

**CONSOLIDATED STATE PERFORMANCE REPORT:  
Part II**

**for  
STATE FORMULA GRANT PROGRAMS  
under the  
ELEMENTARY AND SECONDARY EDUCATION ACT  
As amended in 2001**

**For reporting on  
School Year 2018-19**

**Oklahoma**

**PART II DUE THURSDAY, MAY 28, 2020**

**U.S. DEPARTMENT OF EDUCATION  
WASHINGTON, DC 20202**

## INTRODUCTION

The Consolidated State Performance Report (CSPR) is the required annual reporting tool for each State, the Bureau of Indian Education, District of Columbia, and Puerto Rico as authorized under Section 8303<sup>1</sup> of the Elementary and Secondary Education Act (ESEA), as amended by the Every Student Succeeds Act of 2015(ESSA)<sup>2</sup>.

### Paperwork Burden Statement

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is 1810-0724. The time required to complete this information collection is estimated to average 35.00 hours per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. The obligation to respond to this collection is required to obtain or retain a benefit under the Elementary and Secondary Education Act (ESEA), as amended by the Every Student Succeeds Act (ESSA). If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: U.S. Department of Education, Washington, D.C. 20202-4537. If you have comments or concerns regarding the status of your individual submission of this form, write directly to: Office of Elementary and Secondary Education, U.S. Department of Education, 400 Maryland Avenue, S.W., Washington, D.C. 20202.

---

<sup>1</sup> SEC.8303. Consolidated Reporting – (a) In general: In order to simplify reporting requirements and reduce reporting burdens, the Secretary shall establish procedures and criteria under which a State educational agency, in consultation with the Governor of the State, may submit a consolidated State annual report. (b) Contents: The report shall contain information about the programs included in the report, including the performance of the State under those programs, and other matters as the Secretary determines are necessary, such as monitoring activities. (c) Replacement: The report shall replace separate individual annual reports for the programs included in the consolidated State annual report.

<sup>2</sup> All citations to the ESEA in this document are to the ESEA, as amended by the ESSA.

## 2.1 ACCOUNTABILITY

### 2.1.1 School Performance on Accountability Indicators

The following indicators are collected through ESS and compiled in the EDEN036 report via the ED*Facts* Reporting System (ERS) and will be posted as an accompanying report for every State:

- LEA Name
- NCES LEA ID
- State LEA ID
- School Name
- NCES School ID
- State School ID
- Title I School Status - DG 22 (FS129)
- Academic achievement indicator status – DG 835 (FS200)
- Other academic indicator status DG 836 (FS201)
- Graduation rate indicator status – DG 834 (FS199)
- Progress achieving English language proficiency indicator status - DG 837 (FS205)
- School quality or student success indicator status – DG 838 (FS202)

The ED*Facts* files and data groups used in this report are listed in the CSPR Crosswalk. The CSPR Data Key contains more detailed information on how the data are populated into the report. Before certifying Part II of the CSPR, a state user must run the report in ERS and verify that the state's data are correct. The final, certified data from this report will be made publicly available alongside the state's certified CSPR DOCX.

**Comments:** The response is limited to 4,000 characters.

Oklahoma's Accountability office has reviewed the EDEN036 report and has verified that the data on it is correct.

**2.1.2 Schools Identified for Comprehensive Support and Improvement**

In the table below, provide the number of schools identified for comprehensive support and improvement, overall and by reason identified.

|  | Number of Schools | Number of Title I Schools | Number of non-Title I Schools |
|--|-------------------|---------------------------|-------------------------------|
| Lowest performing five percent of Title I schools  | 52                |                           |                               |
| High schools failing to graduate one third or more of their students   | 20                | 12                        | 8                             |
| Title I schools that have received additional targeted support under Section 1111(d)(2)(C) of the ESEA and that have not exited that status after a State-determined number of years |                   |                           |                               |
| Total Identified   | 72                |                           |                               |

**Comments:** The response is limited to 4,000 characters.

There are 3 schools that were identified for comprehensive support and improvement for being both in the "Lowest performing five percent of Title I schools" and "High schools failing to graduate one third or more of their students." Thus, the unduplicated number of schools identified is 69.

**2.1.3 Schools Implementing Targeted Support and Improvement Plans**

In the table below, provide the number of schools implementing targeted support and improvement plans.

|   | <b>Number of Schools</b> | <b>Number of Title I Schools</b> | <b>Number of non- Title I Schools</b> |
|---|--------------------------|----------------------------------|---------------------------------------|
| Schools with One or More Consistently Underperforming Subgroups of Students   |                          |                                  |                                       |
| Schools in which any Subgroup of Students, on its own, would lead to Identification Under <i>ESEA</i> Section 1111(c)(4)(D)(i)(I) (i.e., Schools Receiving Additional Targeted Support) | 146                      | 129                              | 17                                    |

**Comments:** The response is limited to 4,000 characters.  
 OSDE is still reviewing the data file submitted and will resubmit if needed.

**2.1.4 Section 1003 of the ESEA School Improvement Funds**

In the tables below, provide the amount of Section 1003 funds of the *ESEA* allocated to each district and school.

**2.1.4.1 Section 1003 of the ESEA Allocations to LEAs**

For each LEA receiving a 1003(a) allocation, list the amount of the allocation. The data for this question are reported through *EDFacts* files and compiled in the EDEN012 "Section 1003 Allocations to LEAs and Schools" report in the *EDFacts* Reporting System (ERS).

- Name of LEA with One or More Schools Provided Assistance through Section 1003(a) of the *ESEA* Funds in SY 2018-19
- NCES LEA ID
- Amount of LEA's Section 1003(a) of the *ESEA* Allocation

The *EDFacts* files and data groups used in this report are listed in the CSPR Crosswalk. The CSPR Data Key contains more detailed information on how the data are populated into the report. Before certifying Part II of the CSPR, a state user must run the EDEN012 report in ERS and verify that the state's data are correct. The final, certified data from this report will be made publicly available alongside the state's certified CSPR DOCX.

**Comments:** The response is limited to 4,000 characters.  
Oklahoma has verified the data on the ERS report EDEN012 and has determined that it is valid.

**2.1.4.2 Section 1003 of the ESEA Allocations to Schools**

For each school receiving a Section 1003(a) allocation of the *ESEA*, list the amount of the allocation. The data for this question are reported through *EDFacts* files and compiled in the EDEN012 "Section 1003 Allocations to LEAs and Schools" report in the *EDFacts* Reporting System (ERS).

- Name of School Provided Assistance through Section 1003(a) of the *ESEA* Funds in SY 2018-19
- NCES School ID
- Amount of School's Section1003(a) of the *ESEA* Allocation

The *EDFacts* files and data groups used in this report are listed in the CSPR Crosswalk. The CSPR Data Key contains more detailed information on how the data are populated into the report. Before certifying Part II of the CSPR, a state user must run the EDEN012 report in ERS and verify that the state's data are correct. The final, certified data from this report will be made publicly available alongside the state's certified CSPR DOCX.

**Comments:** The response is limited to 4,000 characters.  
Oklahoma has verified the data on the ERS report EDEN012 and has determined that it is valid.

## 2.2 GRADUATION RATES AND POSTSECONDARY ENROLLMENT

This section collects data on graduation rates and rates of postsecondary enrollment.

### 2.2.1 Four Year Adjusted Cohort Graduation Rates

In the table below, provide the state's four year adjusted cohort graduation rates for the current reporting period.

| Student Group  | # Students in Cohort | # of Graduates | Graduation Rate |
|--|----------------------|----------------|-----------------|
| All students   | 49,442               | S              | 84.9%           |
| American Indian or<br>Alaska Native                  | 7,167                | S              | 84.8%           |
| Asian or Pacific Islander                            | 1,303                | S              | 87%             |
| <i>Asian</i>   | 1,135                | S              | 87%             |
| <i>Native Hawaiian or<br/>Other Pacific Islander</i> | 168                  | S              | 81%             |
| Black or African American                            | 4,323                | S              | 80.1%           |
| Hispanic or Latino                                   | 7,834                | S              | 81.8%           |
| White  | 25,194               | S              | 86.3%           |
| Two or more races                                    | 3,621                | S              | 86.6%           |
| Children with<br>disabilities ( <i>IDEA</i> )        | 6,721                | S              | 79.1%           |
| English Learners                                     | 2,042                | S              | 69%             |
| Economically<br>disadvantaged students               | 24,656               | S              | 78.8%           |
| Children in foster care                              | 128                  | S              | 70%             |
| Children who are homeless                            | 1,454                | S              | 72%             |

#### Frequently Asked Questions (FAQs) on graduation rates:

*What is the adjusted cohort graduation rate?* The adjusted cohort graduation rate is described in sections 8101(23) and 8101(25) of the ESEA.

**Comments:** The response is limited to 8,000 characters.

The Oklahoma State Department of Education is committed to having accurate data. As a part of our on-going data clean up, we found students that had originally been reported under the incorrect cohort year or using an incorrect student identifier. These corrections were implemented on 05/28/2020 and are thus not reflected in the above numbers.

Furthermore, we are reaching out to LEAs that did not report any graduates and will be giving them a chance to correct their data. In addition, we are required by the state auditor to audit students that are being reported as transferring to another school, emigrated, or died. This audit requires LEAs to submit documentation that proves their students' status. If no documentation is found for a student, then that student is counted back into the cohort. This audit as well as the correction window for LEAs that did not provide any graduates are scheduled to occur when LEAs resume session in the early fall and prior to any public reporting.

**2.2.2 Postsecondary Enrollment**

In the table below, provide counts of students who enrolled in programs of postsecondary education during the current reporting period. If data are missing or incomplete, please explain in the comments.

|  | # Enrolled in an IHE | # Not enrolled in an IHE | # for which data are unavailable | Total |
|--|----------------------|--------------------------|----------------------------------|-------|
| All students                                     |                      |                          |                                  |       |
| American Indian or Alaska Native                 |                      |                          |                                  |       |
| Asian or Pacific Islander                        |                      |                          |                                  |       |
| <i>Asian</i>                                     |                      |                          |                                  |       |
| <i>Native Hawaiian or Other Pacific Islander</i> |                      |                          |                                  |       |
| Black or African American                        |                      |                          |                                  |       |
| Hispanic or Latino                               |                      |                          |                                  |       |
| White  |                      |                          |                                  |       |
| Two or more races                                |                      |                          |                                  |       |
| Children with disabilities (IDEA)                |                      |                          |                                  |       |
| English Learners                                 |                      |                          |                                  |       |
| Economically disadvantaged students              |                      |                          |                                  |       |

**Comments:** The response is limited to 8,000 characters.

Oklahoma is unable to submit data for HS Graduates Postsecondary Enrollment (FS160) at this time. We have been working diligently to come to an agreement on data sharing with our Regents of Higher Education department. Once the agreement is met and a signed MOU is provided we will be able to move forward with compiling this report. Our estimated time to receive and then submit this data is Sept 2020.

**Comments:** The response is limited to 4,000 characters.

**2.3 TITLE I, PART A PROGRAM PARTICIPATION**

The following sections collect data on students participating in Title I, Part A by various student characteristics.

**2.3.1 Student Participation in Public Title I, Part A by Special Services or Programs**

In the table below, provide the number of public school students served by either Public Title I Schoolwide Programs (SWPs) or Targeted Assistance programs (TAS) at any time during the regular school year for each category listed. Count each student only once in each category even if the student participated during more than one term or in more than one school or district in the State. Count each student in as many of the categories that are applicable to the student. Include pre-kindergarten through grade 12. Do not include the following individuals: (1) adult participants of adult literacy programs funded by Title I, (2) private school students participating in Title I programs operated by local educational agencies, or (3) students served in Part A local neglected programs.

| <b>Special Services or Programs</b>        | <b># Students Served</b> |
|--|--------------------------|
| Children with disabilities ( <i>IDEA</i> ) | 85,061                   |
| English learners                           | 51,192                   |
| Homeless students                          | 19,577                   |
| Migrant students                           | 426                      |

**Comments:** The response is limited to 4,000 characters.

**2.3.2 Student Participation in Public Title I, Part A by Racial/Ethnic Group**

In the table below, provide the unduplicated number of public school students served by either Title I SWP or TAS at any time during the regular school year. Each student should be reported in only one racial/ethnic category. Include pre-kindergarten through grade 12. The total number of students served will be calculated automatically.

Do not include: (1) adult participants of adult literacy programs funded by Title I, (2) private school students participating in Title I programs operated by local educational agencies, or (3) students served in Part A local neglected programs.

| <b>Race/Ethnicity</b>                     | <b># Students Served</b> |
|---|--------------------------|
| American Indian or Alaska Native          | 72,993                   |
| Asian                                     | 6,698                    |
| Black or African American                 | 51,425                   |
| Hispanic or Latino                        | 102,503                  |
| Native Hawaiian or other Pacific Islander | 2,107                    |
| White                                     | 219,914                  |
| Two or more races                         | 50,003                   |
| Total                                     | 505,643                  |

**Comments:** The response is limited to 4,000 characters.

**2.3.3 Student Participation in Title I, Part A by Grade Level**

In the table below, provide the unduplicated number of students participating in Title I, Part A programs by grade level and by type of program: Title I public TAS, Title I SWP, private school students participating in Title I programs (private), and Part A local neglected programs (local neglected). The totals column by type of program will be automatically calculated.

| <b>Age /Grade</b>                  | <b>Public TAS</b> | <b>Public SWP</b> | <b>Private</b> | <b>Local Neglected</b> | <b>Total</b>   |
|------------------------------------|-------------------|-------------------|----------------|------------------------|----------------|
| Age Birth through 2                | 0                 | 0                 | 0              | 0                      | 0              |
| Age 3 through 5 (not Kindergarten) | 144               | 36,835            | 4              | 22                     | 37,005         |
| K                                  | 712               | 46,693            | 69             | 95                     | 47,569         |
| 1                                  | 790               | 45,517            | 91             | 103                    | 46,501         |
| 2                                  | 776               | 44,047            | 92             | 118                    | 45,033         |
| 3                                  | 720               | 45,490            | 94             | 147                    | 46,451         |

## 2.4 EDUCATION OF MIGRATORY CHILDREN

This section collects data on the Migrant Education Program (MEP) (Title I, Part C) for the performance period of September 1, 2018 through August 31, 2019. This section is composed of the following subsections:

- Population data of eligible migratory children
- Academic data of eligible migratory students
- Data of migratory children served during the performance period
- School data
- Project data
- Personnel data

Report a child in the age/grade category in which the child spent the *majority of their time* while residing in the State during the performance period.

There are two exceptions to this rule:

1. A child who turns 3 during the performance period is reported as "Age 3 through 5 (not Kindergarten)," **only if the child's residency in the state was verified after the child turned 3.**
2. A child who turns 22 years of age during the performance is reported at the appropriate age/grade category for the performance period.

### 2.4.1 Migratory Child Counts

This section collects the Title I, Part C, MEP child counts which States are required to provide and may be used to determine the annual State allocations under Title I, Part C. The child counts should reflect the performance period of September 1, 2018 through August 31, 2019. This section also collects a report on the procedures used by States to produce true, reliable, and valid child counts.

To provide the child counts, each State Education Agency (SEA) should have implemented sufficient procedures and internal controls to ensure that it is counting only those children who are eligible for the MEP. Such procedures are important to protecting the integrity of the State's MEP because they permit the early discovery and correction of eligibility problems and thus help to ensure that only eligible migratory children are counted for funding purposes and are served. If an SEA has reservations about the accuracy of its child counts, it must disclose known data limitations to the Department, and explain how and when it will resolve data quality issues through corrective actions in the box below, which precedes Section 2.4.1.1 *Category 1 Child Count*.

**Note:** In submitting this information, the Authorizing State Official must certify that, to the best of his/her knowledge, the State has taken action to ensure that the child counts and information contained in the report are true, reliable, and valid and that any false Statement provided is subject to fine or imprisonment pursuant to 18 U.S.C. §1001.

#### FAQs on Child Count:

*a. How is "out-of-school" defined?* Out-of-school means children up through age 21 who are entitled to a free public education in the State but are not currently enrolled in a K-12 institution. This term could include students who have dropped out of school, youth who are working on a high school equivalency diploma (HSED) outside of a K-12 institution, and youth who are "here-to-work" only. It would not include children in preschool, nor does it include temporary absences (e.g., summer/intersession, suspension or illness). Enrollment in school is not a condition affecting eligibility for the MEP. Therefore, out-of-school youth who meet the definition of a "migratory child" are eligible for the MEP.

*b. How is "ungraded" defined?* Ungraded means the children are served in an educational unit that has no separate grades. For example, some schools have primary grade groupings that are not traditionally graded or ungraded groupings for children with learning disabilities (IDEA). In some cases, ungraded students may also include special education children (IDEA), transitional bilingual students, students working on a HSED through a K-12 institution, or those in a correctional setting. (Do not count students working on a HSED outside of a K-12 institution as ungraded; these students are counted as out-of-school youth.)

*c. How is reporting a child "in the age/grade category in which s/he spent the majority of his/her time while residing in the State" defined?* A State must report a child in **only one** age/grade category in which the child spent the majority of his/her time **while residing in the State**. For example, a migratory child resided in State A for three months and in State B for nine months in SY2018-19. While in State A, the child enrolled in ninth grade for two months and in tenth grade for one month. Therefore, State A will report the child in the age/grade category of ninth grade, because the child spent the majority of his/her time in ninth grade in State A. In State B, the child enrolled in eighth grade for one month and in ninth grade for eight months. Therefore, State B will report the child in the age/grade category of ninth grade, because the child spent the majority of his/her time in ninth grade in State B.

In the space below, discuss any concerns about the accuracy of the reported child counts or the underlying eligibility determinations on which the counts are based and how and when these concerns will be resolved.

**Comments:** The response is limited to 8,000 characters.

In the school year 2018-19, Oklahoma provided technical assistance visits to Snyder Public Schools (stateid=38-1004 ncesid=4027930). Through these visits, it was determined that Snyder's Migrant program was not correctly identifying students according to the federal Guidance and therefore, Oklahoma determined that the program would need to cease. This could account for some of the decrease in numbers from the previous school year. In order to make sure that the remaining Migrant LEAs were operating and identifying students correctly, the SEA offered several technical assistance opportunities from face-to-face meetings, videoconferences, emails containing resources pertaining to this issue. In addition, the SEA offers a formal two-day training with Mike Tool regarding ID&R and how to properly identify students and OSY. The SEA has also developed and will require all Migrant LEAs to follow, an "ID&R Manual."

**2.4.1.1 Category 1 Child Count (Eligible Migratory Children)**

In the table below, enter the unduplicated statewide number by age/grade of **eligible** migratory children age 3 through 21 who, within 3 years of making a qualifying move, resided in your State for one or more days during the performance period of September 1, 2018 through August 31, 2019. This figure includes all eligible migratory children who may or may not have received MEP services. Count a child who moved from one age/grade level to another during the performance period only once in the age/grade category in which s/he spent the majority of his/her time while residing in the State, during the performance period. The unduplicated statewide total count is calculated automatically.

Do not include children age birth through 2 years.

| <b>Age/Grade</b>                   | <b>Eligible Migratory Children</b> |
|------------------------------------|------------------------------------|
| Age 3 through 5 (not Kindergarten) | 47                                 |
| K                                  | 36                                 |
| 1                                  | 40                                 |
| 2                                  | 43                                 |
| 3                                  | 46                                 |
| 4                                  | 36                                 |
| 5                                  | 43                                 |

| 7                                  | 35                                 |
| 8                                  | 30                                 |
| 9                                  | 32                                 |
| 10                                 | 37                                 |
| 11                                 | 24                                 |
| 12                                 | 31                                 |
| Ungraded                           | 0                                  |
| Out-of-school                      | 11                                 |
| <b>Total</b>                       | <b>523</b>                         |

**Comments:** The response is limited to 4,000 characters.

**2.4.1.2 Category 1 Child Count Increases/Decreases**

In the space below, explain any increases or decreases from last year in the number of students reported for Category 1 greater than 10 percent.

**Comments:** The response is limited to 8,000 characters.

In Oklahoma there were only three areas where there was either an increase or a decrease in Category 1 greater than 10 percent. In 2.4.2, the Migrant students served had an increase over the 10%. Many districts were not serving under 3 because they believed that only students between the ages of 3 and 21 were eligible for services. This misconception was addressed during our annual Kick Off meeting in which we emphasized the need for early childhood education during regular school year and during summer intersession. In 2.4.6.4, the number of students receiving math and reading instruction were under 25% from the previous school year. Even though the SEA emphasizes reading instruction across the State of Oklahoma in alignment with Reading Sufficiency Act (RSA) Legislation and RSA Programs of Reading Instruction, the SEA does not have control over what school districts decide is the best curriculum to address individual student. These decisions are made based on the individual student needs assessment and the level of risk for individual students. Likewise, the SEA emphasizes Math instruction across the State of Oklahoma in alignment with its STEM Education which includes Math Instruction, but those decisions are made based on the individual student needs assessment and the level of risk for individual students. Lastly, 2.4.6.5 Supplemental Services, had an increase over 25% from the previous school year. School districts were not entering all support services provided to migratory students because they thought that only instructional support services should be reported, but that issue was addressed during the data entry review process and it is now part of the data entry process that districts must follow. This issue occurred with fairly new data entry staff and not across the board.

**2.4.1.3 Birth through Two Child Count**

In the table below, enter the unduplicated statewide number of eligible migratory children from birth through age 2 who, within 3 years of making a qualifying move, resided in your State for one or more days during the performance period of September 1, 2018 through August 31, 2019.

| <b>Age/Grade</b>    | <b>Eligible Migratory Children</b> |
|---------------------|------------------------------------|
| Age Birth through 2 | 17                                 |

**Comments:** The response is limited to 4,000 characters.

**2.4.2 Category 2 Child Count (Eligible Migratory Children Served by the MEP During the Summer/ Intersession Term)**

In the table below, enter by age/grade the unduplicated statewide number of **eligible** migratory children age 3 through 21 who, within 3 years of making a qualifying move, were **served** for one or more days in a MEP-funded project conducted during either the summer term or during intersession periods that occurred within the performance period of September 1, 2018 through August 31, 2019. Count a child who moved from one age/grade level to another during the performance period only once in the age/grade category in which s/he spent the majority of his/her time while residing in the State, during the performance period. Count a child who moved to different schools within the State and who was served in both traditional summer and year-round school intersession programs only once. The unduplicated statewide total count is calculated automatically.

Do not include:

- Children age birth through 2 years
- Children who received only referred services (non-MEP funded).

| Age/Grade                          | Eligible Migratory Children Served by the MEP During the Summer/Intersession Term |
|------------------------------------|---|
| Age 3 through 5 (not Kindergarten) | 14  |
| K                                  | 10  |
| 1                                  | 15  |
| 2                                  | 16  |
| 3                                  | 18  |
| 4                                  | 19  |
| 5                                  | 8   |
| 6                                  | 12  |
| 7                                  | 2   |
| 8                                  | 0   |
| 9                                  | 8   |
| 10                                 | 5   |
| 11                                 | 3   |
| 12                                 | 3   |
| Ungraded                           | 0   |
| Out-of-school                      | 3   |
| Total                              | 136   |

**Comments:** The response is limited to 4,000 characters.

**2.4.2.1 Category 2 Child Count Increases/Decreases**

In the space below, explain any increases or decreases from last year in the number of students reported for Category 2 greater than 10 percent.

**Comments:** The response is limited to 8,000 characters.

Oklahoma districts were not serving under 3 because they believed that only students between the ages of 3 and 21 were eligible for services. This misconception was addressed during our annual Kick Off meeting in which we emphasized the need for early childhood education during regular school year and during summer intersession. The 19-20 counts should show an increase.

**2.4.2.2 Birth through Two Eligible Migratory Children Served by the MEP During the Summer/Intersession Term**

In the table below, enter the unduplicated statewide number of eligible migratory children from age birth through 2 who, within 3 years of making a qualifying move, were served for one or more days in a MEP-funded project conducted during either the summer term or during intersession periods that occurred within the performance period of September 1, 2018 through August 31, 2019. Count a child who moved to different schools within the State and who was served in both traditional summer and year-round school intersession programs only once.

Do not include:

- Children who received only referred services (non-MEP funded).

| Age/Grade           | Eligible Migratory Children Served by the MEP During the Summer/Intersession Term |
|---------------------|---|
| Age Birth through 2 | 6   |

**Comments:** The response is limited to 4,000 characters.

### 2.4.3 Child Count Calculation and Validation Procedures

The following questions request information on the State's MEP child count calculation and validation procedures.

#### 2.4.3.1 Methods Used to Count Children

In the space below, please describe the procedures and processes at the State level used to ensure all eligible children, ages 3-21 are reported. In particular, describe how the State includes and counts only:

- The unduplicated count of eligible migratory children, ages 3-21. Only include children two years of age whose residency in the state has been verified after turning three.
- Children who met the program eligibility criteria (e.g., were within 3 years of a qualifying move, engaged or had parents engage in migratory agricultural or fishing work, and were entitled to a free public education through grade 12 in the State, or preschool children below the age and grade level at which the agency provides free public education). Children who were resident in your State for at least 1 day during the performance period (September 1 through August 31).
- Children who graduated from high school or attained a High School Equivalency Diploma (HSED) *during the performance period* and ensures that these children are not counted in the subsequent performance period's child count.
- Children who—in the case of Category 2—were served for one or more days in a MEP- funded project conducted during either the summer term or during intersession periods.
- Children once per age/grade level for each child count category.
- Children who had an SEA approved Certificate of Eligibility (COE) and were entered in the State's migratory student database.

**Comments:** The response is limited to 8,000 characters.

Following quality control procedures, the Oklahoma state reviewer follows the COE review process to check new and re-certified COEs submitted by district directors through the migrant database (MIS 2000) for accuracy, completeness, and compliance with State and federal law requirements and regulations. To avoid duplicates, the state reviewer also searches the state migrant database for students already in the system and submit COEs for final approval to the state program director. As an ongoing quality control procedure, the state conducts prospective re-interviews using a random sample produced from approved COEs. This process is to verify the proper identification and recruitment of eligible migratory children throughout the state.

To report all eligible unduplicated count of children and youth, the state uses pre-established parameters on the report C121 which is the EDEN equivalent to EdFacts FS121. This report is produced using MIS 2000 which is the state's migrant database.

C121 includes the 3TO5 group on column titled Age/Grade which also includes children two years of age whose residency in the state was verified after turning three by recertifying previous year COE

in which their Age/Grade was Under 3. Residency verification date is collected as part of the student's school history on MIS 2000.

Children who met the program eligibility criteria and children who were resident in Oklahoma for at least 1 day during the performance period (September 1 through August 31) are counted in EDEN Unduplicated Report C121. Students who enrolled for the first year are tagged with QAD for Current year Performance Period while re-enrolling students who have been in the school district more than a year without making another qualifying move are not tagged with QAD.

Children who graduated from high school or attained a High School Equivalency Diploma (HSED) during the performance period are not added to new COEs. To ensure that these children are not counted in the subsequent performance period's child count, they are removed from the re-certified COE by the local recruiter and checked by the state reviewer.

District data entry specialists create an intersession enrollment in MIS 2000 for children who—in the case of Category 2—were served for one or more days in a MEP-funded project conducted during either the summer term or during intersession periods. To report the count of unduplicated students served during intersessions, MIS 2000 produces EDEN C122 report which is the equivalent of FS122 of EdFacts report

All children who are eligible for MEP services must have an SEA approved Certificate of Eligibility (COE) entered in the State's migratory student database and they are listed on C121 once per age/grade level for each child count category in all unduplicated reports.

There are four ways to account for duplicated students in MIS 2000:

- 1) Each student listed on the COE is searched in the system during the COE review process. If the system finds the student already in the database, the reviewer select that student to share the same student ID. If the student search does not find the student in the database, the reviewer assigns a new ID to the student
- 2) The system will detect duplication by matching students Date of Birth, First, and Last Name compared with other students who were categorized as new to the system during the COE review process. If the system finds duplicated students, it will add those students to the Potential Duplicated Report and will send a notification to the state data administrator. The state data administrator runs the duplicated students report from MIS 2000 and initialize the merge duplicated student feature of MIS 2000 to eliminate duplication by combining the two IDs into one
- 3) MSIX also detects possible duplication of students on MIS 2000. If this happens, the state data administrator receives a notification via email and the data administrator checks MIS 2000 to merge duplicated students
- 4) The state data administrator periodically runs the potential duplicated report to check for overlooked duplication MIS2000 produce the count of unduplicated student on the C121 report.

Referring to the question about how Oklahoma ensures that the Migrant data is submitted accurately and timely , Oklahoma's MIS 2000 system will not produce duplicated student counts because C121 which is relative to EDFacts FS121 is an unduplicated count and C122 which is relative

to ED Facts FS122 is an unduplicated count of students coded as to be enrolled in summer in one school district only.

Residency verification for 3 year olds happens at the following times:

- at the time of the eligibility interview to complete new COE
- at the time of the residency verification interview
- at the time of quality control prospective or retrospective re-interviews

When migrant students are enrolled in summer intersession by the district migrant staff, age is calculated automatically from the student's birthday contained in personal data section of the student view of MIS 2000 and that age is transferred to the age grade column of the ED Facts C122 report. Each enrollment that is created requires that the residency verification date field be filled.

OSDE verifies summer intersession enrollment by reviewing data submitted into MIS 2000 and during prospective or retrospective re-interviews as part of its quality control procedures. During this process the number of days a three year old has resided in the state is also verified.

Does the State ensure that the system that transmits migrant data to the Department accurately accounts for all the migratory children in every ED Facts data file? See the Office of Migrant Education's CSPR Rating Instrument for the criteria needed to address this question. Please respond in the table below.

| <b>Accuracy of ED Facts Data Files</b>  | <b>Yes/No</b> |
|---|---------------|
| The State deployed a process that ensured that it transmits accurate migrant data to the Department in every required ED Facts data file. | YES           |

| <b>Use of MSIX to Verify Data Quality</b>   | <b>Yes/No</b> |
|---|---------------|
| Does the State use data in the Migrant Student Information Exchange (MSIX) to verify the quality of migrant data? | YES           |

If MSIX is utilized, please explain how.

**Comments:** The response is limited to 8,000 characters.

MSIX is used by recruiters, directors, and counselors to search students who move into Oklahoma and have prior history of moves across states, to view missed enrollment report as a tool for ID&R planning, and to view the student's consolidated report which include enrollments, course history, and grades. MSIX also provides important information such as if the student is PFS, ELL, or if he/she has an IEP.

**Comments:** The response is limited to 4,000 characters.

**2.4.3.2 Quality Control Processes**

In the space below, describe the results of any re-interview processes used by the SEA during the performance period to test the accuracy of the State's MEP eligibility determinations.

| <b>Results</b>  | <b>#</b> |
|---|----------|
| The number of eligibility determinations sampled.   | 101      |
| The number of eligibility determinations sampled for which a re-interview was completed.                                  | 63       |
| The number of eligibility determinations sampled for which a re-interview was completed and the child was found eligible. | 44       |

  

| <b>Procedures</b>   | <b>SY</b> |
|---|-----------|
| What was the most recent year that the MEP conducted independent prospective re-interviews (i.e., interviewers were neither SEA or LEA staff members responsible for administering or operating the MEP, nor any other persons who worked on the initial eligibility determinations being tested)? If independent prospective re-interviews were not administered in any of the three performance periods, please provide an explanation in the "Comment" row at the end of this table. | 2016-2017 |

**Comments:** The response is limited to 8,000 characters.

**FAQ on independent prospective re-interviews:**

*What are independent prospective re-interviews?* Independent prospective re-interviews allow confirmation of your State's eligibility determinations and the accuracy of the numbers of migratory children in your State reports. Independent prospective interviews should be conducted at least once every three years by an independent interviewer, performed on the current year's identified migratory children.

| <b>Obtaining Data from Families</b>  | <b>Re-interview Method</b> |
|--|----------------------------|
| Select how the re-interviews were conducted:<br>Face-to-face re-interviews<br>Phone Interviews<br>Both | Both                       |

| <b>Obtaining Data from Families</b>   | <b>Yes/No</b> |
|---|---------------|
| Was there a protocol for verifying all information used in making the original eligibility determination? | YES           |
| Were re-interviewers independent from the original interviewers?  | YES           |

If you did conduct independent re-interviews in this reporting period, describe how you ensured that the process was independent. Only enter a response if your State completed independent re-interviews in SY 2018-19.

**Comments:** The response is limited to 8,000 characters.

In the space below, refer to the results of **any** re-interview processes used by the SEA, and if any of the migratory children were found ineligible, describe those corrective actions or improvements that will be made by the SEA to improve the accuracy of its MEP eligibility determinations.

**Comments:** The response is limited to 8,000 characters.

In the school year 2018-19, the Oklahoma provided technical assistance visits to Snyder Public Schools. Through these visits, it was determined that Snyder's Migrant program was not correctly identifying students according to the federal Guidance and therefore, the SEA determined that the program would need to cease. In order to make sure that the remaining Migrant LEAs were operating and identifying students correctly, the SEA offered several technical assistance opportunities from face-to-face meetings, videoconferences, emails containing resources pertaining to this issue. In addition, the SEA offers a formal two-day training with Mike Tool regarding ID&R and how to properly identify students and OSY. The SEA has also developed and will require all Migrant LEAs to follow, an "ID&R Manual."

In the space below, please respond to the following question:

|   | Yes/No |
|---|--------|
| Does the state collect all the required data elements and data sections on the National Certificate of Eligibility (COE)? | YES    |

**Comments:** The response is limited to 4,000 characters.

**2.4.4 Eligible Migratory Children**

**2.4.4.1 Priority for Services**

In the table below, provide the unduplicated number of **eligible** migratory children who have been classified as having “Priority for Services.” The total is calculated automatically.

| <b>Age/Grade</b>                   | <b>Priority for Services During the Performance Period</b> |
|------------------------------------|--|
| Age 3 through 5 (not Kindergarten) | 16   |
| K                                  | 15   |
| 1                                  | 18   |
| 2                                  | 19   |
| 3                                  | 21   |
| 4                                  | 19   |
| 5                                  | 21   |
| 6                                  | 22   |
| 7                                  | 21   |
| 8                                  | 14   |
| 9                                  | 21   |
| 10                                 | 18   |
| 11                                 | 6  |
| 12                                 | 11   |
| Ungraded                           | 0  |
| Out-of-school                      | 1  |
| <b>Total</b>                       | <b>243</b>   |

**Comments:** The response is limited to 4,000 characters.

**FAQ on priority for services:**

*Who is classified as having “priority for service?”* Migratory children who have made a qualifying move within the previous 1-year period and who 1) are failing, or most at risk of failing to meet challenging State academic standards, or 2) have dropped out of school.

**2.4.4.2 English Learners (ELs)**

In the table below, provide the unduplicated number of **eligible** migratory children who are also ELs. The total is calculated automatically.

| <b>Age/Grade</b>                   | <b>ELs During the Performance Period</b> |
|------------------------------------|--|
| Age 3 through 5 (not Kindergarten) | 21                                       |
| K                                  | 25                                       |
| 1                                  | 24                                       |
| 2                                  | 21                                       |
| 3                                  | 27                                       |
| 4                                  | 18                                       |
| 5                                  | 24                                       |
| 6                                  | 18                                       |
| 7                                  | 18                                       |
| 8                                  | 16                                       |
| 9                                  | 19                                       |
| 10                                 | 16                                       |
| 11                                 | 10                                       |
| 12                                 | 9  |
| Ungraded                           | 0  |
| Out-of-school                      | 3  |
| Total                              | 269                                      |

**Comments:** The response is limited to 4,000 characters.

**2.4.4.3 Children with Disabilities (IDEA)**

In the table below, provide the unduplicated number of **eligible** migratory children who are also children with disabilities (*IDEA*) under Part B or Part C of the *IDEA*. The total is calculated automatically.

| Age/Grade                          | Children with Disabilities ( <i>IDEA</i> ) During the Performance Period |
|------------------------------------|--|
| Age Birth through 2                | 0  |
| Age 3 through 5 (not Kindergarten) | 1  |
| K                                  | 3  |
| 1                                  | 5  |
| 2                                  | 9  |
| 3                                  | 3  |
| 4                                  | 5  |
| 5                                  | 5  |
| 6                                  | 2  |
| 7                                  | 3  |
| 8                                  | 4  |
| 9                                  | 4  |
| 10                                 | 4  |
| 11                                 | 4  |
| 12                                 | 3  |
| Ungraded                           | 0  |
| Out-of-school                      | 0  |
| Total                              | 55   |

**Comments:** The response is limited to 4,000 characters.

**2.4.4.4 Qualifying Arrival Date (QAD)**

In the table below, provide the unduplicated number of **eligible** migratory children whose QAD occurred within 12 months from the last day of the performance period, August 31, 2019 (i.e., QAD during the performance period). The total is calculated automatically.

| <b>Age/Grade</b>                   | <b>QAD During the Performance Period</b> |
|------------------------------------|--|
| Age Birth through 2                | 6  |
| Age 3 through 5 (not Kindergarten) | 17                                       |
| K                                  | 12                                       |
| 1                                  | 10                                       |
| 2                                  | 16                                       |
| 3                                  | 12                                       |
| 4                                  | 14                                       |
| 5                                  | 21                                       |
| 6                                  | 9  |
| 7                                  | 15                                       |
| 8                                  | 13                                       |
| 9                                  | 9  |
| 10                                 | 17                                       |
| 11                                 | 8  |
| 12                                 | 5  |
| Ungraded                           | 0  |
| Out-of-school                      | 5  |
| <b>Total</b>                       | <b>189</b>                               |

**Comments:** The response is limited to 4,000 characters.

### 2.4.5 Academic Status

The following questions collect data about the academic status of **eligible** migratory students.

#### 2.4.5.1 Dropouts

In the table below, provide the unduplicated number of **eligible** migratory students who dropped out of school. The total is calculated automatically.

| Grade    | Dropouts During the Performance Period |
|----------|--|
| 7        | 0                                      |
| 8        | 0                                      |
| 9        | 0                                      |
| 10       | 0                                      |
| 11       | 0                                      |
| 12       | 0                                      |
| Ungraded |  |
| Total    | 0                                      |

**Comments:** The response is limited to 4,000 characters.

#### FAQ on Dropouts:

*How is "dropouts" defined?* The term used for students, who, (1) were enrolled in a school for at least one day during the 2018-19 performance period, (2) were not enrolled at the beginning of the current (2018-19) performance period, (3) who have not graduated from high school or completed a State- or district-approved educational program, and (4) who do not meet any of the following exclusionary conditions: (a) transfer to another school district, private school or State- or district-approved educational program (including correctional or health facility programs), (b) temporary absence due to suspension or school-excused illness or (c) death. Students who dropped out-of-school prior to the 2018-19 performance period should not be reported in this item.

**2.4.5.2 HSED (High School Equivalency Diploma)**

In the table below, provide the total unduplicated number of **eligible** migratory students who obtained a High School Equivalency Diploma (HSED) by passing a high school equivalency test that your state accepts (e.g. GED, HiSET, TASC).

| <b>Obtain HSED</b>  | <b>#</b> |
|---|----------|
| Obtained a HSED in your State During the Performance Period | 0        |

**Comments:** The response is limited to 4,000 characters.  
Oklahoma had no migrant students that obtained a HSED during this performance period.

**2.4.6 MEP Services - During the Performance Period**

The following questions collect data about MEP services provided to migratory children during the performance period.

**FAQ on Services:**

*What are services?* Services are a subset of all allowable activities that the MEP can provide through its programs and projects. “Services” are those educational or educationally related activities that: (1) directly benefit a migratory child; (2) address a need of a migratory child consistent with the SEA’s comprehensive needs assessment and service delivery plan; (3) are grounded in scientifically based research or, in the case of support services, are a generally accepted practice; and (4) are designed to enable the program to meet its measurable outcomes and contribute to the achievement of the State’s performance targets/annual measurable objectives. Activities related to identification and recruitment activities, parental involvement, program evaluation, professional development, or administration of the program are examples of allowable activities that are not considered services. Other examples of an allowable activity that would not be considered a service would be the one-time act of providing instructional packets to a child or family, and handing out leaflets to migratory families on available reading programs as part of an effort to increase the reading skills of migratory children. Although these are allowable activities, they are not services because they do not meet all of the criteria above.

In the table below, provide the unduplicated number of **eligible** migratory children who received MEP-funded instructional or support services at any time during the performance period. Do not count the number of times an individual child received a service intervention. The total number of students served is calculated automatically.

| <b>Age/Grade</b>                   | <b>Served During the Performance Period</b> |
|------------------------------------|---|
| Age Birth through 2                | 7   |
| Age 3 through 5 (not Kindergarten) | 34  |
| K                                  | 34  |
| 1                                  | 40  |
| 2                                  | 43  |
| 3                                  | 44  |
| 4                                  | 34  |
| 5                                  | 38  |
| 6                                  | 32  |
| 7                                  | 32  |
| 8                                  | 27  |
| 9                                  | 30  |
| 10                                 | 34  |
| 11                                 | 22  |
| 12                                 | 27  |
| Ungraded                           | 0   |
| Out-of-school                      | 7   |
| <b>Total</b>                       | <b>485</b>                                  |

**Comments:** The response is limited to 4,000 characters.

**2.4.6.1 Priority for Services – During the Performance Period**

In the table below, provide the unduplicated number of **eligible** migratory children who have been classified as having "priority for services" and who received MEP-funded instructional or support services during the performance period. The total is calculated automatically.

| <b>Age/Grade</b>                   | <b>Priority for Services During the Performance Period</b> |
|------------------------------------|--|
| Age 3 through 5 (not Kindergarten) | 16   |
| K                                  | 15   |
| 1                                  | 18   |
| 2                                  | 19   |
| 3                                  | 21   |
| 4                                  | 19   |
| 5                                  | 21   |

**Comments:** The response is limited to 4,000 characters.

**2.4.6.2 Continuation of Services – During the Performance Period**

In the table below, provide the unduplicated number of migratory children who received MEP-funded instructional or support services during the performance period under the continuation of services authority Section 1304(e)(2–3). Do **not** include children served under Section 1304(e)(1), which are children whose eligibility expired during the school term. The total is calculated automatically.

| Age/Grade                          | Continuation of Services During the Performance Period |
|------------------------------------|--|
| Age 3 through 5 (not Kindergarten) |  |
| K                                  |  |
| 1                                  |  |
| 2                                  |  |
| 3                                  |  |
| 4                                  |  |
| 5                                  |  |
| 6                                  |  |
| 7                                  |  |
| 8                                  |  |
| 9                                  |  |
| 10                                 |  |
| 11                                 |  |
| 12                                 |  |
| Ungraded                           |  |
| Out-of-school                      |  |
| Total                              |  |

**Comments:** The response is limited to 4,000 characters. Oklahoma has students who received Continuation of services under section 1304 (1), even though services under section 1304 (2) (3) are available, no one received such services and that is why our count is 0.

**FAQ on Continuation of Services:**

*What is Continuation of Services?* The “continuation of services” provision found in Section 1304(e) of the ESEA provides that: (1) a child who ceases to be a migratory child during a school term shall be eligible for services until the end of such term; (2) a child who is no longer a migratory child may continue to receive services for one additional school year, but only if comparable services are not available through other programs; and (3) secondary school students who were eligible for services in secondary school may continue to be served through credit accrual programs until graduation.

**2.4.6.3 Instructional Service – During the Performance Period**

In the table below, provide the unduplicated number of **eligible** migratory children who received any type of MEP-funded instructional service during the performance period. Include children who received instructional services provided by either a teacher or a paraprofessional. Children should be reported only once regardless of the frequency with which they received a service intervention. The total is calculated automatically.

| Age/Grade                          | Instructional Service During the Performance Period |
|------------------------------------|---|
| Age Birth through 2                | 6   |
| Age 3 through 5 (not Kindergarten) | 29  |
| K                                  | 32  |
| 1                                  | 45  |
| 2                                  | 38  |
| 3                                  | 43  |
| 4                                  | 37  |
| 5                                  | 36  |
| 6                                  | 34  |
| 7                                  | 31  |
| 8                                  | 27  |
| 9                                  | 32  |
| 10                                 | 32  |
| 11                                 | 22  |
| 12                                 | 27  |
| Ungraded                           | 1   |
| Out-of-school                      | 3   |
| Total                              | 475   |

**Comments:** The response is limited to 4,000 characters.

Oklahoma resubmitted the following counts for "Instructional Service during the Performance period" (FS145) after the initial period closed:

|        |          |   |    |
|--------|----------|---|----|
| Grade  | 01       | = | 39 |
| Grade  | 02       | = | 43 |
| Grade  | 03       | = | 43 |
| Grade  | 04       | = | 34 |
| Grade  | 05       | = | 38 |
| Grade  | 06       | = | 32 |
| Grade  | 07       | = | 32 |
| Grade  | 08       | = | 27 |
| Grade  | 09       | = | 30 |
| Grade  | 10       | = | 35 |
| Grade  | 11       | = | 22 |
| Grade  | 12       | = | 27 |
| Grade  | 3TO5NOTK | = | 28 |
| Grade  | KG       | = | 33 |
| Grade  | OOS      | = | 4  |
| UNDER3 |          | = | 6  |

**2.4.6.4 Type of Instructional Service – During the Performance Period**

In the table below, provide the number of **eligible** migratory children reported in the table above who received MEP-funded reading instruction, mathematics instruction, or high school credit accrual during the performance period. Include children who received such instructional services provided by a teacher only. Children may be reported as having received more than one type of instructional service in the table. However, children should be reported only once within each type of instructional service that they received regardless of the frequency with which they received the instructional service. The totals are calculated automatically.

| Age/Grade                          | Reading Instruction During the Performance Period | Mathematics Instruction During the Performance Period | High School Credit Accrual During the Performance Period |
|------------------------------------|---|---|--|
| Age Birth through 2                |   |   |  |
| Age 3 through 5 (not Kindergarten) | 2   | 2   |  |
| K                                  | 12  | 8   |  |
| 1                                  | 16  | 9   |  |
| 2                                  | 23  | 20  |  |
| 3                                  | 22  | 21  |  |
| 4                                  | 20  | 18  |  |
| 5                                  | 21  | 20  |  |
| 6                                  | 18  | 18  |  |
| 7                                  | 12  | 18  |  |
| 8                                  | 8   | 12  | 27   |
| 9                                  | 1   | 8   | 32   |
| 10                                 | 3   | 5   | 32   |
| 11                                 |   | 6   | 22   |
| 12                                 |   | 3   | 27   |
| Ungraded                           |   | 1   | 1  |
| Out-of-school                      |   |   |  |
| Total                              | 158   | 169   | 141  |

**Comments:** The response is limited to 4,000 characters.

Even though, the SEA emphasizes reading instruction across the State of Oklahoma in alignment with Reading Sufficiency Act (RSA) Legislation and RSA Programs of Reading Instruction, the SEA does not have control over what school districts decide is the best curriculum to address individual student. These decisions are made based on the individual student needs assessment and the level of risk for individual students.

Oklahoma also emphasizes Math instruction across the State in alignment with its STEM Education which includes Math Instruction, the SEA does not have control on what school districts decide is the best curriculum to address individual student. These decisions are made based on the individual student needs assessment and the level of risk for individual students.

Oklahoma resubmitted the counts for "Type of Instructional Services during the Performance period" (FS145) after the initial open period for CSPR II closed:

**FAQ on Types of Instructional Services:**

*What is "high school credit accrual"?* MEP-funded instruction, funded in whole or in part by MEP funds, in courses that accrue credits needed for high school graduation provided by a teacher for students on a regular or systematic basis, usually for a predetermined period of time. High school credit accrual includes correspondence courses taken by a student under the supervision of a teacher. High school credit accrual may include the age/grade categories of Grade 8 through Grade 12. NOTE: Children receiving a MEP-funded high school credit accrual service should be reported only once, regardless of frequency.

**2.4.6.5 Support Services with Breakout for Counseling Services – During the Performance Period**

In the table below, in the column titled **Support Services**, provide the unduplicated number of **eligible** migratory children who received any MEP-funded support service during the performance period. In the column titled **Breakout of Counseling Services During the Performance Period**, provide the unduplicated number of **eligible** migratory children who received a counseling service during the performance period. Children should be reported only once in each column regardless of the frequency with which they received a support service intervention. The totals are calculated automatically.

| Age/Grade                          | Support Services During the Performance Period | Breakout of Counseling Services During the Performance Period |
|------------------------------------|--|---|
| Age Birth through 2                |  |   |
| Age 3 through 5 (not Kindergarten) | 5  | 1   |

**FAQs on Support Services:**

a. *What are support services?* These MEP-funded educationally-related services are provided to students. These services include, but are not limited to, health, nutrition, counseling, and social services for migratory children; necessary educational supplies, and transportation. Activities related to identification and recruitment, parental involvement, professional development,

program evaluation, and the one-time act of providing instructional or informational packets to a child or family does not constitute a support service.

*b. What are counseling services?* Services to help a student to better identify and enhance his or her educational, personal, or occupational potential; relate his or her abilities, emotions, and aptitudes to educational and career opportunities; utilize his or her abilities in formulating realistic plans; and achieve satisfying personal and social development. These activities take place between one or more counselors and one or more students as counselees, or between students and students in MEP peer-to-peer counseling activities, or between students and MEP-funded staff members. The services can also help the child address life problems or personal crisis that result from the culture of migrancy. NOTE: Children who receive a MEP-funded counseling service should be reported only once, regardless of frequency.

**2.4.7 School Data during the Regular School Year**

The following questions are about the enrollment of eligible migratory children in schools during the regular school year.

**2.4.7.1 Schools and Enrollment – During the Regular School Year**

In the table below, provide the number of public schools that enrolled **eligible** migratory children at any time during the regular school year. Schools include public schools that serve school age (e.g., grades K through 12) children. Also, provide the number of **eligible** migratory children who were enrolled in those schools. Since more than one school in a State may enroll the same migratory child at some time during the regular school year, the number of children may include duplicates.

| <b>Schools</b>  | <b>#</b> |
|---|----------|
| Number of schools that enrolled eligible migratory children     | 38       |
| Number of eligible migratory children enrolled in those schools | 422      |

**Comments:** The response is limited to 4,000 characters.

**2.4.7.2 Schools Where MEP Funds Were Consolidated in SWPs – During the Regular School Year**

In the table below, provide the number of schools where MEP funds were consolidated in an SWP. Also, provide the number of **eligible** migratory children who were enrolled in those schools at any time during the regular school year. Since more than one school in a State may enroll the same migratory child at some time during the regular school year, the number of children may include duplicates.

| Schools   | # |
|---|---|
| Number of schools where MEP funds were consolidated in a schoolwide program |   |
| Number of eligible migratory children enrolled in those schools             |   |

**Comments:** The response is limited to 4,000 characters.  
 Oklahoma resubmitted FS165 on 6/30 with the corrected information for this section. The number of schools where MEP funds were consolidated in a schoolwide program is 9 and the number of eligible migratory children enrolled in those schools is 170. The original submission was incorrect because of errors found in MIS2000, Oklahoma's MEP data collection application.

**2.5 PREVENTION AND INTERVENTION PROGRAMS FOR CHILDREN AND YOUTH WHO ARE NEGLECTED, DELINQUENT, OR AT RISK**

This section collects data on programs and facilities that serve students who are neglected, delinquent, or at risk under Title I, Part D, and characteristics about and services provided to these students.

Throughout this section:

- Report data for the program year of July 1, 2018 through June 30, 2019.
- Count programs/facilities based on how the program was classified to ED for funding purposes.
- Do not include programs funded solely through Title I, Part A.
- Use the definitions listed below:
  - **Adult Corrections:** An adult correctional institution is a facility in which persons, including persons 21 or under, are confined as a result of conviction for a criminal offense.
  - **At-Risk Programs:** Programs operated (through LEAs) that target students who are at risk of academic failure, dependency adjudication, or delinquency adjudication, have a drug or alcohol problem, are pregnant or parenting, have been in contact with the juvenile justice or child welfare system in the past, are at least 1 year behind the expected age/grade level, are English learners, are gang members, have dropped out of school in the past, or have a high absenteeism rate at school.
  - **Juvenile Corrections:** An institution for delinquent children and youth that is a public or private residential facility other than a foster home that is operated for the care of children and youth who have been adjudicated delinquent or in need of supervision. Include any programs serving adjudicated youth (including non- secure facilities and group homes) in this category.
  - **Juvenile Detention Facilities:** Detention facilities are shorter-term institutions that provide care to children who require secure custody pending court adjudication, court disposition, or execution of a court order, or care to children after commitment.
  - **Neglected Programs:** An institution for neglected children and youth is a public or private residential facility, other than a foster home, that is operated primarily for the care of children who have been committed to the institution or voluntarily placed under applicable State law due to abandonment, neglect, or death of their parents or guardians.
  - **Other:** Any other programs, not defined above, that receive Title I, Part D funds and serve non-adjudicated children and youth.

**2.5.1 State Agency Title I, Part D Programs and Facilities – Subpart 1**

The following questions collect data on Title I, Part D, Subpart 1 programs and facilities.

**2.5.1.1 Programs and Facilities - Subpart 1**

In the table below, provide the number of State agency Title I, Part D, Subpart 1 programs and facilities that serve neglected and delinquent students and the average length of stay by program/facility type, for these students. Report only programs and facilities that received Title I, Part D, Subpart 1 funding during the reporting year. Count a facility once if it offers only one type of program. If a facility offers more than one type of program (i.e., it is a multipurpose facility), then count each of the separate programs. The total number of programs/facilities will be automatically calculated. Below the table is a FAQ about the data collected in this table.

| State Program/Facility Type | # Programs/Facilities | Average Length of Stay in Days |
|-----------------------------|-----------------------|--------------------------------|
| Neglected programs          | 0                     | 0                              |
| Juvenile detention          | 0                     | 0                              |
| Juvenile corrections        | 1                     | 365                            |
| Adult corrections           | 1                     | 252                            |
| Other                       | 0                     | 0                              |
| Total                       | 2                     |                                |

**Comments:** The response is limited to 4,000 characters.

**FAQ on Programs and Facilities - Subpart I:**

*How is average length of stay calculated?* The average length of stay should be weighted by number of students and should include the number of days, per visit, for each student enrolled during the reporting year, regardless of entry or exit date. Multiple visits for students who entered more than once during the reporting year can be included. The average length of stay in days should not exceed 365.

**2.5.1.2 Programs and Facilities That Reported - Subpart 1**

In the table below, provide the number of State agency Title I, Part D, Subpart 1 programs/facilities that reported data on neglected and delinquent students.

The total row will be automatically calculated.

| <b>State Program/Facility Type</b> | <b># Reporting Data</b> |
|------------------------------------|-------------------------|
| Neglected programs                 | 0                       |
| Juvenile detention                 | 0                       |
| Juvenile corrections               | 1                       |
| Adult corrections                  | 1                       |
| Other                              | 0                       |
| Total                              | 2                       |

**Comments:** The response is limited to 4,000 characters.

**2.5.1.3 Students Served – Subpart 1**

In the tables below, provide the number of neglected and delinquent students served in State agency Title I, Part D, Subpart 1 programs and facilities. Report only students who received Title I, Part D, Subpart 1 services during the reporting year. In the first table, provide in row 1 the unduplicated number of students served by each program, and in row 2, the total number of students in row 1 who are long-term. In the subsequent tables provide the number of students served by disability (*IDEA*) and EL status, by race/ethnicity, by sex, and by age. The total number of students by race/ethnicity, by sex and by age will be automatically calculated.

| # of Students Served               | Neglected Programs | Juvenile Detention | Juvenile Corrections | Adult Corrections | Other Programs |
|------------------------------------|--------------------|--------------------|----------------------|-------------------|----------------|
| Total Unduplicated Students Served | 0                  | 0                  | 189                  | 625               | 0              |
| Total Long Term Students Served    | 0                  | 0                  | 189                  | 397               | 0              |

Provide the number of students served by special populations

| Student Subgroups                          | Neglected Programs | Juvenile Detention | Juvenile Corrections | Adult Corrections | Other Programs |
|--|--------------------|--------------------|----------------------|-------------------|----------------|
| Children with disabilities ( <i>IDEA</i> ) | 0                  | 0                  | 52                   | 8                 | 0              |
| English Learners (ELs)                     | 0                  | 0                  | 0                    | 0                 | 0              |

Provide the number of students served by race/ethnicity.

| Race/Ethnicity                            | Neglected Programs | Juvenile Detention | Juvenile Corrections | Adult Corrections | Other Programs |
|---|--------------------|--------------------|----------------------|-------------------|----------------|

If the total number of students differs by demographics, please explain in comment box below.

**Comments:** The response is limited to 8,000 characters.

**Comments:** The response is limited to 4,000 characters.

**FAQ on Unduplicated Count:**

*What is an unduplicated count?* An unduplicated count is one that counts students only once, even if they were admitted to a facility or program multiple times within the reporting year.

**FAQ on long-term:**

*What is long-term?* Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2018 through June 30, 2018.

**2.5.1.4 Academic, Career and Technical Outcomes While in the State Agency Program/Facility or Within 90 Calendar Days after Exit**

In the tables below, for each program type, provide the number of students who attained academic, career, and technical outcomes.

The first table includes outcomes a student is able to achieve only after exit. In this table, provide the unduplicated number of students who enrolled, or planned to enroll, in their local district school within 90 calendar days after exiting. A student may be reported only once, per program type.

The second table includes outcomes a student is able to achieve only one time. In this table, provide the unduplicated number of students who attained the listed outcomes either in the while enrolled in the State agency program/facility column ("in fac.") or in the within 90 calendar days after exiting column. A student may be reported only once across the two time periods, per program type.

The third table includes outcomes a student may achieve more than once. In the "in fac." column, provide the unduplicated number of students who attained academic, career and technical outcomes while enrolled in the State agency program/facility. In the "90 days after exit" column provide the unduplicated number of students who attained academic, career, and technical outcomes within 90 calendar days after exiting. If a student attained an outcome once in the program/facility and once during the 90-day transition period, that student may be reported once in each column.

| Outcomes (once per student, only after exit)                                 | Neglected Programs | Juvenile Detention | Juvenile Corrections | Adult Corrections | Other Programs |

In the text box below, please account for any missing or incomplete data after exit.

**Comments:** The response is limited to 8,000 characters.

Oklahoma's Department of Corrections does not track adult correctional students after they exit the facility therefore all cells under "Adult Corrections - 90 days after exit" will be zero. And "# of Students Who Enrolled in their local district school 90 days after exit" will also be zero for Adult Correctional students.

**Comments:** The response is limited to 4,000 characters.

Oklahoma's Department of Corrections does not track adult correctional students after they exit the facility therefore all cells under "Adult Corrections - 90 days after exit" will be zero. And "# of Students Who Enrolled in their local district school 90 days after exit" will also be zero for Adult Correctional students.

**2.5.2 Academic Performance – Subpart 1**

The following questions collect data on the academic performance of neglected and delinquent long-term students served by Title I, Part D, Subpart 1 in reading and mathematics.

**2.5.2.1 Academic Performance in Reading – Subpart 1**

In the table below, provide the unduplicated number of long-term students served by Title I, Part D, Subpart 1, who participated in reading pre-and post-testing. Students should be reported in only one of the four change categories.

Report only information on a student’s most recent testing data. Students who were pre-tested prior to July 1, 2018, may be included if their post-test was administered during the reporting year. Students who were post-tested after the reporting year ended should be counted in the following year. Below the table is an FAQ about the data collected in this table.

| <b>Performance Data (Based on most recent pre/post-test data)</b>                                      | <b>Neglected Programs</b> | <b>Juvenile Detention</b> | <b>Juvenile Corrections</b> | <b>Adult Corrections</b> | <b>Other Programs</b> |
|--|---------------------------|---------------------------|-----------------------------|--------------------------|-----------------------|
| Long-term students with negative grade level change from the pre- to post-test exams                   | S                         | S                         | S                           | 3                        | S                     |
| Long-term students with no change in grade level from the pre- to post-test exams                      | S                         | S                         | 52                          | 80                       | S                     |
| Long-term students with improvement up to one full grade level from the pre- to post-test exams        | S                         | S                         | 54                          | 52                       | S                     |
| Long-term students with improvement of more than one full grade level from the pre- to post-test exams | S                         | S                         | S                           | 24                       | S                     |
| Total students pre/post- tested  | S                         | S                         | 141                         | 159                      | S                     |

**FAQ on long-term students:**

*What is long-term?* Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2018 through June 30, 2019.

**2.5.3 LEA Title I, Part D Programs and Facilities – Subpart 2**

The following questions collect data on Title I, Part D, Subpart 2 programs and facilities.

**2.5.3.1 Programs and Facilities – Subpart 2**

In the table below, provide the number of LEA Title I, Part D, Subpart 2 programs and facilities that serve neglected and delinquent students and the yearly average length of stay by program/facility type for these students. Report only the programs and facilities that received Title I, Part D, Subpart 2 funding during the reporting year. Count a facility once if it offers only one type of program. If a facility offers more than one type of program (i.e., it is a multipurpose facility), then count each of the separate programs. The total number of programs/ facilities will be automatically calculated. Below the table is an FAQ about the data collected in this table.

| <b>LEA Program/Facility Type</b> | <b># Programs/Facilities</b> | <b>Average Length of Stay in Days</b> |
|----------------------------------|------------------------------|---------------------------------------|
| At-risk programs                 | 9                            | 190                                   |
| Neglected programs               | 24                           | 155                                   |
| Juvenile detention               | 16                           | 62                                    |
| Juvenile corrections             | 6                            | 141                                   |
| Other                            | 2                            | 99                                    |
| <b>Total</b>                     | <b>57</b>                    |                                       |

**Comments:** The response is limited to 4,000 characters.

**FAQ on average length of stay:**

*How is average length of stay calculated?* The average length of stay should be weighted by number of students and should include the number of days, per visit, for each student enrolled during the reporting year, regardless of entry or exit date. Multiple visits for students who entered more than once during the reporting year can be included. The average length of stay in days should not exceed 365.

**2.5.3.2 Programs and Facilities That Reported - Subpart 2**

In the table below, provide the number of LEA Title I, Part D, Subpart 2 programs and facilities that reported data on neglected and delinquent students.

The total row will be automatically calculated.

| <b>LEA Program/Facility Type</b> | <b># Reporting Data</b> |
|----------------------------------|-------------------------|
| At-risk programs                 | 9                       |
| Neglected programs               | 24                      |
| Juvenile detention               | 16                      |
| Juvenile corrections             | 6                       |
| Other                            | 2                       |
| Total                            | 57                      |

**Comments:** The response is limited to 4,000 characters.

**2.5.3.3 Students Served – Subpart 2**

In the tables below, provide the number of neglected and delinquent students served in LEA Title I, Part D, Subpart 2 programs and facilities. Report only students who received Title I, Part D, Subpart 2 services during the reporting year. In the first table, provide in row 1 the unduplicated number of students served by each program, and in row 2, the total number of students in row 1 who are long-term. In the subsequent tables, provide the number of students served by disability (*IDEA*), and EL status, by race/ethnicity, by sex, and by age. The total number of students by race/ethnicity, by sex, and by age will be automatically calculated.

| # of Students Served               | At-Risk Programs | Neglected Programs | Juvenile Detention | Juvenile Corrections | Other Programs |
|------------------------------------|------------------|--------------------|--------------------|----------------------|----------------|
| Total Unduplicated Students Served | 678              | 3,335              | 2,289              | 205                  | 131            |
| Total Long Term Students Served    | 325              | 534                | 255                | 81                   | 51             |

Provide the number of students served by special populations.

| Student Subgroups                          | At-Risk Programs | Neglected Programs | Juvenile Detention | Juvenile Corrections | Other Programs |
|--|------------------|--------------------|--------------------|----------------------|----------------|
| Children with disabilities ( <i>IDEA</i> ) | 231              | 1,123              | 610                | 46                   | 20             |
| ELs  | 14               | 63                 | 68                 | 4                    | 0              |

Provide the number of students served by race/ethnicity.

| Race/Ethnicity                            | At-Risk Programs | Neglected Programs | Juvenile Detention | Juvenile Corrections | Other Programs |
|---|------------------|--------------------|--------------------|----------------------|----------------|
| American Indian or Alaska Native          | 90               | 464                | 337                | 17                   | 29             |
| Asian                                     | 3                | 21                 | 6                  | 0                    | 1              |
| Black or African American                 | 111              | 422                | 518                | 53                   | 28             |
| Hispanic or Latino                        | 87               | 345                | 232                | 34                   | 0              |
| Native Hawaiian or other Pacific Islander | 1                | 5                  | 5                  | 0                    | 21             |
| White                                     | 305              | 1,843              | 1,024              | 95                   | 52             |
| Two or more races                         | 81               | 235                | 167                | 6                    | 0              |
| Total                                     | 678              | 3,335              | 2,289              | 205                  | 131            |

Provide the number of students served by sex.

| Sex    | At-Risk Programs | Neglected Programs | Juvenile Detention | Juvenile Corrections | Other Programs |
|--------|------------------|--------------------|--------------------|----------------------|----------------|
| Male   | 425              | 1,828              | 1,800              | 180                  | 88             |
| Female | 253              | 1,507              | 489                | 25                   | 43             |
| Total  | 678              | 3,335              | 2,289              | 205                  | 131            |

Provide the number of students served by age.

| Age         | At-Risk Programs | Neglected Programs | Juvenile Detention | Juvenile Corrections | Other Programs |
|-------------|------------------|--------------------|--------------------|----------------------|----------------|
| 3 through 5 | 0                | 60                 | 0                  | 0                    | 0              |

| 14          | 45               | 436                | 237                | 18                   | 18             |
| 15          | 86               | 448                | 402                | 29                   | 24             |
| 16          | 119              | 393                | 522                | 42                   | 23             |
| 17          | 169              | 305                | 571                | 77                   | 23             |
| 18          | 130              | 61                 | 246                | 31                   | 16             |
| 19          | 44               | 9                  | 74                 | 3                    | 8              |

| Age   | At-Risk Programs | Neglected Programs | Juvenile Detention | Juvenile Corrections | Other Programs |
|-------|------------------|--------------------|--------------------|----------------------|----------------|
| 20    | 10               | 1                  | 23                 | 0                    | 0              |
| 21    | 2                | 1                  | 2                  | 0                    | 0              |
| Total | 678              | 3,335              | 2,289              | 205                  | 131            |

If the total number of students differs by demographics, please explain in comment box below.

**Comments:** The response is limited to 8,000 characters.

**Comments:** The response is limited to 4,000 characters.

**FAQ on Unduplicated Count:**

*What is an unduplicated count?* An unduplicated count is one that counts students only once, even if they were admitted to a facility or program multiple times within the reporting year.

**FAQ on long-term:**

*What is long-term?* Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2018 through June 30, 2019.

**2.5.3.4 Academic, Career and Technical Outcomes While in the LEA Program/Facility or Within 90 Calendar Days After Exit**

In the tables below, for each program type, provide the number of students who attained academic, career and technical outcomes.

The first table includes outcomes a student is able to achieve only after exit. In this table, provide the unduplicated number of students who enrolled, or planned to enroll, in their local district school within 90 calendar days after exiting. A student may be reported only once, per program type.

The second table includes outcomes a student is able to achieve only one time. In this table, provide the unduplicated number of students who attained the listed outcomes either in the while enrolled in the LEA program/facility column ("in fac.") or in the within 90 calendar days after exiting column. A student may be reported only once across the two time periods, per program type.

The third table includes outcomes a student may achieve more than once. In the "in fac." column, provide the unduplicated number of students who attained academic, career and technical outcomes while enrolled in the LEA program/facility. In the "90 days after exit" column provide the unduplicated number of students who attained academic, career and technical outcomes within 90 calendar days after exiting. If a student attained an outcome once in the program/facility and once during the 90-day transition period, that student may be reported once in each column.

| Outcomes (once per student, only after exit)                                 | At-Risk Programs | Neglected Programs | Juvenile Detention | Juvenile Corrections | Other Programs |
|--|------------------|--------------------|--------------------|----------------------|----------------|
| # of Students Who Enrolled in their local district school 90 days after exit | 195              | 699                | 244                | 56                   | 131            |

| Outcomes (once per student) - # of Students Who | At-Risk Programs - In fac. | At-Risk Programs - 90 days after exit | Neglected Programs - In fac. | Neglected Programs - 90 days after exit | Juvenile Detention - In fac. | Juvenile Detention - 90 days after exit | Juvenile Corrections - In fac. | Juvenile Corrections - 90 days after exit | Other Programs - In fac. | Other Programs - 90 days after exit |
|---|----------------------------|---------------------------------------|------------------------------|---|------------------------------|---|--------------------------------|---|--------------------------|-------------------------------------|
| Earned a GED                                    | 25                         | S                                     | 4                            | S                                       | 9                            | S                                       | 9                              | S   | S                        | S                                   |
| Obtained high school diploma                    | 68                         | 24                                    | 17                           | S                                       | 5                            | S                                       | 3                              | S   | S                        | S                                   |

| Outcomes (once per student per time period) - # of Students Who | At-Risk Programs - In fac. | At-Risk Programs - 90 days after exit | Neglected Programs - In fac. | Neglected Programs - 90 days after exit | Juvenile Detention - In fac. | Juvenile Detention - 90 days after exit | Juvenile Corrections - In fac. | Juvenile Corrections - 90 days after exit | Other Programs - In fac. | Other Programs - 90 days after exit |
|---|----------------------------|---------------------------------------|------------------------------|---|------------------------------|---|--------------------------------|---|--------------------------|-------------------------------------|
| Earned high school course credits                               | 386                        | 52                                    | 494                          | 10                                      | 450                          | 3                                       | 69                             | 25  | 46                       | 46                                  |
| Enrolled in a GED program                                       | 37                         | S                                     | 15                           | S                                       | 15                           | S                                       | 11                             | 3   | S                        | S                                   |
| Accepted and/or enrolled into post- secondary education         | 22                         | 9                                     | 7                            | S                                       | S                            | S                                       | S                              | S   | S                        | S                                   |
| Enrolled in job training courses/programs                       | 54                         | 5                                     | 3                            | S                                       | 3                            | S                                       | 36                             | S   | S                        | S                                   |

## 2.5.4 Academic Performance – Subpart 2

The following questions collect data on the academic performance of neglected and delinquent long-term students served by Title I, Part D, Subpart 2 in reading and mathematics.

### 2.5.4.1 Academic Performance in Reading – Subpart 2

In the table below, provide the unduplicated number of long-term students served by Title I, Part D, Subpart 2, who participated in reading pre- and post-testing. Students should be reported in only one of the four change categories. Reporting pre- and post-test data for at-risk students in the table below is optional.

Report only information on a student's most recent testing data. Students who were pre-tested prior to July 1, 2018, may be included if their post-test was administered during the reporting year. Students who were post-tested after the reporting year ended should be counted in the following year. Below the table is an FAQ about the data collected in this table.

| Performance Data (Based on most recent pre/post-test data)   | At-Risk Programs | Neglected Programs | Juvenile Detention | Juvenile Corrections | Other Programs |
|--|------------------|--------------------|--------------------|----------------------|----------------|
| Long-term students with negative grade level change from the pre- to post-test exams                   | 9                | 25                 | 22                 | S                    | S              |
| Long-term students with no change in grade level from the pre- to post-test exams                      | 25               | 101                | 19                 | S                    | S              |
| Long-term students with improvement up to one full grade level from the pre- to post-test exams        | 12               | 100                | 25                 | 19                   | S              |
| Long-term students with improvement of more than one full grade level from the pre- to post-test exams | 15               | 66                 | 19                 | 10                   | S              |
| Total students pre/post- tested  | 61               | 292                | 85                 | 36                   | 46             |

**Comments:** The response is limited to 4,000 characters.

#### FAQ on long-term:

*What is long-term?* Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2018, through June 30, 2019.

*Is reporting pre/post-test data for at-risk programs required?* No, reporting pre/post-test data for at-risk students is no longer required, but States have the option to continue to collect and report it within the CSPR.

**2.5.4.2 Academic Performance in Mathematics – Subpart 2**

In the table below, provide the unduplicated number of long-term students served by Title I, Part D, Subpart 2, who participated in mathematics pre- and post-testing. Students should be reported in only one of the four change categories. Reporting pre- and post-test data for at-risk students in the table below is optional.

Report only information on a student's most recent testing data. Students who were pre-tested prior to July 1, 2018, may be included if their post-test was administered during the reporting year. Students who were post-tested after the reporting year ended should be counted in the following year. Below the table is an FAQ about the data collected in this table.

| <b>Performance Data (Based on most recent pre/post-test data)</b>                                      | <b>At-Risk Programs</b> | <b>Neglected Programs</b> | <b>Juvenile Detention</b> | <b>Juvenile Corrections</b> | <b>Other Programs</b> |
|--|-------------------------|---------------------------|---------------------------|-----------------------------|-----------------------|
| Long-term students with negative grade level change from the pre- to post-test exams                   | 5                       | 18                        | 9                         | 4                           | S                     |
| Long-term students with no change in grade level from the pre- to post-test exams                      | 22                      | 107                       | 27                        | 5                           | S                     |
| Long-term students with improvement up to one full grade level from the pre- to post-test exams        | 24                      | 107                       | 20                        | 14                          | S                     |
| Long-term students with improvement of more than one full grade level from the pre- to post-test exams | 17                      | 37                        | 27                        | 12                          | S                     |
| <b>Total students pre/post- tested</b>   | <b>68</b>               | <b>269</b>                | <b>83</b>                 | <b>35</b>                   | <b>46</b>             |

**Comments:** The response is limited to 4,000 characters.

**FAQ on long-term:**

*What is long-term?* Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2018, through June 30, 2019.

*Is reporting pre/post-test data for at-risk programs required?* No, reporting pre/post-test data for at-risk students is no longer required, but States have the option to continue to collect and report it within the CSPR.

**2.6 STUDENT SUPPORT AND ACADEMIC ENRICHMENT GRANTS (TITLE IV, PART A)**

**2.6.1 Funds Spent Under Title IV, Part A**

This section collects data on the amount of funds spent by LEAs on the three content areas under Title IV, Part A of the *ESEA*. The data are reported through the Annual Performance Reporting Tool.

| <b>Content Area</b>         | <b>Amount of Funds Spent</b> |
|-----------------------------|------------------------------|
| Well-Rounded                | 2,599,941.27                 |
| Safe and Healthy Students   | 2,518,263.11                 |
| Effective Use of Technology | 753,597.63                   |

**Comments:** The response is limited to 4,000 characters.

The amounts reported for each content area represent LEA budgeted amounts rather than the amount of funds spent by the LEAs in FY2019. In FY2020, Oklahoma will have the ability to capture and report the amount spent for each content area .

**2.6.2 LEAs Who Spent Funds Under Title IV, Part A**

This section collects data on the number of LEAs who spent funds by the content areas under Title IV, Part A of the *ESEA*. For the “Any” category, report the number of LEAs that spent funds in any of the three content areas. An LEA should be included in the count of each content area it spent funds on (i.e. an LEA may be represented in more than one content area in the table below). The data are reported through the Annual Performance Reporting Tool.

| <b>Content Area</b>         | <b>Number of LEAs Spending Funds</b> |
|-----------------------------|--------------------------------------|
| Well-Rounded                | 133                                  |
| Safe and Healthy Students   | 139                                  |
| Effective Use of Technology | 49                                   |
| Any Content Area            | 321                                  |

**Comments:** The response is limited to 4,000 characters.

**2.7 FUNDING TRANSFERABILITY FOR STATE AND LOCAL EDUCATIONAL AGENCIES (TITLE V, PART A)****2.7.1 State Transferability of Funds**

In the table below, indicate whether the State transferred funds under the state transferability authority.

| <b>State Transferability of Funds</b>  | <b>Yes/No</b> |
|--|---------------|
| Did the State transfer funds under the State Transferability authority of Section 5103(a) during SY 2018-19? | NO            |

**Comments:** The response is limited to 4,000 characters.

**2.7.2 Local Educational Agency (LEA) Transferability of Funds**

In the table below, indicate the number of LEAs that notified the State that they transferred funds under the LEA transferability authority.

| <b>LEA Transferability of Funds</b>  | <b>#</b> |
|--|----------|
| LEAs that notified the State that they were transferring funds under the LEA Transferability authority of Section 5103(b). | 590      |

**Comments:** The response is limited to 4,000 characters.

Since LEAs can transfer funds from/to more than one eligible program, this is a duplicated count of LEAs. The unduplicated count of LEAs is 408.

**2.7.3 LEA Funds Transfers**

In the table below, provide the total number of LEAs that transferred funds from an eligible program to another eligible program.

| <b>Program</b>  | <b># LEAs Transferring Funds FROM Eligible Program</b> | <b># LEAs Transferring Funds TO Eligible Program</b> |
|---|--|--|
| Supporting Effective Instruction (Title II, Part A)   | 318  | 7  |
| Student Support and Enrichment Grants (Title IV, Part A)  | 272  | 0  |
| Improving Basic Programs Operated by LEAs (Title I, Part A)   |  | 564  |
| Education of Migratory Children (Title I, Part C)   |  | 0  |
| Prevention and Intervention Programs for Children and Youth Who Are Neglected, Delinquent, or At-Risk (Title I, Part D) |  | 1  |
| English Language Acquisition, Language Enhancement, and Academic Achievement Act (Title III, Part A)                    |  | 0  |
| Rural Education Initiative (Title V, Part B)  |  | 18   |

In the table below provide the total amount of FY 2018 appropriated funds transferred from and to each eligible program.

| <b>Program</b>  | <b>Total Amount of Funds Transferred FROM Eligible Program</b> | <b>Total Amount of Funds Transferred TO Eligible Program</b> |
|---|--|--|
| Supporting Effective Instruction (Title II, Part A)   | 6,297,959.60   | 183,134.76   |
| Student Support and Enrichment Grants (Title IV, Part A)  | 4,094,924.16   | 0.00   |
| Improving Basic Programs Operated by LEAs (Title I, Part A)   |  | 9,906,890.27   |
| Education of Migratory Children (Title I, Part C)   |  | 0.00   |
| Prevention and Intervention Programs for Children and Youth Who Are Neglected, Delinquent, or At-Risk (Title I, Part D) |  | 40,000.00  |
| English Language Acquisition, Language Enhancement, and Academic Achievement Act (Title III, Part A)                    |  | 0.00   |
| Rural Education Initiative (Title V, Part B)  |  | 262,858.73   |

**Comments:** The response is limited to 4,000 characters.

**2.8 RURAL EDUCATION ACHIEVEMENT PROGRAM (REAP)**

This section collects data on the Rural Education Achievement Program (REAP) Title V, Part B, Subparts 1 and 2.

**2.8.1 LEA Use of Rural Low-Income Schools Program (RLIS) (Title V, Part B, Subpart 2) Grant Funds**

In the table below, provide the number of eligible LEAs that used RLIS funds during SY2018-19 for each of the listed purposes.

| Purpose  | # LEAs |
|--|--------|
| Activities authorized under Part A of Title I  | 139    |
| Activities authorized under Part A of Title II | 14     |
| Activities authorized under Title III          | 4      |
| Activities authorized under Part A of Title IV | 11     |
| Parental involvement activities                | 8      |

**Comments:** The response is limited to 4,000 characters.

### 2.8.2 RLIS Objectives and Outcomes

In the space below, describe the progress the State has made in meeting the objectives and outcomes for the Rural Low-Income School (RLIS) Program as described in the State's most current Consolidated State Application. If providing quantitative data along with your narrative, please ensure all data is converted to text format.

**Comments:** The response is limited to 8,000 characters.

Oklahoma's measurable program objectives were to help Rural and Low-Income Schools achieve the challenging state academic standards by:

- Increasing federal program-specific distance PD opportunities offered by the Oklahoma State Department of Education to Local Educational Agencies (LEAs) through webinars, video conferences, etc., to reduce the financial burden that LEAs would encumber from physical attendance.

Outcome

The Office of Federal Programs worked in conjunction with other state department divisions to address professional development best practices through various workshops offered to teachers by the OSDE.

- First Class is a 6-month cohort for first year teachers regardless of certification type. This cohort is capped at 30 elementary teachers and 30 secondary teachers. District-selected mentors for the first-year teachers also participate in a mentor training session and support the new teachers throughout the school year. Teachers will develop and enhance their classroom management plans and strategies for engaging students. Teachers will have the opportunity to network with colleagues from other rural areas as part of their first year teacher experience.
- Lead to Succeed is a 15-month cohort for leaders within a district who have been recognized as change agents within the school/district by the district superintendent. The cohort is capped at 30 participants each year and focuses on building leaders and aspiring leaders throughout the state including small and rural areas.

Oklahoma's measurable program objectives were to help Rural and Low-Income Schools achieve the challenging state academic standards by:

- Training assistant principals and early career principals on best practices regarding the hiring and retention of state-qualified teachers, which will lead to improved student academic achievement and help students meet the challenging state academic standards.

Outcome

The Office of Federal Programs worked in conjunction with other state department divisions to address professional development best practices through various workshops offered to assistant principals and early career principals by the OSDE.

- Moving Up is a 6-month cohort for assistant principals and early career principals focused on collaborative leadership and collective efficacy, building relationships to see where work is needed in order to retain solid teachers with students in mind. The cohort is capped at 30 participants each year.

All of these professional development opportunities include all small and rural school districts to large urban schools districts across the state of Oklahoma.

### 2.8.3 RLIS Technical Assistance

In the space below, describe the progress the State has made in providing technical assistance for RLIS LEA sub-grantees as described in the State's most current Consolidated State Application. If providing quantitative data along with your narrative, please ensure all data is converted to text format.

**Comments:** The response is limited to 8,000 characters.

Oklahoma's Office of Federal Programs provides the following technical assistance to RLIS LEAs throughout the year:

- RLIS Webinars
- Desktop and on-site monitoring process
- Application review and approval and expenditure reimbursement process
- One-on-one technical assistance
- Communication via emails, phone calls and newsletters

**2.8.4 RLIS Subgrant Award Determination**

Please report the method the SEA used to award grants to eligible LEAs. If the SEA used a competitive process, please describe that process and include a description of the methods and criteria the SEA used to review applications, award funds to LEAs, and how the LEAs were notified of the process. If the SEA used a formula besides one based on the number of students in average daily attendance served by eligible LEAs in the State, please describe that formula, including an explanation of how this alternative formula enables the SEA to allot grant funds in a manner that serves equal or greater concentrations of children from families with incomes below the poverty line, relative to the concentration that would be served if the SEA used a formula based on the number of students in average daily attendance served by eligible LEAs in the State.

**Comments:** The response is limited to 8,000 characters.

Oklahoma awards RLIS funds to eligible LEAs by a formula based on the number of children in average daily attendance in eligible LEAs within the state.

**2.8.5 RLIS State Administrative Funds**

In the table below, provide information on state administrative funds.

| Question  | Percentage |
|---|------------|
| What percentage of the RLIS grant funds were retained for State-level administration?                                   | 5.00%      |
| What percentage of those funds retained for State-level administration were used specifically for technical assistance? | 0.00%      |

**Comments:** The response is limited to 4,000 characters.

Oklahoma's RLIS state level administration funds go into the consolidated administration pool, therefore, those funds are not separated out between administrative and technical assistance purposes.

**2.8.6 RLIS LEAs Awarded Funds**

Please list the NCES LEA ID and name of each LEA that received RLIS funds and the amount each received. This information will be collected from SEAs outside of the CSPR collection tool.

- NCES LEA ID
- LEA Name
- RLIS Award Amount

**Comments:** The response is limited to 4,000 characters.  
Spreadsheet has been prepared and will be submitted to PSC on 5/28/2020.

**2.8.7 Small, Rural School Achievement (SRSA) Program, Alternative Fund Use Authority (AFUA)**

|  | <b>Number</b> | <b>Percentage</b> |
|--|---------------|-------------------|
| What number and percentage of SRSA- and Dual-eligible LEAs informed their SEA of an intent to utilize SRSA's AFUA, under Section 5211 of the ESEA. | 116           | 36.36%            |

**Comments:** The response is limited to 4,000 characters.
