs Operated by Local Educational Agencies*
- Title I, Part B, Subpart 3 – *William F. Goodling Even Start Family Literacy Programs*
- Title I, Part C – *Education of Migratory Children* (Includes the Migrant Child Count)
- Title I, Part D – *Prevention and Intervention Programs for Children and Youth Who Are Neglected, Delinquent, or At-Risk*
- Title II, Part A – *Improving Teacher Quality State Grants (Teacher and Principal Training and Recruiting Fund)*
- Title III, Part A – *English Language Acquisition, Language Enhancement, and Academic Achievement Act*
- Title IV, Part A, Subpart 1 – *Safe and Drug-Free Schools and Communities State Grants*
- Title IV, Part A, Subpart 2 – *Safe and Drug-Free Schools and Communities National Activities (Community Service Grant Program)*
- Title V, Part A – *Innovative Programs*
- Title VI, Section 6111 – *Grants for State Assessments and Related Activities*
- Title VI, Part B – *Rural Education Achievement Program*
- Title X, Part C – *Education for Homeless Children and Youths*

The *ESEA* Consolidated State Performance Report (CSPR) for school year (SY) 2015-16 consists of two Parts, Part I and Part II.

### **PART I**

Part I of the CSPR requests information related to the five *ESEA* Goals, established in the June 2002 Consolidated State Application, and information required for the Annual State Report to the Secretary, as described in Section 1111(h)(4) of the *ESEA*. The five *ESEA* Goals established in the June 2002 Consolidated State Application are:

- | **Performance Goal 1:** By SY 2013-14, all students will reach high standards, at a minimum attaining proficiency or better in reading/language arts and mathematics.
- | **Performance Goal 2:** All limited English proficient students will become proficient in English and reach high academic standards, at a minimum attaining proficiency or better in reading/language arts and mathematics.
- | **Performance Goal 3:** By SY 2005-06, all students will be taught by highly qualified teachers.
- | **Performance Goal 4:** All students will be educated in learning environments that are safe, drug free, and conducive to learning.
- | **Performance Goal 5:** All students will graduate from high school.

Beginning with the CSPR SY 2005-06 collection, the Education of Homeless Children and Youths was added. The Migrant Child count was added for the SY 2006-07 collection.

### **PART II**

Part II of the CSPR consists of information related to State activities and outcomes of specific *ESEA* programs. While the information requested varies from program to program, the specific information requested for this report meets the following criteria:

1. The information is needed for Department program performance plans or for other program needs.
2. The information is not available from another source, including program evaluations pending full implementation of required *EDFacts* submission.
3. The information will provide valid evidence of program outcomes or results.

## GENERAL INSTRUCTIONS AND TIMELINES

All States that received funding on the basis of the Consolidated State Application for the SY 2015-16 must respond to this Consolidated State Performance Report (CSPR). Part I of the Report is due to the Department by **Thursday, December 15, 2016**. Part II of the Report is due to the Department by **Thursday, February 9, 2017**. Both Part I and Part II should reflect data from the SY 2015-16, unless otherwise noted.

The format states will use to submit the Consolidated State Performance Report has changed to an online submission starting with SY 2004-05. This online submission system is being developed through the Education Data Exchange Network (EDEN) and will make the submission process less burdensome. Please see the following section on transmittal instructions for more information on how to submit this year's Consolidated State Performance Report.

## TRANSMITTAL INSTRUCTIONS

The Consolidated State Performance Report (CSPR) data will be collected online from the SEAs, using the EDEN web site. The EDEN web site will be modified to include a separate area (sub-domain) for CSPR data entry. This area will utilize EDEN formatting to the extent possible and the data will be entered in the order of the current CSPR forms. The data entry screens will include or provide access to all instructions and notes on the current CSPR forms; additionally, an effort will be made to design the screens to balance efficient data collection and reduction of visual clutter.

Initially, a state user will log onto EDEN and be provided with an option that takes him or her to the "SY 2015-16 CSPR". The main CSPR screen will allow the user to select the section of the CSPR that he or she needs to either view or enter data. After selecting a section of the CSPR, the user will be presented with a screen or set of screens where the user can input the data for that section of the CSPR. A user can only select one section of the CSPR at a time. After a state has included all available data in the designated sections of a particular CSPR Part, a lead state user will certify that Part and transmit it to the Department. Once a Part has been transmitted, ED will have access to the data. States may still make changes or additions to the transmitted data, by creating an updated version of the CSPR. Detailed instructions for transmitting the SY 2015-16 CSPR will be found on the main CSPR page of the EDEN web site (<https://EDEN.ED.GOV/EDENPortal/>).

**CONSOLIDATED STATE PERFORMANCE REPORT  
PART I**

For reporting on  
**School Year 2015-16**

**PART I DUE DECEMBER 15, 2016  
5PM EST**

**1.1 STANDARDS AND ASSESSMENT DEVELOPMENT**

This section requests descriptions of the State's implementation of the *Elementary and Secondary Education Act (ESEA)*, as amended, academic content standards, academic achievement standards and assessments to meet the requirements of Section 1111(b)(1) of *ESEA*.

**1.1.1 Academic Content Standards**

Indicate below whether your state has made or is planning to make revisions to or change the State's academic content standards in mathematics, reading/language arts or science since the State's content standards were most recently approved through ED's peer review process for State assessment systems. If yes, indicate specifically in what school year your State implemented or will implement the revisions or changes.

Response	Options
<u>No Revisions or changes</u>	No revisions or changes to academic content standards in mathematics, reading/language arts or science made or planned.
	State has revised or changed its academic content standards in mathematics, reading/language arts or science or is planning to make revisions to or change its academic content standards in mathematics, reading/language arts or science. Indicate below the year these changes were or will be implemented or "Not Applicable" to indicate that changes were not made or will not be made in the subject area.

Acceptable responses are a school year (e.g., 2015-16) or Not Applicable.

	<b>Mathematics</b>	<b>Reading/Language Arts</b>	<b>Science</b>
<b>Academic Content Standards</b>	N/A	N/A	N/A

If the responses above do not fully describe revisions or changes to your State's academic content standards, describe the revisions or changes below.

The response is limited to 1,000 characters.

In June 2010, the Kentucky Board of Education gave final approval to 704 KAR 3:303, the regulation related to the Kentucky Academic Standards in which Kentucky adopted the Common Core State Standards for English/language arts and mathematics and have now become the Kentucky Academic Standards. In June 2013, the Next Generation Science Standards (NGSS) were approved to be the Kentucky Academic Standards for Science by the Kentucky Board of Education. Kentucky has recently sought public input on the state's English/language arts and mathematics standards and any proposed changes will be shared with educators for clarity before going to the Kentucky Board of Education for consideration. Any possible changes to the standards would not be implemented until the 2017-18 school year or later.

**1.1.1.1 Academic Achievement Standards in Mathematics, Reading/Language Arts and Science**

Indicate below whether your state has changed or is planning to change the State's academic achievement standards in mathematics, reading/language arts or science since the State's academic achievement standards were most recently approved through ED's peer review process for State assessment systems. If yes, indicate specifically in what school year your State implemented or will implement the changes.

As applicable, include changes to academic achievement standards based on any assessments (e.g., alternate assessments based on alternate achievement standards, alternate assessments based on modified achievement standards, native language assessments, or others) implemented to meet the assessment requirements under Section 1111(b)(3) of *ESEA*.

Response	Options
State has revised or changed	No revisions or changes to academic achievement standards in mathematics, reading/language arts or science made or planned.
	State has changed its academic achievement standards or is planning to change its academic achievement standards in mathematics, reading/language arts or science. Indicate below either the school year in which these changes were or will be implemented or "Not Applicable" to indicate that changes were not made or will not be made in the subject area.

Acceptable responses are a school year (e.g., 2015-16) or Not Applicable.

Academic Achievement Standards for	Mathematics	Reading/Language Arts	Science
Regular Assessments in Grades 3-8	N/A	N/A	SY 2017-18
Regular Assessments in High School	N/A	N/A	SY 2017-18
Alternate Assessments Based on Grade-Level Achievement Standards (if applicable)	N/A	N/A	N/A
Alternate Assessments Based on Modified Achievement Standards (if applicable)	N/A	N/A	N/A
Alternate Assessments Based on Alternate Achievement Standards	N/A	N/A	SY 2016-17

If the responses above do not fully describe revisions or changes to your State's academic achievement standards, describe the revisions or changes below.

The response is limited to 1,000 characters.

Kentucky set academic achievement standards for reading and mathematics in 2011-12 and administered the Kentucky Performance Rating for Educational Progress (K-PREP) for the first time. While instructional implementation of the Kentucky Academic Standards for Science began in 2014-15, new academic achievement standards and state assessments are currently being implemented for the Alternate K-PREP in 2016-17 with the regular K-PREP scheduled for 2017-18.

**1.1.2 Assessments in Mathematics, Reading/Language Arts and Science**

Indicate below whether your state has changed or is planning to change the States academic assessments in mathematics, reading/language arts or science since the States academic assessments were most recently approved through ED’s peer review process for State assessment systems. If yes, indicate specifically in what school year your State implemented or will implement the changes.

As applicable, include any assessments (e.g., alternate assessments based on alternate achievement standards, alternate assessments based on modified achievement standards, native language assessments, or others) implemented to meet the assessment requirements under Section 1111(b)(3) of ESEA.

Response	Options
<u>State has revised or changed</u>	No changes to assessments in mathematics, reading/language arts or science made or planned.
	State has changed or is planning to change its assessments in mathematics, reading/language arts or science. Indicate below the year these changes were implemented or "Not Applicable" to indicate that changes were not made or will not be made in the subject area.

Acceptable responses are a school year (e.g., 2015-16) or Not Applicable.

Academic Assessments	Mathematics	Reading/Language Arts	Science
Regular Assessments in Grades 3-8	N/A	N/A	SY 2017-18
Regular Assessments in High School	N/A	N/A	SY 2017-18
Alternate Assessments Based on Grade-Level Achievement Standards (if applicable)	N/A	N/A	N/A
Alternate Assessments Based on Modified Achievement Standards (if applicable)	N/A	N/A	N/A
Alternate Assessments Based on Alternate Achievement Standards	N/A	N/A	SY 2016-17

If the responses above do not fully describe revisions or changes to your State's academic achievement standards, describe the revisions or changes below.

The response is limited to 1,000 characters.

Kentucky set academic achievement standards for reading and mathematics in 2011-12 and administered the Kentucky Performance Rating for Educational Progress (K-PREP) for the first time. While instructional implementation of the Kentucky Academic Standards for Science began in 2014-15, new academic achievement standards and state assessments are currently being implemented for the Alternate K-PREP in 2016-17 with the regular K-PREP scheduled for 2017-18.
---

**1.1.3 Grants for State Assessments and Related Activities****1.1.3.1 Percentages of Funds Used for Standards and Assessment Development and Other Purposes**

For funds your State had available under *ESEA* section 6111 (Grants for State Assessments and Related Activities) during SY 2015-16, estimate what percentage of the funds your State used for the following (round to the nearest ten percent).

Purpose	Percentage (rounded to the nearest ten percent)
To pay the costs of the development of the State assessments and standards required by Section 1111(b)	94.00
To administer assessments required by Section 1111(b) or to carry out other activities described in section 6111 and other activities related to ensuring that the State's schools and local educational agencies are held accountable for the results	6.00
<b>Comments:</b> The response is limited to 4,000 characters.	

**1.1.3.2 Uses of Funds for Purposes Other than Standards and Assessment Development**

For funds your State had available under *ESEA* section 6111 (Grants for State Assessments and Related Activities) during SY 2015-16 that were used for purposes other than the costs of the development of the State assessments and standards required by section 1111(b), for what purposes did your State use the funds? (Enter "yes" for all that apply and "no" for all that do not apply).

Purpose	Used for Purpose (yes/no)
Administering assessments required by Section 1111(b)	<u>No</u>
Developing challenging State academic content and student academic achievement standards and aligned assessments in academic subjects for which standards and assessments are not required by Section 1111(b)	<u>Yes</u>
Developing or improving assessments of English language proficiency necessary to comply with Section 1111(b)(7)	<u>No</u>
Ensuring the continued validity and reliability of State assessments, and/or refining State assessments to ensure their continued alignment with the State's academic content standards and to improve the alignment of curricula and instructional materials	<u>Yes</u>
Developing multiple measures to increase the reliability and validity of State assessment systems	<u>Yes</u>
Strengthening the capacity of local educational agencies and schools to provide all students the opportunity to increase educational achievement, including carrying out professional development activities aligned with State student academic achievement standards and assessments	<u>No</u>
Expanding the range of accommodations available to students with limited English proficiency and students with disabilities ( <i>IDEA</i> ) to improve the rates of inclusion of such students, including professional development activities aligned with State academic achievement standards and assessments	<u>No</u>
Improving the dissemination of information on student achievement and school performance to parents and the community, including the development of information and reporting systems designed to identify best educational practices based on scientifically based research or to assist in linking records of student achievement, length of enrollment, and graduation over time	<u>Yes</u>
Other	<u>No</u>
<b>Comments:</b> The response is limited to 4,000 characters.	

**1.2 PARTICIPATION IN STATE ASSESSMENT**<sup>2</sup>

This section collects data on the participation of students in the State assessments.

**Note:** States are not required to report these data by the racial/ethnic groups shown in the table below; instead, they are required to report these data by the major racial and ethnic groups that are identified in their Accountability Workbooks. The charts below display racial/ethnic data that have been mapped from the major racial and ethnic groups identified in their workbooks to the racial/ethnic groups shown.

<sup>2</sup> The "Asian/Pacific Islander" row in the tables below represent either the value reported by the state to the Department of Education for the major racial and ethnic group "Asian/Pacific Islander" or an aggregation of values reported by the state for the major racial and ethnic groups "Asian" and "Native Hawaiian/Other Pacific Islander or Pacific Islander" (and "Filipino" in the case of California). When the values reported in the Asian/Pacific Islander row represent the U. S. Department of Education aggregation of other values reported by the state, the detail for "Asian" and Native Hawaiian or Other Pacific Islander" are also included in the following rows. Disaggregated reporting for assessment participation data is done according to the provisions outlined within each state's Accountability Workbook. Accordingly, not every state uses major racial and ethnic groups which enable detail of Asian American/Pacific Islander (AAPI) populations.

**1.2.1 Participation of All Students in Mathematics Assessment**

In the table below, provide the number of students enrolled during the State's testing window for mathematics assessments required under Section 1111(b) (3) of *ESEA* (regardless of whether the students were present for a full academic year) and the number of students who participated in the mathematics assessment in accordance with *ESEA*. The percentage of students who were tested for mathematics will be calculated automatically.

The student group "children with disabilities (*IDEA*)" includes children who participated in the regular assessments with or without accommodations and alternate assessments. Do not include former students with disabilities (*IDEA*). Do not include students only covered under Section 504 of the *Rehabilitation Act of 1973*.

The student group "limited English proficient (LEP) students" includes recently arrived students who have attended schools in the United States for fewer than 12 months. Do not include former LEP students.

Student Group	# Students Enrolled	# Students Participating	Percentage of Students Participating
All students	S	349,819	99.7
American Indian or Alaska Native	S	421	>=99
Asian or Pacific Islander	S	6,294	S
Asian	S	5,952	99.4
Native Hawaiian or other Pacific Islander	S	342	>=99
Black or African American	S	36,141	99.5
Hispanic or Latino	S	20,623	99.7
White	S	274,746	99.8
Two or more races	S	11,553	99.8
Children with disabilities ( <i>IDEA</i> )	S	42,791	99.6
Limited English proficient (LEP) students	S	9,575	99.3
Economically disadvantaged students	S	212,894	99.7
Migratory students	S	1,022	>=99
Male	S	179,007	99.7
Female	S	170,812	99.7

**Comments:** The response is limited to 4,000 characters.

**1.2.2 Participation of Students with Disabilities (IDEA) in Mathematics Assessment**

In the table below, provide the number of children with disabilities (IDEA) participating during the State's testing window in mathematics assessments required under Section 1111(b)(3) of ESEA (regardless of whether the children were present for a full academic year) by the type of assessment. The percentage of children with disabilities (IDEA) who participated in the mathematics assessment for each assessment option will be calculated automatically. The total number of children with disabilities (IDEA) participating will also be calculated automatically.

The data provided below should include mathematics participation data from all students with disabilities as defined under the *Individuals with Disabilities Education Act (IDEA)*. Do not include former students with disabilities (IDEA). Do not include students only covered under Section 504 of the *Rehabilitation Act of 1973*.

Type of Assessment	# Children with Disabilities (IDEA) Participating	Percentage of Children with Disabilities (IDEA) Participating, Who Took the Specified Assessment
Regular Assessment without Accommodations	9,511	22.23
Regular Assessment with Accommodations	29,266	68.39
Alternate Assessment Based on Grade-Level Achievement Standards		
Alternate Assessment Based on Modified Achievement Standards		
Alternate Assessment Based on Alternate Achievement Standards	4,014	9.38
Total	42,791	////////////////////////////////////
<b>Comments:</b> The response is limited to 4,000 characters.		

### 1.2.3 Participation of All Students in the Reading/Language Arts Assessment

This section is similar to 1.2.1 and collects data on the State's reading/language arts assessment.

Student Group	# Students Enrolled	# Students Participating	Percentage of Students Participating
All students	S	353,366	99.7
American Indian or Alaska Native	S	441	>=99
Asian or Pacific Islander	S	6,345	S
<i>Asian</i>	S	6,004	99.4
<i>Native Hawaiian or other Pacific Islander</i>	S	341	>=99
Black or African American	S	36,769	99.6
Hispanic or Latino	S	20,989	99.4
White	S	277,053	99.8
Two or more races	S	11,719	99.8
Children with disabilities ( <i>IDEA</i> )	S	44,094	99.6
Limited English proficient (LEP) students	S	9,819	98.8
Economically disadvantaged students	S	216,461	99.7
Migratory students	S	1,023	98
Male	S	181,147	99.7
Female	S	172,219	99.8
<b>Comments:</b> The response is limited to 4,000 characters.			

#### 1.2.3.1 Recently Arrived LEP Students Taking ELP Assessments in Lieu of Reading/Language Arts Assessments

In the table below, provide the number of recently arrived LEP students (as defined in 34 C.F.R. Part 200.6(b)(4)) included in the participation counts in 1.2.3 who took an assessment of English language proficiency in lieu of the State's reading/language arts assessment, as permitted under 34 C.F.R. Part 200.20.

Recently Arrived LEP Students	#
Recently arrived LEP students who took an assessment of English language proficiency in lieu of the State's reading/language arts assessment	996

**1.2.4 Participation of Students with Disabilities (IDEA) in Reading/Language Arts Assessment**

This section is similar to 1.2.2 and collects data on the State's reading/language arts assessment.

The data provided should include reading/language arts participation data from all students with disabilities as defined under the *Individuals with Disabilities Education Act (IDEA)*. Do not include former students with disabilities (IDEA). Do not include students only covered under Section 504 of the *Rehabilitation Act of 1973*.

Note: For this question only, report on students with disabilities (IDEA) who are also LEP students in the U.S. less than 12 months who took the ELP in lieu of the statewide reading/language arts assessment.

Type of Assessment	# Children with Disabilities (IDEA) Participating	Percentage of Children with Disabilities (IDEA) Participating, Who Took the Specified Assessment
Regular Assessment without Accommodations	10,144	23.01
Regular Assessment with Accommodations	29,840	67.67
Alternate Assessment Based on Grade-Level Achievement Standards		
Alternate Assessment Based on Modified Achievement Standards		
Alternate Assessment Based on Alternate Achievement Standards	4,096	9.29
LEP < 12 months, took ELP	14	0.03
Total	44,094	////////////////////////////////////
<b>Comments:</b> The response is limited to 4,000 characters.		

**1.2.5 Participation of All Students in the Science Assessment**

This section is similar to 1.2.1 and collects data on the State's science assessment.

Student Group	# Students Enrolled	# Students Participating	Percentage of Students Participating
All students	S	47,389	98.5
American Indian or Alaska Native	S	57	92
Asian or Pacific Islander	S	849	96
Asian	S	807	S
Native Hawaiian or other Pacific Islander	S	42	>=90
Black or African American	S	4,657	97.5
Hispanic or Latino	S	2,070	96
White	S	38,633	98.7
Two or more races	S	1,110	99
Children with disabilities (IDEA)	S	3,990	98.4
Limited English proficient (LEP) students	S	702	93
Economically disadvantaged students	S	25,677	98.3
Migratory students	S	93	>=95
Male	S	24,109	98.4
Female	S	23,280	98.5

**Comments:** The response is limited to 4,000 characters. Because of changes in the state process for assessing Science, the data that is presented is only from the high school level and includes students that complete the required course at a school number in the Kentucky public school system. Kentucky assessed science with a Norm-Referenced Test (NRT) at the other levels and performance level results are not available. This was part of the approved ESEA Waiver and is noted in that document. Additionally, conversations and correspondence have occurred with the U.S. Department of Education (USED) about the steps Kentucky is proceeding with to implement a new science test and we are on track to do so.

**1.2.6 Participation of Students with Disabilities (IDEA) in Science Assessment**

This section is similar to 1.2.2 and collects data on the State's science assessment.

The data provided should include science participation results from all students with disabilities as defined under the *Individuals with Disabilities Education Act (IDEA)*. Do not include former students with disabilities (IDEA). Do not include students only covered under Section 504 of the *Rehabilitation Act of 1973*.

Type of Assessment	# Children with Disabilities (IDEA) Participating	Percentage of Children with Disabilities (IDEA) Participating, Who Took the Specified Assessment
Regular Assessment without Accommodations	1,116	27.97
Regular Assessment with Accommodations	2,874	72.03
Alternate Assessment Based on Grade-Level Achievement Standards		
Alternate Assessment Based on Modified Achievement Standards		
Alternate Assessment Based on Alternate Achievement Standards	0	0.00
Total	3,990	////////////////////////////////////

**Comments:** The response is limited to 4,000 characters. Because of changes in the state science standards, there isn't an appropriate test for the alternate assessment students.

### 1.3 STUDENT ACADEMIC ACHIEVEMENT<sup>3</sup>

This section collects data on student academic achievement on the State assessments.

**Note:** States are not required to report these data by the racial/ethnic groups shown in the table below; instead, they are required to report these data by the major racial and ethnic groups that are identified in their Accountability Workbooks. The charts below display racial/ethnic data that have been mapped from the major racial and ethnic groups identified in their workbooks to the racial/ethnic groups shown.

#### 1.3.1 Student Academic Achievement in Mathematics

In the format of the table below, provide the number of students who received a valid score on the State assessment(s) in mathematics implemented to meet the requirements of Section 1111(b)(3) of *ESEA* (regardless of whether the students were present for a full academic year) and for whom a proficiency level was assigned, and the number of these students who scored at or above proficient, in grades 3 through 8 and high school. The percentage of students who scored at or above proficient is calculated automatically.

The student group "children with disabilities (*IDEA*)" includes children who participated, and for whom a proficiency level was assigned in the regular assessments with or without accommodations and alternate assessments. Do not include former students with disabilities (*IDEA*). The student group "limited English proficient (LEP) students" does include recently arrived students who have attended schools in the United States for fewer than 12 months. Do not include former LEP students.

#### 1.3.2 Student Academic Achievement in Reading/Language Arts

This section is similar to 1.3.1. The only difference is that this section collects data on the States reading/language arts assessment, and the difference noted in the paragraph below.

The student group "limited English proficient (LEP) students" does not include recently arrived students who have attended schools in the United States for fewer than 12 months and who took an assessment of English language proficiency in lieu of the States reading/language arts assessment. Do not include former LEP students.

#### 1.3.3 Student Academic Achievement in Science

This section is similar to 1.3.1. The only difference is that this section collects data on the States science assessment administered at least once in each of the following grade spans: 3 through 5, 6 through 9, and 10 through 12.

Limited English Proficient (LEP) students include recently arrived students who have attended schools in the United States for fewer than 12 months. Do not include former LEP students.

<sup>3</sup> The "Asian/Pacific Islander" row in the tables below represent either the value reported by the state to the Department of Education for the major racial and ethnic group "Asian/Pacific Islander" or an aggregation of values reported by the state for the major racial and ethnic groups "Asian" and "Native Hawaiian/Other Pacific Islander or Pacific Islander" (and "Filipino" in the case of California). When the values reported in the Asian/Pacific Islander row represent the U. S. Department of Education aggregation of other values reported by the state, the detail for "Asian" and Native Hawaiian or Other Pacific Islander" are also included in the following rows. Disaggregated reporting for assessment participation data is done according to the provisions outlined within each state's Accountability Workbook. Accordingly, not every state uses major racial and ethnic groups which enable detail of Asian American/Pacific Islander (AAPI) populations.

## 1.3.1.1 Student Academic Achievement in Mathematics - Grade 3

Grade 3	# Students Who Received a Valid Score and for Whom a Proficiency Level Was Assigned	# Students Scoring at or Above Proficient	Percentage of Students Scoring at or Above Proficient
All students	52,738	S	47.6
American Indian or Alaska Native	62	S	50
Asian or Pacific Islander	942	S	65
<i>Asian</i>	874	S	67
<i>Native Hawaiian or other Pacific Islander</i>	68	S	38
Black or African American	5,484	S	27.9
Hispanic or Latino	3,741	S	36.6
White	40,210	S	51.2
Two or more races	2,291	S	42
Children with disabilities ( <i>IDEA</i> )	7,853	S	27.3
Limited English proficient (LEP) students	2,758	S	28
Economically disadvantaged students	34,425	S	38.3
Migratory students	204	S	33
Male	26,921	S	47.8
Female	25,817	S	47.4

**Comments:** The response is limited to 4,000 characters.

## 1.3.2.1 Student Academic Achievement in Reading/Language Arts - Grade 3

Grade 3	# Students Who Received a Valid Score and for Whom a Proficiency Level Was Assigned	# Students Scoring at or Above Proficient	Percentage of Students Scoring at or Above Proficient
All students	52,548	S	53.7
American Indian or Alaska Native	62	S	45
Asian or Pacific Islander	883	S	64
<i>Asian</i>	816	S	66
<i>Native Hawaiian or other Pacific Islander</i>	67	S	40
Black or African American	5,442	S	30.4
Hispanic or Latino	3,675	S	41.3
White	40,189	S	58.1
Two or more races	2,289	S	48
Children with disabilities ( <i>IDEA</i> )	7,850	S	36.1
Limited English proficient (LEP) students	2,571	S	29
Economically disadvantaged students	34,284	S	44.5
Migratory students	195	S	37
Male	26,807	S	51.1
Female	25,741	S	56.4

**Comments:** The response is limited to 4,000 characters.

1.3.3.1 Student Academic Achievement in Science - Grade 3

Grade 3	# Students Who Received a Valid Score and for Whom a Proficiency Level Was Assigned	# Students Scoring at or Above Proficient	Percentage of Students Scoring at or Above Proficient
All students			
American Indian or Alaska Native			
Asian or Pacific Islander			
<i>Asian</i>			
<i>Native Hawaiian or other Pacific Islander</i>			
Black or African American			
Hispanic or Latino			
White			
Two or more races			
Children with disabilities ( <i>IDEA</i> )			
Limited English proficient (LEP) students			
Economically disadvantaged students			
Migratory students			
Male			
Female			
<b>Comments:</b> The response is limited to 4,000 characters. Science at the elementary school level is administered at the 4th grade.			

## 1.3.1.2 Student Academic Achievement in Mathematics - Grade 4

Grade 4	# Students Who Received a Valid Score and for Whom a Proficiency Level Was Assigned	# Students Scoring at or Above Proficient	Percentage of Students Scoring at or Above Proficient
All students	51,297	S	51.6
American Indian or Alaska Native	62	S	52
Asian or Pacific Islander	957	S	68
<i>Asian</i>	901	S	69
<i>Native Hawaiian or other Pacific Islander</i>	56	S	50
Black or African American	5,188	S	29.0
Hispanic or Latino	3,503	S	39.3
White	39,567	S	55.5
Two or more races	2,015	S	46
Children with disabilities ( <i>IDEA</i> )	7,216	S	29.4
Limited English proficient (LEP) students	1,820	S	21
Economically disadvantaged students	32,769	S	42.1
Migratory students	182	S	29
Male	26,457	S	51.3
Female	24,840	S	52.0

**Comments:** The response is limited to 4,000 characters.

## 1.3.2.2 Student Academic Achievement in Reading/Language Arts - Grade 4

Grade 4	# Students Who Received a Valid Score and for Whom a Proficiency Level Was Assigned	# Students Scoring at or Above Proficient	Percentage of Students Scoring at or Above Proficient
All students	51,144	S	56.4
American Indian or Alaska Native	62	S	52
Asian or Pacific Islander	917	S	69
<i>Asian</i>	862	S	70
<i>Native Hawaiian or other Pacific Islander</i>	55	S	55
Black or African American	5,157	S	32.8
Hispanic or Latino	3,447	S	44.4
White	39,543	S	60.4
Two or more races	2,013	S	52
Children with disabilities ( <i>IDEA</i> )	7,215	S	36.4
Limited English proficient (LEP) students	1,668	S	24
Economically disadvantaged students	32,663	S	46.9
Migratory students	173	S	36
Male	26,375	S	53.2
Female	24,769	S	59.7

**Comments:** The response is limited to 4,000 characters.

1.3.3.2 Student Academic Achievement in Science - Grade 4

Grade 4	# Students Who Received a Valid Score and for Whom a Proficiency Level Was Assigned	# Students Scoring at or Above Proficient	Percentage of Students Scoring at or Above Proficient
All students			
American Indian or Alaska Native			
Asian or Pacific Islander			
<i>Asian</i>			
<i>Native Hawaiian or other Pacific Islander</i>			
Black or African American			
Hispanic or Latino			
White			
Two or more races			
Children with disabilities ( <i>IDEA</i> )			
Limited English proficient (LEP) students			
Economically disadvantaged students			
Migratory students			
Male			
Female			

**Comments:** The response is limited to 4,000 characters. Kentucky assessed science with a Norm-Referenced Test (NRT) and performance level results are not available. This was part of the approved ESEA Waiver and is noted in that document. Additionally, conversations and correspondence have occurred with the U.S. Department of Education (USED) about the steps Kentucky is proceeding with to implement a new science test and we are on track to do so.

## 1.3.1.3 Student Academic Achievement in Mathematics - Grade 5

Grade 5	# Students Who Received a Valid Score and for Whom a Proficiency Level Was Assigned	# Students Scoring at or Above Proficient	Percentage of Students Scoring at or Above Proficient
All students	50,163	S	55.9
American Indian or Alaska Native	60	S	57
Asian or Pacific Islander	933	S	73
<i>Asian</i>	880	S	74
<i>Native Hawaiian or other Pacific Islander</i>	53	S	53
Black or African American	5,128	S	37.2
Hispanic or Latino	3,114	S	45.6
White	39,100	S	59.1
Two or more races	1,820	S	50
Children with disabilities ( <i>IDEA</i> )	6,639	S	28.2
Limited English proficient (LEP) students	1,275	S	21
Economically disadvantaged students	31,373	S	45.9
Migratory students	159	S	37
Male	25,684	S	55.0
Female	24,479	S	56.9

**Comments:** The response is limited to 4,000 characters. With knowledge of the federal reporting of Race/Ethnicity reporting standard, there has been an increase in reporting accuracy. LEP identification is aligned with the Federal Program requirements and entered into the state's student information system by the LEAs.

## 1.3.2.3 Student Academic Achievement in Reading/Language Arts - Grade 5

Grade 5	# Students Who Received a Valid Score and for Whom a Proficiency Level Was Assigned	# Students Scoring at or Above Proficient	Percentage of Students Scoring at or Above Proficient
All students	50,002	S	58.1
American Indian or Alaska Native	60	S	52
Asian or Pacific Islander	886	S	68
<i>Asian</i>	834	S	69
<i>Native Hawaiian or other Pacific Islander</i>	52	S	48
Black or African American	5,082	S	38.4
Hispanic or Latino	3,060	S	45.1
White	39,087	S	61.7
Two or more races	1,819	S	54
Children with disabilities ( <i>IDEA</i> )	6,637	S	33.7
Limited English proficient (LEP) students	1,117	S	17
Economically disadvantaged students	31,239	S	48.4
Migratory students	154	S	34
Male	25,594	S	55.1
Female	24,408	S	61.3

**Comments:** The response is limited to 4,000 characters. With knowledge of the federal reporting of Race/Ethnicity reporting standard, there has been an increase in reporting accuracy. LEP identification is aligned with the Federal Program requirements and entered into the state's student information system by the LEAs.

## 1.3.3.3 Student Academic Achievement in Science - Grade 5

Grade 5	# Students Who Received a Valid Score and for Whom a Proficiency Level Was Assigned	# Students Scoring at or Above Proficient	Percentage of Students Scoring at or Above Proficient
All students			
American Indian or Alaska Native			
Asian or Pacific Islander			
<i>Asian</i>			
<i>Native Hawaiian or other Pacific Islander</i>			
Black or African American			
Hispanic or Latino			
White			
Two or more races			
Children with disabilities ( <i>IDEA</i> )			
Limited English proficient (LEP) students			
Economically disadvantaged students			
Migratory students			
Male			
Female			
<b>Comments:</b> The response is limited to 4,000 characters. Science at the elementary school level is administered at the 4th grade.			

## 1.3.1.4 Student Academic Achievement in Mathematics - Grade 6

Grade 6	# Students Who Received a Valid Score and for Whom a Proficiency Level Was Assigned	# Students Scoring at or Above Proficient	Percentage of Students Scoring at or Above Proficient
All students	50,040	S	50.1
American Indian or Alaska Native	61	S	46
Asian or Pacific Islander	960	S	69
<i>Asian</i>	911	S	70
<i>Native Hawaiian or other Pacific Islander</i>	49	S	55
Black or African American	5,079	S	26.7
Hispanic or Latino	2,844	S	37
White	39,536	S	53.7
Two or more races	1,553	S	45
Children with disabilities ( <i>IDEA</i> )	6,122	S	20.4
Limited English proficient (LEP) students	1,041	S	13
Economically disadvantaged students	30,570	S	38.9
Migratory students	156	S	30
Male	25,598	S	48.2
Female	24,442	S	52.0

**Comments:** The response is limited to 4,000 characters. LEP identification is aligned with the Federal Program requirements and entered into the state's student information system by the LEAs.

## 1.3.2.4 Student Academic Achievement in Reading/Language Arts - Grade 6

Grade 6	# Students Who Received a Valid Score and for Whom a Proficiency Level Was Assigned	# Students Scoring at or Above Proficient	Percentage of Students Scoring at or Above Proficient
All students	49,870	S	55.5
American Indian or Alaska Native	61	S	56
Asian or Pacific Islander	922	S	69
<i>Asian</i>	874	S	70
<i>Native Hawaiian or other Pacific Islander</i>	48	S	56
Black or African American	5,041	S	31.6
Hispanic or Latino	2,770	S	43
White	39,516	S	59.3
Two or more races	1,553	S	50
Children with disabilities ( <i>IDEA</i> )	6,118	S	25.2
Limited English proficient (LEP) students	872	S	14
Economically disadvantaged students	30,435	S	44.9
Migratory students	150	S	38
Male	25,509	S	51.9
Female	24,361	S	59.3

**Comments:** The response is limited to 4,000 characters. LEP identification is aligned with the Federal Program requirements and entered into the state's student information system by the LEAs.

## 1.3.3.4 Student Academic Achievement in Science - Grade 6

Grade 6	# Students Who Received a Valid Score and for Whom a Proficiency Level Was Assigned	# Students Scoring at or Above Proficient	Percentage of Students Scoring at or Above Proficient
All students			
American Indian or Alaska Native			
Asian or Pacific Islander			
<i>Asian</i>			
<i>Native Hawaiian or other Pacific Islander</i>			
Black or African American			
Hispanic or Latino			
White			
Two or more races			
Children with disabilities ( <i>IDEA</i> )			
Limited English proficient (LEP) students			
Economically disadvantaged students			
Migratory students			
Male			
Female			
<b>Comments:</b> The response is limited to 4,000 characters. Science at the middle school level is administered at the 7th grade.			

## 1.3.1.5 Student Academic Achievement in Mathematics - Grade 7

Grade 7	# Students Who Received a Valid Score and for Whom a Proficiency Level Was Assigned	# Students Scoring at or Above Proficient	Percentage of Students Scoring at or Above Proficient
All students	49,982	S	45.3
American Indian or Alaska Native	61	S	43
Asian or Pacific Islander	920	S	69
<i>Asian</i>	877	S	70
<i>Native Hawaiian or other Pacific Islander</i>	43	S	44
Black or African American	5,324	S	21.7
Hispanic or Latino	2,827	S	33
White	39,397	S	49.1
Two or more races	1,450	S	39
Children with disabilities ( <i>IDEA</i> )	5,905	S	17.8
Limited English proficient (LEP) students	1,053	S	10
Economically disadvantaged students	30,246	S	33.5
Migratory students	131	S	25
Male	25,612	S	43.7
Female	24,370	S	47.0
<b>Comments:</b> The response is limited to 4,000 characters. LEP identification is aligned with the Federal Program requirements and entered into the state's student information system by the LEAs. Students identified as Migratory are based on the same students reported in MIS2000 as required by the Federal Program.			

## 1.3.2.5 Student Academic Achievement in Reading/Language Arts - Grade 7

Grade 7	# Students Who Received a Valid Score and for Whom a Proficiency Level Was Assigned	# Students Scoring at or Above Proficient	Percentage of Students Scoring at or Above Proficient
All students	49,810	S	56.7
American Indian or Alaska Native	61	S	52
Asian or Pacific Islander	873	S	72
<i>Asian</i>	831	S	72
<i>Native Hawaiian or other Pacific Islander</i>	42	S	60
Black or African American	5,293	S	33.1
Hispanic or Latino	2,743	S	45
White	39,385	S	60.5
Two or more races	1,452	S	52
Children with disabilities ( <i>IDEA</i> )	5,904	S	25.3
Limited English proficient (LEP) students	877	S	9
Economically disadvantaged students	30,112	S	45.9
Migratory students	118	S	33
Male	25,526	S	51.9
Female	24,284	S	61.7
<b>Comments:</b> The response is limited to 4,000 characters. LEP identification is aligned with the Federal Program requirements and entered into the state's student information system by the LEAs. Students identified as Migratory are based on the same students reported in MIS2000 as required by the Federal Program.			

1.3.3.5 Student Academic Achievement in Science - Grade 7

Grade 7	# Students Who Received a Valid Score and for Whom a Proficiency Level Was Assigned	# Students Scoring at or Above Proficient	Percentage of Students Scoring at or Above Proficient
All students			
American Indian or Alaska Native			
Asian or Pacific Islander			
<i>Asian</i>			
<i>Native Hawaiian or other Pacific Islander</i>			
Black or African American			
Hispanic or Latino			
White			
Two or more races			
Children with disabilities ( <i>IDEA</i> )			
Limited English proficient (LEP) students			
Economically disadvantaged students			
Migratory students			
Male			
Female			

**Comments:** The response is limited to 4,000 characters. Kentucky assessed science with a Norm-Referenced Test (NRT) and performance level results are not available. This was part of the approved ESEA Waiver and is noted in that document. Additionally, conversations and correspondence have occurred with the U.S. Department of Education (USED) about the steps Kentucky is proceeding with to implement a new science test and we are on track to do so.

**1.3.1.6 Student Academic Achievement in Mathematics - Grade 8**

<b>Grade 8</b>	<b># Students Who Received a Valid Score and for Whom a Proficiency Level Was Assigned</b>	<b># Students Scoring at or Above Proficient</b>	<b>Percentage of Students Scoring at or Above Proficient</b>
All students	49,434	S	45.5
American Indian or Alaska Native	61	S	41
Asian or Pacific Islander	798	S	68
<i>Asian</i>	763	S	70
<i>Native Hawaiian or other Pacific Islander</i>	35	S	34
Black or African American	5,346	S	23.3
Hispanic or Latino	2,731	S	33
White	39,087	S	49.3
Two or more races	1,404	S	36
Children with disabilities ( <i>IDEA</i> )	5,384	S	15.6
Limited English proficient (LEP) students	1,098	S	11
Economically disadvantaged students	29,490	S	34.1
Migratory students	120	S	30
Male	25,506	S	43.0
Female	23,928	S	48.1

**Comments:** The response is limited to 4,000 characters. LEP identification is aligned with the Federal Program requirements and entered into the state's student information system by the LEAs.

**1.3.2.6 Student Academic Achievement in Reading/Language Arts - Grade 8**

<b>Grade 8</b>	<b># Students Who Received a Valid Score and for Whom a Proficiency Level Was Assigned</b>	<b># Students Scoring at or Above Proficient</b>	<b>Percentage of Students Scoring at or Above Proficient</b>
All students	49,265	S	53.7
American Indian or Alaska Native	61	S	41
Asian or Pacific Islander	762	S	65
<i>Asian</i>	728	S	66
<i>Native Hawaiian or other Pacific Islander</i>	34	S	44
Black or African American	5,315	S	30.6
Hispanic or Latino	2,637	S	41
White	39,079	S	57.8
Two or more races	1,404	S	45
Children with disabilities ( <i>IDEA</i> )	5,384	S	20.4
Limited English proficient (LEP) students	926	S	8
Economically disadvantaged students	29,359	S	43.4
Migratory students	113	S	39
Male	25,417	S	47.7
Female	23,848	S	60.2

**Comments:** The response is limited to 4,000 characters. LEP identification is aligned with the Federal Program requirements and entered into the state's student information system by the LEAs.

## 1.3.3.6 Student Academic Achievement in Science - Grade 8

Grade 8	# Students Who Received a Valid Score and for Whom a Proficiency Level Was Assigned	# Students Scoring at or Above Proficient	Percentage of Students Scoring at or Above Proficient
All students			
American Indian or Alaska Native			
Asian or Pacific Islander			
<i>Asian</i>			
<i>Native Hawaiian or other Pacific Islander</i>			
Black or African American			
Hispanic or Latino			
White			
Two or more races			
Children with disabilities ( <i>IDEA</i> )			
Limited English proficient (LEP) students			
Economically disadvantaged students			
Migratory students			
Male			
Female			
<b>Comments:</b> The response is limited to 4,000 characters. Science at the middle school level is administered at the 7th grade.			

**1.3.1.7 Student Academic Achievement in Mathematics - High School**

High School	# Students Who Received a Valid Score and for Whom a Proficiency Level Was Assigned	# Students Scoring at or Above Proficient	Percentage of Students Scoring at or Above Proficient
All students	46,165	S	42.7
American Indian or Alaska Native	54	S	41
Asian or Pacific Islander	784	S	69
<i>Asian</i>	746	S	70
<i>Native Hawaiian or other Pacific Islander</i>	38	S	55
Black or African American	4,592	S	27.8
Hispanic or Latino	1,863	S	36
White	37,849	S	44.5
Two or more races	1,020	S	39
Children with disabilities ( <i>IDEA</i> )	3,672	S	14.8
Limited English proficient (LEP) students	530	S	18
Economically disadvantaged students	24,021	S	31.9
Migratory students	70	S	27
Male	23,229	S	41.1
Female	22,936	S	44.4

**Comments:** The response is limited to 4,000 characters. Race/Ethnicity identification of students is taken from the state's student information system as it is collected by the LEAs. LEP identification is aligned with the Federal Program requirements and entered into the state's student information system by the LEAs. Students identified as Migratory are based on the same students reported in MIS2000 as required by the Federal Program. Student demographics are collected by the LEAs in compliance with the appropriate Federal Program requirements.

**1.3.2.7 Student Academic Achievement in Reading/Language Arts - High School**

High School	# Students Who Received a Valid Score and for Whom a Proficiency Level Was Assigned	# Students Scoring at or Above Proficient	Percentage of Students Scoring at or Above Proficient
All students	49,731	S	57.0
American Indian or Alaska Native	74	S	53
Asian or Pacific Islander	836	S	62
<i>Asian</i>	799	S	62
<i>Native Hawaiian or other Pacific Islander</i>	37	S	59
Black or African American	5,213	S	33.8
Hispanic or Latino	2,265	S	41
White	40,147	S	60.8
Two or more races	1,184	S	54
Children with disabilities ( <i>IDEA</i> )	4,972	S	14.6
Limited English proficient (LEP) students	813	S	4
Economically disadvantaged students	27,592	S	45.2
Migratory students	86	S	24
Male	25,385	S	50.2
Female	24,346	S	64.0

**Comments:** The response is limited to 4,000 characters. Race/Ethnicity identification of students is taken from the state's student information system as it is collected by the LEAs. LEP identification is aligned with the Federal Program requirements and entered into the state's student information system by the LEAs. Students identified as Migratory are based on the same students reported in MIS2000 as required by the Federal Program. Student demographics are collected by the LEAs in compliance with the appropriate Federal Program requirements.

## 1.3.3.7 Student Academic Achievement in Science - High School

High School	# Students Who Received a Valid Score and for Whom a Proficiency Level Was Assigned	# Students Scoring at or Above Proficient	Percentage of Students Scoring at or Above Proficient
All students	47,389	S	38.0
American Indian or Alaska Native	57	S	28
Asian or Pacific Islander	849	S	53
<i>Asian</i>	807	S	54
<i>Native Hawaiian or other Pacific Islander</i>	42	S	33
Black or African American	4,657	S	15.8
Hispanic or Latino	2,070	S	28
White	38,633	S	41.0
Two or more races	1,110	S	33
Children with disabilities ( <i>IDEA</i> )	3,990	S	7.1
Limited English proficient (LEP) students	702	S	5
Economically disadvantaged students	25,677	S	26.1
Migratory students	93	S	17
Male	24,109	S	38.2
Female	23,280	S	37.8

**Comments:** The response is limited to 4,000 characters. Race/Ethnicity identification of students is taken from the state's student information system as it is collected by the LEAs. LEP identification is aligned with the Federal Program requirements and entered into the state's student information system by the LEAs. Students identified as Migratory are based on the same students reported in MIS2000 as required by the Federal Program. Student demographics are collected by the LEAs in compliance with the appropriate Federal Program requirements.

**1.4 SCHOOL AND DISTRICT ACCOUNTABILITY**

This section collects data on the Adequate Yearly Progress (AYP) status of schools and districts.

**1.4.1 All Schools and Districts Accountability**

Per the *Every Student Succeeds Act (ESSA)* FAQs located at the following link, some data in this section are no longer required: <http://www2.ed.gov/policy/elsec/leg/essa/faq/essa-faqs.pdf>

For an SEA that has not received ESEA flexibility, or an SEA that received availability without the optional waiver to not make AYP determinations for LEAs and schools:

In the table below, provide the total number of public elementary and secondary schools and districts in the State, including charters, and the total number of those schools and districts that made AYP based on data for SY 2015-16. The percentage that made AYP will be calculated automatically.

Entity	Total #	Total # that Made AYP in SY 2015-16	Percentage that Made AYP in SY 2015-16
Schools			
Districts			

**Comments:** The response is limited to 4,000 characters. Kentucky was granted an ESEA flexibility waiver, with implementation beginning in school year 2012-13 and did not provide AYP.

For an SEA with an approved ESEA flexibility request that includes the optional waiver to not make AYP determinations for LEAs and schools:

In the table below, provide the total number of public elementary and secondary schools and districts in the State, including charters, and the total number of those schools and districts that made all of their AMOs, the 95 percent participation rate, and other academic indicator <sup>4</sup> based on data for SY 2015-16. The percentage will be calculated automatically.

Entity	Total #	Total # that Met All AMOs, 95 Percent Participation Rate, and Other Academic Indicator in SY 2015-16	Percentage that Met All AMOs, 95 Percent Participation Rate and Other Academic Indicator in SY 2015-16
Schools			
Districts			

**Comments:** The response is limited to 4,000 characters. Kentucky was granted an ESEA flexibility waiver, with implementation beginning in school year 2012-13 and did not provide AYP.

<sup>4</sup> For a high school, the other academic indicator is always graduation rate.

**1.4.2 Title I School Accountability**

Per the *ESSA* FAQs located at the following link, some data in this section are no longer required: <http://www2.ed.gov/policy/elsec/leg/essa/faq/essa-faqs.pdf>

For an SEA that has not received ESEA flexibility, or an SEA that received ESEA flexibility without the optional waiver to not make AYP determinations for LEAs and schools:

In the table below, provide the total number of public Title I schools by type and the total number of those schools that made AYP based on data for SY 2015-16. Include only public Title I schools. Do not include Title I programs operated by local educational agencies in private schools. The percentage that made AYP will be calculated automatically.

Title I School	# Title I Schools	# Title I Schools that Made AYP in SY 2015-16	Percentage of Title I Schools that Made AYP in SY 2015-16
All Title I schools			
Schoolwide (SWP) Title I schools			
Targeted assistance (TAS) Title I schools			

**Comments:** The response is limited to 4,000 characters. Kentucky was granted an ESEA flexibility waiver, with implementation beginning in school year 2012-13 and did not provide AYP.

For an SEA with an approved ESEA flexibility request that includes the optional waiver to not make AYP determinations for LEAs and schools:

In the table below, provide the total number of public Title I schools by type and the total number of those schools that made all of their AMOs, the 95 percent participation rate, and the other academic indicator <sup>5</sup> based on data for SY 2015-16. Include only public Title I schools. Do not include Title I programs operated by LEAs in private schools. The percentage will be calculated automatically.

Title I School	# Title I Schools	# Title I Schools that Met All AMOs, 95 Percent Participation Rate, and Other Academic Indicator in SY 2015-16	Percentage of Title I Schools that Met All AMOs, 95 Percent Participation Rate, and Other Academic Indicator in SY 2015-16
All Title I schools			
Schoolwide (SWP) Title I schools			
Targeted assistance (TAS) Title I schools			

**Comments:** The response is limited to 4,000 characters. Kentucky was granted an ESEA flexibility waiver, with implementation beginning in school year 2012-13 and did not provide AYP.

<sup>5</sup> For a high school, the other academic indicator is always graduation rate.

**1.4.3 Accountability of Districts That Received Title I Funds**

Per the ESSA FAQs located at the following link, some data in this section are no longer required: <http://www2.ed.gov/policy/elsec/leg/essa/faq/essa-faqs.pdf>

For an SEA that has not received ESEA flexibility, or an SEA that received ESEA flexibility without the optional waiver to not make AYP determinations for LEAs and schools:

In the table below, provide the total number of districts that received Title I funds and the total number of those districts that made AYP based on data for SY 2015-16. The percentage that made AYP will be calculated automatically.

# Districts That Received Title I Funds in SY 2015-16	# Districts That Received Title I Funds and Made AYP in SY 2015-16	Percentage of Districts That Received Title I Funds and Made AYP in SY 2015-16
<b>Comments:</b> The response is limited to 4,000 characters. Kentucky was granted an ESEA flexibility waiver, with implementation beginning in school year 2012-13 and did not provide AYP.		

For an SEA with an approved ESEA flexibility request that includes the optional waiver to not make AYP determinations for LEAs and schools:

In the table below, provide the total number of districts that received Title I funds and the total number of those districts that met all of their AMOs, the 95 percent participation rate, and other academic indicator<sup>6</sup> based on data for SY 2015-16. The percentage will be calculated automatically.

# Districts That Received Title I Funds in SY 2015-16	# Districts That Received Title I Funds and Met All AMOs, 95 percent Participation Rate, and Other Academic Indicator in SY 2015-16	Percentage of Districts That Received Title I Funds and Met All AMOs, 95 percent Participation Rate, and Other Academic Indicator in SY 2015-16
<b>Comments:</b> The response is limited to 4,000 characters. Kentucky was granted an ESEA flexibility waiver, with implementation beginning in school year 2012-13 and did not provide AYP.		

<sup>6</sup> For a high school, the other academic indicator is always graduation rate.

**1.4.4.3 Corrective Action**

In the table below, for schools in corrective action, provide the number of schools for which the listed corrective actions under *ESEA* were implemented in SY 2015-16 (based on SY 2014-15 assessments under Section 1111 of *ESEA*).

<b>Corrective Action</b>	<b># of Title I Schools in Corrective Action in Which the Corrective Action was Implemented in SY 2015-16</b>
Required implementation of a new research-based curriculum or instructional program	
Extension of the school year or school day	
Replacement of staff members, not including the principal, relevant to the school's low performance	
Significant decrease in management authority at the school level	
Replacement of the principal	
Restructuring the internal organization of the school	
Appointment of an outside expert to advise the school	
<b>Comments:</b> The response is limited to 4,000 characters. Kentucky was granted an ESEA flexibility waiver, with implementation beginning in school year 2012-13. Under this waiver, schools were no longer required to implement corrective actions.	

**1.4.4.4 Restructuring – Year 2**

In the table below, for schools in restructuring – year 2 (implementation year), provide the number of schools for which the listed restructuring actions under *ESEA* were implemented in SY 2015-16 (based on SY 2014-15 assessments under Section 1111 of *ESEA*).

<b>Restructuring Action</b>	<b># of Title I Schools in Restructuring in Which Restructuring Action Is Being Implemented</b>
Replacement of all or most of the school staff (which may include the principal)	
Reopening the school as a public charter school	
Entering into a contract with a private entity to operate the school	
Takeover the school by the State	
Other major restructuring of the school governance	
<b>Comments:</b> The response is limited to 4,000 characters. Kentucky was granted an ESEA flexibility waiver, with implementation beginning in school year 2012-13. Under this waiver schools were no longer required to implement restructuring actions.	

In the space below, list specifically the "other major restructuring of the school governance" action(s) that were implemented.

The response is limited to 8,000 characters.

Kentucky was granted an ESEA flexibility waiver, with implementation beginning in school year 2012-13. Under this waiver schools were no longer required to implement corrective and restructuring actions.

**1.4.5.2 Actions Taken for Districts That Received Title I Funds and Were Identified for Improvement**

In the space below, briefly describe the measures being taken to address the achievement problems of districts identified for improvement or corrective action. Include a discussion of the technical assistance provided by the State (e.g., the number of districts served, the nature and duration of assistance provided, etc.).

The response is limited to 8,000 characters.

Focus Districts were required to revise their district improvement plans and post the plans on their websites. These districts' improvement plans were required to address specific components to ensure the reduction of student achievement gaps and graduation rate gaps.

Various tools and diagnostics within and accompanying Kentucky's planning module were provided and geared toward gap reduction. These tools included 30-60-90-day plans; "The Missing Piece" parent involvement tool and resources; program reviews; a work place conditions survey; and others. Extensive resources, guidance, and trainings were provided to ensure that all districts knew how to access and effectively use these tools.

Throughout the year, all Focus Districts had opportunities to participate in professional development supported by various offices within the Kentucky Department of Education. Opportunities included participation in instructional leadership networks; content leadership networks; and other curricular and instructional professional development.

**1.4.5.3 Corrective Action**

In the table below, for districts in corrective action, provide the number of districts in corrective action in which the listed corrective actions under ESEA were implemented in SY 2015-16 (based on SY 2014-15 assessments under Section 1111 of ESEA).

Corrective Action	# of Districts receiving Title I funds in Corrective Action in Which Corrective Action was Implemented in SY 2015-16
Implemented a new curriculum based on State standards	0
Authorized students to transfer from district schools to higher performing schools in a neighboring district	0
Deferred programmatic funds or reduced administrative funds	0
Replaced district personnel who are relevant to the failure to make AYP	0
Removed one or more schools from the jurisdiction of the district	0
Appointed a receiver or trustee to administer the affairs of the district	0
Restructured the district	0
Abolished the district (list the number of districts abolished between the end of SY 2014-15 and beginning of SY 2015-16 as a corrective action)	0
<b>Comments:</b> The response is limited to 4,000 characters. Kentucky was granted an ESEA flexibility waiver, with implementation beginning in school year 2012-13. Under this waiver, LEAs were no longer required to implement corrective actions.	

**1.4.7 Appeal of AYP and Identification Determinations**

In the table below, provide the number of districts and schools that appealed their AYP designations based on SY 2015-16 data and the results of those appeals.

Entity	# Appealed Their AYP Designations	# Appeals Resulted in a Change in the AYP Designation
Districts	0	0
Schools	0	0
<b>Comments:</b> The response is limited to 4,000 characters. Kentucky was granted an ESEA flexibility waiver, with implementation beginning in school year 2012-13. Under this waiver, LEAs were no longer required to implement corrective actions.		

In the table below, provide the data by which processing appeals based on SY 2015-16 data was complete.

Processing Appeals completion	Date
Date (MM/DD/YY) that processing appeals based on SY 2015-16 data was complete	

**1.4.8 Sections 1003(a) and (g) School Improvement Funds**

In the section below, "schools in improvement" refers to Title I schools identified for improvement, corrective action, or restructuring under Section 1116 of *ESEA*.

**1.4.8.5 Use of Sections 1003(a) and (g) School Improvement Funds.****1.4.8.5.1 Section 1003(a) State Reservations**

In the space provided, enter the percentage of the FY 2015 (SY 2015-16) Title I, Part A allocation that the SEA reserved in accordance with Section 1003(a) of *ESEA* and §200.100(a) of ED's regulations governing the reservation of funds for school improvement under Section 1003(a) of *ESEA*: 4.00 %

**Comments:** The response is limited to 4,000 characters.

**1.4.8.5.2 Section 1003(a) and 1003(g) Allocations to LEAs and Schools**

The data for this question are reported through *EDFacts* files and compiled in the EDEN012 "Section 1003(a) and 1003(g) Allocations to LEAs and Schools" report in the *EDFacts* Reporting System (ERS). The *EDFacts* files and data groups used in this report are listed in the CSPR Crosswalk. The CSPR Data Key contains more detailed information on how the data are populated into the report.

Before certifying Part I of the CSPR, a state user must run the EDEN012 report in ERS and verify that the state's data are correct. The final, certified data from this report will be made publicly available alongside the state's certified CSPR PDF.

**1.4.8.5.3 Use of Section 1003(g)(8) Funds for Evaluation and Technical Assistance**

Section 1003(g)(8) of *ESEA* allows States to reserve up to five percent of Section 1003(g) funds for administration and to meet the evaluation and technical assistance requirements for this program. In the space below, identify and describe the specific Section 1003(g) evaluation and technical assistance activities that your State conducted during SY 2015-16.

This response is limited to 8,000 characters.

During the 2015-16 school year, the state provided technical assistance to schools awarded 1003(g) funds via Educational Recovery staff. Educational Recovery staff were responsible for helping to identify needs; develop and carry-out a plan to meet those needs and build capacity within the schools; and monitor the school's progress in meeting those needs and improving student achievement.

Evaluation of the 1003(g) School Improvement Grant program was provided through a contract awarded to the University of Kentucky.

**1.4.8.6 Actions Taken for Title I Schools Identified for Improvement Supported by Funds Other than Those of Sections 1003(a) and 1003(g).**

In the space below, describe actions (if any) taken by your State in SY 2015-16 that were supported by **funds other than Sections 1003(a) and 1003(g) funds** to address the achievement problems of schools identified for improvement, corrective action, or restructuring under Sections 1116 of *ESEA*.

The response is limited to 8,000 characters.

Focus and Priority Schools were required to revise their district improvement plans. These schools' improvement plans were required to address specific components to ensure the reduction of student achievement gaps and graduation rate gaps.

Various tools and diagnostics within and accompanying Kentucky's planning module were provided and geared toward gap reduction. These tools included 30-60-90-day plans; "The Missing Piece" parent involvement tool and resources; program reviews; a work place conditions survey; and others. Extensive resources, guidance, and trainings were provided to ensure that all schools knew how to access and effectively use these tools.

Throughout the year, all Focus and Priority Schools had opportunities to participate in professional development supported by various offices within the Kentucky Department of Education. Opportunities included participation in instructional leadership networks; content leadership networks; and other curricular and instructional professional development.

Each Title I, Part A served district is provided a consultant by the Kentucky Department of Education. These consultants help districts find solutions to Title I, Part A issues that may occur at the district and school levels. Each of these consultants also serves as the direct contact for a group of Focus Schools, providing Focus Schools with resources or contacts to resources.

**1.4.9 Public School Choice and Supplemental Educational Services**

This section collects data on public school choice and supplemental educational services.

**1.4.9.1 Public School Choice**

This section collects data on public school choice. FAQs related to the public school choice provisions are at the end of this section.

**1.4.9.1.2 Public School Choice – Students**

In the table below, provide:

The number of students who were eligible for public school choice, the number of eligible students who applied to transfer, and the number who transferred under the provisions for public school choice under Section 1116 of *ESEA*.

The number of students who were eligible for public school choice should include:

1. All students currently enrolled in a Title I school identified for improvement, corrective action or restructuring.
2. All students who transferred in the current school year under the public school choice provisions of Section 1116, and
3. All students who previously transferred under the public school choice provisions of Section 1116 and are continuing to transfer for the current school year under Section 1116.

The number of students who applied to transfer should include:

1. All students who applied to transfer in the current school year but did not or were unable to transfer.
2. All students who transferred in the current school year under the public school choice provisions of Section 1116; and
3. All students who previously transferred under the public school choice provisions of Section 1116 and are continuing to transfer for the current school year under Section 1116.

For any of the respective student counts, States should indicate in the Comment section if the count does not include any of the categories of students discussed above.

<b>Public School Choice</b>	<b># Students</b>
Eligible for public school choice	
Applied to transfer	
Transferred to another school under the Title I public school choice provisions	
<b>Comments:</b> The response is limited to 4,000 characters. Kentucky was granted an ESEA flexibility waiver, with implementation beginning in school year 2012-13. Under this waiver, LEAs were no longer required to implement public school choice.	

**1.4.9.1.3 Funds Spent on Public School Choice**

In the table below, provide the total dollar amount spent by LEAs on transportation for public school choice under Section 1116 of ESEA.

<b>Transportation for Public School Choice</b>	<b>Dollars Spent</b>
Dollars spent by LEAs on transportation for public school choice	\$

**1.4.9.1.4 Availability of Public School Choice Options**

In the table below provide the number of LEAs in your State that are unable to provide public school choice to eligible students due to any of the following reasons:

1. All schools at a grade level in the LEA are in school improvement, corrective action, or restructuring.
2. LEA only has a single school at the grade level of the school at which students are eligible for public school choice.
3. LEA's schools are so remote from one another that choice is impracticable.

<b>Unable to Provide Public School Choice</b>	<b># LEAs</b>
LEAs Unable to Provide Public School Choice	0

**FAQs about public school choice:**

- a. *How should States report data on Title I public school choice for those LEAs that have open enrollment and other school choice programs?* For those LEAs that implement open enrollment or other school choice programs in addition to public school choice under Section 1116 of ESEA, the State may consider a student as having applied to transfer if the student meets the following:
- Has a "home" or "neighborhood" school (to which the student would have been assigned, in the absence of a school choice program) that receives Title I funds and has been identified, under the statute, as in need of improvement, corrective action, or restructuring; and
  - Has elected to enroll, at some point since July 1, 2002 (the effective date of the Title I choice provisions), and after the home school has been identified as in need of improvement, in a school that has not been so identified and is attending that school; and
  - Is using district transportation services to attend such a school.

In addition, the State may consider costs for transporting a student meeting the above conditions towards the funds spent by an LEA on transportation for public school choice if the student is using district transportation services to attend the non-identified school.<sup>7</sup> Adapted from Public School Choice Non-Regulatory Guidance, Available at: <http://www.ed.gov/policy/elsec/guid/schoolchoiceguid.doc>

- b. *How should States report on public school choice for those LEAs that are not able to offer public school choice?* In the count of LEAs that are not able to offer public school choice (for any of the reasons specified in 1.4.9.1.4), States should include those LEAs that are unable to offer public school choice at one or more grade levels. For instance, if an LEA is able to provide public school choice to eligible students at the elementary level but not at the secondary level, the State should include the LEA in the count. States should also include LEAs that are not able to provide public school choice at all (i.e., at any grade level). States should provide the reason(s) why public school choice was not possible in these LEAs at the grade level(s) in the Comment section. In addition, States may also include in the Comment section a separate count just of LEAs that are not able to offer public school choice at any grade level.

For LEAs that are not able to offer public school choice at one or more grade levels, States should count as eligible for public school choice (in 1.4.9.1.2) all students who attend identified Title I schools regardless of whether the LEA is able to offer the students public school choice.

**Comments:** The response is limited to 4,000 characters. Kentucky was granted an ESEA flexibility waiver, with implementation beginning in school year 2012-13. Under this waiver, LEAs were no longer required to implement public school choice.

**1.4.9.2 Supplemental Educational Services**

This section collects data on supplemental educational services.

**1.4.9.2.2 Supplemental Educational Services – Students**

In the table below, provide the number of students who were eligible for, who applied for, and who received supplemental educational services under Section 1116 of ESEA.

The number of students who received supplemental educational services should include all students who were enrolled with a provider and participated in some hours of services. States and LEAs have the discretion to determine the minimum number of hours of participation needed by a student to be considered as having received services.

<b>Supplemental Educational Services</b>	<b># Students</b>
Eligible for supplemental educational services	
Applied for supplemental educational services	
Received supplemental educational services	
<b>Comments:</b> The response is limited to 4,000 characters. Kentucky was granted an ESEA flexibility waiver, with implementation beginning in the 2012-13 school year. Under this waiver, LEAs were no longer required to implement supplemental educational services.	

**1.4.9.2.3 Funds Spent on Supplemental Educational Services**

In the table below, provide the total dollar amount spent by LEAs on supplemental educational services under Section 1116 of ESEA.

<b>Spending on Supplemental Educational Services</b>	<b>Dollars Spent</b>
Dollars spent by LEAs on supplemental educational services	\$
<b>Comments:</b> The response is limited to 4,000 characters. Kentucky was granted an ESEA flexibility waiver, with implementation beginning in the 2012-13 school year. Under this waiver, LEAs were no longer required to implement supplemental educational services.	

**1.5 TEACHER QUALITY**

This section collects data on "highly qualified" teachers as the term is defined in Section 9101(23) of the ESEA.

**1.5.1 Core Academic Classes Taught by Teachers Who Are Highly Qualified**

In the table below, provide the number of core academic classes for the grade levels listed, the number of those core academic classes taught by teachers who are highly qualified, and the number taught by teachers who are not highly qualified. The percentage of core academic classes taught by teachers who are highly qualified and the percentage taught by teachers who are not highly qualified will be calculated automatically. Below the table are FAQs about these data.

Classes	Number of Core Academic Classes (Total)	Number of Core Academic Classes Taught by Teachers Who Are Highly Qualified	Percentage of Core Academic Classes Taught by Teachers Who Are Highly Qualified	Number of Core Academic Classes Taught by Teachers Who Are <u>NOT</u> Highly Qualified	Percentage of Core Academic Classes Taught by Teachers Who Are <u>NOT</u> Highly Qualified
All classes	216,879	215,828	99.52	1,051	0.48
All elementary classes	105,366	105,018	99.67	348	0.33
All secondary classes	111,513	110,810	99.37	703	0.63

Do the data in Table 1.5.1 above include classes taught by special education teachers who provide direct instruction in core academic subjects?

Data table includes classes taught by special education teachers who provide direct instruction in core academic subjects.	<u>Yes</u>
--	------------

If the answer above is no, please explain below. The response is limited to 8,000 characters.

--

Does the State count elementary classes so that a full-day self-contained classroom equals one class, or does the State use a departmentalized approach where a classroom is counted multiple times, once for each subject taught?

The response is limited to 8,000 characters.

Kentucky has a data standard in place that requires elementary schools to use a departmentalized approach where a classroom is counted multiple times.
--

**FAQs about highly qualified teachers and core academic subjects:**

- a. *What are the core academic subjects?* English, reading/language arts, mathematics, science, foreign languages, civics and government, economics, arts, history, and geography [Title IX, Section 9101(11)]. While the statute includes the arts in the core academic subjects, it does not specify which of the arts are core academic subjects; therefore, States must make this determination.
- b. *How is a teacher defined?* An individual who provides instruction in the core academic areas to kindergarten, grades 1 through 12, or ungraded classes, or individuals who teach in an environment other than a classroom setting (and who maintain daily student attendance records) [from NCES, CCD, 2001-02]
- c. *How is a class defined?* A class is a setting in which organized instruction of core academic course content is provided to one or more students (including cross-age groupings) for a given period of time. (A course may be offered to more than one class.) Instruction, provided by one or more teachers or other staff members, may be delivered in person or via a different medium. Classes that share space should be considered as separate classes if they function as separate units for more than 50% of the time [from NCES Non-fiscal Data Handbook for Early Childhood, Elementary, and Secondary Education, 2003].
- d. *Should 6th-, 7th-, and 8th-grade classes be reported in the elementary or the secondary category?* States are responsible for determining whether the content taught at the middle school level meets the competency requirements for elementary or secondary instruction. Report classes in grade 6 through 8 consistent with how teachers have been classified to determine their highly qualified status, regardless of whether their schools are configured as elementary or middle schools.
- e. *How should States count teachers (including specialists or resource teachers) in elementary classes?* States that count self-contained classrooms as one class should, to avoid over-representation, also count subject-area specialists (e.g., mathematics or music teachers) or resource teachers as teaching one class. On the other hand, States using a departmentalized approach to instruction where a self-contained classroom is counted multiple times (once for each subject taught) should also count subject-area specialists or resource teachers as teaching multiple classes.
- f. *How should States count teachers in self-contained multiple-subject secondary classes?* Each core academic subject taught for which students are receiving credit toward graduation should be counted in the numerator and the denominator. For example, if the same teacher teaches English, calculus, history, and science in a self-contained classroom, count these as four classes in the denominator. If the teacher is Highly Qualified to teach English and history, he/she would be counted as Highly Qualified in two of the four subjects in the numerator.
- g. *What is the reporting period?* The reporting period is the school year. The count of classes must include all semesters, quarters, or terms of the school year. For example, if core academic classes are held in summer sessions, those classes should be included in the count of core academic classes. A state determines into which school year classes fall.

**1.5.2 Reasons Core Academic Classes Are Taught by Teachers Who Are Not Highly Qualified**

In the tables below, estimate the percentages for each of the reasons why teachers who are not highly qualified teach core academic classes. For example, if 900 elementary classes were taught by teachers who are not highly qualified, what percentage of those 900 classes falls into each of the categories listed below? If the three reasons provided at each grade level are not sufficient to explain why core academic classes at a particular grade level are taught by teachers who are not highly qualified, use the row labeled "other" and explain the additional reasons. The total of the reasons is calculated automatically for each grade level and must equal 100% at the elementary level and 100% at the secondary level.

**Note:** Use the numbers of core academic classes taught by teachers who are not highly qualified from 1.5.1 for both elementary school classes (1.5.2.1) and for secondary school classes (1.5.2.2) as your starting point.

<b>1.5.2.1 Elementary School Classes</b>	
<b>Elementary School Classes</b>	<b>Percentage</b>
Elementary school classes taught by certified general education teachers who did not pass a subject-knowledge test or (if eligible) have not demonstrated subject-matter competency through HOUSSE	2.00
Elementary school classes taught by certified special education teachers who did not pass a subject-knowledge test or have not demonstrated subject-matter competency through HOUSSE	80.00
Elementary school classes taught by teachers who are not fully certified (and are not in an approved alternative route program)	18.00
Other (please explain in comment box below)	
<b>Total</b>	<b>100.00</b>

The response is limited to 8,000 characters.

n/a

<b>1.5.2.2 Secondary School Classes</b>	
<b>Secondary School Classes</b>	<b>Percentage</b>
Secondary school classes taught by certified general education teachers who have not demonstrated subject-matter knowledge in those subjects (e.g., out-of-field teachers)	21.00
Secondary school classes taught by certified special education teachers who have not demonstrated subject-matter competency in those subjects	61.00
Secondary school classes taught by teachers who are not fully certified (and are not in an approved alternative route program)	18.00
Other (please explain in comment box below)	
<b>Total</b>	<b>100.00</b>

The response is limited to 8,000 characters.

n/a

### 1.5.3 Poverty Quartiles and Metrics Used

In the table below, provide the number of core academic classes for each of the school types listed and the number of those core academic classes taught by teachers who are highly qualified. The percentage of core academic classes taught by teachers who are highly qualified will be calculated automatically. The percentages used for high- and low-poverty schools and the poverty metric used to determine those percentages are reported in the second table. Below the tables are FAQs about these data.

**NOTE:** No source of classroom-level poverty data exists, so States may look at school-level data when figuring poverty quartiles. Because not all schools have traditional grade configurations, and because a school may not be counted as both an elementary and as a secondary school, States may include as elementary schools all schools that serve children in grades K through 5 (including K through 8 or K through 12 schools).

This means that *for the purpose of establishing poverty quartiles*, some classes in schools where both elementary and secondary classes are taught would be counted as classes in an elementary school rather than as classes in a secondary school in 1.5.3. This also means that such a 12th grade class would be in a different category in 1.5.3 than it would be in 1.5.1.

School Type	Number of Core Academic Classes (Total)	Number of Core Academic Classes Taught by Teachers Who Are Highly Qualified	Percentage of Core Academic Classes Taught by Teachers Who Are Highly Qualified
Elementary Schools			
High-poverty elementary schools	19,597	19,476	99.38
Low-poverty elementary schools	29,650	29,609	99.86
Secondary Schools			
High-poverty secondary schools	11,763	11,716	99.60
Low-poverty secondary schools	37,504	37,409	99.75

#### 1.5.3.1 Poverty Quartile Breaks

In the table below, provide the poverty quartiles breaks used in determining high- and low-poverty schools and the poverty metric used to determine the poverty quartiles. Below the table are FAQs about the data collected in this table.

	High-Poverty Schools (more than what %)	Low-Poverty Schools (less than what %)
Elementary schools	78.84	56.87
Poverty metric used	Percentage of free and reduced lunch students.	
Secondary schools	73.58	50.00
Poverty metric used	Percentage of free and reduced lunch students.	

#### FAQs on poverty quartiles and metrics used to determine poverty

- What is a "high-poverty school"?* Section 1111(h)(1)(C)(viii) defines "high-poverty" schools as schools in the top quartile of poverty in the State.
- What is a "low-poverty school"?* Section 1111(h)(1)(C)(viii) defines "low-poverty" schools as schools in the bottom quartile of poverty in the State.
- How are the poverty quartiles determined?* Separately rank order elementary and secondary schools from highest to lowest on your percentage poverty measure. Divide the list into four equal groups. Schools in the first (highest group) are high-poverty schools. Schools in the last group (lowest group) are the low-poverty schools. Generally, States use the percentage of students who qualify for the free or reduced-price lunch program for this calculation.
- Since the poverty data are collected at the school and not classroom level, how do we classify schools as either elementary or secondary for this purpose?* States may include as elementary schools all schools that serve children in grades K through 5 (including K through 8 or K through 12 schools) and would therefore include as secondary schools those that exclusively serve children in grades 6 and higher.

**1.6 TITLE III AND LANGUAGE INSTRUCTIONAL PROGRAMS**

This section collects annual performance and accountability data on the implementation of Title III program.

**1.6.1 Language Instruction Educational program**

In the table below, place a check next to each type of language instruction educational program implemented in the State, as defined under Section 3301(8), as required by Sections 3121(a)(1), 3123(b)(1), and 3123(b)(2).

**Table 1.6.1 Definitions:**

1. **Types of Programs** = Types of programs described in the subgrantee's local plan (as submitted to the State or as implemented) that is closest to the descriptions in [http://www.ncela.us/files/rcd/BE021775/Glossary\\_of\\_Terms.pdf](http://www.ncela.us/files/rcd/BE021775/Glossary_of_Terms.pdf).
2. **Other Language** = Name of the language of instruction, other than English, used in the programs.

Check Types of Programs	Type of Program	Other Language
<u>Yes</u>	Dual language	Spanish
<u>No</u>	Two-way immersion	
<u>No</u>	Transitional bilingual	
<u>No</u>	Developmental bilingual	
<u>No</u>	Heritage language	
<u>Yes</u>	Sheltered English instruction	////////////////////////////////////
<u>Yes</u>	Structured English immersion	////////////////////////////////////
<u>Yes</u>	Specially designed academic instruction delivered in English (SDAIE)	////////////////////////////////////
<u>Yes</u>	Content-based ESL	////////////////////////////////////
<u>Yes</u>	Pull-out ESL	////////////////////////////////////
<u>Yes</u>	Other (explain in comment box below)	////////////////////////////////////

The response is limited to 8,000 characters.

Newcomer Centers are used for middle and high school. Content area tutoring and push in also are used.

**1.6.2 Student Demographic Data**

**1.6.2.1 Number of ALL LEP Students in the State**

In the table below, provide the October 1 count of ALL LEP students in the State who meet the LEP definition under Section 9101(25).

- o Include newly enrolled (recent arrivals to the U.S.) and continually enrolled LEP students, whether or not they receive services in a Title III language instruction educational program.
- o Do not include Former LEP students (as defined in Section 200.20(f)(2) of the Title I regulation) and monitored Former LEP students (as defined under Section 3121(a)(4) of Title III) in the ALL LEP student count in this table.

Number of ALL LEP students in the State	22,042
<b>Comments:</b> The response is limited to 4,000 characters. The number of all LEP students in the state is generated on October 1 whereas the number tested is identified during the LEP testing window (January-February). Therefore, the count of the students and number of students tested are not the same and cannot be compared.	

**1.6.2.2 Number of LEP Students Who Received Title III Language Instruction Educational Program Services**

In the table below, provide the October 1 count of LEP students in the State who received services in Title III language instructional education programs.

LEP Students Receiving Services	#
LEP students who received services in a Title III language instruction educational program in grades K through 12 for this reporting year.	20,848
<b>Comments:</b> The response is limited to 4,000 characters. The number of all LEP students who received services in a Title III language instruction educational program (LIEP) is generated on October 1 whereas the number tested is identified during the LEP testing window (January-February). Therefore, the count of the students and number of students tested are not the same and cannot be compared.	

**1.6.2.3 Most Commonly Spoken Languages in the State**

In the table below, provide the five most commonly spoken languages, other than English, in the State (for all LEP students, not just LEP students who received Title III services). The top five languages should be determined by the highest number of students speaking each of the languages listed.

Language	# LEP Students
Spanish; Castilian	14,089
Arabic	1,134
Somali	646
Nepali	496
Sino-Tibetan (Other)	458

Report additional languages with significant numbers of LEP students in the comment box below.

The response is limited to 8,000 characters.

--

**1.6.3 Student Performance Data**

This section collects data on LEP students' English language proficiency, as required by Sections 1111(h)(4)(D) and 3121(a)(2).

**1.6.3.1.1 All LEP Students Tested on the State Annual English Language Proficiency Assessment**

In the table below, please provide the number of ALL LEP students tested and not tested on annual State English language proficiency (ELP) assessment (as defined in 1.6.2.1).

<b>All LEP Testing</b>	<b>#</b>
Number tested on State annual ELP assessment	22,641
Number not tested on State annual ELP assessment	100
Total	22,741
<b>Comments:</b> The response is limited to 4,000 characters.	

**1.6.3.1.2 ALL LEP Student English Language Proficiency Results**

<b>All LEP Results</b>	<b>#</b>
Number attained proficiency on State annual ELP assessment	S
Percent attained proficiency on State annual ELP assessment	19.5
<b>Comments:</b> The response is limited to 4,000 characters.	

**1.6.3.2.1 Title III LEP Students Tested on the State Annual English Language Proficiency Assessment**

In the table below, provide the number of Title III LEP students tested and not tested on annual State English language proficiency assessment.

<b>Title III LEP Testing</b>		<b>#</b>
Number tested on State annual ELP assessment		21,409
Number not tested on State annual ELP assessment		92
Total		21,501
<b>Comments:</b> The response is limited to 4,000 characters.		

In the table below, provide the number of Title III students who took the State annual ELP assessment for the first time and whose progress cannot be determined and whose results were not included in the calculation for AMAO 1. Report this number ONLY if the State did not include these students in establishing AMAO 1/ making progress target and did not include them in the calculations for AMAO 1/ making progress (# and % making progress).

<b>Title III First Time Tested</b>		<b>#</b>
Number of Title III students who took the State annual ELP assessment for the first time whose progress cannot be determined and whose results were not included in the calculation for AMAO 1.		5,906

**1.6.3.2.2 Title III LEP English Language Proficiency Results**

This section collects information on Title III LEP students' development of English and attainment of English proficiency.

**Table 1.6.3.2.2 Definitions:**

- Annual Measureable Achievement Objectives (AMAOs)** = State targets for the number and percent of students making progress and attaining proficiency.
- Making Progress** = Number and percent of Title III LEP students that met the definition of "Making Progress" as defined by the State and submitted to ED in the Consolidated State Application (CSA), or as amended.
- Attained Proficiency** = Number and percent of Title III LEP students that met the State definition of "Attainment" of English language proficiency submitted to ED in the Consolidated State Application (CSA), or as amended.
- Results** = Number and percent of Title III LEP students that met the State definition of "Making Progress" and the number and percent that met the State definition of "Attainment" of English language proficiency.

In the table below, provide the State targets for the number and percent of students making progress and attaining English proficiency for this reporting period. Additionally, provide the results from the annual State English language proficiency assessment for Title III-served LEP students who participated in a Title III language instruction educational program in grades K through 12. If your State uses cohorts, provide us with the range of targets, (i.e., indicate the lowest target among the cohorts, e.g., 10% and the highest target among a cohort, e.g., 70%).

<b>Title III Results</b>	<b>Results #</b>	<b>Results %</b>	<b>Targets #</b>	<b>Targets %</b>
Making progress	S	61.9	9,302	60.00
Attained proficiency	S	19.1	1,606	7.50
<b>Comments:</b> The response is limited to 4,000 characters.				

**1.6.3.5 Native Language Assessments**

This section collects data on LEP students assessed in their native language (Section 1111(b)(6)) to be used for AYP determinations.

**1.6.3.5.1 LEP Students Assessed in Native Language**

In the table below, check "Yes" if the specified assessment is used for AYP purposes.

<b>Native Language Testing</b>	<b>Yes/No</b>
State offers the State reading/language arts content tests in the students' native language(s).	<u>No</u>
State offers the State mathematics content tests in the students' native language(s).	<u>No</u>
State offers the State science content tests in the students' native language(s).	<u>No</u>
<b>Comments:</b> The response is limited to 4,000 characters. Kentucky only provides the assessments in English.	

**1.6.3.5.2 Native Language of Mathematics Tests Given**

In the table below, report the language(s) in which native language assessments are given for *ESEA* accountability determinations for mathematics.

<b>Language(s)</b>
None
<b>Comments:</b> The response is limited to 4,000 characters. Kentucky only provides the math assessment in English.

**1.6.3.5.3 Native Language of Reading/Language Arts Tests Given**

In the table below, report the language(s) in which native language assessments are given for *ESEA* accountability determinations for reading/language arts.

Language(s)
None
<b>Comments:</b> The response is limited to 4,000 characters. Kentucky only provides the reading/language arts assessment in English.

**1.6.3.5.4 Native Language of Science Tests Given**

In the table below, report the language(s) in which native language assessments are given for *ESEA* accountability determinations for science.

Language(s)
None
<b>Comments:</b> The response is limited to 4,000 characters. Kentucky only provides the science assessment in English.

**1.6.3.6 Title III Served Monitored Former LEP (MFLEP) Students**

This section collects data on the performance of former LEP students as required by Sections 3121(a)(4) and 3123(b)(8).

**1.6.3.6.1 Title III Served MFLEP Students by Year Monitored**

In the table below, report the unduplicated count of monitored former LEP students during the two consecutive years of monitoring, which includes both MFLEP students in AYP grades and in non-AYP grades.

Monitored Former LEP (MFLEP) students include:

- Students who have transitioned out of a language instruction educational program.
- Students who are no longer receiving LEP services and who are being monitored for academic content achievement for 2 years after the transition.

**Table 1.6.3.6.1 Definitions:**

1. **# Year One** = Number of former LEP students in their first year of being monitored.
2. **# Year Two** = Number of former LEP students in their second year of being monitored.
3. **Total** = Number of monitored former LEP students in year one and year two. This is automatically calculated.

# Year One	# Year Two	Total
2,798	2,615	5,413
<b>Comments:</b> The response is limited to 4,000 characters.		

**1.6.3.6.2 MFLEP Students Results for Mathematics**

In the table below, report the number of MFLEP students who took the annual mathematics assessment. Please provide data only for those students who transitioned out of language instruction educational programs and who no longer received services under Title III in this reporting year. These students include both students who are monitored former LEP students in their first year of monitoring, and those in their second year of monitoring.

**Table 1.6.3.6.2 Definitions:**

1. **# Tested** = State-aggregated number of MFLEP students who were tested in mathematics in all AYP grades.
2. **# At or Above Proficient** = State-aggregated number of MFLEP students who scored at or above proficient on the State annual mathematics assessment.
3. **% Results** = Automatically calculated based on number who scored at or above proficient divided by the number tested.
4. **# Below proficient** = State-aggregated number of MFLEP students who did not score proficient on the State annual mathematics assessment. This will be automatically calculated.

# Tested	# At or Above Proficient	% Results	# Below Proficient
4,983	S	51.9	S
<b>Comments:</b> The response is limited to 4,000 characters.			

**1.6.3.6.3 MFLEP Students Results for Reading/Language Arts**

In the table below, report results for MFLEP students who took the annual reading/language arts assessment. Please provide data only for those students who transitioned out of language instruction educational programs and who no longer received services under Title III in this reporting year. These students include both students who are monitored former LEP students in their first year of monitoring, and those in their second year of monitoring.

**Table 1.6.3.6.3 Definitions:**

1. **# Tested** = State-aggregated number of MFLEP students who were tested in reading/language arts in all AYP grades.
2. **# At or Above Proficient** = State-aggregated number of MFLEP students who scored at or above proficient on the State annual reading/language arts assessment.
3. **% Results** = Automatically calculated based on number who scored at or above proficient divided by the total number tested. This will be automatically calculated.
4. **# Below proficient** = State-aggregated number MFLEP students who did not score proficient on the State annual reading/language arts assessment.

# Tested	# At or Above Proficient	% Results	# Below Proficient
5,067	S	50.4	S
<b>Comments:</b> The response is limited to 4,000 characters.			

**1.6.3.6.4 MFLEP Students Results for Science**

In the table below, report results for MFLEP students who took the annual science assessment. Please provide data only for those students who transitioned out of language instruction educational programs and who no longer received services under Title III in this reporting year. These students include both students who are MFLEP students in their first year of monitoring, and those in their second year of monitoring.

**Table 1.6.3.6.4 Definitions:**

1. **# Tested** = State-aggregated number of MFLEP students who were tested in science.
2. **# At or Above Proficient** = State-aggregated number of MFLEP students who scored at or above proficient on the State annual science assessment.
3. **% Results** = Automatically calculated based on number who scored at or above proficient divided by the total number tested. This will be automatically calculated.
4. **# Below proficient** = State-aggregated number MFLEP students who did not score proficient on the State annual science assessment.

# Tested	# At or Above Proficient	% Results	# Below Proficient
351	S	17	S
<b>Comments:</b> The response is limited to 4,000 characters.			

**1.6.5 Education Programs and Activities for Immigrant Students**

This section collects data on education programs and activities for immigrant students.

**Note: All immigrant students are not LEP students.**

**1.6.5.1 Immigrant Students**

In the table below, report the unduplicated number of immigrant students enrolled in schools in the State and who participated in qualifying educational programs under Section 3114(d)(1).

**Table 1.6.5.1 Definitions:**

1. **Immigrant Students Enrolled** = Number of students who meet the definition of immigrant children and youth under Section 3301(6) and enrolled in the elementary or secondary schools in the State.
2. **Students in 3114(d)(1) Program** = Number of immigrant students who participated in programs for immigrant children and youth funded under Section 3114(d)(1), using the funds reserved for immigrant education programs/activities. This number should not include immigrant students who only receive services in Title III language instructional educational programs under Sections 3114(a) and 3115(a).
3. **3114(d)(1) Subgrants** = Number of subgrants made in the State under Section 3114(d)(1), with the funds reserved for immigrant education programs/activities. Do not include Title III Language Instruction Educational Program (LIEP) subgrants made under Sections 3114(a) and 3115(a) that serve immigrant students enrolled in them.

# Immigrant Students Enrolled	# Students in 3114(d)(1) Program	# of 3114(d)(1) Subgrants
6,593	2,260	4

If state reports zero (0) students in programs or zero (0) subgrants, explain in comment box below.

The response is limited to 8,000 characters.

**1.6.6 Teacher Information and Professional Development**

This section collects data on teachers in Title III language instruction educational programs as required under Section 3123(b)(5).

**1.6.6.1 Teacher Information**

This section collects information about teachers as required under Section 3123 (b)(5).

In the table below, report the number of teachers who are working in the Title III language instruction educational programs as defined under Section 3301(8) and reported in 1.6.1 (Types of language instruction educational programs) even if they are not paid with Title III funds.

**Note:** Section 3301(8) – The term ‘ Language instruction educational program ’ means an instruction course – (A) in which a limited English proficient child is placed for the purpose of developing and attaining English proficiency, while meeting challenging State academic content and student academic achievement standards, as required by Section 1111(b)(1); and (B) that may make instructional use of both English and a child’s native language to enable the child to develop and attain English proficiency and may include the participation of English proficient children if such course is designed to enable all participating children to become proficient in English as a second language.

<b>Title III Teachers</b>	<b>#</b>
Number of all certified/licensed teachers currently working in Title III language instruction educational programs.	187
Estimate number of <b>additional</b> certified/licensed teachers that will be needed for Title III language instruction educational programs in the next 5 years*.	400

Explain in the comment box below if there is a zero for any item in the table above.

The response is limited to 8,000 characters.

\* This number should be the total additional teachers needed for the next 5 years, not the number needed for each year. Do not include the number of teachers currently working in Title III English language instruction educational programs.

**1.6.6.2 Professional Development Activities of Subgrantees Related to the Teaching and Learning of LEP Students**

In the tables below, provide information about the subgrantee professional development activities that meet the requirements of Section 3115(c)(2).

**Table 1.6.6.2 Definitions:**

1. **Professional Development Topics** = Subgrantee professional development topics required under Title III.
2. **#Subgrantees** = Number of subgrantees who conducted each type of professional development activity. A subgrantee may conduct more than one professional development activity. (Use the same method of counting subgrantees, including consortia, as in 1.6.1 and 1.6.4.1).
3. **Total Number of Participants** = Number of teachers, administrators and other personnel who participated in each type of the professional development activities reported.
4. **Total** = Number of all participants in professional development (PD) activities.

Professional Development (PD) Topics	# Subgrantees
Instructional strategies for LEP students	42
Understanding and implementation of assessment of LEP students	36
Understanding and implementation of ELP standards and academic content standards for LEP students	35
Alignment of the curriculum in language instruction educational programs to ELP standards	23
Subject matter knowledge for teachers	15
Other (Explain in comment box)	19

PD Participant Information	# Subgrantees	# Participants
PD provided to content classroom teachers	42	6,604
PD provided to LEP classroom teachers	42	933
PD provided to principals	36	373
PD provided to administrators/other than principals	35	383
PD provided to other school personnel/non-administrative	32	733
PD provided to community based organization personnel	16	584
Total	//////////	9,610

The response is limited to 8,000 characters.

Professional Development that is included consists of:  
 -Kentucky Department of Education hosted WIDA Professional Development on Differentiation, Learning in Action Extension webinar, and Collaborative Capacity Building Webinar.  
 -Kentucky Department of Education provided Professional Development using the Stanford Understanding Language ELA Unit.  
 -Kentucky Department of Education provided professional development for new district EL Coordinators.  
 -Kentucky Department of Education provided beginning and end-of-the-year training for all district EL Coordinators.

LEAs made a concentrated effort to have monthly faculty presentations at each school in the district on pertinent EL topics including accommodations, assigning 'Testing Buddies' to EL students throughout the year to build relationships to help students access accommodations, WIDA Standards/Can Do Indicators, TransAct Resources, Language Line Phone Translation Services, and research-based instructional teaching strategy of the month.

LEAs had outside consultant present professional development to classroom teachers on research-based instructional teaching strategies, WIDA standards, Can Do Indicators, and creating appropriate relationships and support for EL students in the general education classroom.

LEAs had professional development session on Literacy strategies used to support the language development of EL students for teachers.

LEAs required all new EL teachers to attend the New EL Teacher Training before school started. This training is given by the EL content specialists with the purpose of instructing teachers of their role as the EL teacher in a school and providing detailed instruction on how to complete the PSP, enter EL student accommodations & modifications into the IC LEP tab, understand the WIDA ELD standards and Can-Do descriptors, and how to collaboratively share data and teaching strategies with their building colleagues. All new and returning EL teachers are required each year to attend a Back-to-School professional development meeting in August, prior to school starting. The EL program generally also extends an invitation to teams from high EL population schools and at-risk schools. The EL program offered professional development opportunities for content and classroom teachers on EL strategies (SIOP), analyzing testing data (WIDA Access for ELs), and using WIDA standards documents and Can-Do Descriptors to facilitate differentiated instruction and enhance English language proficiency in all four domains.

LEAs provided Thoughtful Education Strategies, WIDA Resources, Translation Programs, Understanding Second Language Development, Secret Stories, Advocacy for ELs, Reading A to Z, Ainsley Rose-Rigor For All and Forming the PLC, Teaching Academic Content to ELs-REL, and Building Advocacy and Empathy for ELs.

LEA EL Department collaborated with REL Appalachia to provide the professional development entitled Teaching Academic Content and Literacy to English Learner Students. At the core of the workshop was the What Works Clearinghouse/IES Practice Guide. The four research-based recommendations are the cornerstone for much of the ESL Department work. Two of the authors of the Practice Guide, as well as LEA practitioners presented to a group of over 100 teachers and administrators.

The Northern Kentucky Cooperative for Educational Services (NKCES) EL consultant established a working relationship between the mainstream classroom teachers and EL teacher at the beginning of the school year. The EL Consultant provided the teachers with information regarding the students' educational and home language backgrounds, reviewed the modifications and accommodations outlined in the students' Program Services Plans (PSPs), and was available to answer any questions that the teachers had regarding implementation of the PSPs. The teachers and consultant remained in contact throughout the school year. Teachers contacted the consultant when they had questions about educational decisions regarding the LEP students and the consultant contacted the teachers to ensure implementation of the PSPs and to closely monitor student progress. The NKCES EL consultant was also available to meet with mainstream teachers when needed to suggest strategies that would benefit LEP students in the classroom including methods of differentiating instruction as well as appropriate accommodations and modifications.

LEAs had teachers from elementary schools across the district participate in an EL Cohort professional learning opportunity that built knowledge around working with ELs in general education classrooms. Learning was derived from the following texts: SIOP, S. Herrera's Teaching Reading to English Language Learners: Differentiated Literacies, P. Gibbons's Scaffolding Language, Scaffolding Learning. EL teachers and classified staff participated in professional learning aimed at increasing assessment literacy using M. Gottlieb's text, Assessing English Language Learners. EL administrators involved with our future principals' cohort received training on identifying and supporting ELs.

LEAs provided professional development on Culturally Responsive RTI that focused on the needs of LEP students and Culturally Responsive Instruction Observation Protocol (CRIOP).

LEAs provided the opportunity for professional development for all certified employees, district-wide. The session addressed the purpose and content of a Program Services Plan (PSP) for ELs, the purpose and requirements of the Title III grant, best practices for assisting EL students, and good instructional resources for impacting EL student learning.

LEAs had professional development on novice reduction strategies for EL students.

LEA EL staff members presented professional development to 10 different schools concerning how to interpret and use the WIDA ACCESS scores and WIDA Can Do statements to differentiate lessons in the general curriculum, differentiating between ESL and Special Education, the Gifted EL student, Leader in Me-EL component, understanding language.

LEAs had professional development on developing cultural understanding of EL student and family background experiences, goals, aspirations with a focus on building positive relationships with EL students and families, and understanding EL students with interrupted schooling.

LEAs had outside consultant provide professional development for classroom strategies to individual students and small ESL groups. This was provided for all teachers in the district and surrounding districts.

**1.6.7 State Subgrant Activities**

This section collects data on State grant activities.

**1.6.7.1 State Subgrant Process**

In the table below, report the time between when the State receives the Title III allocation from ED, normally on July 1 of each year for the upcoming school year, and the time when the State distributes these funds to subgrantees for the intended school year. Dates must be submitted using the MM/DD/YY format.

**Table 1.6.7.1 Definitions:**

1. **Date State Received Allocation** = Annual date the State receives the Title III allocation from U.S. Department of Education (ED).
2. **Date Funds Available to Subgrantees** = Annual date that Title III funds are available to approved subgrantees.
3. **# of Days/\$\$ Distribution** = Average number of days for States receiving Title III funds to make subgrants to subgrantees beginning from July 1 of each year, except under conditions where funds are being withheld.

Example: State received SY 2015-16 funds July 1, 2015, and then made these funds available to subgrantees on August 1, 2015, for SY 2015-16 programs. Then the "# of days/\$\$ Distribution" is 30 days.

Date State Received Allocation	Date Funds Available to Subgrantees	# of Days/\$\$ Distribution
7/1/15	8/10/15	40
<b>Comments:</b> The response is limited to 4,000 characters.		

**1.6.7.2 Steps To Shorten the Distribution of Title III Funds to Subgrantees**

In the comment box below, describe how your State can shorten the process of distributing Title III funds to subgrantees.

The response is limited to 8,000 characters.

Kentucky piloted a Consolidated Grant Management online system for Title I, II and III during the 2015-16 school year. The system is now being implemented for all Kentucky districts in the 2016-17 school year. The implementation should continue to make the process more efficient.

**1.7 PERSISTENTLY DANGEROUS SCHOOLS**

In the table below, provide the number of schools identified as persistently dangerous, as determined by the State, by the start of the school year. For further guidance on persistently dangerous schools, refer to Section B "Identifying Persistently Dangerous Schools" in the Unsafe School Choice Option Non-Regulatory Guidance, available at: <http://www.ed.gov/policy/elsec/guid/unsafeschoolchoice.pdf>.

<b>Persistently Dangerous Schools</b>	<b>#</b>
Persistently Dangerous Schools	0
<b>Comments:</b> The response is limited to 4,000 characters. Reporting from 2015-16 data indicates that there are zero schools in Kentucky that meet the qualifications for persistently dangerous schools.	

**1.9 EDUCATION FOR HOMELESS CHILDREN AND YOUTHS PROGRAM**

This section collects data on homeless children and youth and the McKinney-Vento grant program.

In the table below, provide the following information about the number of LEAs in the State who reported data on homeless children and youth and the McKinney-Vento program. The totals will be automatically calculated.

<b>LEAs</b>	<b>#</b>	<b># LEAs Reporting Data</b>
LEAs without subgrants	161	161
LEAs with subgrants	15	15
Total	176	176

**Comments:** The response is limited to 4,000 characters.

**1.9.1 All LEAs (with and without McKinney-Vento subgrants)**

The following questions collect data on homeless children and youth in the State.

**1.9.1.1 Homeless Children And Youth**

In the table below, provide the number of homeless children and youth by grade level enrolled in public school at any time during the regular school year. The totals will be automatically calculated:

Age/Grade	# of Homeless Children/Youth Enrolled in Public School in LEAs Without Subgrants	# of Homeless Children/Youth Enrolled in Public School in LEAs With Subgrants
Age 3 through 5 (not Kindergarten)	573	422
K	1,827	1,010
1	1,826	982
2	1,748	1,005
3	1,606	921
4	1,520	849
5	1,395	785
6	1,264	844
7	1,225	721
8	1,227	731
9	1,357	976
10	1,116	614
11	928	467
12	1,090	504
Ungraded	7	2
Total	18,709	10,833

**Comments:** The response is limited to 4,000 characters.

**1.9.1.2 Primary Nighttime Residence of Homeless Children and Youth**

In the table below, provide the number of homeless children and youth by primary nighttime residence enrolled in public school at any time during the regular school year. The primary nighttime residence should be the student's nighttime residence when he/she was identified as homeless. The totals will be automatically calculated.

Primary Nighttime Residence	# of Homeless Children/Youth - LEAs Without Subgrants	# of Homeless Children/Youth - LEAs With Subgrants
Shelters, transitional housing, awaiting foster care	1,593	2,329
Doubled-up (e.g., living with another family)	14,927	7,655
Unsheltered (e.g., cars, parks, campgrounds, temporary trailer, or abandoned buildings)	1,563	305
Hotels/Motels	626	544
Total	18,709	10,833

**Comments:** The response is limited to 4,000 characters.

**1.9.1.3 Subgroups of Homeless Students Enrolled**

In the table below, please provide the following information about the homeless students enrolled during the regular school year.

Special Population	# Homeless Children/Youth - LEAs Without Subgrants	# of Homeless Children/Youth - LEAs With Subgrants
Unaccompanied homeless youth	2,577	647
Migratory children/youth	307	46
Children with disabilities ( <i>IDEA</i> )	4,178	1,666
Limited English Proficient (LEP) students	483	1,399

**Comments:** The response is limited to 4,000 characters. Unaccompanied homeless youth numbers show an increase for 2015-16 as compared to previous years. This is because in previous years this subgroup was collected as a living status. This issue was resolved with 2015-16 reporting.

**1.9.2 LEAs with McKinney-Vento Subgrants**

The following sections collect data on LEAs with McKinney-Vento subgrants.

**1.9.2.1 Homeless Children and Youth Served by McKinney-Vento Subgrants**

In the table below, provide the number of homeless children and youth by grade level who were served by McKinney-Vento subgrants during the regular school year. The total will be automatically calculated.

Age/Grade	# Homeless Children/Youth Served by Subgrants
Age Birth Through 2	37
Age 3 through 5 (not Kindergarten)	421
K	1,000
1	971
2	996
3	916
4	841
5	778
6	839
7	715
8	721
9	965
10	609
11	461
12	501
Ungraded	2
Total	10,773

**Comments:** The response is limited to 4,000 characters.

**1.9.2.2 Subgroups of Homeless Students Served**

In the table below, please provide the following information about the homeless students served during the regular school year.

Subgroup	# Homeless Students Served
Unaccompanied homeless youth	633
Migratory children/youth	46
Children with disabilities ( <i>IDEA</i> )	1,652
Limited English Proficient (LEP) students	1,398

**Comments:** The response is limited to 4,000 characters.

**1.9.3 Academic Achievement of Homeless Students**

The following questions collect data on the academic achievement of enrolled homeless children and youth.

**1.9.3.1 Reading Assessment**

In the table below, provide the number of enrolled homeless children and youth who were tested on the State reading/language arts assessment and the number and percentage of those tested who scored at or above proficient. Provide data for grades 9 through 12 only for those grades tested for *ESEA*.

Grade	LEAs Without Subgrants - # of Homeless Students Who Received a Valid Score and for Whom a Proficiency Level Was Assigned	LEAs Without Subgrants - # of Homeless Students Scoring at or above Proficient	LEAs Without Subgrants - % of Homeless Students Scoring at or above Proficient	LEAs With Subgrants - # of Homeless Students Who Received a Valid Score and for Whom a Proficiency Level Was Assigned	LEAs With Subgrants - # of Homeless Students Scoring at or above Proficient	LEAs With Subgrants - % of Homeless Students Scoring at or above Proficient
3	1,392	S	43	746	S	35
4	1,285	S	47	701	S	37
5	1,180	S	43	634	S	40
6	1,053	S	40	668	S	32
7	1,008	S	41	572	S	31
8	980	S	41	558	S	29
High School	812	S	38	448	S	34

**Comments:** The response is limited to 4,000 characters.

**1.9.3.2 Mathematics Assessment**

This section is similar to 1.9.3.1. The only difference is that this section collects data on the State mathematics assessment.

Grade	LEAs Without Subgrants - # of Homeless Students Who Received a Valid Score and for Whom a Proficiency Level Was Assigned	LEAs Without Subgrants - # of Homeless Students Scoring at or above Proficient	LEAs Without Subgrants - % of Homeless Students Scoring at or above Proficient	LEAs With Subgrants - # of Homeless Students Who Received a Valid Score and for Whom a Proficiency Level Was Assigned	LEAs With Subgrants - # of Homeless Students Scoring at or above Proficient	LEAs With Subgrants - % of Homeless Students Scoring at or above Proficient
