#### FAQ:How are the poverty quartiles determined?

Rank order all schools from highest to lowest on your percentage poverty measure. Divide the list into four equal groups. Schools in the first (highest group) are high-poverty schools. Schools in the last group (lowest group) are the low-poverty schools. Generally, States use the percentage of students who qualify for the free or reduced-price lunch program for this calculation.

#### Data Quality Comment

138 schools fall into the low quartile 148 schools fall into the high quartile and 281 or 49.6% are neither low nor high poverty quartiles.

## 1.4 TITLE III AND LANGUAGE INSTRUCTIONAL PROGRAMS

-Include newly enrolled (recent arrivals to the U.S.) and continually enrolled ELs, whether or not they receive services in a Title III LIEP.

-Do not include students previously identified as ELs (as described in Section 1111(b)(3)(B) of the ESEA) or students who exit LIEPs based on attainment of ELP (as described in Section 3121(a)(4) of the ESEA) in the ALL EL student count in this table.

Note: Section 3201(7) – The term ‘LIEP’ means an instruction course – (A) in which an EL is placed for the purpose of developing and attaining English proficiency, while meeting challenging State academic standards; and (B) that may make instructional use of both English and a child’s native language to enable the child to develop and attain English proficiency and may include the participation of English proficient children if such course is designed to enable all participating children to become proficient in English and a second language.

In the table below, place a check next to each type of LIEP implemented in the State, as defined under Section 3201(7), as required by Sections 3121(a)(1) and 3122(b)(1) of the ESEA.

Populated with SEA\_LEVEL FS116/DG849

State	LIEP	#	Language of Instruction

State	Comments
MAINE	The 1718 students in the "other" category are students whose enrollment data did not include an LIEP designation. In our data collection, LIEP designation was not a forced data point for all students with EL status. This has been resolved this year, so school year 2021-22 data will be complete.
