FAQ:How are the poverty quartiles determined?

Rank order all schools from highest to lowest on your percentage poverty measure. Divide the list into four equal groups. Schools in the first (highest group) are high-poverty schools. Schools in the last group (lowest group) are the low-poverty schools. Generally, States use the percentage of students who qualify for the free or reduced-price lunch program for this calculation.

Table 1.4.7 Definitions:

- 2. Immigrant Students in LEAs receiving funds under Section 3114(d):** Number of immigrant students enrolled in LEAs receiving funds reserved for immigrant education programs/activities under Section 3114(d) of the ESEA. - 3. 3114(d) Subgrants:** Number of subgrants made in the State under Section 3114(d) of the ESEA, with funds reserved for immigrant children and youth. Do not include in the count LEAs that receive Title III English language acquisition subgrants made under Section 3114(a) of the ESEA, but that do not receive subgrants under Section 3114(d) of the ESEA, even if immigrant students are enrolled in those LEAs.

1.4.8 State Subgrant Activities

This section collects data on State subgrant activities.

1.4.8.1 State Subgrant Process

In the table below, report the time between when the State receives the Title III allocation from the U.S. Department of Education (ED), normally on July 1 of each year for the upcoming school year, and the time when the State distributes these funds to subgrantees for the intended school year. Dates must be submitted using the MM/DD/YY format.

Example: State received SY2018-19 funds July 1, 2018, and then made these funds available to subgrantees on August 1, 2018, for SY 2018-19 programs. Then the “# of days/\$\$ Distribution” is 30 days.

State	Date State Received Allocation	Date Funds Available to Subgrantees	# Days \$\$ Distribution
PUERTO RICO	7/1/2019	7/1/2019	0

Data Quality Comment

PRDE is a unitary system, which means that the same day we receive the grant, the funds are available for the PRDE (because we are a SEA and LEA at the same time). In the case of Puerto Rico, we don't have subgrantees for this federal program (Title III-A). Accordingly, we understand that the Date Funds were Available to Subgrantees does not apply to us. Also, on July 12, 2019, as an Agency, the distribution of the mandatory set asides was recorded within PRDE's Financial System. However, since PRDE has Specific Conditions in place requiring a Third Party Fiduciary Agent (TPFA) to be contracted in order to be able to use the 2019-2020 and any further funds that have been approved by the United States Department of Education, during the 2019-2020 academic year we worked with carryover funds from the 2017-2018 (which had a waiver for an additional period) and 2018-2019 grants, because PRDE did not finalized the contracting procedures of the TPFA during the said year.

Table 1.4.8.1 Definitions:

- 1. Date State Received Allocation:** Date the State receives the Title III allocation from ED.
- 2. Date Funds Available to Subgrantees:** Date that Title III funds are available to approved subgrantees.
- 3. # of Days/\$\$ Distribution** Average number of days for States receiving Title III funds to make subgrants to subgrantees beginning from July 1 of each year, except under conditions where funds are being withheld.

1.4.8.2 Steps to Shorten the Distribution of Title III Funds to Subgrantees

In the comment box below, describe how your State can shorten the process of distributing Title III funds to subgrantees.
