

# CONSOLIDATED STATE PERFORMANCE REPORT

## PART I

SCHOOL YEAR 2021-2022

ILLINOIS

The Consolidated State Performance Report (CSPR) is the required annual reporting tool for each State, the Bureau of Indian Education, District of Columbia, and Puerto Rico as authorized under Section 8303 of the Elementary and Secondary Education Act (ESEA), as amended by the Every Student Succeeds Act of 2015 (ESSA).

### **Paperwork Burden Statement**

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is 1810-0724. The time required to complete this information collection is estimated to average 36.50 hours per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. The obligation to respond to this collection is required to obtain or retain a benefit under the Elementary and Secondary Education Act (ESEA), as amended by the Every Student Succeeds Act (ESSA). If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: U.S. Department of Education, Washington, D.C. 20202-4537. If you have comments or concerns regarding the status of your individual submission of this form, write directly to: Office of Elementary and Secondary Education, U.S. Department of Education, 400 Maryland Avenue, S.W., Washington, D.C. 20202.

## 1.1 GENERAL INFORMATION

This section collects data on State's Annual State Report Card required under Section 1111(h)(1)(A) of the ESEA.

## **1.2 STUDENT ACADEMIC ACHIEVEMENT AND PARTICIPATION IN STATE ASSESSMENTS**

This section collects data on student academic achievement and participation in the State assessments.

Note: States are not required to report these data by the racial/ethnic groups shown in the table below; instead, they are required to report these data by the major racial and ethnic groups that align with their accountability system.

### **1.2.1 Academic Achievement and Participation in Mathematics Assessment**

In the table below, provide information on the achievement and participation of students on the mathematics assessments required under Section 1111(b)(2) of the ESEA by reporting on the number of students enrolled during the State’s testing window, the number of students who participated in the mathematics assessment, the number of students who took the mathematics assessment and received a valid score, and the number of students who scored at or above proficient. The percentage of students who participated in the assessment and the percentage of students scoring at or above proficient will be calculated automatically.

The student group “children with disabilities (IDEA)” includes children with disabilities, as defined under the Individuals with Disabilities Education Act (IDEA), who participated in the regular assessments with or without accommodations and alternate assessments. Do not include former children with disabilities (IDEA). Do not include students only covered under Section 504 of the Rehabilitation Act of 1973.

The student group “English learners” should include recently arrived students who are identified as English Learners (ELs) and who have attended schools in the U.S. for less than 12 months. Do not include former ELs (i.e., those who exited EL status prior to the testing window within the past four years).

This table is repeated for each of grades three through eight and once for high school.

Populated with SEA-LEVEL FS175/DG583 and FS185/DG588.

## 1.2.2 Academic Achievement and Participation in Reading/Language Arts Assessment

In the table below, provide information on the achievement and participation of students on the reading/language arts assessments required under Section 1111(b)(2) of the ESEA by reporting on the number of students enrolled during the State’s testing window, the number of students who participated in the reading/language arts assessment, the number of students who took the reading/language arts assessment and received a valid score, and the number of students who scored at or above proficient. The percentage of students who were tested and the percentage of students scoring at or above proficient will be calculated automatically.

The student group “children with disabilities (IDEA)” includes children who participated in the regular assessments with or without accommodations and alternate assessments. Do not include former children with disabilities (IDEA). Do not include students only covered under Section 504 of the Rehabilitation Act of 1973.

The student group “English learners” does not include recently arrived students who have attended schools in the United States for fewer than 12 months and who took an assessment of English language proficiency (ELP) in lieu of the State’s reading/language arts assessment. Do not include former ELs.

This table is repeated for each of grades three through eight and once for high school.

### **1.2.3 Academic Achievement and Participation in Science Assessment**

In the table below, provide information on the achievement and participation of students on the science assessments required under Section 1111(b)(2) of the ESEA by reporting on the number of students enrolled during the State's testing window, the number of students who participated in the science assessment, the number of students who took the science assessment and received a valid score, and the number of students who scored at or above proficient. The percentage of students who were tested and the percentage of students scoring at or above proficient will be calculated automatically.

This table is repeated for each of grades three through eight and once for high school.

Populated with SEA-LEVEL FS179/DG585 and FS189/DG590.

## 1.2.4 Assessment Participation by Assessment Type for Children with Disabilities

This section collects information on children with disabilities' participation in the mathematics, reading/language arts, and science assessments.

### 1.2.4.1 Participation of Children with Disabilities (IDEA) in Mathematics Assessment

In the table below, provide the number of children with disabilities (IDEA) participating during the State's testing window in mathematics assessments required under Section 1111(b)(2) of the ESEA by the type of assessment. The percentage of children with disabilities (IDEA) who participated in the mathematics assessment for each assessment option will be calculated automatically. The total number of children with disabilities (IDEA) participating will also be calculated automatically.

The data provided below should include mathematics participation data from all children with disabilities (IDEA) as defined under the IDEA. Do not include students only covered under Section 504 of the Rehabilitation Act of 1973.

Populated with SEA-LEVEL FS185/DG588.

Assessment Type	# Children with Disabilities (IDEA) Participating	Percentage of Children with Disabilities (IDEA) Participating, Who Took the Specified Assessment
Alternate Assessment Based on Alternate Achievement Standards	10680	7.7
Regular Assessment With Accommodations	118380	85.1
Regular Assessment Without Accommodations	10105	7.3
Total	139165	.

### 1.2.4.2 Percentage of Students Assessed Using the Alternate Assessment Based on Alternate Achievement Standards in Mathematics

Populated with SEA-LEVEL FS185/DG588.

# Children with Disabilities (IDEA) Assessed Using the Alternate Assessment Based on Alternate Achievement Standards	# Students Participating	Percentage of Students Assessed Using the Alternate Assessment Based on Alternate Achievement Standards
10680	939006	1.1

### 1.2.4.2.1 Waiver under 34 CFR 200.6(c) for the 1% cap on the percentage of students assessed using the alternate assessment based on alternate achievement standards

Question	Yes or No
Did your State receive a waiver under 34 CFR 200.6(c) for the 1% cap on the percentage of students assessed using the alternate assessment based on alternate achievement standards in mathematics in SY2021-22?	Yes

### 1.2.4.3 Participation of Children with Disabilities (IDEA) in Reading/Language Arts Assessment

The data provided should include reading/language arts participation data from all children with disabilities (IDEA) as defined under the IDEA. Do not include former children with disabilities (IDEA). Do not include students only covered under Section 504 of the Rehabilitation Act of 1973.

Note: For this question only, report on children with disabilities (IDEA) who are also ELs in the U.S. less than 12 months who took the ELP assessment in lieu of the statewide reading/language arts assessment.

Populated with SEA-LEVEL FS188/DG589.

Assessment Type	# Children with Disabilities (IDEA) Participating	Percentage of Children with Disabilities (IDEA) Participating, Who Took the Specified Assessment
Alternate Assessment Based on Alternate Achievement Standards	10729	7.7
Recently arrived ELs, Took ELP	.	.
Regular Assessment With Accommodations	118992	85
Regular Assessment Without Accommodations	10194	7.3
Total	139915	.

### 1.2.4.4 Percentage of Students Assessed Using the Alternate Assessment Based on Alternate Achievement Standards in Reading/Language Arts

Populated with SEA-LEVEL FS188/DG589.

# Children with Disabilities (IDEA) Assessed Using the Alternate Assessment Based on Alternate Achievement Standards	# Students Participating	Percentage of Students Assessed Using the Alternate Assessment Based on Alternate Achievement Standards
10729	941384	1.1

#### 1.2.4.4.1 Waiver under 34 CFR 200.6(c) for the 1% cap on the percentage of students assessed using the alternate assessment based on alternate academic achievement standards

Question	Yes or No
Did your State receive a waiver under 34 CFR 200.6(c) for the 1% cap on the percentage of students assessed using the alternate assessment based on alternate achievement standards in reading/language arts in SY2021-22?	Yes

### 1.2.4.5 Participation of Children with Disabilities (IDEA) in Science Assessment

The data provided should include science participation results from all children with disabilities (IDEA) as defined under the IDEA. Do not include former children with disabilities (IDEA). Do not include students only covered under Section 504 of the Rehabilitation Act of 1973.

Populated with SEA-LEVEL FS189/DG590.

Assessment Type	# Children with Disabilities (IDEA) Participating	Percentage of Children with Disabilities (IDEA) Participating, Who Took the Specified Assessment
Alternate Assessment Based on Alternate Achievement Standards	4173	7.6
Regular Assessment With Accommodations	50666	92.4
Regular Assessment Without Accommodations	0	0
Total	54839	.

### 1.2.4.6 Percentage of Students Assessed Using the Alternate Assessment Based on Alternate Achievement Standards in Science

Populated with SEA-LEVEL FS189/DG590.

# Children with Disabilities (IDEA) Assessed Using the Alternate Assessment Based on Alternate Achievement Standards	# Students Participating	Percentage of Students Assessed Using the Alternate Assessment Based on Alternate Achievement Standards

### 1.2.5 Assessments for ELs

This section collects information on EL assessment results.

#### 1.2.5.1 EL Provisions for Content Assessments

This sub-section collects information on provisions provided to ELs.

##### 1.2.5.1.1 Recently arrived ELs taking ELP assessments in lieu of reading/language arts assessments

In the table below, provide the number of recently arrived ELs included in the participation counts in 1.2 who took an assessment of ELP in lieu of the State's reading/language arts assessment, as permitted under Section 1111(b)(3)(A)(i) of the ESEA.

Populated with SEA-LEVEL FS188/DG589.

### 1.2.5.1.2 Native language assessments offered

In the table below, indicate whether native language assessments were offered in mathematics, reading/languages arts, and science. Write “Yes” if the specified assessment is used for accountability purposes. List languages, other than English, in which content tests were offered.

Native Language Testing	Yes No	If yes, are the tests considered trans-adapted assessments?	Language(s)
State offers the State mathematics content tests in the students’ native language(s).	Yes	Trans-Adapted for 3-8	Spanish
State offers the State reading/language arts content tests in the students’ native language(s).	No		
State offers the State science content tests in the students’ native language(s).	Yes	Not trans-adapted	Spanish

### 1.2.5.3.1 ELs in LEAs receiving Title III funds who have exited Language Instruction Educational Program (LIEP) based on attaining ELP

In the table below, please provide, for ELs in LEAs receiving Title III, Part A funds, the number and percentage who have exited an LIEP based on attaining ELP.

Populated with SEA-LEVEL FS211/DG865.

# ELs Exited	Percent ELs Exited
13156	5.1

### 1.2.5.3.2 ELs in LEAs receiving Title III funds who have not attained proficiency in 5 years

In the table below, please provide, for ELs in LEAs receiving Title III, Part A funds, the number and percentage who have not attained proficiency within five years.

Populated with SEA-LEVEL FS210/DG864.

# ELs Not Proficient	Percent ELs Not Proficient

### 1.2.5.4 Students in LEAs Receiving Title III Funds who have Exited EL Status

This section collects data on the performance of students who have exited EL status as required by Sections 3121(a)(5) and 3122(a) of the ESEA.

#### 1.2.5.4.1 Students in LEAs receiving Title III funds who have exited EL status by year

In the table below, report the count of students in LEAs receiving Title III funds who have exited EL status for each of the four years after such students have exited EL status.

Populated with SEA-LEVEL FS126/DG668.

First year	Second year	Third year	Fourth year	Total
8625	16007	16305	15420	56357

### 1.2.5.4.2 Results for students in LEAs receiving Title III funds who have exited EL status in mathematics

In the table below, report results for students in LEAs receiving Title III funds who have exited EL status and for students who identified as children with disabilities who have exited EL status on the annual mathematics assessment. Please provide data only for those students who transitioned out of language instruction educational programs (LIEPs) and who were no longer receiving language services in the current reporting year. Please report the performance of these students for each of the four years after they exit EL status.

Populated with SEA-LEVEL FS126/DG668.

### 1.2.6 Grants for State Assessments and Related Activities

#### 1.2.6.1 Grants for State Assessments and Related Activities

This section requests information on your State's use of funds under Section 1201 of ESEA.

##### 1.2.6.1.1 Percentages of funds used for standards and assessment development and other purposes

For funds your State had available under Section 1201 of the ESEA (Grants for State Assessments and Related Activities) during SY2021-22, estimate what percentage of the funds your State used for the following (round to the nearest 10 percent).

Purpose	Percentage (Rounded to the Nearest 10 Percent)
To pay the costs of the development of the State assessments and standards required by Section 1111(b) of the ESEA	50
To administer assessments required by Section 1111(b) of the ESEA or to carry out other activities described in Section 1201 of the ESEA	50

### 1.2.6.1.2 Use of funds for purposes other than standards and assessment development

For funds your State had available under Section 1201 of the ESEA (Grants for State Assessments and Related Activities) during SY2021-22 that were used for purposes other than the costs of the development of the State assessments and standards required by Section 1111(b) of the ESEA, for what purposes did your State use the funds? (Enter “Yes” for all that apply and “No” for all that do not apply).

Purpose	Used for Purpose (Yes No)
Administering assessments required by Section 1111(b) of the ESEA	Yes
Ensuring the provision of appropriate accommodations available to ELs and children with disabilities to improve the rates of inclusion in regular assessments of such children, including professional development activities to improve the implementation of such accommodations in instructional practice.	Yes
Developing challenging State academic standards and aligned assessments in academic subjects for which standards and assessments are not required under Section 1111(b) of the ESEA.	Yes
Developing or improving assessments of ELs, including assessments of ELP as required under Section 1111(b)(2)(G) of the ESEA and academic assessments in languages other than English to meet the State’s obligations under Section 1111(b)(2)(F) of the ESEA.	Yes
Ensuring the continued validity and reliability of State assessments.	Yes
Refining State assessments to ensure their continued alignment with challenging academic standards and to improve the alignment of curricula and instructional materials.	Yes
Developing or improving balanced assessment systems that include summative, interim, and formative assessments, including supporting local educational agencies in developing and improving such assessments.	Yes
At the discretion of the State, refining science assessments required under Section 1111(b)(2) of the ESEA in order to integrate engineering design skills and practices into such assessments.	Yes
Developing or improving models to measure and assess student progress or student growth on State assessments under Section 1111(b)(2) of the ESEA and other assessments not required under Section 1111(b)(2) of the ESEA.	Yes
Developing or improving assessments for children with disabilities, including alternate assessments aligned to alternate academic achievement standards for students with the most significant cognitive disabilities described in Section 1111(b)(2)(D) of the ESEA, and using the principles of universal design for learning.	Yes
Allowing for collaboration with institutions of higher education, other research institutions, or other organizations to improve the quality, validity, and reliability of State academic assessments beyond the requirements for such assessments described in Section 1111(b)(2) of the ESEA.	Yes
Measuring student academic achievement using multiple measures of student academic achievement from multiple sources.	Yes
Evaluating student academic achievement through the development of comprehensive academic assessment instruments (such as performance and technology based academic assessments, computer adaptive assessments, projects, or extended performance task assessments) that emphasize the mastery of standards and aligned competencies in a competency-based education model.	Yes
Designing report cards and reports under Section 1111(h) of the ESEA in an easily accessible, user-friendly manner that cross-tabulates student information by any category the State determines appropriate, as long as such cross-tabulations (i) does not reveal personally identifiable information about an individual student, and (ii) is derived from existing State and local reporting requirements. ## 1.3 TEACHERS

In the tables below, provide the number of teachers for each of the school types listed and the number of teachers who are inexperienced, emergency or provisional credentialed, or out of field. The percentages used for high- and low-poverty schools and the poverty metric used to determine those percentages are reported in the second table. Below the tables are frequently asked questions (FAQs) about these data.

### 1.3.1 Inexperienced Teachers

In the table below, provide information on the experience of teachers by poverty quartile and level.

Populated with SCH-LEVEL FS103/DG699 and FS203/DG839.

School Poverty Level	Total Teachers	Inexperienced Teachers	Percent Inexperienced Teachers
Total Schools	134167.23	8719.22	6.5

### 1.3.2 Teachers Teaching with Emergency or Provisional Credentials

In the table below, provide information on the credentials of teachers by poverty quartile and level.

Populated with SCH-LEVEL FS103/DG699 and FS203/DG839.

School Poverty Level	Total Teachers	Teachers Teaching with an Emergency or Provisional Credential	Percent Teachers Teaching with an Emergency or Provisional Credential
Total Schools	134167.23	3432.4	2.6

### 1.3.3 Teachers Who Are Not Teaching in the Subject or Field for Which They Are Certified or Licensed

In the table below, provide information on teachers not teaching in the subject or field for which they are certified or licensed by poverty quartile and level.

Populated with SCH-LEVEL FS103/DG699 and FS203/DG839.

School Poverty Level	Total Teachers	Teachers Not Teaching in Field	Percent Teachers Not Teaching in Field
Total Schools	134167.23	.	.

### 1.3.4 Poverty Quartile Breaks (Optional)

In the table below, provide the poverty quartiles breaks used in determining high- and low-poverty schools and the poverty metric used to determine the poverty quartiles.

High-Poverty Schools (More than what %)	Low-Poverty Schools (Less than what %)	Poverty Metric Used
25	75	Percentage of students who qualify for the free or reduced-price lunch program in the Fall Enrollment report.

#### FAQ:How are the poverty quartiles determined?

Rank order all schools from highest to lowest on your percentage poverty measure. Divide the list into four equal groups. Schools in the first (highest group) are high-poverty schools. Schools in the last group (lowest group) are the low-poverty schools. Generally, States use the percentage of students who qualify for the free or reduced-price lunch program for this calculation.

## 1.4 TITLE III AND LANGUAGE INSTRUCTIONAL PROGRAMS

This section collects annual performance and accountability data on the implementation of Title III programs.

### 1.4.1 EL Enrollment Data

#### 1.4.1.1 Number of All ELs Enrolled in the State

In the table below, provide the October 1 count of all ELs in the State who meet the EL definition under Section 8101(21) of the ESEA.

-Include newly enrolled (recent arrivals to the U.S.) and continually enrolled ELs, whether or not they receive services in a Title III LIEP.

-Do not include students previously identified as ELs (as described in Section 1111(b)(3)(B) of the ESEA) or students who exit LIEPs based on attainment of ELP (as described in Section 3121(a)(4) of the ESEA) in the all EL student count in this table.

Populated with SEA-LEVEL FS141/DG678.

Total ELs	#
Total English Learners in State	239519
English Learners with Disabilities	51131

#### 1.4.1.2 Number of ELs in LEAs Receiving Title III Funds

In the table below, provide the October 1 count of ELs in the State served by LIEPs in LEAs receiving Title III funds.

Populated with SEA-LEVEL FS116/DG648.

ELs Receiving Services	#
English Learners Served by LIEP	132389

### 1.4.2 LIEPs

Note: Section 3201(7) The term 'LIEP' means an instruction course – (A) in which an EL is placed for the purpose of developing and attaining English proficiency while meeting challenging State academic standards and (B) that may make instructional use of both English and a child's native language to enable the child to develop and attain English proficiency and may include the participation of English proficient children if such course is designed to enable all participating children to become proficient in English and a second language.

In the table below, for each type of LIEP implemented in the State, as defined under Section 3201(7), as required by Sections 3121(a)(1) and 3122(b)(1) of the ESEA, please provide a comma-separated list of the language(s) of instruction used.

Populated with SEA-LEVEL FS116/DG849.

LIEP	#	Language of Instruction
Content Classes with integrated ESL support	29729	English
Dual Language or Two-way Immersion	32792	Home language,English
ESL or ELD	0	English
Newcomer programs	0	NA
Other	13040	English
Transitional Bilingual Education or Early-Exit Bilingual Education	64903	Home Language,English

Explain in the comment box below if the State has any additional LIEPs that are not captured in the table above.

### 1.4.3 Most Common Languages Spoken in the State

In the table below, provide the five most commonly spoken languages, other than English, in the State (for all ELs, not just ELs enrolled in LEAs that received Title III services). The top five languages should be determined by the highest number of ELs speaking each of the languages listed.

Populated with SEA-LEVEL FS141/DG678.

Language	# ELs
Spanish; Castilian	186303
Arabic	8855
Polish	5869
Urdu	3823
Chinese	2511

## 1.4.4 Teacher Information and Professional Development

This section collects information about teachers as required under Section 3122 (b)(5) of the ESEA.

In the table below, report the unduplicated headcount of teachers who are working in LIEPs as defined under Section 3302(7) of the ESEA and reported in CSPR Section 1.4.2( LIEPs) even if they are not paid with Title III funds.

Populated with SEA-LEVEL FS067/DG422.

## 1.4.5 Activities of Subgrantees Related to the Teaching and Learning of ELs

This section aggregates data on LEA-level activities that support the education of ELs with Title III funds.

In the tables below, provide information about allowable activities conducted under Section 3115 of the ESEA.

<b>Activities of LEAs</b>	<b>Number of LEAs</b>
Supporting the development and implementation of LIEPs	251
Enhancing existing LIEPs and programs for restructuring and reforming schools with ELs	251
Supporting implementation of school wide programs	251
Professional development to teachers and other personnel serving ELs	251
Parent and community engagement activities	251
Supporting the development and implementation of pre-school programs	171
Improving LIEPs by upgrading curricula, instructional materials, software and assessment procedures	251
Improving instruction of ELs with disabilities	251
Providing tutorials, career and technical education	251
Offering programs to help ELs achieve success in post-secondary education	80
Other	251

If State reports a nonzero count of LEAs under 'Other' please describe the activities that were conducted during SY2021-22 in the comment box below.

<b>Comment</b>

**Table 1.4.7 Definitions:**

- 1. Immigrant Students Enrolled:** Number of students who meet the definition of immigrant children and youth under Section 3201(5) of the ESEA and enrolled in the elementary or secondary schools in the State.
- 2. Immigrant Students in LEAs receiving funds under Section 3114(d):** Number of immigrant students enrolled in LEAs receiving funds reserved for immigrant education programs/activities under Section 3114(d) of the ESEA. This number should not include immigrant students who are enrolled in an LEA that receives Title III funds under Section 3114(a) of the ESEA but not Section 3114(d) of the ESEA.
- 3. 3114(d) Subgrants:** Number of subgrants made in the State under Section 3114(d) of the ESEA, with funds reserved for immigrant children and youth. Do not include in the count LEAs that receive Title III English language acquisition subgrants made under Section 3114(a) of the ESEA, but that do not receive subgrants under Section 3114(d) of the ESEA, even if immigrant students are enrolled in those LEAs.

**1.4.8 State Subgrant Activities**

This section collects data on State subgrant activities.

**1.4.8.1 State Subgrant Process**

In the table below, report the time between when the State receives the Title III allocation from the U.S. Department of Education (ED), normally on July 1 of each year for the upcoming school year, and the time when the State distributes these funds to subgrantees for the intended school year. Dates must be submitted using the MM/DD/YY format.

Example: State received SY2021-22 funds July 1, 2021, and then made these funds available to subgrantees on August 1, 2021, for SY 2021-22 programs. Then the '# of days/\$\$ Distribution' is 30 days.

## 1.7 EDUCATION OF MIGRATORY CHILDREN

This section collects data on the Migrant Education Program (MEP) (Title I, Part C) for the performance period of September 1, 2021 through August 31, 2022. This section is composed of the following subsections:

- Population data of eligible migratory children
- Academic data of eligible migratory students
- Data of migratory children served during the performance period
- School data
- Project data
- Personnel data

Report a child in the age/grade category in which the child spent the majority of their time while residing in the State during the performance period.

There are two exceptions to this rule:

1. A child who turns 3 during the performance period is reported as 'Age 3 through 5 (not Kindergarten)' only if the child's residency in the state was verified after the child turned three.
2. A child who turns 22 years of age during the performance is reported at the appropriate age/grade category for the performance period.

### 1.7.1 Migratory Child Counts

This section collects the Title I, Part C, MEP child counts which States are required to provide and may be used to determine the annual State allocations under Title I, Part C. The child counts should reflect the performance period of September 1, 2021 through August 31, 2022. This section also collects a report on the procedures used by States to produce true, reliable, and valid child counts.

To provide the child counts, each State Education Agency (SEA) should have implemented sufficient procedures and internal controls to ensure that it is counting only those children who are eligible for the MEP. Such procedures are important to protecting the integrity of the State's MEP because they permit the early discovery and correction of eligibility problems and thus help to ensure that only eligible migratory children are counted for funding purposes and are served. If an SEA has reservations about the accuracy of its child counts, it must disclose known data limitations to the Department, and explain how and when it will resolve data quality issues through corrective actions in the box below, which precedes Section 1.7.1.1 Category 1 Child Count.

Note: In submitting this information, the Authorizing State Official must certify that, to the best of his/her knowledge, the State has taken action to ensure that the child counts and information contained in the report are true, reliable, and valid and that any false statement provided is subject to fine or imprisonment pursuant to 18 U.S.C. 1001.

**FAQs on Child Count:**

a. How is 'out-of-school' defined? Out-of-school means children up through age 21 who are entitled to a free public education in the State but are not currently enrolled in a K-12 institution. This term could include students who have dropped out of school, youth who are working on a high school equivalency diploma (HSED) outside of a K-12 institution, and youth who are 'here-to-work' only. It would not include children in preschool, nor does it include temporary absences (e.g., summer/intersession, suspension or illness). Enrollment in school is not a condition affecting eligibility for the MEP. Therefore, out-of-school youth who meet the definition of a 'migratory child' are eligible for the MEP.

b. How is 'ungraded' defined? Ungraded means the children are served in an educational unit that has no separate grades. For example, some schools have primary grade groupings that are not traditionally graded or ungraded groupings for children with learning disabilities (IDEA). In some cases, ungraded students may also include special education children (IDEA), transitional bilingual students, students working on a HSED through a K-12 institution, or those in a correctional setting. (Do not count students working on a HSED outside of a K-12 institution as ungraded; these students are counted as out-of-school youth.)

c. How is reporting 'a child in the age/grade category in which s/he spent the majority of his/her time while residing in the State' defined? A State must report a child in only one age/grade category in which the child spent the majority of his/her time while residing in the State. For example, a migratory child resided in State A for three months and in State B for nine months in SY2021-22. While in State A, the child enrolled in ninth grade for two months and in tenth grade for one month. Therefore, State A will report the child in the age/grade category of ninth grade, because the child spent the majority of his/her time in ninth grade in State A. In State B, the child enrolled in eighth grade for one month and in ninth grade for eight months. Therefore, State B will report the child in the age/grade category of ninth grade, because the child spent the majority of his/her time in ninth grade in State B.

In the space below, discuss any concerns about the accuracy of the reported child counts or the underlying eligibility determinations on which the counts are based and how and when these concerns will be resolved.

### 1.7.1.1 Category 1 Child Count (Eligible Migratory Children)

In the table below, enter the unduplicated statewide number by age/grade of eligible migratory children age 3 through 21 who, within 3 years of making a qualifying move, resided in your State for one or more days during the performance period of September 1, 2021 through August 31, 2022. This figure includes all eligible migratory children who may or may not have received MEP services. Count a child who moved from one age/grade level to another during the performance period only once in the age/grade category in which s/he spent the majority of his/her time while residing in the State, during the performance period. The unduplicated statewide total count is calculated automatically.

Do not include children age birth through 2 years.

## 1.7.2 Category 2 Child Count (Eligible Migratory Children Served by the MEP During the Summer/ Intersession Term)

In the table below, enter by age/grade the unduplicated statewide number of eligible migratory children age 3 through 21 who, within 3 years of making a qualifying move, were served for one or more days in a MEP-funded project conducted during either the summer term or during intersession periods that occurred within the performance period of September 1, 2021 through August 31, 2022. Count a child who moved from one age/grade level to another during the performance period only once in the age/grade category in which s/he spent the majority of his/her time while residing in the State, during the performance period. Count a child who moved to different schools within the State and who was served in both traditional summer and year-round school intersession programs only once. The unduplicated statewide total count is calculated automatically.

Do not include:

- Children age birth through 2 years
- Children who received only referred services (non-MEP funded).

### 1.7.2.1 Category 2 Child Count Increases/Decreases

In the space below, explain any increases or decreases from last year in the number of students reported for Category 2 greater than 10 percent.

Comments
In the summer of 2022, Illinois instituted an ECOE and altered recruiting procedures. As COEs must be finalized before services may be provided, some highly mobile families and OSY were not documented as eligible for the program in time to provide them with services. This led to a drop in the number of children/youth that were included in the Category 2 count for 2021-22.

### 1.7.2.2 Birth through Two Eligible Migratory Children Served by the MEP During the Summer/Intersession Term

In the table below, enter the unduplicated statewide number of eligible migratory children from age birth through 2 who, within 3 years of making a qualifying move, were served for one or more days in a MEP-funded project conducted during either the summer term or during intersession periods that occurred within the performance period of September 1, 2021 through August 31, 2022. Count a child who moved to different schools within the State and who was served in both traditional summer and year-round school intersession programs only once.

Do not include:

-Children who received only referred services (non-MEP funded).

Populated with data from MSIX.

## 1.7.3 Child Count Calculation and Validation Procedures

The following questions request information on the State's MEP child count calculation and validation procedures.

### 1.7.3.1 Methods Used to Count Children

In the space below, please describe the procedures and processes at the State level used to ensure all eligible children, ages 3-21 are reported. In particular, describe how the State includes and counts only:

- The unduplicated count of eligible migratory children, ages 3-21. Only include children two years of age whose residency in the state has been verified after turning three.
- Children who met the program eligibility criteria (e.g., were within 3 years of a qualifying move, engaged or had parents engage in migratory agricultural or fishing work, and were entitled to a free public education through grade 12 in the State, or preschool children below the age and grade level at which the agency provides free public education). Children who were resident in your State for at least 1 day during the performance period (September 1 through August 31).
- Children who graduated from high school or attained a High School Equivalency Diploma (HSED) during the performance period and ensures that these children are not counted in the subsequent performance period's child count.
- Children who in the case of Category 2 were served for one or more days in a MEP-funded project conducted during either the summer term or during intersession periods.
- Children once per age/grade level for each child count category.
- Children who had an SEA approved Certificate of Eligibility (COE) and were entered in the State's migratory student database.

**FAQ on independent prospective re-interviews:**

a. What are independent prospective re-interviews? Independent prospective re-interviews allow confirmation of your State's eligibility determinations and the accuracy of the numbers of migratory children in your State reports. Independent prospective interviews should be conducted at least once every three years by an independent interviewer, performed on the current year's identified migratory children.

Obtaining Data from Families	Response
How were the re-interviews conducted	Both
Was there a protocol for verifying all information used in making the original eligibility determination?	Yes
Were re-interviewers independent from the original interviewers?	Yes

If you did conduct independent re-interviews in this reporting period, describe how you ensured that the process was independent. Only enter a response if your State completed independent re-interviews in SY2021-22.

Comments
Not applicable

In the space below, refer to the results of any re-interview processes used by the SEA, and if any of the migratory children were found ineligible, describe those corrective actions or improvements that will be made by the SEA to improve the accuracy of its MEP eligibility determinations.

<b>Comments</b>
No ineligible children were found in the re-interview.

In the space below, please respond to the following question:

<b>Does the state collect all the required data elements and data sections on the National Certificate of Eligibility (COE)?</b>

## 1.7.6 MEP Services - During the Performance Period

The following questions collect data about MEP services provided to migratory children during the performance period.

### FAQ on Services:

What are services? Services are a subset of all allowable activities that the MEP can provide through its programs and projects. 'Services' are those educational or educationally related activities that: (1) directly benefit a migratory child; (2) address a need of a migratory child consistent with the SEA's comprehensive needs assessment and service delivery plan; (3) are grounded in scientifically based research or, in the case of support services, are a generally accepted practice; and (4) are designed to enable the program to meet its measurable outcomes and contribute to the achievement of the State's performance targets/annual measurable objectives. Activities related to identification and recruitment activities, parental involvement, program evaluation, professional development, or administration of the program are examples of allowable activities that are not considered services. Other examples of an allowable activity that would not be considered a service would be the one-time act of providing instructional packets to a child or family, and handing out leaflets to migratory families on available reading programs as part of an effort to increase the reading skills of migratory children. Although these are allowable activities, they are not services because they do not meet all of the criteria above.

In the table below, provide the unduplicated number of eligible migratory children who received MEP-funded instructional or support services at any time during the performance period. Do not count the number of times an individual child received a service intervention. The total number of students served is calculated automatically.

Populated with SEA-LEVEL FS054/DG102.

#### FAQ on Continuation of Services:

What is Continuation of Services? The 'continuation of services' provision found in Section 1304(e) of the ESEA provides that: (1) a child who ceases to be a migratory child during a school term shall be eligible for services until the end of such term; (2) a child who is no longer a migratory child may continue to receive services for one additional school year, but only if comparable services are not available through other programs; and (3) secondary school students who were eligible for services in secondary school may continue to be served through credit accrual programs until graduation.

### 1.7.6.3 Instructional Service – During the Performance Period

In the table below, provide the unduplicated number of eligible migratory children who received any type of MEP-funded instructional service during the performance period. Include children who received instructional services provided by either a teacher or a paraprofessional. Children should be reported only once regardless of the frequency with which they received a service intervention. The total is calculated automatically.

Populated with SEA-LEVEL FS145/DG684.

#### FAQ on Types of Instructional Services:

What is 'high school credit accrual'? MEP-funded instruction, funded in whole or in part by MEP funds, in courses that accrue credits needed for high school graduation provided by a teacher for students on a regular or systematic basis, usually for a predetermined period of time. High school credit accrual includes correspondence courses taken by a student under the supervision of a teacher. High school credit accrual may include the age/grade categories of Grade 8 through Grade 12. NOTE: Children receiving a MEP-funded high school credit accrual service should be reported only once, regardless of frequency.

### 1.7.6.5 Support Services with Breakout for Counseling Services – During the Performance Period

In the table below, in the column titled Support Services, provide the unduplicated number of eligible migratory children who received any MEP-funded support service during the performance period. In the column titled Breakout of Counseling Services During the Performance Period, provide the unduplicated number of eligible migratory children who received a counseling service during the performance period. Children should be reported only once in each column regardless of the frequency with which they received a support service intervention. The totals are calculated automatically.

#### FAQs on Support Services:

a. What are support services? These MEP-funded educationally-related services are provided to students. These services include, but are not limited to, health, nutrition, counseling, and social services for migratory children; necessary educational supplies, and transportation. Activities related to identification and recruitment, parental involvement, professional development, program evaluation, and the one-time act of providing instructional or informational packets to a child or family does not constitute a support service.

b. What are counseling services? Services to help a student to better identify and enhance his or her educational, personal, or occupational potential; relate his or her abilities, emotions, and aptitudes to educational and career opportunities; utilize his or her abilities in formulating realistic plans; and achieve satisfying personal and social development. These activities take place between one or more counselors and one or more students as counselees, or between students and students in MEP peer-to-peer counseling activities, or between students and MEP-funded staff members. The services can also help the child address life problems or personal crisis that result from the culture of migrancy. NOTE: Children who receive a MEP-funded counseling service should be reported only once, regardless of frequency.

### **1.7.7 School Data during the Regular School Year**

The following questions are about the enrollment of eligible migratory children in schools during the regular school year.

#### **1.7.7.1 Schools and Enrollment – During the Regular School Year**

In the table below, provide the number of public schools that enrolled eligible migratory children at any time during the regular school year. Schools include public schools that serve school age (e.g., grades K through 12) children. Also, provide the number of eligible migratory children who were enrolled in those schools. Since more than one school in a State may enroll the same migratory child at some time during the regular school year, the number of children may include duplicates.

Populated with SCH-LEVEL FS165/DG110.
