High-Poverty Schools (More than what %)	Low-Poverty Schools (Less than what %)	Poverty Metric Used
68	21	Percentage of students eligible for free/reduced meals

FAQ:How are the poverty quartiles determined?

Rank order all schools from highest to lowest on your percentage poverty measure. Divide the list into four equal groups. Schools in the first (highest group) are high-poverty schools. Schools in the last group (lowest group) are the low-poverty schools. Generally, States use the percentage of students who qualify for the free or reduced-price lunch program for this calculation.

1.4.8.2 Steps to Shorten the Distribution of Title III Funds to Subgrantees

In the comment box below, describe how your State can shorten the process of distributing Title III funds to subgrantees.

State	Comments
COLORADO	Colorado Department of Education (CDE) has taken steps to ensure that the process is as efficient and streamlined as possible. USDE's preliminary allocations are available to districts in the Spring of each year for budgeting and application process purposes. These are provided with anticipation that LEAs applying for funds will have Substantial Approval by July 1st. Applications and budgets are due by June 30th of each year. However, application extensions are granted to LEAs that request them. Each LEA application is reviewed on a case-by-case basis within 30 days of receipt. After review, each LEA is notified that its application has been given final approval, substantial approval, or no approval. If Colorado Department of Education (CDE) is unable to give an application final approval, the LEA is notified of the changes that must be made in order to give the application final approval. Substantial approval means that an LEA may obligate but not draw down funds. Once an LEA has received final application approval, funds are available for draw down. However, any carryover funds continue to be made available to districts prior to final approval of its current application. Also, Colorado does not allow an LEA to draw down funds until Colorado receives grant award notification from USDE, which typically occurs mid-July. However, funds are available for LEA to draw down as soon as Colorado receives its award notification from USDE and CDE has established that the LEA has met federal and state requirements for release of the funds.
