<p>The USBE program staff review program plans and budgets annually to approve their yearly plan. LEAs will budget the funds in the State’s online grant management system. USBE provides annual technical assistance sessions on the use of the online grants management system. These trainings are provided at multiple sites across the state. In addition, training modules are available online. Program staff are available to LEAs on a continuous basis in person, by phone, and through email. USBE maintains a Help Desk to respond to LEAs questions and concerns. USBE technical assistance and monitoring of the LEAs that receive RLISP funding has been adjusted in response to stakeholder feedback. Monitoring will more closely look at the academic achievements of the students served with these funds in addition to fiscal compliance. The SEA Title I Fiscal Compliance Specialist regularly monitors and audits RLIS reimbursement requests received from LEAs to ensure expenditures are allowable and supplanting has not occurred. Both desktop and onsite monitoring and technical assistance is provided throughout the year.</p>

### 2.8.4 RLIS Subgrant Award Determination

Please report the method the SEA used to award grants to eligible LEAs. If the SEA used a competitive process, please describe that process and include a description of the methods and criteria the SEA used to review applications, award funds to LEAs, and how the LEAs were notified of the process. If the SEA used a formula besides one based on the number of students in average daily attendance served by eligible LEAs in the State, please describe that formula, including an explanation of how this alternative formula enables the SEA to allot grant funds in a manner that serves equal or greater concentrations of children from families with incomes below the poverty line, relative to the concentration that would be served if the SEA used a formula based on the number of students in average daily attendance served by eligible LEAs in the State.

Comments
<p>Utah only has one LEA (San Juan School District) that is eligible for RLIS and so the total award is given to that LEA through the Utah Grants Management System</p>
