

**CONSOLIDATED STATE PERFORMANCE REPORT:
Part II**

**for
STATE FORMULA GRANT PROGRAMS
under the
ELEMENTARY AND SECONDARY EDUCATION ACT
As amended in 2001**

**For reporting on
School Year 2018-19**

North Carolina

PART II DUE THURSDAY, MAY 28, 2020

**U.S. DEPARTMENT OF EDUCATION
WASHINGTON, DC 20202**

INTRODUCTION

The Consolidated State Performance Report (CSPR) is the required annual reporting tool for each State, the Bureau of Indian Education, District of Columbia, and Puerto Rico as authorized under Section 8303¹ of the Elementary and Secondary Education Act (ESEA), as amended by the Every Student Succeeds Act of 2015(ESSA)².

Paperwork Burden Statement

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is 1810-0724. The time required to complete this information collection is estimated to average 35.00 hours per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. The obligation to respond to this collection is required to obtain or retain a benefit under the Elementary and Secondary Education Act (ESEA), as amended by the Every Student Succeeds Act (ESSA). If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: U.S. Department of Education, Washington, D.C. 20202-4537. If you have comments or concerns regarding the status of your individual submission of this form, write directly to: Office of Elementary and Secondary Education, U.S. Department of Education, 400 Maryland Avenue, S.W., Washington, D.C. 20202.

¹ SEC.8303. Consolidated Reporting – (a) In general: In order to simplify reporting requirements and reduce reporting burdens, the Secretary shall establish procedures and criteria under which a State educational agency, in consultation with the Governor of the State, may submit a consolidated State annual report. (b) Contents: The report shall contain information about the programs included in the report, including the performance of the State under those programs, and other matters as the Secretary determines are necessary, such as monitoring activities. (c) Replacement: The report shall replace separate individual annual reports for the programs included in the consolidated State annual report.

² All citations to the ESEA in this document are to the ESEA, as amended by the ESSA.

OMB Number: 1810-0724
Expiration Date: 10/31/2022

2.1 ACCOUNTABILITY

2.1.1 School Performance on Accountability Indicators

The following indicators are collected through ESS and compiled in the EDEN036 report via the ED*Facts* Reporting System (ERS) and will be posted as an accompanying report for every State:

- LEA Name
- NCES LEA ID
- State LEA ID
- School Name
- NCES School ID
- State School ID
- Title I School Status - DG 22 (FS129)
- Academic achievement indicator status – DG 835 (FS200)
- Other academic indicator status DG 836 (FS201)
- Graduation rate indicator status – DG 834 (FS199)
- Progress achieving English language proficiency indicator status - DG 837 (FS205)
- School quality or student success indicator status – DG 838 (FS202)

The ED*Facts* files and data groups used in this report are listed in the CSPR Crosswalk. The CSPR Data Key contains more detailed information on how the data are populated into the report. Before certifying Part II of the CSPR, a state user must run the report in ERS and verify that the state's data are correct. The final, certified data from this report will be made publicly available alongside the state's certified CSPR DOCX.

Comments: The response is limited to 4,000 characters.

2.1.2 Schools Identified for Comprehensive Support and Improvement

In the table below, provide the number of schools identified for comprehensive support and improvement, overall and by reason identified.

	Number of Schools	Number of Title I Schools	Number of non-Title I Schools
Lowest performing five percent of Title I schools	69		
High schools failing to graduate one third or more of their students	41	17	24
Title I schools that have received additional targeted support under Section 1111(d)(2)(C) of the ESEA and that have not exited that status after a State-determined number of years			
Total Identified	110		

Comments: The response is limited to 4,000 characters.

N/A

2.1.3 Schools Implementing Targeted Support and Improvement Plans

In the table below, provide the number of schools implementing targeted support and improvement plans.

	Number of Schools	Number of Title I Schools	Number of non- Title I Schools
Schools with One or More Consistently Underperforming Subgroups of Students	1,464	1,005	459
Schools in which any Subgroup of Students, on its own, would lead to Identification Under <i>ESEA</i> Section 1111(c)(4)(D)(i)(I) (i.e., Schools Receiving Additional Targeted Support)	1,616	1,068	548

Comments: The response is limited to 4,000 characters.

N/A

2.1.4 Section 1003 of the ESEA School Improvement Funds

In the tables below, provide the amount of Section 1003 funds of the *ESEA* allocated to each district and school.

2.1.4.1 Section 1003 of the ESEA Allocations to LEAs

For each LEA receiving a 1003(a) allocation, list the amount of the allocation. The data for this question are reported through *EDFacts* files and compiled in the EDEN012 "Section 1003 Allocations to LEAs and Schools" report in the *EDFacts* Reporting System (ERS).

- Name of LEA with One or More Schools Provided Assistance through Section 1003(a) of the *ESEA* Funds in SY 2018-19
- NCES LEA ID
- Amount of LEA's Section 1003(a) of the *ESEA* Allocation

The *EDFacts* files and data groups used in this report are listed in the CSPR Crosswalk. The CSPR Data Key contains more detailed information on how the data are populated into the report. Before certifying Part II of the CSPR, a state user must run the EDEN012 report in ERS and verify that the state's data are correct. The final, certified data from this report will be made publicly available alongside the state's certified CSPR DOCX.

Comments: The response is limited to 4,000 characters.
EDEN 012 has been run and verified.

2.1.4.2 Section 1003 of the ESEA Allocations to Schools

For each school receiving a Section 1003(a) allocation of the *ESEA*, list the amount of the allocation. The data for this question are reported through *EDFacts* files and compiled in the EDEN012 "Section 1003 Allocations to LEAs and Schools" report in the *EDFacts* Reporting System (ERS).

- Name of School Provided Assistance through Section 1003(a) of the *ESEA* Funds in SY 2018-19
- NCES School ID
- Amount of School's Section1003(a) of the *ESEA* Allocation

The *EDFacts* files and data groups used in this report are listed in the CSPR Crosswalk. The CSPR Data Key contains more detailed information on how the data are populated into the report. Before certifying Part II of the CSPR, a state user must run the EDEN012 report in ERS and verify that the state's data are correct. The final, certified data from this report will be made publicly available alongside the state's certified CSPR DOCX.

Comments: The response is limited to 4,000 characters.
NC has run EDEN 012 and verified the data is correct.

2.2 GRADUATION RATES AND POSTSECONDARY ENROLLMENT

This section collects data on graduation rates and rates of postsecondary enrollment.

2.2.1 Four Year Adjusted Cohort Graduation Rates

In the table below, provide the state's four year adjusted cohort graduation rates for the current reporting period.

Student Group	# Students in Cohort	# of Graduates	Graduation Rate
All students	121,943	S	86.5
American Indian or Alaska Native	1,523	S	81
Asian or Pacific Islander	3,493	S	94.5
<i>Asian</i>			
<i>Native Hawaiian or Other Pacific Islander</i>			
Black or African American	31,524	S	83.7
Hispanic or Latino	19,203	S	81.1
White	61,297	S	89.6
Two or more races	4,776	S	83.9
Children with disabilities (<i>IDEA</i>)	15,364	S	69.8
English Learners	6,832	S	71.4
Economically disadvantaged students	47,428	S	81.8
Children in foster care	494	S	59
Children who are homeless	4,915	S	69.5

Frequently Asked Questions (FAQs) on graduation rates:

What is the adjusted cohort graduation rate? The adjusted cohort graduation rate is described in sections 8101(23) and 8101(25) of the ESEA.

Comments: The response is limited to 8,000 characters.

2.2.2 Postsecondary Enrollment

In the table below, provide counts of students who enrolled in programs of postsecondary education during the current reporting period. If data are missing or incomplete, please explain in the comments.

	# Enrolled in an IHE	# Not enrolled in an IHE	# for which data are unavailable	Total
All students	63,628	43,890	S	S
American Indian or Alaska Native	675	744	S	S
Asian or Pacific Islander	2,617	782	S	S
<i>Asian</i>	2,546	719	S	S
<i>Native Hawaiian or Other Pacific Islander</i>	71	63	S	S
Black or African American	14,438	13,358	S	S
Hispanic or Latino	6,014	8,745	S	S
White	37,694	18,632	S	S
Two or more races	2,190	1,629	S	S
Children with disabilities (<i>IDEA</i>)	2,851	7,578	S	S
English Learners	649	2,188	S	S
Economically disadvantaged students	13,433	16,927	S	S

Comments: The response is limited to 8,000 characters.

Comments: The response is limited to 4,000 characters.

2.3 TITLE I, PART A PROGRAM PARTICIPATION

The following sections collect data on students participating in Title I, Part A by various student characteristics.

2.3.1 Student Participation in Public Title I, Part A by Special Services or Programs

In the table below, provide the number of public school students served by either Public Title I Schoolwide Programs (SWPs) or Targeted Assistance programs (TAS) at any time during the regular school year for each category listed. Count each student only once in each category even if the student participated during more than one term or in more than one school or district in the State. Count each student in as many of the categories that are applicable to the student. Include pre-kindergarten through grade 12. Do not include the following individuals: (1) adult participants of adult literacy programs funded by Title I, (2) private school students participating in Title I programs operated by local educational agencies, or (3) students served in Part A local neglected programs.

Special Services or Programs	# Students Served
Children with disabilities (<i>IDEA</i>)	102,219
English learners	79,380
Homeless students	20,501
Migrant students	2,071

Comments: The response is limited to 4,000 characters.

2.3.2 Student Participation in Public Title I, Part A by Racial/Ethnic Group

In the table below, provide the unduplicated number of public school students served by either Title I SWP or TAS at any time during the regular school year. Each student should be reported in only one racial/ethnic category. Include pre-kindergarten through grade 12. The total number of students served will be calculated automatically.

Do not include: (1) adult participants of adult literacy programs funded by Title I, (2) private school students participating in Title I programs operated by local educational agencies, or (3) students served in Part A local neglected programs.

Race/Ethnicity	# Students Served
American Indian or Alaska Native	14,666
Asian	13,778
Black or African American	232,998
Hispanic or Latino	160,089
Native Hawaiian or other Pacific Islander	1,250
White	267,598
Two or more races	36,014
Total	726,393

Comments: The response is limited to 4,000 characters.

2.3.3 Student Participation in Title I, Part A by Grade Level

In the table below, provide the unduplicated number of students participating in Title I, Part A programs by grade level and by type of program: Title I public TAS, Title I SWP, private school students participating in Title I programs (private), and Part A local neglected programs (local neglected). The totals column by type of program will be automatically calculated.

Age /Grade	Public TAS	Public SWP	Private	Local Neglected	Total
Age Birth through 2	0	341	48	9	398
Age 3 through 5 (not Kindergarten)	1	20,313	126	27	20,467
K	428	83,519	108	28	84,083
1	444	83,974	114	20	84,552
2	462	82,608	133	28	83,231
3	408	83,780	123	37	84,348
4	310	87,058	137	45	87,550
5	314	87,820	148	25	88,307
6	134	53,697	126	45	54,002
7	186	46,949	101	71	47,307
8	195	44,975	111	82	45,363
9	123	13,820	14	142	14,099
10	96	12,644	12	81	12,833
11	65	10,555	9	67	10,696
12	50	10,747	6	35	10,838
Ungraded	0	0	0	7	7
TOTALS	3,216	722,800	1,316	749	728,081

Comments: The response is limited to 4,000 characters.

2.4 EDUCATION OF MIGRATORY CHILDREN

This section collects data on the Migrant Education Program (MEP) (Title I, Part C) for the performance period of September 1, 2018 through August 31, 2019. This section is composed of the following subsections:

- Population data of eligible migratory children
- Academic data of eligible migratory students
- Data of migratory children served during the performance period
- School data
- Project data
- Personnel data

Report a child in the age/grade category in which the child spent the *majority of their time* while residing in the State during the performance period.

There are two exceptions to this rule:

1. A child who turns 3 during the performance period is reported as "Age 3 through 5 (not Kindergarten)," **only if the child's residency in the state was verified after the child turned 3.**
2. A child who turns 22 years of age during the performance is reported at the appropriate age/grade category for the performance period.

2.4.1 Migratory Child Counts

This section collects the Title I, Part C, MEP child counts which States are required to provide and may be used to determine the annual State allocations under Title I, Part C. The child counts should reflect the performance period of September 1, 2018 through August 31, 2019. This section also collects a report on the procedures used by States to produce true, reliable, and valid child counts.

To provide the child counts, each State Education Agency (SEA) should have implemented sufficient procedures and internal controls to ensure that it is counting only those children who are eligible for the MEP. Such procedures are important to protecting the integrity of the State's MEP because they permit the early discovery and correction of eligibility problems and thus help to ensure that only eligible migratory children are counted for funding purposes and are served. If an SEA has reservations about the accuracy of its child counts, it must disclose known data limitations to the Department, and explain how and when it will resolve data quality issues through corrective actions in the box below, which precedes Section 2.4.1.1 *Category 1 Child Count*.

Note: In submitting this information, the Authorizing State Official must certify that, to the best of his/her knowledge, the State has taken action to ensure that the child counts and information contained in the report are true, reliable, and valid and that any false Statement provided is subject to fine or imprisonment pursuant to 18 U.S.C. §1001.

FAQs on Child Count:

a. How is "out-of-school" defined? Out-of-school means children up through age 21 who are entitled to a free public education in the State but are not currently enrolled in a K-12 institution. This term could include students who have dropped out of school, youth who are working on a high school equivalency diploma (HSED) outside of a K-12 institution, and youth who are "here-to-work" only. It would not include children in preschool, nor does it include temporary absences (e.g., summer/intersession, suspension or illness). Enrollment in school is not a condition affecting eligibility for the MEP. Therefore, out-of-school youth who meet the definition of a "migratory child" are eligible for the MEP.

b. How is "ungraded" defined? Ungraded means the children are served in an educational unit that has no separate grades. For example, some schools have primary grade groupings that are not traditionally graded or ungraded groupings for children with learning disabilities (IDEA). In some cases, ungraded students may also include special education children (IDEA), transitional bilingual students, students working on a HSED through a K-12 institution, or those in a correctional setting. (Do not count students working on a HSED outside of a K-12 institution as ungraded; these students are counted as out-of-school youth.)

c. How is reporting a child "in the age/grade category in which s/he spent the majority of his/her time while residing in the State" defined? A State must report a child in **only one** age/grade category in which the child spent the majority of his/her time **while residing in the State**. For example, a migratory child resided in State A for three months and in State B for nine months in SY2018-19. While in State A, the child enrolled in ninth grade for two months and in tenth grade for one month. Therefore, State A will report the child in the age/grade category of ninth grade, because the child spent the majority of his/her time in ninth grade in State A. In State B, the child enrolled in eighth grade for one month and in ninth grade for eight months. Therefore, State B will report the child in the age/grade category of ninth grade, because the child spent the majority of his/her time in ninth grade in State B.

In the space below, discuss any concerns about the accuracy of the reported child counts or the underlying eligibility determinations on which the counts are based and how and when these concerns will be resolved.

Comments: The response is limited to 8,000 characters.

there is no concern at the moment since all our data is entered in a timely manner, and it is reviewed by our data specialist at the state level, as well as by the two State MEP Program Administrators. Once a COE is reviewed and approved, it is entered into NC PowerSchool in less than 10 days, so NC is in compliance.

Districts have been instructed to conduct monthly MEP roster review to verify that children in the program are actually eligible to receive services. In the event that there are discrepancies between the number of migratory children in the state specific migrant data base, which in NC is PowerSchool (PS), local maintained rosters, and MSIX, they are sent to one of the three (3) NC Data Specialists for corrections.

Districts are required to report to a data specialist and to NC MEP Program Administrators (PA) any withdrawals within their district in order to

keep accurate number of eligible migratory children.

NC has been including the Occupational Survey (OS) in the students' enrollment packets as a way to screen potential migratory families upon students' arrival to new schools. These OS are reviewed by MEP staff who would later contact potential families, and according to the first screening questions, schedule a face-to-face interview at the place of residence, this in order to verify residency in the district. If family is found eligible to receive MEP services, the district would send the state approved COE to a data specialist, who would then enter it in PS. NC PowerSchool is the authoritative source to keep students' information, which also includes migratory children.

2.4.1.1 Category 1 Child Count (Eligible Migratory Children)

In the table below, enter the unduplicated statewide number by age/grade of **eligible** migratory children age 3 through 21 who, within 3 years of making a qualifying move, resided in your State for one or more days during the performance period of September 1, 2018 through August 31, 2019. This figure includes all eligible migratory children who may or may not have received MEP services. Count a child who moved from one age/grade level to another during the performance period only once in the age/grade category in which s/he spent the majority of his/her time while residing in the State, during the performance period. The unduplicated statewide total count is calculated automatically.

Do not include children age birth through 2 years.

Age/Grade	Eligible Migratory Children
Age 3 through 5 (not Kindergarten)	283
K	284
1	299
2	283
3	305
4	261
5	283

8	211
9	281
10	213
11	151
12	189
Ungraded	0
Out-of-school	1,153
Total	4,703

Comments: The response is limited to 4,000 characters.

2.4.1.2 Category 1 Child Count Increases/Decreases

In the space below, explain any increases or decreases from last year in the number of students reported for Category 1 greater than 10 percent.

Comments: The response is limited to 8,000 characters.
NC did not have a difference greater than 10 percent.

2.4.1.3 Birth through Two Child Count

In the table below, enter the unduplicated statewide number of eligible migratory children from birth through age 2 who, within 3 years of making a qualifying move, resided in your State for one or more days during the performance period of September 1, 2018 through August 31, 2019.

Age/Grade	Eligible Migratory Children
Age Birth through 2	157

Comments: The response is limited to 4,000 characters.

2.4.2 Category 2 Child Count (Eligible Migratory Children Served by the MEP During the Summer/ Intersession Term)

In the table below, enter by age/grade the unduplicated statewide number of **eligible** migratory children age 3 through 21 who, within 3 years of making a qualifying move, were **served** for one or more days in a MEP-funded project conducted during either the summer term or during intersession periods that occurred within the performance period of September 1, 2018 through August 31, 2019. Count a child who moved from one age/grade level to another during the performance period only once in the age/grade category in which s/he spent the majority of his/her time while residing in the State, during the performance period. Count a child who moved to different schools within the State and who was served in both traditional summer and year-round school intersession programs only once. The unduplicated statewide total count is calculated automatically.

Do not include:

- Children age birth through 2 years
- Children who received only referred services (non-MEP funded).

Age/Grade	Eligible Migratory Children Served by the MEP During the Summer/Intersession Term
Age 3 through 5 (not Kindergarten)	148
K	135
1	173
2	144

Total	2,188

Comments: The response is limited to 4,000 characters.
Please see spreadsheet submitted to EDEN earlier in May about explanation of increase.

2.4.2.1 Category 2 Child Count Increases/Decreases

In the space below, explain any increases or decreases from last year in the number of students reported for Category 2 greater than 10 percent.

Comments: The response is limited to 8,000 characters.

The increase in the Category 2 count is 12%. This increase can be explained by the following:

1. Increased emphasis on well-planned summer programming during regional and State MEP meetings
2. Increased communication about State expectations and federal guidance related to summer programming and the MEP
3. Professional development and presentations that focused on the importance and impact that summer enrichment programming has for migratory children
4. Opportunities for other subgrantees to share best practices on summer programming during regional, State, and national meetings
5. Scheduled visits by State MEP Administrators to provide feedback on summer programs

2.4.2.2 Birth through Two Eligible Migratory Children Served by the MEP During the Summer/Intersession Term

In the table below, enter the unduplicated statewide number of eligible migratory children from age birth through 2 who, within 3 years of making a qualifying move, were served for one or more days in a MEP-funded project conducted during either the summer term or during intersession periods that occurred within the performance period of September 1, 2018 through August 31, 2019. Count a child who moved to different schools within the State and who was served in both traditional summer and year-round school intersession programs only once.

Do not include:

- Children who received only referred services (non-MEP funded).

Age/Grade	Eligible Migratory Children Served by the MEP During the Summer/Intersession Term
Age Birth through 2	37

Comments: The response is limited to 4,000 characters.

2.4.3 Child Count Calculation and Validation Procedures

The following questions request information on the State's MEP child count calculation and validation procedures.

2.4.3.1 Methods Used to Count Children

In the space below, please describe the procedures and processes at the State level used to ensure all eligible children, ages 3-21 are reported. In particular, describe how the State includes and counts only:

- The unduplicated count of eligible migratory children, ages 3-21. Only include children two years of age whose residency in the state has been verified after turning three.
- Children who met the program eligibility criteria (e.g., were within 3 years of a qualifying move, engaged or had parents engage in migratory agricultural or fishing work, and were entitled to a free public education through grade 12 in the State, or preschool children below the age and grade level at which the agency provides free public education). Children who were resident in your State for at least 1 day during the performance period (September 1 through August 31).
- Children who graduated from high school or attained a High School Equivalency Diploma (HSED) *during the performance period* and ensures that these children are not counted in the subsequent performance period's child count.
- Children who—in the case of Category 2—were serviced for one or more days in a MEP- funded project conducted during either the summer term or during intersession periods.
- Children once per age/grade level for each child count category.
- Children who had an SEA approved Certificate of Eligibility (COE) and were entered in the State's migratory student database.

Comments: The response is limited to 8,000 characters.

The unduplicated count of eligible migrant children includes children and youth ages 3-21. The student's age must be between 3 and 21 years during the reporting year. Children two years of age whose residency in the state has been verified after turning three during the program year are also included, along with those students who reach their 22nd birthday within the program year.

Reports from PowerSchool (PS) compute the fields "Student Third Bday" is less than the end date of the reporting period and the "Student Twenty Second Bday" is greater than the start date of the reporting period. In addition, validations have been built into PowerSchool Migrant functions to prevent entering over-age students.

The End of Eligibility date must be greater than the QAD. The exceptions are Withdraw and Supplemental Program End dates. In PS, the supplemental program section has a field named "End Date." This date can be the same as the Withdraw date from a history line, but it can stand on its own if the Local Educational Agency ends a supplemental program before the student is withdrawn from a school history enrollment line.

A child will be counted in the A1 count if the QAD plus 36 months is equal or greater than the beginning of the reporting period and if any of the following dates falls within the reporting range period 09/01/18 to 08/31/19: Enroll Date, Withdraw Date, Supplemental Program Start Date, or Supplemental Program End Date. The interview date must also be before or equal to the last date of the reporting period.

Upon graduation or once students have obtained a High School Equivalency Diploma (HSED), students are no longer considered Active or current Migratory Children in PS, North Carolina's statewide data system. PowerSchool withdraws MEP graduated students at the end of each performance period, which means that they will not be counted in the subsequent performance period's child count, because they will no longer be considered active/current migratory children. Additionally, if there is a Graduation or HSED date in the system during the 18-19 performance period, the child's residency date is checked against the Graduation/HSED date to determine if the child should be included in the A1 and/or A2 counts or if the child would not be considered migrant based on the Graduation/HSED date.

For all migratory children, NC has some filters in place:

1. Recruiters do not include graduated students or OSY who have obtained a GED/HSED in the COE.
2. Recruiters and districts complete enrollment verifications for both the Regular School Year and Summer Terms and make note of any students that graduated so that they can be removed from PS.
3. NC Data Specialists check for graduated students and/or OSY who have obtained a GED/HSED.

"Enrollment" means the student has a school history line in PS showing enrollment in a school or in the migrant program (for out-of-school children and youth or children only enrolled in summer/not in regular schools). Supplemental Programs are defined in North Carolina as services above and beyond the basic educational programs provided by the local school district.

Students who were residents in North Carolina for at least one day during the reporting period and who have activity in PS in any of the fields listed above will be counted in the Category 1 count. For this purpose, the reporting period for the A1 count and for Intersession in the A2 count goes from 09/01/18 to 08/31/19. The reporting period for summer in the A2 count goes from 06/16/19 to 08/31/19. A child will be counted in the A2 count if, in addition to the criteria for the A1 count, the child's end of eligibility is equal to or greater than the beginning of the summer program and if the child's summer services were paid in whole or part with MEP funds.

For a child to be counted in Category 2 count the "enrollment type" must be summer. At least one service must be paid in whole or in part with migrant funds. For a child with summer "enrollment type" to be counted, one of the following dates must fall within the specified summer time frame (06/16 to 08/31): Enroll Date, Withdraw Date, Supplemental Program Start Date, or Supplemental Program End Date. Students must have been residents in North Carolina for at least one day and have been eligible during the summer/intersession reporting period and have received at least one supplemental service for at least one day during the summer/intersession reporting period.

Children are counted once per age/grade level for each child count category for the state, regardless of the number of school history lines on the student's record for the state or the number of LEAs in which that student has resided in North Carolina. Migrant children in the state are assigned a unique ID, which remains the same as the student moves within this state. Throughout the year, duplicate records are merged in the state database. If the student has been in more than one LEA during the same reporting period, the student is counted in the last LEA where

he/she resided during that time.

Student data is uploaded from LEAs and Regional Recruiters to a secure server maintained at DPI. The Migrant Data Specialists then retrieve the data forms and enter data into PS. There is a maximum of ten calendar days that may occur between MEP enrollment and entry into the PS system. The PS record can then be reviewed by the Data Specialist or State staff after it has been created or modified. Data Specialists and State staff will be using the same system of periodic review of data quality by checking several reports that are either generated within PS or extracted from PS.

Student Counts and rosters are periodically uploaded to the secure server so that sub-grantees may review their counts and student information periodically. Because PS is the same system for all students in the state, including OSY and pre-K students who are not in school, the same process is used to generate all tables for ED Facts; hence there is no need for matching between a migrant database and the state database. We address the accuracy of migrant student data in the following ways:

1. NC conducts an enrollment verification process twice per year in which each child's home is visited by a local, regional, or state-level MEP staff member to verify residence in the state. The state's enrollment methodology ensures that only students with a residency date between Sept. 1, 2018 and Aug. 31, 2019 are included in the Category 1 child count.
2. NC enters student service data into the PS system, which is the same database for all migratory children throughout the state.
3. NC has written guidelines in place that are shared during regional and statewide meetings as well as during trainings to MEP and non-MEP staff in regard to student eligibility.
4. Procedures to establish program eligibility is done by following quality control which include the use of the Identification and Recruitment manual. NC conducts a face-to-face annual ID&R training which are mandatory for all recruiters and COE reviewers. NC has been moving to the use of electronic COEs, but still relies on the use of pen & paper in areas and situations that are more convenient to recruiters. The COE goes through a process of quality control that may include peer review, district's official reviewer, NC Data Specialist, and NC MEP Administrator when needed. Once it is signed and reviewed by all the parties, the state approved COE is entered into PS. Districts periodically use PS to review their current MEP roster against the COEs written as system of checks and balances. Districts have been instructed to conduct a migratory roster "self-audit" on a monthly basis and to notify NCMEP Data Specialist and NCMEP Program Administrators of any discrepancies. The NCMEP Data Administrator conducts MSIX student count comparisons with the State's migrant specific database.

Does the State ensure that the system that transmits migrant data to the Department accurately accounts for all the migratory children in every ED Facts data file? See the Office of Migrant Education's CSPR Rating Instrument for the criteria needed to address this question. Please respond in the table below.

Accuracy of ED Facts Data Files	Yes/No
The State deployed a process that ensured that it transmits accurate migrant data to the Department in every required ED Facts data file.	YES

Use of MSIX to Verify Data Quality	Yes/No
Does the State use data in the Migrant Student Information Exchange (MSIX) to verify the quality of migrant data?	YES

If MSIX is utilized, please explain how.

Comments: The response is limited to 8,000 characters.

NC continues to input migratory student data into the State's authoritative data source, PowerSchool, which uploads migratory student data to MSIX on a nightly basis. Districts complete under normal circumstances move notifications, data requests, and review notifications sent to them. Also, NC MEP Administrators continue to provide face-to-face MSIX training for MSIX User Access. The training is provided to new MEP staff and non-MEP staff at the district level who interact with migratory children.

Every time a COE is completed, a NC MEP data specialist enters that information into PowerSchool, which uploads migratory student data to MSIX within 24-48 hours. In order to maintain the most accurate data possible districts have been instructed to review their MSIX student count and then to compare it with their PowerSchool MEP roster. The NC MEP MSIX Data Administrator reviews move notices, merge record requests, and shares reports that districts may need such as the "Missed Enrollment Report."

The NC MEP MSIX technology office sends the information required by OME and MSIX as requested.

Comments: The response is limited to 4,000 characters.

2.4.3.2 Quality Control Processes

In the space below, describe the results of any re-interview processes used by the SEA during the performance period to test the accuracy of the State's MEP eligibility determinations.

Results	#
The number of eligibility determinations sampled.	90
The number of eligibility determinations sampled for which a re-interview was completed.	75
The number of eligibility determinations sampled for which a re-interview was completed and the child was found eligible.	73

Procedures	SY
What was the most recent year that the MEP conducted independent prospective re-interviews (i.e., interviewers were neither SEA or LEA staff members responsible for administering or operating the MEP, nor any other persons who worked on the initial eligibility determinations being tested)? If independent prospective re-interviews were not administered in any of the three performance periods, please provide an explanation in the "Comment" row at the end of this table.	2016-2017

Comments: The response is limited to 8,000 characters.

FAQ on independent prospective re-interviews:

What are independent prospective re-interviews? Independent prospective re-interviews allow confirmation of your State's eligibility determinations and the accuracy of the numbers of migratory children in your State reports. Independent prospective interviews should be conducted at least once every three years by an independent interviewer, performed on the current year's identified migratory children.

Obtaining Data from Families	Re-interview Method
Select how the re-interviews were conducted: Face-to-face re-interviews Phone Interviews Both	Face-to-face interviews

Obtaining Data from Families	Yes/No
Was there a protocol for verifying all information used in making the original eligibility determination?	YES
Were re-interviewers independent from the original interviewers?	YES

If you did conduct independent re-interviews in this reporting period, describe how you ensured that the process was independent. Only enter a response if your State completed independent re-interviews in SY 2018-19.

Comments: The response is limited to 8,000 characters.

In the space below, refer to the results of **any** re-interview processes used by the SEA, and if any of the migratory children were found ineligible, describe those corrective actions or improvements that will be made by the SEA to improve the accuracy of its MEP eligibility determinations.

Comments: The response is limited to 8,000 characters.
 NC MEP Program Administrators made a random selection of COEs by district level, and then proceeded to conduct the face-to-face re-interview. The reinterviewer used the original COE that was submitted to conduct the re-interview and followed the re-interview questionnaire. 90 COEs were selected, and 75 families, children were re-interviewed. Only two (2) of those 75 were found not being eligible for a 97% accuracy in the COEs eligibility determination. Although the accuracy is high (97%), MEP Program Administrators at the SEA addressed the issue with both the recruiter and the Fed. Prog. Director so corrections are made at the district level. Also, MEP Program Administrators at the SEA conduct ID&R training which includes eligibility determinations as well as the correct completion of COEs. In case that NC MEP Program Administrators find a pattern of errors at the district level, a mandatory training and review is scheduled for all MEP staff in that particular district

In the space below, please respond to the following question:

	Yes/No
Does the state collect all the required data elements and data sections on the National Certificate of Eligibility (COE)?	YES

Comments: The response is limited to 4,000 characters.

2.4.4 Eligible Migratory Children

2.4.4.1 Priority for Services

In the table below, provide the unduplicated number of **eligible** migratory children who have been classified as having “Priority for Services.” The total is calculated automatically.

Age/Grade	Priority for Services During the Performance Period
Age 3 through 5 (not Kindergarten)	7
K	34
1	68
2	55
3	70
4	49
5	48
6	38

Out-of-school	35
Total	604

Comments: The response is limited to 4,000 characters.

FAQ on priority for services:

Who is classified as having “priority for service?” Migratory children who have made a qualifying move within the previous 1-year period and who 1) are failing, or most at risk of failing to meet challenging State academic standards, or 2) have dropped out of school.

2.4.4.2 English Learners (ELs)

In the table below, provide the unduplicated number of **eligible** migratory children who are also ELs. The total is calculated automatically.

Age/Grade	ELs During the Performance Period
Age 3 through 5 (not Kindergarten)	2
K	89
1	175
2	174
3	208

Out-of-school	619
Total	1,878

Comments: The response is limited to 4,000 characters.

2.4.5 Academic Status

The following questions collect data about the academic status of **eligible** migratory students.

2.4.5.1 Dropouts

In the table below, provide the unduplicated number of **eligible** migratory students who dropped out of school. The total is calculated automatically.

Grade	Dropouts During the Performance Period
7	1
8	1
9	9
10	4
11	5
12	0
Ungraded	0
Total	20

Comments: The response is limited to 4,000 characters.

FAQ on Dropouts:

How is "dropouts" defined? The term used for students, who, (1) were enrolled in a school for at least one day during the 2018-19 performance period, (2) were not enrolled at the beginning of the current (2018-19) performance period, (3) who have not graduated from high school or completed a State- or district-approved educational program, and (4) who do not meet any of the following exclusionary conditions: (a) transfer to another school district, private school or State- or district-approved educational program (including correctional or health facility programs), (b) temporary absence due to suspension or school-excused illness or (c) death. Students who dropped out-of-school prior to the 2018-19 performance period should not be reported in this item.

2.4.5.2 HSED (High School Equivalency Diploma)

In the table below, provide the total unduplicated number of **eligible** migratory students who obtained a High School Equivalency Diploma (HSED) by passing a high school equivalency test that your state accepts (e.g. GED, HiSET, TASC).

Obtain HSED	#
Obtained a HSED in your State During the Performance Period	7

Comments: The response is limited to 4,000 characters.

2.4.6 MEP Services - During the Performance Period

The following questions collect data about MEP services provided to migratory children during the performance period.

FAQ on Services:

What are services? Services are a subset of all allowable activities that the MEP can provide through its programs and projects. "Services" are those educational or educationally related activities that: (1) directly benefit a migratory child; (2) address a need of a migratory child consistent with the SEA's comprehensive needs assessment and service delivery plan; (3) are grounded in scientifically based research or, in the case of support services, are a generally accepted practice; and (4) are designed to enable the program to meet its measurable outcomes and contribute to the achievement of the State's performance targets/annual measurable objectives. Activities related to identification and recruitment activities, parental involvement, program evaluation, professional development, or administration of the program are examples of allowable activities that are not considered services. Other examples of an allowable activity that would not be considered a service would be the one-time act of providing instructional packets to a child or family, and handing out leaflets to migratory families on available reading programs as part of an effort to increase the reading skills of migratory children. Although these are allowable activities, they are not services because they do not meet all of the criteria above.

In the table below, provide the unduplicated number of **eligible** migratory children who received MEP-funded instructional or support services at any time during the performance period. Do not count the number of times an individual child received a service intervention. The total number of students served is calculated automatically.

Age/Grade	Served During the Performance Period
Age Birth through 2	54
Age 3 through 5 (not Kindergarten)	182
K	220
1	261
2	255
3	261
4	217
5	231
6	207
7	209
8	170
9	213
10	161
11	127
12	138
Ungraded	0
Out-of-school	805
Total	3,711

Comments: The response is limited to 4,000 characters.

2.4.6.1 Priority for Services – During the Performance Period

In the table below, provide the unduplicated number of **eligible** migratory children who have been classified as having "priority for services" and who received MEP-funded instructional or support services during the performance period. The total is calculated automatically.

Age/Grade	Priority for Services During the Performance Period
Age 3 through 5 (not Kindergarten)	7
K	34
1	68
2	55
3	70
4	49

Out-of-school	35
Total	604

Comments: The response is limited to 4,000 characters.

2.4.6.2 Continuation of Services – During the Performance Period

In the table below, provide the unduplicated number of migratory children who received MEP-funded instructional or support services during the performance period under the continuation of services authority Section 1304(e)(2–3). Do **not** include children served under Section 1304(e)(1), which are children whose eligibility expired during the school term. The total is calculated automatically.

Age/Grade	Continuation of Services During the Performance Period
Age 3 through 5 (not Kindergarten)	0
K	0
1	1
2	0
3	0
4	1
5	0
6	2
7	0
8	0
9	2

Out-of-school	1
Total	18

Comments: The response is limited to 4,000 characters.

FAQ on Continuation of Services:

What is Continuation of Services? The “continuation of services” provision found in Section 1304(e) of the ESEA provides that: (1) a child who ceases to be a migratory child during a school term shall be eligible for services until the end of such term; (2) a child who is no longer a migratory child may continue to receive services for one additional school year, but only if comparable services are not available through other programs; and (3) secondary school students who were eligible for services in secondary school may continue to be served through credit accrual programs until graduation.

2.4.6.3 Instructional Service – During the Performance Period

In the table below, provide the unduplicated number of **eligible** migratory children who received any type of MEP-funded instructional service during the performance period. Include children who received instructional services provided by either a teacher or a paraprofessional. Children should be reported only once regardless of the frequency with which they received a service intervention. The total is calculated automatically.

Age/Grade	Instructional Service During the Performance Period
Age Birth through 2	14
Age 3 through 5 (not Kindergarten)	82
K	111
1	157
2	144
3	152

Total	1,870

Comments: The response is limited to 4,000 characters.

2.4.6.4 Type of Instructional Service – During the Performance Period

In the table below, provide the number of **eligible** migratory children reported in the table above who received MEP-funded reading instruction, mathematics instruction, or high school credit accrual during the performance period. Include children who received such instructional services provided by a teacher only. Children may be reported as having received more than one type of instructional service in the table. However, children should be reported only once within each type of instructional service that they received regardless of the frequency with which they received the instructional service. The totals are calculated automatically.

Age/Grade	Reading Instruction During the Performance Period	Mathematics Instruction During the Performance Period	High School Credit Accrual During the Performance Period
Age Birth through 2			
Age 3 through 5 (not Kindergarten)	8	1	
K	14	8	
1	17	11

8	3	3	
9	2	2	
10	1	1	1
11	2	2	1
12	4	2	
Ungraded			
Out-of-school	7	2	12
Total	162	95	14

Comments: The response is limited to 4,000 characters.

FAQ on Types of Instructional Services:

What is "high school credit accrual"? MEP-funded instruction, funded in whole or in part by MEP funds, in courses that accrue credits needed for high school graduation provided by a teacher for students on a regular or systematic basis, usually for a predetermined period of time. High school credit accrual includes correspondence courses taken by a student under the supervision of a teacher. High school credit accrual may include the age/grade categories of Grade 8 through Grade 12. NOTE: Children receiving a MEP-funded high school credit accrual service should be reported only once, regardless of frequency.

2.4.6.5 Support Services with Breakout for Counseling Services – During the Performance Period

In the table below, in the column titled **Support Services**, provide the unduplicated number of **eligible** migratory children who received any MEP-funded support service during the performance period. In the column titled **Breakout of Counseling Services During the Performance Period**, provide the unduplicated number of **eligible** migratory children who received a counseling service during the performance period. Children should be reported only once in each column regardless of the frequency with which they received a support service intervention. The totals are calculated automatically.

Age/Grade	Support Services During the Performance Period	Breakout of Counseling Services During the Performance Period
Age Birth through 2	45	24
Age 3 through 5 (not Kindergarten)	126	75
K	188	95

Out-of-school	678	259
Total	3,066	1,555

Comments: The response is limited to 4,000 characters.

FAQs on Support Services:

a. What are support services? These MEP-funded educationally-related services are provided to students. These services include, but are not limited to, health, nutrition, counseling, and social services for migratory children; necessary educational supplies, and transportation. Activities related to identification and recruitment, parental involvement, professional development, program evaluation, and the one-time act of providing instructional or informational packets to a child or family does not constitute a support service.

b. What are counseling services? Services to help a student to better identify and enhance his or her educational, personal, or occupational potential; relate his or her abilities, emotions, and aptitudes to educational and career opportunities; utilize his or her abilities in formulating realistic plans; and achieve satisfying personal and social development. These activities take place between one or more counselors and one or more students as counselees, or between students and students in MEP peer-to-peer counseling activities, or between students and MEP-funded staff members. The services can also help the child address life problems or personal crisis that result from the culture of migrancy. NOTE: Children who receive a MEP-funded counseling service should be reported only once, regardless of frequency.

2.4.7 School Data during the Regular School Year

The following questions are about the enrollment of eligible migratory children in schools during the regular school year.

2.4.7.1 Schools and Enrollment – During the Regular School Year

In the table below, provide the number of public schools that enrolled **eligible** migratory children at any time during the regular school year. Schools include public schools that serve school age (e.g., grades K through 12) children. Also, provide the number of **eligible** migratory children who were enrolled in those schools. Since more than one school in a State may enroll the same migratory child at some time during the regular school year, the number of children may include duplicates.

Schools	#
Number of schools that enrolled eligible migratory children	447
Number of eligible migratory children enrolled in those schools	2,617

Comments: The response is limited to 4,000 characters.

2.4.7.2 Schools Where MEP Funds Were Consolidated in SWPs – During the Regular School Year

In the table below, provide the number of schools where MEP funds were consolidated in an SWP. Also, provide the number of **eligible** migratory children who were enrolled in those schools at any time during the regular school year. Since more than one school in a State may enroll the same migratory child at some time during the regular school year, the number of children may include duplicates.

Schools	#
Number of schools where MEP funds were consolidated in a schoolwide program	
Number of eligible migratory children enrolled in those schools	

Comments: The response is limited to 4,000 characters.

2.5 PREVENTION AND INTERVENTION PROGRAMS FOR CHILDREN AND YOUTH WHO ARE NEGLECTED, DELINQUENT, OR AT RISK

This section collects data on programs and facilities that serve students who are neglected, delinquent, or at risk under Title I, Part D, and characteristics about and services provided to these students.

Throughout this section:

- Report data for the program year of July 1, 2018 through June 30, 2019.
- Count programs/facilities based on how the program was classified to ED for funding purposes.
- Do not include programs funded solely through Title I, Part A.
- Use the definitions listed below:
 - **Adult Corrections:** An adult correctional institution is a facility in which persons, including persons 21 or under, are confined as a result of conviction for a criminal offense.
 - **At-Risk Programs:** Programs operated (through LEAs) that target students who are at risk of academic failure, dependency adjudication, or delinquency adjudication, have a drug or alcohol problem, are pregnant or parenting, have been in contact with the juvenile justice or child welfare system in the past, are at least 1 year behind the expected age/grade level, are English learners, are gang members, have dropped out of school in the past, or have a high absenteeism rate at school.
 - **Juvenile Corrections:** An institution for delinquent children and youth that is a public or private residential facility other than a foster home that is operated for the care of children and youth who have been adjudicated delinquent or in need of supervision. Include any programs serving adjudicated youth (including non- secure facilities and group homes) in this category.
 - **Juvenile Detention Facilities:** Detention facilities are shorter-term institutions that provide care to children who require secure custody pending court adjudication, court disposition, or execution of a court order, or care to children after commitment.
 - **Neglected Programs:** An institution for neglected children and youth is a public or private residential facility, other than a foster home, that is operated primarily for the care of children who have been committed to the institution or voluntarily placed under applicable State law due to abandonment, neglect, or death of their parents or guardians.
 - **Other:** Any other programs, not defined above, that receive Title I, Part D funds and serve non-adjudicated children and youth.

2.5.1 State Agency Title I, Part D Programs and Facilities – Subpart 1

The following questions collect data on Title I, Part D, Subpart 1 programs and facilities.

2.5.1.1 Programs and Facilities - Subpart 1

In the table below, provide the number of State agency Title I, Part D, Subpart 1 programs and facilities that serve neglected and delinquent students and the average length of stay by program/facility type, for these students. Report only programs and facilities that received Title I, Part D, Subpart 1 funding during the reporting year. Count a facility once if it offers only one type of program. If a facility offers more than one type of program (i.e., it is a multipurpose facility), then count each of the separate programs. The total number of programs/facilities will be automatically calculated. Below the table is a FAQ about the data collected in this table.

State Program/Facility Type	# Programs/Facilities	Average Length of Stay in Days
Neglected programs	0	0
Juvenile detention	6	18
Juvenile corrections	7	125
Adult corrections	4	90
Other	0	0
Total	17	

Comments: The response is limited to 4,000 characters.

FAQ on Programs and Facilities - Subpart I:

How is average length of stay calculated? The average length of stay should be weighted by number of students and should include the number of days, per visit, for each student enrolled during the reporting year, regardless of entry or exit date. Multiple visits for students who entered more than once during the reporting year can be included. The average length of stay in days should not exceed 365.

2.5.1.2 Programs and Facilities That Reported - Subpart 1

In the table below, provide the number of State agency Title I, Part D, Subpart 1 programs/facilities that reported data on neglected and delinquent students.

The total row will be automatically calculated.

State Program/Facility Type	# Reporting Data
Neglected programs	0
Juvenile detention	6
Juvenile corrections	7
Adult corrections	4
Other	0
Total	17

Comments: The response is limited to 4,000 characters.

2.5.1.3 Students Served – Subpart 1

In the tables below, provide the number of neglected and delinquent students served in State agency Title I, Part D, Subpart 1 programs and facilities. Report only students who received Title I, Part D, Subpart 1 services during the reporting year. In the first table, provide in row 1 the unduplicated number of students served by each program, and in row 2, the total number of students in row 1 who are long-term. In the subsequent tables provide the number of students served by disability (*IDEA*) and EL status, by race/ethnicity, by sex, and by age. The total number of students by race/ethnicity, by sex and by age will be automatically calculated.

# of Students Served	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
Total Unduplicated Students Served		110	302	1,109	
Total Long Term Students Served		15	220	779	

Provide the number of students served by special populations

Student Subgroups	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
Children with disabilities (<i>IDEA</i>)		12	103	37	
English Learners (ELs)		0	0	23	

Provide the number of students served by race/ethnicity.

Race/Ethnicity	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
American Indian or Alaska Native		2	1	13	
Asian		0	0	0	
Black or African American		76	193	911	
Hispanic or Latino		6	28	50	
Native Hawaiian or other Pacific Islander		0	0	11	
White		22	71	124	
Two or more races		4	9	0	
Total		110	302	1,109	

Provide the number of students served by gender.

Sex	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
Male		99	271	970	
Female		11	31	139	
Total		110	302	1,109	

Provide the number of students served by age.

Age	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs

Comments: The response is limited to 4,000 characters.

FAQ on Unduplicated Count:

What is an unduplicated count? An unduplicated count is one that counts students only once, even if they were admitted to a facility or program multiple times within the reporting year.

FAQ on long-term:

What is long-term? Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2018 through June 30, 2018.

2.5.1.4 Academic, Career and Technical Outcomes While in the State Agency Program/Facility or Within 90 Calendar Days after Exit

In the tables below, for each program type, provide the number of students who attained academic, career, and technical outcomes.

The first table includes outcomes a student is able to achieve only after exit. In this table, provide the unduplicated number of students who enrolled, or planned to enroll, in their local district school within 90 calendar days after exiting. A student may be reported only once, per program type.

The second table includes outcomes a student is able to achieve only one time. In this table, provide the unduplicated number of students who attained the listed outcomes either in the while enrolled in the State agency program/facility column ("in fac.") or in the within 90 calendar days after exiting column. A student may be reported only once across the two time periods, per program type.

The third table includes outcomes a student may achieve more than once. In the "in fac." column, provide the unduplicated number of students who attained academic, career and technical outcomes while enrolled in the State agency program/facility. In the "90 days after exit" column provide the unduplicated number of students who attained academic, career, and technical outcomes within 90 calendar days after exiting. If a student attained an outcome once in the program/facility and once during the 90-day transition period, that student may be reported once in each column.

Outcomes (once per student, only after exit)	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
# of Students Who Enrolled in their local district school 90 days after exit		S	S	S	

Outcomes (once per student) - # of Students Who	Neglected Programs - In fac.	Neglected Programs - 90 days after exit	Juvenile Detention - In fac.	Juvenile Detention - 90 days after exit	Juvenile Corrections - In fac.	Juvenile Corrections - 90 days after exit	Adult Corrections - In fac.	Adult Corrections - 90 days after exit	Other Programs - In fac.	Other Programs - 90 days after exit
Earned a GED			S	S	S	S	152	S		
Obtained high school diploma			S	S	4	S	S	S		

Outcomes (once per student per time period) - # of Students Who	Neglected Programs - In fac.	Neglected Programs - 90 days after exit	Juvenile Detention - In fac.	Juvenile Detention - 90 days after exit	Juvenile Corrections - In fac.	Juvenile Corrections - 90 days after exit	Adult Corrections - In fac.	Adult Corrections - 90 days after exit	Other Programs - In fac.	Other Programs - 90 days after exit
Earned high school course credits			11	S	289	S	S	S		
Enrolled in a GED program			S	S	14	S	1,109	S		
Accepted and/or enrolled into post-secondary education			S	S	S	S	25	11		
Enrolled in job training courses/programs			S	S	10	S	301	S		
Obtained employment			S	S	S	S	S	23

2.5.2 Academic Performance – Subpart 1

The following questions collect data on the academic performance of neglected and delinquent long-term students served by Title I, Part D, Subpart 1 in reading and mathematics.

2.5.2.1 Academic Performance in Reading – Subpart 1

In the table below, provide the unduplicated number of long-term students served by Title I, Part D, Subpart 1, who participated in reading pre-and post-testing. Students should be reported in only one of the four change categories.

Report only information on a student’s most recent testing data. Students who were pre-tested prior to July 1, 2018, may be included if their post-test was administered during the reporting year. Students who were post-tested after the reporting year ended should be counted in the following year. Below the table is an FAQ about the data collected in this table.

Performance Data (Based on most recent pre/post-test data)	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
Long-term students with negative grade level change from the pre- to post-test exams		S	S	12	
Long-term students with no change in grade level from the pre- to post-test exams		S	S	S	
Long-term students with improvement up to one full grade level from the pre- to post-test exams		S	S	347	
Long-term students with improvement of more than one full grade level from the pre- to post-test exams		S	S	420	
Total students pre/post- tested		15	220	779	

Comments: The response is limited to 4,000 characters.

FAQ on long-term students:

What is long-term? Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2018 through June 30, 2019.

2.5.2.2 Academic Performance in Mathematics – Subpart 1

In the table below, provide the unduplicated number of long-term students served by Title I, Part D, Subpart 1, who participated in mathematics pre-and post-testing. Students should be reported in only one of the four change categories.

Report only information on a student’s most recent testing data. Students who were pre-tested prior to July 1, 2018, may be included if their post-test was administered during the reporting year. Students who were post-tested after the reporting year ended should be counted in the following year. Below the table is an FAQ about the data collected in this table.

Performance Data (Based on most recent pre/post-test data)	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
Long-term students with negative grade level change from the pre- to post-test exams		S	S	9	
Long-term students with no change in grade level from the pre- to post-test exams		S	S	S	
Long-term students with improvement up to one full grade level from the pre- to post-test exams		S	S	280	
Long-term students with improvement of more than one full grade level from the pre- to post-test exams		S	S	488	
Total students pre/post- tested		15	220	779	

Comments: The response is limited to 4,000 characters.

FAQ on long-term students:

What is long-term? Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2018 through June 30, 2019.

2.5.3 LEA Title I, Part D Programs and Facilities – Subpart 2

The following questions collect data on Title I, Part D, Subpart 2 programs and facilities.

2.5.3.1 Programs and Facilities – Subpart 2

In the table below, provide the number of LEA Title I, Part D, Subpart 2 programs and facilities that serve neglected and delinquent students and the yearly average length of stay by program/facility type for these students. Report only the programs and facilities that received Title I, Part D, Subpart 2 funding during the reporting year. Count a facility once if it offers only one type of program. If a facility offers more than one type of program (i.e., it is a multipurpose facility), then count each of the separate programs. The total number of programs/ facilities will be automatically calculated. Below the table is an FAQ about the data collected in this table.

LEA Program/Facility Type	# Programs/Facilities	Average Length of Stay in Days
At-risk programs	0	0
Neglected programs	48	63
Juvenile detention	4	117
Juvenile corrections	2	11
Other	5	81
Total	59	

Comments: The response is limited to 4,000 characters.

FAQ on average length of stay:

How is average length of stay calculated? The average length of stay should be weighted by number of students and should include the number of days, per visit, for each student enrolled during the reporting year, regardless of entry or exit date. Multiple visits for students who entered more than once during the reporting year can be included. The average length of stay in days should not exceed 365.

2.5.3.2 Programs and Facilities That Reported - Subpart 2

In the table below, provide the number of LEA Title I, Part D, Subpart 2 programs and facilities that reported data on neglected and delinquent students.

The total row will be automatically calculated.

LEA Program/Facility Type	# Reporting Data
At-risk programs	0
Neglected programs	48
Juvenile detention	4
Juvenile corrections	2
Other	5
Total	59

Comments: The response is limited to 4,000 characters.

2.5.3.3 Students Served – Subpart 2

In the tables below, provide the number of neglected and delinquent students served in LEA Title I, Part D, Subpart 2 programs and facilities. Report only students who received Title I, Part D, Subpart 2 services during the reporting year. In the first table, provide in row 1 the unduplicated number of students served by each program, and in row 2, the total number of students in row 1 who are long-term. In the subsequent tables, provide the number of students served by disability (*IDEA*), and EL status, by race/ethnicity, by sex, and by age. The total number of students by race/ethnicity, by sex, and by age will be automatically calculated.

# of Students Served	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
Total Unduplicated Students Served		1,133			359
Total Long Term Students Served		700			17

Provide the number of students served by special populations.

Student Subgroups	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
Children with disabilities (<i>IDEA</i>)		258			86
ELs		15			15

Provide the number of students served by race/ethnicity.

Race/Ethnicity	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
American Indian or Alaska Native		23			0
Asian		2			3
Black or African American		280			246
Hispanic or Latino		80			31
Native Hawaiian or other Pacific Islander		3			1
White		685			76
Two or more races		60			2
Total		1,133			359

Provide the number of students served by sex.

Sex	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
Male		544			293
Female		589			66
Total		1,133			359

Provide the number of students served by age.

Age	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
3 through 5		91			0
6		39			3
7		41			1
8		47			0
9		58			3
10		57			1
11		71			2
12		85			4
13		106			9
14		118			53
15		146			59
16		139			109
17		97			98
18		33			15
19		4			1

Age	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
20		1			1
21		0			0
Total		1,133			359

If the total number of students differs by demographics, please explain in comment box below.

Comments: The response is limited to 8,000 characters.

Comments: The response is limited to 4,000 characters.

FAQ on Unduplicated Count:

What is an unduplicated count? An unduplicated count is one that counts students only once, even if they were admitted to a facility or program multiple times within the reporting year.

FAQ on long-term:

What is long-term? Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2018 through June 30, 2019.

2.5.3.4 Academic, Career and Technical Outcomes While in the LEA Program/Facility or Within 90 Calendar Days After Exit

In the tables below, for each program type, provide the number of students who attained academic, career and technical outcomes.

The first table includes outcomes a student is able to achieve only after exit. In this table, provide the unduplicated number of students who enrolled, or planned to enroll, in their local district school within 90 calendar days after exiting. A student may be reported only once, per program type.

The second table includes outcomes a student is able to achieve only one time. In this table, provide the unduplicated number of students who attained the listed outcomes either in the while enrolled in the LEA program/facility column ("in fac.") or in the within 90 calendar days after exiting column. A student may be reported only once across the two time periods, per program type.

The third table includes outcomes a student may achieve more than once. In the "in fac." column, provide the unduplicated number of students who attained academic, career and technical outcomes while enrolled in the LEA program/facility. In the "90 days after exit" column provide the unduplicated number of students who attained academic, career and technical outcomes within 90 calendar days after exiting. If a student attained an outcome once in the program/facility and once during the 90-day transition period, that student may be reported once in each column.

Outcomes (once per student, only after exit)	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
# of Students Who Enrolled in their local district school 90 days after exit		169			295

Outcomes (once per student) - # of Students Who	At-Risk Programs - In fac.	At-Risk Programs - 90 days after exit	Neglected Programs - In fac.	Neglected Programs - 90 days after exit	Juvenile Detention - In fac.	Juvenile Detention - 90 days after exit	Juvenile Corrections - In fac.	Juvenile Corrections - 90 days after exit	Other Programs - In fac.	Other Programs - 90 days after exit
Earned a GED			S	S					S	S
Obtained high school diploma			35	S					S	S

Outcomes (once per student per time period) - # of Students Who	At-Risk Programs - In fac.	At-Risk Programs - 90 days after exit	Neglected Programs - In fac.	Neglected Programs - 90 days after exit	Juvenile Detention - In fac.	Juvenile Detention - 90 days after exit	Juvenile Corrections - In fac.	Juvenile Corrections - 90 days after exit	Other Programs - In fac.	Other Programs - 90 days after exit
Earned high school course credits			271	24					S	S
Enrolled in a GED program			S	S					S	S
Accepted and/or enrolled into post- secondary education			19	S					S	S
Enrolled in job training courses/programs			6	S					S	S
Obtained employment			15	3					S	S

Comments: The response is limited to 4,000 characters.

2.5.4 Academic Performance – Subpart 2

The following questions collect data on the academic performance of neglected and delinquent long-term students served by Title I, Part D, Subpart 2 in reading and mathematics.

2.5.4.1 Academic Performance in Reading – Subpart 2

In the table below, provide the unduplicated number of long-term students served by Title I, Part D, Subpart 2, who participated in reading pre- and post-testing. Students should be reported in only one of the four change categories. Reporting pre- and post-test data for at-risk students in the table below is optional.

Report only information on a student’s most recent testing data. Students who were pre-tested prior to July 1, 2018, may be included if their post-test was administered during the reporting year. Students who were post-tested after the reporting year ended should be counted in the following year. Below the table is an FAQ about the data collected in this table.

Performance Data (Based on most recent pre/post-test data)	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
Long-term students with negative grade level change from the pre- to post-test exams		36			S
Long-term students with no change in grade level from the pre- to post-test exams		182			S
Long-term students with improvement up to one full grade level from the pre- to post-test exams		278			5
Long-term students with improvement of more than one full grade level from the pre- to post-test exams		29			S
Total students pre/post- tested		525			7

Comments: The response is limited to 4,000 characters.

FAQ on long-term:

What is long-term? Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2018, through June 30, 2019.

Is reporting pre/post-test data for at-risk programs required? No, reporting pre/post-test data for at-risk students is no longer required, but States have the option to continue to collect and report it within the CSPR.

2.5.4.2 Academic Performance in Mathematics – Subpart 2

In the table below, provide the unduplicated number of long-term students served by Title I, Part D, Subpart 2, who participated in mathematics pre- and post-testing. Students should be reported in only one of the four change categories. Reporting pre- and post-test data for at-risk students in the table below is optional.

Report only information on a student's most recent testing data. Students who were pre-tested prior to July 1, 2018, may be included if their post-test was administered during the reporting year. Students who were post-tested after the reporting year ended should be counted in the following year. Below the table is an FAQ about the data collected in this table.

Performance Data (Based on most recent pre/post-test data)	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
Long-term students with negative grade level change from the pre- to post-test exams		34			S
Long-term students with no change in grade level from the pre- to post-test exams		206			S
Long-term students with improvement up to one full grade level from the pre- to post-test exams		239			5
Long-term students with improvement of more than one full grade level from the pre- to post-test exams		43			S
Total students pre/post- tested		522			7

Comments: The response is limited to 4,000 characters.

FAQ on long-term:

What is long-term? Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2018, through June 30, 2019.

Is reporting pre/post-test data for at-risk programs required? No, reporting pre/post-test data for at-risk students is no longer required, but States have the option to continue to collect and report it within the CSPR.

2.6 STUDENT SUPPORT AND ACADEMIC ENRICHMENT GRANTS (TITLE IV, PART A)**2.6.1 Funds Spent Under Title IV, Part A**

This section collects data on the amount of funds spent by LEAs on the three content areas under Title IV, Part A of the *ESEA*. The data are reported through the Annual Performance Reporting Tool.

Content Area	Amount of Funds Spent
Well-Rounded	11,993,154.18
Safe and Healthy Students	10,125,596.19
Effective Use of Technology	6,506,943.93

Comments: The response is limited to 4,000 characters.

2.6.2 LEAs Who Spent Funds Under Title IV, Part A

This section collects data on the number of LEAs who spent funds by the content areas under Title IV, Part A of the *ESEA*. For the "Any" category, report the number of LEAs that spent funds in any of the three content areas. An LEA should be included in the count of each content area it spent funds on (i.e. an LEA may be represented in more than one content area in the table below). The data are reported through the Annual Performance Reporting Tool.

Content Area	Number of LEAs Spending Funds
Well-Rounded	178
Safe and Healthy Students	148
Effective Use of Technology	123
Any Content Area	207

Comments: The response is limited to 4,000 characters.

2.7 FUNDING TRANSFERABILITY FOR STATE AND LOCAL EDUCATIONAL AGENCIES (TITLE V, PART A)**2.7.1 State Transferability of Funds**

In the table below, indicate whether the State transferred funds under the state transferability authority.

State Transferability of Funds	Yes/No
Did the State transfer funds under the State Transferability authority of Section 5103(a) during SY 2018-19?	NO

Comments: The response is limited to 4,000 characters.

2.7.2 Local Educational Agency (LEA) Transferability of Funds

In the table below, indicate the number of LEAs that notified the State that they transferred funds under the LEA transferability authority.

LEA Transferability of Funds	#
LEAs that notified the State that they were transferring funds under the LEA Transferability authority of Section 5103(b).	0

Comments: The response is limited to 4,000 characters.

2.7.3 LEA Funds Transfers

In the table below, provide the total number of LEAs that transferred funds from an eligible program to another eligible program.

Program	# LEAs Transferring Funds FROM Eligible Program	# LEAs Transferring Funds TO Eligible Program
Supporting Effective Instruction (Title II, Part A)	0	0
Student Support and Enrichment Grants (Title IV, Part A)	0	0
Improving Basic Programs Operated by LEAs (Title I, Part A)		0
Education of Migratory Children (Title I, Part C)		0
Prevention and Intervention Programs for Children and Youth Who Are Neglected, Delinquent, or At-Risk (Title I, Part D)		0
English Language Acquisition, Language Enhancement, and Academic Achievement Act (Title III, Part A)		0
Rural Education Initiative (Title V, Part B)		0

In the table below provide the total amount of FY 2018 appropriated funds transferred from and to each eligible program.

Program	Total Amount of Funds Transferred FROM Eligible Program	Total Amount of Funds Transferred TO Eligible Program
Supporting Effective Instruction (Title II, Part A)	0.00	0.00
Student Support and Enrichment Grants (Title IV, Part A)	0.00	0.00
Improving Basic Programs Operated by LEAs (Title I, Part A)		0.00
Education of Migratory Children (Title I, Part C)		0.00
Prevention and Intervention Programs for Children and Youth Who Are Neglected, Delinquent, or At-Risk (Title I, Part D)		0.00
English Language Acquisition, Language Enhancement, and Academic Achievement Act (Title III, Part A)		0.00
Rural Education Initiative (Title V, Part B)		0.00

Comments: The response is limited to 4,000 characters.

2.8 RURAL EDUCATION ACHIEVEMENT PROGRAM (REAP)

This section collects data on the Rural Education Achievement Program (REAP) Title V, Part B, Subparts 1 and 2.

2.8.1 LEA Use of Rural Low-Income Schools Program (RLIS) (Title V, Part B, Subpart 2) Grant Funds

In the table below, provide the number of eligible LEAs that used RLIS funds during SY2018-19 for each of the listed purposes.

Purpose	# LEAs
Activities authorized under Part A of Title I	44
Activities authorized under Part A of Title II	33
Activities authorized under Title III	9
Activities authorized under Part A of Title IV	17
Parental involvement activities	5

Comments: The response is limited to 4,000 characters.

2.8.2 RLIS Objectives and Outcomes

In the space below, describe the progress the State has made in meeting the objectives and outcomes for the Rural Low-Income School (RLIS) Program as described in the State's most current Consolidated State Application. If providing quantitative data along with your narrative, please ensure all data is converted to text format.

Comments: The response is limited to 8,000 characters.

NC measures and tracks outcome data based on individual sub recipient performance data. This data is tracked within our application system. At this time we do not have the data compiled to demonstrate outcomes; however, moving forward there is a mechanism designed to capture this data. Based on monitoring and application approval, funds awarded under RLIS are used to mitigate the barriers incurred from the rural nature of much of our state.

2.8.3 RLIS Technical Assistance

In the space below, describe the progress the State has made in providing technical assistance for RLIS LEA sub-grantees as described in the State's most current Consolidated State Application. If providing quantitative data along with your narrative, please ensure all data is converted to text format.

Comments: The response is limited to 8,000 characters.

NC provides technical assistance to sub-grantees through an annual application training, reflecting any changes to the RLIS application. Each sub-grantee is provide a single contact for all federal awards. This contact holds one on one or group meetings (at least once a year, but more if needed) to provide direct assistance in completing the funding application and developing quality plans. Our state contact provides answers to more detailed questions, trains the direct support personnel, and provides any required updates thought a statewide Listserv.

2.8.4 RLIS Subgrant Award Determination

Please report the method the SEA used to award grants to eligible LEAs. If the SEA used a competitive process, please describe that process and include a description of the methods and criteria the SEA used to review applications, award funds to LEAs, and how the LEAs were notified of the process. If the SEA used a formula besides one based on the number of students in average daily attendance served by eligible LEAs in the State, please describe that formula, including an explanation of how this alternative formula enables the SEA to allot grant funds in a manner that serves equal or greater concentrations of children from families with incomes below the poverty line, relative to the concentration that would be served if the SEA used a formula based on the number of students in average daily attendance served by eligible LEAs in the State.

Comments: The response is limited to 8,000 characters.

NC provides funds as formula grants to all eligible LEAs utilizing the prescribed formula from the US Department of Education.

2.8.5 RLIS State Administrative Funds

In the table below, provide information on state administrative funds.

Question	Percentage
What percentage of the RLIS grant funds were retained for State-level administration?	5.00%
What percentage of those funds retained for State-level administration were used specifically for technical assistance?	0.00%

Comments: The response is limited to 4,000 characters.

Technical assistance is built into the over all consolidated federal support plan at the SEA level.

2.8.6 RLIS LEAs Awarded Funds

Please list the NCES LEA ID and name of each LEA that received RLIS funds and the amount each received. This information will be collected from SEAs outside of the CSPR collection tool.

- NCES LEA ID
- LEA Name
- RLIS Award Amount

Comments: The response is limited to 4,000 characters.
See report submitted to EDEN

2.8.7 Small, Rural School Achievement (SRSA) Program, Alternative Fund Use Authority (AFUA)

	Number	Percentage
What number and percentage of SRSA- and Dual-eligible LEAs informed their SEA of an intent to utilize SRSA's AFUA, under Section 5211 of the ESEA.	23	65.71%

Comments: The response is limited to 4,000 characters.
