#### FAQ:How are the poverty quartiles determined?

Rank order all schools from highest to lowest on your percentage poverty measure. Divide the list into four equal groups. Schools in the first (highest group) are high-poverty schools. Schools in the last group (lowest group) are the low-poverty schools. Generally, States use the percentage of students who qualify for the free or reduced-price lunch program for this calculation.

### 1.4.2 LIEPs

Note: Section 3201(7) – The term ‘LIEP’ means an instruction course – (A) in which an EL is placed for the purpose of developing and attaining English proficiency, while meeting challenging State academic standards; and (B) that may make instructional use of both English and a child’s native language to enable the child to develop and attain English proficiency and may include the participation of English proficient children if such course is designed to enable all participating children to become proficient in English and a second language.

In the table below, place a check next to each type of LIEP implemented in the State, as defined under Section 3201(7), as required by Sections 3121(a)(1) and 3122(b)(1) of the ESEA.

Data Quality Comment
11 LEAs reported Language Instruction Educational Programs in the “other” category. After follow-up with the reporting districts, the NH Department of Education (NH DOE) identified an error in the data collection method used in the state student data system. In some cases, the “other” category defaulted when a district reported that a student who declined services or for students in monitoring status. During the 2019-2020 reporting year, there were not any LIEPs in NH that fell outside of the categories reported above. The NH DOE will work to update the internal data collection method for the 2020-2021 report.

### 1.4.3 Most Common Languages Spoken in the State

In the table below, provide the five most commonly spoken languages, other than English, in the State (for all ELs, not just ELs enrolled in LEAs that received Title III services). The top five languages should be determined by the highest number of ELs speaking each of the languages listed.

Populated with SEA-LEVEL FS141/DG678

State	Language	# ELs
NEW HAMPSHIRE	Spanish; Castilian	2283
NEW HAMPSHIRE	Arabic	281

In the table below, report the unduplicated headcount of teachers who are working in LIEPs as defined under Section 3302(7) of the ESEA and reported in CSPR Section 1.4.2( LIEPs) even if they are not paid with Title III funds.

Populated with SEA-LEVEL FS067/DG422

State	Number of teachers serving in LIEPs in LEAs receiving Title III funds	Number of certified, licensed or endorsed teachers serving in LIEP in LEAs receiving Title III funds	How many ESL bilingual education endorsed teachers will be needed for the succeeding 5 fiscal years
NEW HAMPSHIRE	169	167.00	380

### Data Quality Comment

There are 4,907 identified EL students in NH and 169 ESOL endorsed teachers. The NH DOE recommends an average student case load of 20 EL students per teacher. This means NH is experiencing a critical shortage of trained ESOL teachers (i.e., approximately 76 per year); therefore, it is estimated that NH will need 380 ESL/bilingual education endorsed teachers over the next 5 fiscal years.

### 1.4.8.2 Steps to Shorten the Distribution of Title III Funds to Subgrantees

In the comment box below, describe how your State can shorten the process of distributing Title III funds to subgrantees.

State	Comments
NEW HAMPSHIRE	The New Hampshire Department of Education (NH DOE) will work to shorten the process for distributing Title III funds to subgrantees by establishing and communicating a timeline for Title III funding. The timeline will include a goal to send notice to all eligible Title III LEAs within 30 days of receiving the notice of initial allocations from the US DOE. Additionally, in the past, coordinating with eligible SEAs to form the consortiums needed to meet the \$10,000.00 minimum required within Title III, Part A has been timing consuming for NHs low incidence districts. The NH DOE will work with districts on consortium building earlier in the grant cycle with a plan to reduce the average number of days for States receiving Title III funds to make subgrants to subgrantees.

### 1.4.9 Title III Subgrantees

This section collects data on the performance of Title III subgrantees.

#### 1.4.9.1 Termination of Title III Language Instruction Educational Programs
